(b) Les ressortissants des Nations Unies qui détiennent directement ou indirectement des parts d'intérêts dans des sociétés ou associations qui ne possèdent pas la nationalité des Nations Unies au sens du paragraphe 9 *(a)* du présent article, mais qui ont subi une perte par suite d'atteintes ou de dommages causés à leurs biens en Roumanie, recevront une indemnité conformément à l'alinéa *(a)* ci-dessus. Cette indemnité sera calculée en fonction de la perte ou du dommage total subi par la société ou l'association, et son montant par rapport au total de la perte ou du dommage subi aura la même proportion que la part d'intérêts détenue par lesdits ressortissants par rapport au capital global de la société ou association en question.

(c) L'indemnité sera versée, nette de tous prélèvements, impôts ou autres charges. Elle pourra être librement employée en Roumanie, mais sera soumise aux règlements relatifs au contrôle des changes qui pourront, à un moment donné, être en vigueur en Roumanie.

(d) Le Gouvernement roumain accordera aux ressortissants des Na-

tions Unies le même traitement qu'aux ressortissants roumains, en ce qui concerne l'attribution des matériaux pour la réparation ou la remise en état de leurs biens en Roumanie, ainsi qu'en ce qui concerne l'attribution de devises étrangères en vue de l'importation de tels matériaux.

(e) Le Gouvernement roumain accordera aux ressortissants des Nations Unies une indemnité en lei dans la même proportion que celle qui est prévue à l'alinéa *(a)* ci-dessus, pour compenser la perte ou les dommages qui résultent des mesures spéciales prises pendant la guerre à l'encontre de leurs biens et qui ne visaient pas les biens roumains. Cet alinéa ne s'applique pas à un manque à gagner.

5. Les dispositions du paragraphe 4 du présent article ne s'appliqueront pas à la Roumanie dans les cas où les mesures, qui peuvent donner lieu à une demande de compensation pour les dommages causés à des biens situés en Transylvanie du Nord et appartenant aux Nations Unies ou à leurs ressortissants, auront été prises durant la période où ce territoire n'était pas soumis à l'autorité de la Roumanie.

6. Tous les frais raisonnables auxquels donnera lieu, en Roumanie, l'établissement des demandes, y compris l'évaluation des pertes et des dommages, seront à la charge du Gouvernement roumain.

7. Les ressortissants des Nations Unies ainsi que leurs biens seront exemptés de tous impôts, contributions ou taxes exceptionnels, auxquels le Gouvernement roumain ou une autorité roumaine quelconque auraient soumis leurs avoirs en capital en Roumanie entre la date de l'Armistice et la date d'entrée en vigueur du présent Traité, en vue de couvrir les dépenses résultant de la guerre ou celles qui ont été entraînées par l'entretien des forces d'occupation ou par les réparations à payer à l'une des Nations Unies. Toutes les sommes qui auraient été ainsi perçues seront remboursées.

8. Le propriétaire des biens en question et le Gouvernement roumain pourront conclure des arrangements qui se substitueront aux dispositions du présent article.

9. Aux fins du présent article:

(a) L'expression "ressortissants des Nations Unies" s'applique aux personnes physiques qui sont ressortissants de l'une quelconque des Na-

tions Unies, ainsi qu'aux sociétés ou associations constituées sous le régime des lois de l'une des Nations Unies lors de l'entrée en vigueur du présent Traité, à condition que lesdites personnes physiques, sociétés ou associations aient déjà possédé ce statut à la date de l'Armistice avec la Roumanie.

L'expression "ressortissants des Nations Unies" comprend également toutes les personnes physiques et les sociétés ou associations qui, aux termes de la législation en vigueur en Roumanie pendant la guerre, ont été traitées comme ennemis.

(b) Le terme "propriétaire" désigne le ressortissant d'une des Nations Unies, tel qu'il est défini à l'alinéa *(a)* ci-dessus, qui a un titre légitime au bien en question, et s'applique au successeur du propriétaire, à condition que ce successeur soit aussi ressortissant d'une des Nations Unies au sens de l'alinéa *(a)*. Si le successeur a acheté le bien lorsque celui-ci était déjà endommagé, le vendeur conservera ses droits à l'indemnisation résultant du présent article, sans que les obligations existant entre le vendeur et l'acquéreur en vertu de la législation interne en soient affectées.

(c) Le terme "biens" désigne tous les biens mobiliers ou immobiliers, corporels ou incorporels, y compris les droits de propriété industrielle, littéraire et artistique ainsi que tous droits ou intérêts de nature quelconque dans des biens. Sans préjudice des dispositions générales qui précèdent, les biens des Nations Unies et de leurs ressortissants comprennent tous les bâtiments de mer et de navigation intérieure avec leur grément et leurs équipements, qui appartenaient aux Nations Unies ou à leurs ressortissants ou étaient enregistrés sur le territoire de l'une des Nations Unies ou naviguaient sous le pavillon de l'une des Nations Unies et qui, postérieurement au 1er septembre 1939, qu'ils se soient trouvés dans les eaux roumaines ou qu'ils y aient été amenés de force, furent soumis au contrôle des autorités roumaines en tant que biens ennemis ou cessèrent d'être, en Roumanie, à la libre disposition des Nations Unies ou de leurs ressortissants, du fait de mesures de contrôle prises par les autorités roumaines, en rapport avec l'existence d'un état de guerre entre certaines des Nations Unies et l'Allemagne.

Article 25

1. La Roumanie prend l'engagement, dans tous les cas où les biens, droits ou intérêts légaux en Roumanie des personnes se trouvant sous

la juridiction roumaine depuis le 1er septembre 1939, ont fait l'objet de mesures de séquestre, de saisie ou d'administration forcée en raison de l'origine raciale ou de la religion de ces personnes, de restituer lesdits biens et de rétablir lesdits droits et intérêts légaux, ainsi que les droits qui s'y rattachent ou, si cette restitution ou ce rétablissement sont impossibles, de fournir à cet égard une compensation équitable.

2. Tous les biens, droits et intérêts en Roumanie de personnes, d'organisations ou de communautés qui, individuellement ou collectivement, ont été l'objet de mesures de persécution, pour un motif racial ou religieux ou pour tout autre motif d'inspiration fasciste, et qui, pendant une période de six mois à partir de la date d'entrée en vigueur du présent Traité, sont restés en deshérence ou n'ont fait l'objet d'aucune revendication, seront transférés par le Gouvernement roumain aux organisations qui représentent en Roumanie lesdites personnes, organisations ou communautés. Les biens transférés seront employés par ces organisations à l'assistance et au relèvement des membres survivants de ces groupes, organisations et communautés en Roumanie. Ces transferts seront effectués dans un délai de douze mois à partir de la date d'entrée en vigueur du Traité et porteront également sur les biens qui doivent être restitués et sur les droits et intérêts qui doivent être rétablis aux termes du paragraphe 1 du présent article.

Article 26

La Roumanie reconnaît que l'Union Soviétique a droit à tous les avoirs allemands en Roumanie qui ont été transférés à l'Union Soviétique par le Conseil de Contrôle en Allemagne et elle s'engage à prendre toutes les mesures nécessaires pour faciliter ces transferts.

Article 27

1. Chacune des Puissances Alliées ou Associées aura le droit de saisir, retenir ou liquider tous les biens, droits et intérêts qui, à la date d'entrée en vigueur du présent Traité, se trouvent sur son territoire, et appartiennent à la Roumanie ou à des ressortissants roumains, et de prendre toute autre disposition en ce qui concerne ces biens, droits et intérêts. Elle aura également le droit d'employer ces biens ou le produit de leur liquidation à telles fins qu'elle pourra désirer, à concurrence du montant de ses réclamations

et de celles de ses ressortissants contre la Roumanie ou les ressortissants roumains (y compris les créances), qui n'auront pas été entièrement réglées en vertu d'autres articles du présent Traité. Tous les biens roumains ou le produit de leur liquidation, en excédent du montant desdites réclamations, seront restitués.

2. La liquidation des biens roumains et les mesures de disposition dont ils feront l'objet devront s'effectuer conformément à la législation de la Puissance Alliée ou Associée intéressée. En ce qui concerne lesdits biens le propriétaire roumain n'aura pas d'autres droits que ceux que peut lui conférer la législation en question.

3. Le Gouvernement roumain s'engage à indemniser les ressortissants roumains dont les biens seront saisis en vertu du présent article et ne leur seront pas restitués.

4. Il ne résulte du présent article aucune obligation pour l'une quelconque des Puissances Alliées ou Associées de restituer au Gouvernement ou aux ressortissants roumains des droits de propriété industrielle ni de faire entrer ces droits dans le calcul des sommes qui pourront être retenues en vertu du paragraphe 1 du présent article. Le Gouvernement de chacune des Puissances Alliées ou Associées aura le droit d'imposer aux droits ou intérêts afférents à la propriété industrielle sur le territoire de cette Puissance Alliée ou Associée, acquis par le Gouvernement roumain ou ses ressortissants avant l'entrée en vigueur du présent Traité, telles limitations, conditions ou restrictions que le Gouvernement de la Puissance Alliée ou Associée intéressée pourra considérer comme nécessaires dans l'intérêt national.

5. Les biens visés au paragraphe 1 du présent article seront considérés comme comprenant les biens roumains qui ont fait l'objet de mesures de contrôle en raison de l'état de guerre existant entre la Roumanie et la Puissance Alliée ou Associée dans la juridiction de laquelle les biens sont situés mais ne comprendront pas:

(a) Les biens du Gouvernement roumain utilisés pour les besoins des missions diplomatiques ou consulaires;

(b) Les biens appartenant à des institutions religieuses ou à des insti-

tutions philanthropiques privées et servant à des fins religieuses ou philanthropiques;

(d) Les droits de propriété nés depuis la reprise des relations commerciales et financières entre les Puissances Alliées et Associées et la Roumanie, ou nés de transactions entre le Gouvernement d'une Puissance Alliée ou Associée et la Roumanie depuis le 12 septembre 1944;

(e) Les droits de propriété littéraire et artistique.

Article 28

1. A dater de l'entrée en vigueur du présent Traité, les biens, en Allemagne, de l'Etat et des ressortissants roumains ne seront plus considérés comme biens ennemis et toutes les restrictions résultant de leur caractère ennemi seront levées.

2. Les biens identifiables de l'Etat et des ressortissants roumains que les forces armées ou les autorités allemandes ont enlevés, par force ou par contrainte, du territoire roumain et emportés en Allemagne après le 12 septembre 1944 donneront lieu à restitution.

3. Le rétablissement des droits de propriété ainsi que la restitution des biens roumains en Allemagne seront effectués conformément aux mesures qui seront arrêtées par les Puissances occupant l'Allemagne.

4. Sans préjudice de ces dispositions et de toutes autres qui seraient prises en faveur de la Roumanie et des ressortissants roumains par les Puissances occupant l'Allemagne, la Roumanie renonce, en son nom et au nom des ressortissants roumains, à toutes réclamations contre l'Allemagne et les ressortissants allemands qui n'étaient pas réglées au 8 mai 1945, à l'exception de celles qui résultent de contrats et d'autres obligations qui étaient en vigueur ainsi que de droits qui étaient acquis avant le 1er

septembre 1939. Cette renonciation sera considérée comme s'appliquant aux créances, à toutes les réclamations de caractère intergouvernemental relatives à des accords conclus au cours de la guerre et à toutes les réclamations portant sur des pertes ou des dommages survenus pendant la guerre.

Article 29

1. L'existence de l'état de guerre ne doit pas être considérée en soi comme affectant l'obligation d'acquitter les dettes pécuniaires résultant d'obligations et de contrats qui étaient en vigueur, et de droits qui étaient acquis, avant l'existence de l'état de guerre, dettes qui étaient devenues exigibles avant l'entrée en vigueur du présent Traité et qui sont dues, soit par le Gouvernement ou les ressortissants roumains au Gouvernement ou aux ressortissants de l'une des Puissances Alliées ou Associées, soit par le Gouvernement ou les ressortissants d'une des Puissances Alliées ou Associées au Gouvernement ou aux ressortissants roumains.

2. Sauf dispositions expressément contraires du présent Traité, aucune clause de ce Traité ne devra être interprétée comme affectant les rapports de débiteurs à créanciers résultant de contrats conclus avant la guerre, soit par le Gouvernement, soit par les ressortissants roumains.

Article 30

1. La Roumanie renonce, au nom du Gouvernement roumain et des ressortissants roumains, à faire valoir contre les Puissances Alliées et Associées, toute réclamation de quelque nature que ce soit résultant directement de la guerre ou de mesures prises par suite de l'existence d'un état de guerre en Europe après le 1er septembre 1939, que la Puissance Alliée ou Associée intéressée ait été ou non en guerre avec la Roumanie à l'époque.

Sont incluses dans cette renonciation:

(a) les réclamations relatives à des pertes ou dommages subis par suite de l'action des forces armées ou des autorités de Puissances Alliées ou Associées;

(b) les réclamations résultant de la présence, des opérations ou de l'action des forces armées ou des autorités de Puissances Alliées ou Associées sur le territoire roumain;

(c) les réclamations portant sur les décisions ou les ordonnances des tribunaux de prises de Puissances Alliés ou Associées, la Roumanie acceptant de reconnaître comme valides et comme ayant force exécutoire toutes les décisions et ordonnances desdits tribunaux de prises rendues au 1er septembre 1939 ou postérieurement à cette date et concernant les navires roumains, les marchandises roumaines ou le paiement des frais;

(d) les réclamations résultant de l'exercice des droits de belligérance ou de mesures prises en vue de l'exercice de ces droits.

2. Les dispositions du présent article excluront complètement et définitivement toutes réclamations de la nature de celles qui y sont visées, qui seront dès lors éteintes, quelles que soient les parties intéressées. Le Gouvernement roumain accepte de verser, en lei, une indemnité équitable pour satisfaire les réclamations des personnes qui ont fourni, sur réquisition, des marchandises ou des services aux forces armées de Puissances Alliées ou Associées sur le territoire roumain, ainsi que les réclamations portées contre les forces armées de Puissances Alliées ou Associées, relatives à des dommages causés sur le territoire roumain et ne résultant pas de faits de guerre.

3. La Roumanie renonce également, au nom du Gouvernement roumain et des ressortissants roumains, à faire valoir des réclamations de la nature de celles qui sont visées au paragraphe 1 du présent article, contre toute Nation Unie dont les relations diplomatiques avec la Roumanie ont été rompues pendant la guerre, et qui a pris des mesures en coopération avec les Puissances Alliées et Associées.

4. Le Gouvernement roumain assumera la pleine responsabilité de toute la monnaie militaire alliée émise en Roumanie par les autorités militaires alliées, y compris toute la monnaie de cette nature en circulation à la date d'entrée en vigueur du présent Traité.

5. La renonciation à laquelle la Roumanie souscrit aux termes du paragraphe 1 du présent article s'étend à toutes les réclamations portant sur les mesures prises par l'une quelconque des Puissances Alliées ou Associées à l'égard des navires roumains, entre le 1er septembre 1939 et la date d'entrée en vigueur du présent Traité, ainsi que toutes les réclama-

tions et créances résultant des conventions sur les prisonniers de guerre actuellement en vigueur.

Article 31

1. En attendant la conclusion de traités ou d'accords commerciaux entre l'une quelconque des Nations Unies et la Roumanie, le Gouvernement roumain devra, pendant les dix-huit mois qui suivront l'entrée en vigueur du présent Traité, accorder à chacune des Nations Unies qui, en fait, accordent par voie de réciprocité un traitement analogue à la Roumanie dans ces domaines, le traitement suivant:

(a) Pour toute ce qui concerne les droits et redevances à l'importation ou à l'exportation, l'imposition à l'intérieur du pays des marchandises importées, et tous les règlements qui s'y rapportent, les Nations Unies bénéficieront de la clause inconditionnelle de la nation la plus favorisée;

(b) La Roumanie ne pratiquera, à tous autres égards, aucune discrimination arbitraire au détriment des marchandises en provenance ou à destination du territoire d'une Nation Unie par rapport aux marchandises analogues en provenance ou à destination du territoire de toute autre Nation Unie ou de tout autre pays étranger;

(c) Les ressortissants des Nations Unies, y compris les personnes morales, bénéficieront du traitement national et de celui de la nation la plus favorisée pour tout de qui a trait au commerce, à l'industrie, à la navigation et aux autres formes d'activité commerciale en Roumanie. Ces dispositions ne s'appliqueront pas à l'aviation commerciale;

(d) La Roumanie n'accordera à aucun pays de droit exclusif ou préférentiel en ce qui concerne l'exploitation des services aériens commerciaux pour les transports internationaux, elle offrira des conditions d'égalité à toutes les Nations Unies pour l'obtention de droits en matière de transports aériens commerciaux internationaux sur le territoire roumain, y compris le droit d'atterrir à des fins de ravitaillement et de réparation, et, en ce qui concerne l'exploitation des services aériens commerciaux pour les transports internationaux, elle accordera à toutes les Nations Unies, suivant le principe de la réciprocité et de la non-discrimination, le droit de survoler le territoire roumain sans escale. Ces dispositions n'affecteront pas les intérêts de la défense nationale de la Roumanie.

2. Les engagements ci-dessus pris par la Roumanie doivent s'entendre sous réserve des exceptions usuelles des traités de commerce conclus par la Roumanie avant la guerre; les dispositions relatives à la réciprocité accordée par chacune des Nations Unies doivent s'entendre sous réserve des exceptions usuelles des traités de commerce conclus par celle-ci.

Article 32

1. Tous les différends qui pourront s'élever à propos de l'application des articles 23 et 24, ainsi que des annexes IV, V et VI B du présent Traité, seront soumis à une commission de conciliation, composée en nombre égal de représentants du Gouvernement de la Nation Unie intéressée et de représentants du Gouvernement roumain. Si un règlement n'est pas intervenu dans les trois mois qui suivront la date à laquelle le différend a été soumis à la commission de conciliation, l'un ou l'autre Gouvernement pourra demander l'adjonction à la Commission d'un tiers membre; à défaut d'accord entre les deux Gouvernements sur le choix de ce membre, l'un ou l'autre d'entre eux pourra demander au Secrétaire Général des Nations Unies de procéder à cette désignation.

2. La décision de la majorité des membres de la commission sera considérée comme décision de la commission et acceptée par les parties comme définitive et obligatoire.

Article 33

Tous différends qui pourront s'élever au sujet des prix payés par le Gouvernement roumain pour les marchandises livrées par ce Gouvernment au titre des réparations et achetées à des ressortissants d'une Puissance Alliée ou Associée, ou à des sociétés appartenant à des ressortissants de ces Puissances, seront réglés, sans préjudice de l'exécution des obligations de la Roumanie relatives aux réparations, par voie de négociations diplomatiques entre le Gouvernement du pays intéressé et le Gouvernement roumain. Si les négociations diplomatiques directes entre les parties intéressées n'aboutissent pas à un règlement du différend dans un délai de deux mois, ce différend sera soumis aux Chefs des missions diplomatiques à Bucarest des Etats-Unis d'Amérique, du Royaume-Uni et de l'Union Soviétique pour qu'ils le règlent. Dans le cas où les Chefs de Mission ne se mettraient pas d'accord dans un délai de deux mois, l'une ou l'autre des

parties pourra demander au Secrétaire Général des Nations Unies de nommer un arbitre dont la décision sera obligatoire pour les parties.

Article 34

Les articles 23, 24, 31 et l'annexe VI du présent Traité s'appliqueront aux Puissances Alliées et Associées et à la France ainsi qu'à celles des Nations Unies dont les relations diplomatiques avec la Roumanie ont été rompues pendant la guerre.

A. Propriété industrielle, littéraire et artistique

1. *(a)* Un délai d'un an à compter de la date d'entrée en vigueur du présent Traité sera accordé aux Puissances Alliées et Associées et à leurs ressortissants, sans paiement de droits de prorogation ou autres sanctions quelconques, en vue de leur permettre d'accomplir tous les actes nécessaires pour l'obtention ou la conservation en Roumanie des droits de propriété industrielle, littéraire et artistique, qui n'ont pu être accomplis par suite de l'existence de l'état de guerre.

(b) Les Puissances Alliées et Associées ou leurs ressortissants, qui auront fait, sur le territoire de l'une quelconque des Puissances Alliées ou Associées, une demande, soit pour l'obtention d'un brevet ou l'enregistrement d'un modèle d'utilité au plus tôt douze mois avant l'ouverture des hostilités avec la Roumanie ou au cours de celles-ci, soit pour l'enregistrement d'un dessin industriel, d'un modèle ou d'une marque de fabrique, au plus tôt six mois avant l'ouverture des hostilités avec la Roumanie ou au cours de celles-ci, auront le droit, pendant une période de douze mois à compter de la date d'entrée en vigueur du présent Traité, de demander

des droits correspondants en Roumanie, avec un droit de priorité fondé sur le dépôt antérieur de leur demande sur le territoire de cette Puissance Alliée ou Associée.

(c) Il sera accordé à chacune des Puissances Alliées ou Associées et à ses ressortissants, à partir de la date d'entrée en vigueur du présent Traité, un délai d'un an pendant lequel ils pourront engager des poursuites en Roumanie contre les personnes physiques ou morales auxquelles serait imputé un empiètement illégal sur leurs droits de propriété industrielle, littéraire ou artistique entre la date de l'ouverture des hostilités et celle de l'entrée en vigueur du présent Traité.

2. Il ne sera pas tenu compte de la période comprise entre l'ouverture des hostilités et l'expiration du dix-huitième mois qui suivra la date d'entrée en vigueur du présent Traité dans la détermination de la période pendant laquelle un brevet d'invention doit être exploité, ou pendant laquelle un modèle ou une marque de fabrique doit être utilisé.

3. Il ne sera pas tenu compte de la période comprise entre l'ouverture des hostilités et la date d'entrée en vigueur du présent Traité dans le calcul de la durée normale de validité des droits de propriété industrielle, littéraire et artistique qui étaient en vigueur en Roumanie à l'ouverture des hostilités ou qui seront reconnus ou établis dans les conditions prévues à la partie A de la présente annexe, et qui appartiennent à l'une des Puissances Alliées ou Associées ou à ses ressortissants. La durée normale de validité de ces droits sera, par conséquent, considérée comme automatiquement prolongée en Roumanie, d'une nouvelle période correspondant à celle qui aura été ainsi exclue du décompte.

4. Les dispositions précédentes concernant les droits en Roumanie des Puissances Alliées et Associées et de leurs ressortissants devront également s'appliquer aux droits de la Roumanie et de ses ressortissants dans les territoires des Puissances Alliées et Associées. Toutefois, aucune de ces dispositions ne donnera à la Roumanie ou à ses ressortissants droit à un traitement plus favorable sur le territoire de l'une quelconque des Puissances Alliées ou Associées que celui qui est accordé dans les mêmes cas par cette Puissance à l'une quelconque des autres Nations Unies ou à ses ressortissants. La Roumanie ne sera pas non plus tenue en vertu de ces dispositions d'accorder à l'une quelconque des Puissances Alliées ou Asso-

ciées ou à ses ressortissants un traitement plus favorable que celui dont la Roumanie ou ses ressortissants bénéficient sur le territoire de cette Puissance relativement aux matières auxquelles s'appliquent les précédentes dispositions.

5. Les tiers résidant sur le territoire de l'une quelconque des Puissances Alliées ou Associées ou sur le territoire roumain, qui, avant la date d'entrée en vigueur du présent Traité, ont acquis de bonne foi des droits de propriété industrielle, littéraire ou artistique se trouvant en opposition avec des droits rétablis en vertu de la partie A de la présente annexe ou avec des droits obtenus grâce à la priorité qui leur est accordée en vertu des présentes dispositions, ou qui, de bonne foi, ont fabriqué, publié, reproduit, utilisé ou vendu l'objet de ces droits, seront autorisés à continuer d'exercer les droits qu'ils avaient acquis de bonne foi et à poursuivre ou reprendre la fabrication, la publication, la reproduction, l'utilisation ou la vente qu'ils avaient entreprises de bonne foi, sans s'exposer à des poursuites pour empiètement.

L'autorisation sera donnée en Roumanie, sous la forme d'une licence sans exclusivité qui sera accordée à des conditions à fixer par entente entre les parties intéressées ou, à défaut d'entente, par la commission de conciliation constituée en vertu de l'article 32 du présent Traité. Toutefois, dans les territoires de chacune des Puissances Alliées ou Associées, les tiers de bonne foi bénéficieront de la protection qui est accordée, dans les cas analogues, aux tiers de bonne foi dont les droits sont en opposition avec ceux des ressortissants des autres Puissances Alliées et Associées.

6. Aucune disposition de la partie A de la présente annexe ne devra être interprétée comme donnant à la Roumanie ou à ses ressortissants sur le territoire de l'une quelconque des Puissances Alliées ou Associées, des droits à des brevets ou à des modèles d'utilité pour des inventions relatives à un article quelconque expressément désigné à l'annexe III du présent Traité, inventions qui ont été faites ou au sujet desquelles des demandes d'enregistrement ont été déposées, par la Roumanie ou par l'un de ses ressortissants, en Roumanie ou sur le territoire d'une autre Puissance de l'Axe ou sur un territoire occupé par les forces de l'Axe, pendant le temps où le territoire en question se trouvait sous le contrôle des forces ou des autorités des Puissances de l'Axe.

7. La Roumanie accordera également le bénéfice des dispositions précédentes de la présente annexe à la France et aux autres Nations Unies qui ne sont pas des Puissances Alliées et Associées, dont les relations diplomatiques avec la Roumanie ont été rompues pendant la guerre et qui s'engageront à accorder à la Roumanie les avantages conférés à ce pays en vertu desdites dispositions.

8. Aucune disposition de la partie A de la présente annexe ne doit s'entendre comme étant en contradiction avec les articles 24, 27 et 29 du présent Traité.

B. Assurances

1. Exception faite des restrictions s'appliquant aux assureurs en général, il ne sera fait aucun obstacle à la reprise par les assureurs qui sont ressortissants des Nations Unies de leurs anciens portefeuilles.

2. Si un assureur, ressortissant d'une des Nations Unies, désire reprendre son activité professionnelle en Roumanie et si la valeur des dépôts de garantie ou des réserves exigées en Roumanie des entreprises d'assurances pour l'exercice de leur activité a diminué du fait de la perte ou de la dépréciation des titres qui les constituaient, le Gouvernement roumain s'engage à accepter, pendant une période de dix-huit mois, ce qu'il reste de ces titres comme satisfaisant entièrement aux prescription légales concernant les dépôts et les réserves.

ANNEXE V

Contrats, prescription, effets de commerce

A. Contrats

1. Sauf exceptions énoncées dans les paragraphes 2 et 3 ci-dessous, tout contrat ayant nécessité pour son exécution des rapports entre des parties qui sont devenues ennemies au sens de la partie D de la présente annexe, sera tenu pour résilié depuis le moment où l'une quelconque des parties est devenue un ennemi. Toutefois, cette résiliation s'entendra sans préjudice des dispositions de l'article 29 du présent Traité; elle ne relèrera

pas non plus l'une quelconque des parties au contrat de l'obligation de reverser les sommes perçues à titre d'avances ou d'acomptes et pour lesquelles la partie intéressée n'a pas fourni de contre-partie.

2. Nonobstant les dispositions du paragraphe 1 ci-dessus, les stipulations de tout contrat qui pourront être dissociées et dont l'exécution ne nécessitait pas de rapports entre les parties qui sont devenues ennemies au sens de la partie D de la présente annexe, ne seront pas résiliées et demeureront en vigueur sans préjudice des droits énoncés à l'article 27 du présent Traité. Si les stipulations d'un contrat ne peuvent pas être ainsi dissociées, le contrat sera tenu comme étant intégralement résilié. Les dispositions qui précèdent s'entendent sous réserve de l'application des lois, ordonnances et règlements nationaux édictés par telle ou telle des Puissances Alliées ou Associées de la juridiction de laquelle relève le contrat ou l'une quelconque des parties au contrat, et sous réserve des stipulations du contrat.

3. Aucune disposition de la partie A de la présente annexe ne sera considérée comme annulant les transactions légalement effectuées conformément à un contrat passé entre ennemis, si ces transactions ont été exécutées avec l'autorisation du Gouvernement d'une des Puissances Alliées ou Associées.

4. Nonobstant les dispositions qui précèdent, les contrats d'assurance et de réassurance feront l'objet de conventions distinctes entre le Gouvernement de la Puissance Alliée ou Associée intéressée et le Gouvernement roumain.

B. Prescription

1. Tous les délais de prescription ou de limitation du droit d'engager ou de poursuivre une action judiciaire ou du droit de prendre des mesures conservatoires dans les rapports juridiques intéressant des personnes ou des biens, mettant en cause des ressortissants des Nations Unies et des ressortissants roumains qui, en raison de l'état de guerre, n'ont pas pu engager ou poursuivre une action judiciaire, ou accomplir les formalités nécessaires pour sauvegarder leurs droits, que ces délais aient commencé à courir avant ou après l'ouverture des hostilités, seront considérés comme ayant été suspendus pendant la durée de la guerre sur le territoire roumain d'une part, et sur le territoire de celles des Nations Unies qui, conformément au

principe de la réciprocité, accordent à la Roumanie le bénéfice des dispositions du présent paragraphe, d'autre part. Ces délais commenceront à courir dès la date d'entrée en vigueur du présent Traité. Les dispositions du présent paragraphe s'appliqueront aux délais fixés pour le dépôt des coupons d'intérêts ou de dividendes ou pour le dépôt, en vue du remboursement, des valeurs sorties au tirage ou remboursables pour tout autre motif.

2. Lorsqu'en raison de l'inexécution d'un acte ou de l'omission d'une formalité quelconque pendant la guerre, des mesures d'exécution ont été prises sur le territoire roumain au préjudice d'un ressortissant d'une Nation Unie, le Gouvernement roumain rétablira les droits lésés. Si le rétablissement de ces droits est impossible ou devait être inéquitable, le Gouvernement roumain fera le nécessaire pour que l'intéressé reçoive telle compensation qui en l'occurrence paraîtra juste et équitable.

C. Effets de commerce

1. Dans les relations entre ennemis, aucun effet de commerce souscrit avant la guerre ne sera considéré comme n'étant plus valable pour la seule raison qu'il n'a pas été présenté à l'acceptation ou à l'encaissement dans les délais prescrits, ou que le tireur ou l'endosseur n'a pas été avisé dans ces délais que l'effet en question n'a pas été accepté ou payé, ou qu'il n'a pas été protesté dans lesdits délais ou qu'une formalité quelconque a été omise pendant la guerre.

2. Si le délai au cours duquel un effet de commerce aurait dû être présenté à l'acceptation ou à l'encaissement, ou dans lequel un avis de non-acceptation ou de non-paiement aurait dû être donné au tireur ou à l'endosseur, ou durant lequel l'effet aurait dû être protesté, est arrivé à expiration pendant la guerre, et si la partie qui aurait dû présenter ou protester l'effet ou aviser du défaut d'acceptation ou du défaut de paiement a omis de le faire pendant la guerre, il sera accordé un délai de trois mois au moins, à partir de la date d'entrée en vigueur du présent Traité, pendant lequel il sera possible de présenter ou de protester ledit effet ou de donner avis de son défaut d'acceptation ou de son défaut de paiement.

3. Si une personne s'est obligée, soit avant, soit pendant la guerre, au paiement d'un effet de commerce, à la suite d'un engagement pris

envers elle par une autre personne devenue ultérieurement ennemie, celle-ci reste tenue, malgré l'ouverture des hostilités, de garantir la première des conséquences de son obligation.

D. Dispositions spéciales

1. Aux fins de la présente annexe, les personnes physiques ou morales seront considérées comme étant devenues ennemies à partir de la date où tout commerce entre elles est devenu illégal, aux termes des lois, ordonnances ou règlements auxquels ces personnes ou le contrat étaient soumis.

2. Etant donné le système juridique des Etats-Unis d'Amérique, les dispositions de cette annexe ne s'appliqueront pas aux relations entre les Etats-Unis d'Amérique et la Roumanie.

ANNEXE VI

Tribunaux de prises et jugements

A. Tribunaux de prises

1. Chacune des Puissances Alliées ou Associées se réserve le droit d'examiner, conformément à une procédure qu'elle fixera, toutes décisions et ordonnances des tribunaux de prises roumains, rendues à la suite de procès, mettant en cause les droits de propriété de ses ressortissants et de recommander au Gouvernement roumain de faire procéder à la révision de celles de ces décisions ou ordonnances qui pourraient n'être pas conformes au droit international.

2. Le Gouvernement roumain s'engage à communiquer copie de tous les documents et pièces de ces procès, y compris les décisions prises et les ordonnances rendues, à accepter toutes recommandations formulées à la suite de l'examen de ces procès et à donner effet à ces recommandations.

B. Jugements

Le Gouvernement roumain prendra les mesures nécessaires pour permettre aux ressortissants de l'une quelconque des Nations Unies, à tout

moment dans un délai d'un an à compter de la date d'entrée en vigueur du présent Traité, d'intenter devant les autorités roumaines compétentes une action en révision de tout jugement rendu par un tribunal roumain entre le 22 juin 1941 et la date de l'entrée en vigueur du présent Traité dans tout procès dans lequel le ressortissant d'une des Nations Unies n'a pas été à même d'exposer sa cause d'une manière satisfaisante, soit en qualité de demandeur, soit en qualité de défendeur. Le Gouvernement roumain prendra les mesures nécessaires pour que, lorsqu'un ressortissant d'une des Nations Unies a subi un préjudice du fait de tout jugement de cette nature, ce ressortissant soit rétabli dans la situation où il se trouvait avant le prononcé du jugement ou reçoive telle compensation qui pourra, en la circonstance, être juste et équitable. L'expression "ressortissants des Nations Unies" comprend les sociétés ou associations organisées ou constituées conformément à la législation de l'une quelconque des Nations Unies.

TRATAT DE PACE

CU

ROMANIA

si Romania de alta parte;

Avand in vedere ca Romania, care a incheiat o alianta cu Germania hitlerista si a participat la razboi alaturi de ea impotriva U.R.S.S., Regatul Unit, Statele Unite ale Americei si a celorlalte Natiuni Unite, are partea sa de raspundere in acest razboi;

Tinand seama, pe de alta parte, de faptul ca, la 24 August 1944 Romania a incetat toate operatiunile militare impotriva U.R.S.S., ca s'a retras din razboi contra Natiunilor Unite si ca a rupt relatiile sale cu Germania si satelitii sai si, dupa ce a incheiat la 12 Septembrie 1944 un Armistitiu cu guvernele U.R.S.S., Regatul Unit si Statele Unite ale Americei, actionand in interesul tuturor Natiunilor Unite, a participat activ la razboi contra Germaniei;

Avand in vedere ca Puterile Aliate si Asociate si Romania doresc sa incheie un tratat de pace care, in conformitate cu principiile de justitie, va rezolva chestiunile inca in suspensie ca rezultat al evenimentelor mai sus mentionate si va constitui baza unor relatiuni amicale intre ele, permitand astfel Puterilor Aliate si Asociate sa sprijine cererea Romaniei de a deveni membra a Natiunilor Unite si de a adera deasemenea la orice alta Conventie incheiata sub auspiciile Natiunilor Unite;

Pentru aceste motive au hotarat sa declare incetarea starei de razboi si sa incheie in acest scop prezentul Tratat de Pace si in consecinta au numit pe mai jos semnatii plenipotentiari cari, dupa ce au schimbat intre ei deplinele lor puteri, gasite in buna si cuvenita forma, au cazut de acord asupra urmatoarelor dispozitiuni:

va restitui acestor Natiuni si supusilor acestora toate bunurile ce le apartineau in Romania, inclusiv vasele, in starea in care se gasesc in prezent.

Daca ya fi necesar, Guvernul Roman va abroga legislatia promulgata dela 1 Septembrie 1939 in masura in care ea prezinta un caracter de discriminare cu privire la drepturile supusilor Natiunilor Unite.

2. Guvernul Roman se obliga sa restitue toate bunurile, drepturile si interesele mentionate in acest articol libere de orice ipoteci sau sarcini cu care au putut sa fie grevate din cauza razboiului, si fara ca restituirea lor sa dea loc la perceperea vreunei sume din partea Guvernului roman. Guvernul Roman va anula orice masuri, inclusiv masurile de confiscare, de sechestru sau de control, luate de el cu privire la bunurile Natiunilor Unite intre 1 Septembrie 1939 si data intrarii in vigoare a prezentului Tratat.

In cazul cand bunul nu va fi fost restituit in termen de sase luni cu incepere dela data intrarii in vigoare a prezentului Tratat, cererea va trebui sa fie adresata autoritatilor romane intr'un termen de maximum 12 luni cu incepere dela data intrarii in vigoare a acestui Tratat, afara de cazul in care reclamantul va fi in masura sa stabileasca ca i-a fost imposibil sa prezinte cererea sa inauntru acestui termen.

3. Guvernul Roman va anula transferurile privind bunurile, drepturile si interesele de orice natura, apartinand supusilor Natiunilor Unite, atunci cand aceste transferuri sunt consecinta unor masuri de forta sau de constrangere luate in cursul razboiului de catre Guvernele Puterilor Axei sau de organele acestora.

In nici un caz supusii Natiunilor Unite nu vor primi un tratament mai putin favorabil in privinta compensatiei decat cel acordat supusilor romani.

(b) Supusii Natiunilor Unite cari detin, direct sau indirect, parti de interes in societati sau asociatii ce nu poseda nationalitatea Natiunilor Unite in sensul paragrafului 9 *(a)* din prezentul articol, dar cari au suferit o paguba ca urmare a unei daune sau stricaciuni cauzate bunurilor lor din Romania, vor primi o compensatie in conformitate cu aliniatul *(a)* de mai sus. Aceasta compensatie va fi calculata in raport cu pierderea sau paguba totala suferita de societate sau asociatie si quantumul ei, in raport cu totalul pierderii sau pagubei suferite, va avea aceiasi proportie ca si partea de interes detinuta de acesti supusi raportata la capitalul global al societatii sau asociatiei in chestiune.

(c) Compensatia va fi platita scutita de orice fel de retineri, impozite sau alte sarcini. Ea va putea fi folosita in mod liber in Romania, dar va fi supusa regulamentelor cu privire la controlul schimburilor cu strainatatea care pot fi in vigoare in Romania la un moment dat.

(d) Guvernul Roman va acorda supusilor Natiunilor Unite acelas tratament ca si supusilor romani in privinta alocarii de materiale pentru repararea si refacerea bunurilor lor din Romania siia privinta alocarii de devize straine in vederea importarii unor asemenea materiale.

(e) Guvernul Roman va acorda supusilor Natiunilor Unite o compensatie in lei in proportie prevazuta in alineatul *(a)* de mai sus, pentru a-i compensa pentru pierderea sau paguba suferita din pricina masurilor speciale aplicate bunurilor lor in timpul razboiului, masuri cari nu erau aplicabile bunurilor romanesti.

Acest alineat nu se aplica unei pierderi de castig.

5. Prevederile paragrafului 4 ale acestui articol nu se vor aplica Romaniei in cazurile in care masurile ce pot prilejui o cerere de compensatie pentru pagubele suferite de bunurile din Transilvania de Nord apartinand Natiunilor Unite sau supusilor lor in perioada in care acest teritoriu nu era supus autoritatii romanesti.

6. Toate cheltuelile rezonabile facute in Romania de stabilirea cererilor, inclusiv evaluarea pierderilor si pagubelor, vor cadea in sarcina Guvernului Roman.

7. Supusii Natiunilor Unite si bunurile lor vor fi scutiti de orice fel de taxe, retineri si impozite exceptionale impuse pe activul lor din Romania

de catre Guvernul Roman sau orice autoritate romaneasca intre data Armistitiului si data intrarii in vigoare a prezentului Tratat, in vederea scopului specific de a acoperi cheltuelile rezultate din razboi sau de a acoperi costul de intretinere a fortelor de ocupatie sau de reparatii platibile uneia din Natiunile Unite. Toate sumele cari vor fi fost astfel percepute vor fi rambursate.

8. Propietarul bunurilor in chestiune si Guvernul Roman pot incheia aranjamente cari sa se substitue prevederilor acestui articol.

(c) Se va acorda fiecareia din Puterile Aliate si Asociate si supusilor acesteia cu incepere dela intrarea in vigoare a prezen tului Tratat, un ter-

men de un an in timpul caruia ei vor putea incepe urmariri contra persoanelor, fizice sau juridice, carora li s'ar imputa o incalcare ilegala asupra drepturilor lor de proprietate industriala, literara si artistica, intre data inceperii ostilitatilor si intrarea in vigoare a prezentului Tratat.

2. Nu se va tine seama, in determinarea perioadei in timpul careia un brevet de inventiune ar trebui sa fie exploatat sau in tim pul careia un model sau o marca de fabrica ar trebui sa fie folosite, de perioada cuprinsa intre inceperea ostilitatilor si expirarea celei de a optsprezecea luna care va urma intrarii in vigoare a prezentului Tratat.

3. Nu se va tine seama de perioada cuprinsa intre inceperea ostilitatilor si intrarea in vigoare a prezentului Tratat, in calculul duratei normale de valabilitate a drepturilor de proprietate industriala, literara si artistica, care erau in vigoare in Romania la inceperea ostilitatilor sau care vor fi recunoscute sau stabilite in conditiunile prevazute in prezenta Anexa si care apartin uneia din Puterile Aliate si Asociate sau supusilor acesteia. Durata normala a valabilitatii acestor drepturi va fi, prin urmare, considerata ca prelungita in mod automat, in Romania, cu o noua perioada corespunzand aceleia care va fi fost astfel exclusa din decont.

4. Totusi, niciuna din aceste dispozitiuni nu va trebui sa aiba ca efect de a da Romaniei sau supusilor ei dreptul la un tratament mai favorabil pe teritoriul vreuneia din Puterile Aliate sau Asociate decat acela pe care aceasta Putere acorda in aceleasi cazuri altor Natiuni Unite sau supusilor lor, si nici Romania nu va fi tinuta sa acorde vreuneia din Puterile Aliate sau Asociate sau supusilor ei un tratament mai favorabil decat acela de care beneficiaza Romania sau supusii ei pe teritoriul acelei Puteri cu privire la chestiunile tratate in dispozitiunile anterioare.

5. Tertii rezidand pe teritoriul vreuneia din Puterile Aliate sau Asociate sau pe teritoriul roman, care inainte de intrarea in vigoare a prezentului Tratat au dobandit de buna credinta drepturi de proprietate industriala, literara sau artistica, in opozitie cu drepturile restabilite pe baza parti A prezentei Anexe, sau cu drepturile dobandite datorita unei prioritati, revendi-

cata in virtutea prezentelor dispozitiuni sau cari, de buna credinta au fabricat, utilizat sau vandut obiectul acestor drepturi, vor fi autorizati sa continue a exercita drepturile pe care le dobandisera de buna credinta si sa continue sau sa reia fabricarea, utilizarea sau vanzarea pe care ei le intreprinsesera de buna credinta, fara a se expune la urmariri pentru incalcare. Autorizatia va fi data in Romania sub forma unei licente fara exclusivitate care va fi acordata in conditiuni ce urmeaza sa fie fixate prin intelegere intre partile interesate, sau in lipsa unei intelegeri, de catre Comisiunea de Conciliatiune, constituita in virtutea articolului 32 al prezentului Tratat. Totusi, in teritoriile Puterilor Aliate si Asociate tertii de buna credinta vor beneficia de protectia care este acordata in aceleasi cazuri tertilor de buna credinta ale caror drepturi sunt in opozitie cu acelea ale supusilor altor Puteri Aliate si Asociate.

6. Nicio dispozitie a prezentei Anexe nu va trebui sa fie interpretata in sensul ca acorda Romaniei sau supusilor ei, pe teritoriul oricareia din Puterile Aliate si Asociate drepturi la brevete sau la modele de folosire pentru inventiile relative la un articol oarecare care a fost indicat in mod expres la Anexa III a prezentului Tratat, inventii care au fost facute sau in legatura cu care sau depus cereri de inregistrare de catre Romania sau de unul din supusii ei, in Romania sau pe teritoriul vreunei alte Puteri a Axei sau pe teritoriul ocupat de catre fortele Axei, in timpul cand localitatea in chestiune se gasea sub controlul fortelor sau autoritatilor puterilor Axei.

2. Daca un asigurator, supus al vreuneia din Natiunile Unite, doreste sa-si reia activitatea profesionala in Romania si daca valoarea depozitelor de garantie sau de rezerve cerute in Romania de intreprinderile de asigurare in vederea exercitarii activitatii lor, s'a micsorat din pricina pierderii sau deprecierii titlurilor care le constituiau, Guvernul Roman se angajeaza sa accepte pentru o perioada de 18 luni ceeace ramane din aceste titluri drept indeplinind toate prescriptiile legale cu privire la depozite sau rezerve.

ANEXA V

Totusi, aceasta reziliere se intelege fara prejudiciul dispozitiilor Articolului 29 al prezentului Tratat si nici nu va scuti vreuna din partile Contractului de obligatia de a rambursa sumele primite ca avansuri sau ca aconturi fata de care partea interesata nu a furnizat contra partida in schimb.

2. Cu toate dispozitiunile paragrafului 1 de mai sus, vor fi exceptate de reziliere si, fara a prejudicia drepturile continute in Articolul 27 al prezentului Tratat, vor ramane in vigoare acele parti din orice contract care vor putea fi disociate si care pentru a fi executate nu au necesitat legaturi intre partile devenite inamice in sensul Partii D a prezentei Anexe. Atunci cand stipulatiile oricarui Contract nu pot fi astfel disociate, contractul va fi socotit ca reziliat in intregimea lui. Dispozitiile de mai sus se inteleg sub rezerva aplicarii legilor, ordonantelor si regulamentelor interne promulgate de oricare din Puterile Aliate si Asociate de jurisdictia carora apartine contractul sau oricare parte din contract si sub rezerva stipulatiilor contractului.

3. Niciuna din dispozitiile Partii A a prezentei Anexe nu va fi socotita ca anuleaza tranzactiile legal executate conform unui contract incheiat intre

inamici daca au fost executate cu permisiunea Guvernului uneia din Puterile Aliate sau Asociate.

4. Cu toate dispozitiunile de mai sus, contractele de asigurare si reasigurare vor face obiectul unor intelegeri separate intre Guvernul Puterii Aliate sau Asociate interesate si Guvernul Roman.

B. TERMENE DE PRESCRIPTIE

1. Toate termenele de prescriptie sau de limitare a dreptului de a introduce sau de a urmari o actiune juridica sau de a lua masuri conservatorii in raporturile juridice ce intereseaza persoane sau bunuri, care pun in cauza pe supusii Natiunilor Unite, si pe supusii Romani cari, din pricina starii de razboi nu au putut sa introduca sau sa urmareasca o actiune judiciara, sau sa indeplineasca formalitatile necesare salvgardarii dreptilor lor, fie ca aceste termene au inceput sa curga inainte sau dupa izbucnirea razboiului, ele vor fi considerate ca fiind suspendate pe timpul duratei razboiului, pe teritoriul roman, pe de o parte, si pe teritoriul acelor dintre Natiunile Unite care, conform principiilor de reciprocitate, acorda Romaniei beneficiul dispozitiilor prezentului paragraf, pe de alta parte. Aceste termene vor incepe sa curga iar dela intrarea in vigoare a prezentului Tratat. Dispozitiile prezentului paragraf se vor aplica termenelor fixate pentru depunerea cupoanelor de interese sau de dividende sau pentru depunerea in vederea rambursarii a valorilor iesite la tragere, sau rambursabile pentru orice alt motiv.

2. Cand, din cauza neexecutarii unui act sau omisiunii unei formalitati oarecare, in timp de razboi, au fost luate masuri de executare pe teritoriul romanesc in prejudiciul unui supus al vreuneia din Natiunile Unite, Guvernul Roman va restabili drepturile ce au fost lezate. Daca restabilirea acestor drepturi este imposibila sau ar fi inechitabila, Guvernul Roman va face cele necesare pentruca supusul Natiunilor Unite sa capete o compensatie care sa fie, in imprejurarile date, justa si echitabila.

C. EFECTE NEGOCIABILE

1. In relatiunile dintre inamici niciun efect negociabil subscris inainte de razboi nu va fi considerat a-si fi pierdut valoarea pentru simplul motiv ca nu a fost prezentat spre acceptare sau spre incasare in termenii prescrisi,

sau ca tragatorul sau girantul nu au fost anuntati in aceste termene ca efectul in chestiune nu a fost acceptat sau platit sau ca nu a fost protestat in zisele termene sau ca vreo formalitate oarecare a fost omisa in timpul razboiului.

2. Daca termenul inauntrul caruia un efect negociabil ar fi trebuit sa fie prezentat spre acceptare sau incasare sau inlauntrul caruia un aviz de neacceptare sau de neplata ar fi trebuit dat tragatorului sau girantului, sau in timpul caruia efectul ar fi trebuit protestat, a expirat in timpul razboiului si daca partea care ar fi trebuit sa se prezinte sau sa protesteze efectul sau sa dea aviz de neacceptare sau de neplata, a omis a le face in timpul razboiului, se va acorda, dela intrarea in vigoare a prezentului Tratat, un termen de cel putin trei luni, in care va fi posibil sa se prezinte sau sa protesteze zisul efect sau sa se dea avizul de neacceptare sau de neplata.

3. Daca o persoana a devenit, inaintea sau in timpul razboiului, debitoare in virtutea unui efect negociabil in urma unei obligatiuni, luate fata de ea, de catre o persoana care a devenit ulterior inamica, aceasta din urma va ramane tinuta sa despagubeasca pe cea dintai pentru aceasta datorie fara a se tine seama de inceperea ostilitatilor.

D. DISPOZITIUNI SPECIALE

1. Pentru scopurile acestei Anexe, persoanele fizice si juridice vor fi socotite ca inamice dela data la care comertul dintre ele a devenit ilegal sub legile, ordinele sau regulamentele carora le erau supuse aceste persoane sau contractele.

2. Avand in vedere sistemul juridic al Statelor Unite ale Americei, dispozitiunile acestei Anexe nu se vor aplica intre Statele Unite ale Americei si Romania.

МИРНЫЙ ДОГОВОР С БОЛГАРИЕЙ

1947 г.

Союз Советских Социалистических Республик, Соединенное Королевство Великобритании и Северной Ирландии, Соединенные Штаты Америки, Австралия, Белорусская Советская Социалистическая Республика, Чехословакия, Греция, Индия, Новая Зеландия, Украинская Советская Социалистическая Республика, Южно-Африканский Союз и Федеративная Народная Республика Югославии, как государства, находящиеся в состоянии войны с Болгарией и активно участвовавшие в войне против вражеских государств в Европе существенными военными контингентами, именуемые в дальнейшем «Союзные и Соединенные Державы», с одной стороны,

и Болгария, с другой стороны,

Принимая во внимание, что, став союзником гитлеровской Германии и участвуя на ее стороне в войне против Союза Советских Социалистических Республик, Соединенного Королевства, Соединенных Штатов Америки и других Объединенных Наций, Болгария несет свою долю ответственности за эту войну;

Принимая, однако, во внимание, что Болгария, прекратив военные действия против Объединенных Наций, порвала отношения с Германией и, заключив 28 октября 1944 года Перемирие с Правительствами Союза Советских Социалистических Республик, Соединенного Королевства и Соединенных Штатов Америки, действовавшими от имени всех Объединенных Наций, находившихся в состоянии войны с Болгарией, приняла активное участие в войне против Германии; и

Принимая во внимание, что Союзные и Соединенные Державы и Болгария желают заключить мирный договор, который, соответствуя принципам справедливости, урегулирует вопросы, остающиеся еще нерешенными в результате перечисленных выше событий, и явится основой дружественных отношений между ними, тем самым давая Союзным и Соединенным Державам возможность поддержать обращение Болгарии о принятии ее в члены Организации Объединенных Наций, а также о присоединении Болгарии к любой конвенции, заключенной по почину Организации Объединенных Наций;

В соответствии с этим решили объявить о прекращении со-

стояния войны и для этой цели заключить настоящий Мирный Договор и назначили для этого нижеподписавшихся в качестве своих Полномочных Представителей, которые по представлении своих полномочий, найденных в порядке и надлежащей форме, согласились о следующих постановлениях:

ЧАСТЬ I.

Статья 1.

Границы Болгарии, показанные на прилагаемой к настоящему Договору карте (Приложение I), будут такими, как они существовали на 1 января 1941 года.

Статья 3.

Болгария, которая в соответствии с Соглашением о Перемирии провела мероприятия по освобождению, независимо от гражданства и национальной принадлежности, всех лиц, содержавшихся в заключении в связи с их деятельностью в пользу Объединенных Наций, или за их сочувствие Объединенным Нациям, или ввиду их расового происхождения, и мероприятия по отмене дискриминационного законодательства и вытекающих из него ограничений, обязуется закончить проведение этих мероприятий и впредь не принимать каких-либо мер или законов, которые были бы несовместимы с целями, предусмотренными в этой статье.

Статья 4.

Болгария, которая в соответствии с Соглашением о Перемирии провела мероприятия по роспуску всех находившихся на болгарской территории организаций фашистского типа: политических, военных, военизированных, а также других организаций, ведущих враждебную Объединенным Нациям пропаганду, — обязуется и впредь не допускать существования и деятельности организаций такого рода, преследующих цель лишения народа его демократических прав.

Статья 5.

1. Болгария обязуется принять все необходимые меры, чтобы обеспечить задержание и выдачу для суда над ними:

a) лиц, обвиняемых в том, что они совершили военные преступления и преступления против мира или против человечности, дали приказ о совершении таких преступлений или содействовали их совершению;

b) граждан какой-либо из Союзных и Соединенных Держав, которые обвиняются в нарушении законов их стран изменой или сотрудничеством с врагом во время войны.

2. Болгария, по требованию Правительства заинтересованной Объединенной Нации, обеспечит также явку в качестве свидетелей находящихся под ее юрисдикцией лиц, показания которых потребуются для суда над лицами, указанными в пункте 1 настоящей статьи.

3. Всякое разногласие относительно применения постановлений пунктов 1 и 2 настоящей статьи должно быть передано любым заинтересованным Правительством Главам Дипломатических Миссий Советского Союза, Соединенного Королевства и Соединенных Штатов Америки в Софии, которые достигнут соглашения по поводу этого затруднения.

Болгария обязуется признать полную силу Мирных Договоров с Италией, Румынией, Венгрией и Финляндией и других согла-

шений или урегулирований, которые были или будут достигнуты Союзными и Соединенными Державами относительно Австрии, Германии и Японии для восстановления мира.

Статья 7.

Каждая Союзная или Соединенная Держава нотифицирует Болгарии в течение шести месяцев со дня вступления в силу настоящего Договора о своих довоенных двусторонних договорах с Болгарией, которые эта Держава желает сохранить в силе или действие которых она желает возобновить. Любые положения, не находящиеся в соответствии с настоящим Договором, будут, однако, исключены из вышеупомянутых договоров.

2. Все вышеупомянутые договоры, о которых будет нотифицировано таким образом, будут зарегистрированы в Секретариате Объединенных Наций в соответствии со статьей 102 Устава Организации Объединенных Наций.

3. Все вышеупомянутые договоры, о которых не будет нотифицировано таким образом, будут считаться отмененными.

ЧАСТЬ III.

ВОЕННЫЕ, ВОЕННО-МОРСКИЕ И ВОЕННО-ВОЗДУШНЫЕ ПОСТАНОВЛЕНИЯ.

Раздел I.

Статья 9.

Содержание сухопутных, морских и военно-воздушных вооружений и укреплений будет строго ограничено так, чтобы отвечать задачам внутреннего характера и местной обороны границ. В соответствии с вышеуказанным Болгарии разрешается иметь вооруженные силы, не свыше чем:

a) сухопутная армия, включая пограничные войска, с общей численностью личного состава в 55.000 человек;

b) зенитная артиллерия с численностью личного состава в 1.800 человек;

c) военно-морской флот с численностью личного состава в 3.500 человек и общим тоннажем в 7.250 тонн;

d) военно-воздушные силы, в том числе военно-воздушные силы военно-морского флота, численностью в 90 самолетов, включая резервные, из которых не более 70 самолетов боевых типов, с общей численностью личного состава в 5.200 человек. Болгария не должна иметь или приобретать самолетов, сконструированных в основном как бомбардировщики с приспособлениями для внутренней подвески бомб.

Эта численность в каждом случае будет включать строевой, нестроевой состав и штабной персонал.

Статья 10.

Личный состав болгарской армии, военно-морского флота и военно-воздушных сил, превышающий соответственно разрешенную статьей 9 численность, будет распущен в течение шести месяцев со дня вступления в силу настоящего Договора.

Статья 11.

Людские контингенты, не входящие в состав болгарской армии, военно-морского флота или военно-воздушных сил, не будут проходить в какой-либо форме военного, военно-морского или военно-воздушного обучения, как оно определено в Приложении II.

Статья 12.

1. К северу от греко-болгарской границы запрещается следующее строительство: долговременных укреплений, где может быть установлено оружие, способное вести огонь по греческой территории; долговременных военных сооружений, которые могут быть использованы для управления огнем по греческой территории или для его координирования, а также долговременных средств снабжения и складирования, установленных исключительно для использования вышеупомянутых укреплений и сооружений.

2. Это запрещение не распространяется на другие типы недолговременных укреплений, надземных помещений и сооружений,

которые предназначаются исключительно для задач внутреннего характера и местной обороны границ.

Статья 13.

Болгария не должна иметь, производить или экспериментировать: любые виды атомного вооружения; какие-либо самодвижущиеся или управляемые снаряды или аппараты, связанные с их выбрасыванием (за исключением торпед и торпедных аппаратов, составляющих нормальное вооружение военно-морских кораблей, разрешенных настоящим Договором); морские мины или торпеды неконтактного типа, действующие от чувствительных механизмов; торпеды, которые могут быть укомплектованы людьми; подводные лодки или другие подводные суда, торпедные катеры и специализированные типы штурмовых судов.

Статья 14.

Болгария не должна сохранять, производить или приобретать другими путями военные материалы и технику или содержать производственные мощности для их изготовления, сверх того, что требуется для содержания вооруженных сил, разрешенных статьей 9 настоящего Договора.

Статья 15.

1. Излишки военных материалов и техники союзного происхождения будут переданы в распоряжение соответствующей Союзной или Соединенной Державы, согласно указаниям, которые будут даны этой Державой. Излишки болгарских военных материалов и техники будут переданы в распоряжение Правительств Советского Союза, Соединенного Королевства и Соединенных Штатов Америки. Болгария откажется от всех прав на эти материалы и технику.

2. Военные материалы и техника германского происхождения или конструкции, превышающие то, что требуется для вооруженных сил, разрешенных настоящим Договором, будут переданы в распоряжение Трех Правительств. Болгария не будет приобретать или производить каких-либо военных материалов и техники германского происхождения или конструкции, или нанимать на работу или обучать каких-либо технических специалистов, включая воен-

ный и гражданский авиационный персонал, из числа лиц, которые являются или являлись гражданами Германии.

3. Излишки военных материалов и техники, упомянутые в пунктах 1 и 2 настоящей статьи, будут переданы или уничтожены в течение одного года со дня вступления в силу настоящего Договора.

4. Определение термина «военные материалы и техника» и перечень военных материалов и техники для целей настоящего Договора даны в Приложении III.

Статья 16.

Болгария обязуется полностью сотрудничать с Союзными и Соединенными Державами в целях обеспечения того, чтобы Германия не смогла предпринять каких-либо мер за пределами германской территории в направлении возрождения своего вооружения.

Статья 17.

Болгария обязуется не приобретать и не производить гражданских самолетов германской или японской конструкции или самолетов, включающих крупные узлы германского или японского производства или конструкции.

Статья 18.

Каждая из военных, военно-морских и военно-воздушных статей настоящего Договора будет оставаться в силе до тех пор, пока она не будет изменена полностью или частично по соглашению между Союзными и Соединенными Державами и Болгарией или, после того как Болгария станет членом Организации Объединенных Наций, — по соглашению между Советом Безопасности и Болгарией.

Раздел II.

Статья 19.

1. Болгарские военнопленные должны быть репатриированы как можно скорее в соответствии с соглашениями между отдельными Державами, содержащими этих военнопленных, и Болгарией.

2. Все издержки на перевозку болгарских военнопленных, включая их содержание, от сборных пунктов, установленных Пра-

вительством соответствующей Союзной или Соединенной Державы, до пункта вступления на болгарскую территорию будет нести Правительство Болгарии.

ЧАСТЬ IV.

ВЫВОД СОЮЗНЫХ ВОЙСК.

Статья 20.

1. Все вооруженные силы Союзных и Соединенных Держав будут выведены из Болгарии в возможно короткий срок и, во всяком случае, не более чем в 90 дней со дня вступления в силу настоящего Договора.

2. Вся неиспользованная болгарская валюта и все неиспользованные болгарские запасы, находящиеся в распоряжении союзных вооруженных сил в Болгарии и полученные в соответствии со статьей 15 Соглашения о Перемирии, будут возвращены Правительству Болгарии в течение того же срока в 90 дней.

3. Болгария, однако, должна предоставить в период между днем вступления в силу настоящего Договора и окончательным выводом союзных войск все такие услуги и снабжение, которые могут специально потребоваться выводимым вооруженным силам Союзных и Соединенных Держав, и надлежащая компенсация будет выплачена Правительству Болгарии за такие услуги и снабжение.

ЧАСТЬ V.

РЕПАРАЦИИ И РЕСТИТУЦИИ.

Статья 21.

1. Убытки, причиненные Югославии и Греции военными действиями и оккупацией Болгарией территории этих государств, будут Болгарией возмещены Югославии и Греции, причем, принимая во внимание, что Болгария не просто вышла из войны против Объединенных Наций, а объявила войну и вела ее на деле против Германии, Стороны уславливаются о том, что возмещение указанных убытков будет произведено Болгарией не полностью, а только частично, а именно, в сумме 70.000.000 долларов США, с погашением в течение 8 лет, начиная со дня вступления в силу на-

стоящего Договора, товарами, производимыми болгарской добывающей и обрабатывающей промышленностью и сельским хозяйством. Сумма возмещения Греции составит 45.000.000 долларов США, а сумма возмещения Югославии составит 25.000.000 долларов США.

2. Количество и виды товаров, подлежащих поставке, будут определены соглашениями, заключенными Правительствами Греции и Югославии с Правительством Болгарии. Эти соглашения будут сообщены Главам Дипломатических Миссий Советского Союза, Соединенного Королевства и Соединенных Штатов Америки в Софии.

3. В основу расчетов по настоящей статье положен доллар США по его золотому паритету на 1 июля 1946 года, т.е. 35 долларов за одну унцию золота.

4. В основу оценки товаров, поставляемых согласно настоящей статье, будут положены международные рыночные цены 1938 года в долларах США с повышением на 15% на промышленные продукты и на 10% на другие продукты. Расходы по доставке до греческой или югославской границы будут отнесены за счет Правительства Болгарии.

Статья 22.

1. Болгария принимает принципы Декларации Объединенных Наций от 5 января 1943 года и вернет в возможно кратчайший срок имущество, вывезенное с территории любой из Объединенных Наций.

2. Обязательство производить реституцию относится ко всей находящейся в настоящее время в Болгарии опознаваемой собственности, которая была вывезена насильственно или по принуждению какой-либо из держав оси с территории любой из Объединенных Наций, независимо от каких-либо последующих сделок, путем которых нынешний владелец такой собственности вступил во владение ею.

3. Если в отдельных случаях для Болгарии является невозможным произвести реституцию предметов, представляющих худо-

жественную, историческую или археологическую ценность, которые составляют часть культурного достояния Объединенной Нации, с территории которой эти предметы были вывезены болгарскими армиями, властями или гражданами насильственно или по принуждению, Болгария обязуется передать заинтересованной Объединенной Нации предметы того же рода и приблизительно равноценные вывезенным предметам, поскольку такие предметы могут быть получены в Болгарии.

4. Правительство Болгарии должно вернуть указанное в настоящей статье имущество в сохранности и принять на себя в этом отношении все расходы в Болгарии, относящиеся к рабочей силе, материалам и транспорту.

5. Правительство Болгарии будет оказывать содействие Объединенным Нациям и предоставит за свой счет все необходимые возможности для розыска и реституции имущества, подлежащего реституции согласно настоящей статье.

6. Правительство Болгарии примет необходимые меры, чтобы добиться возвращения имущества, указанного в настоящей статье, которым владеют в любой третьей стране лица, находящиеся под болгарской юрисдикцией.

7. Требования реституции имущества должны быть предъявлены Правительству Болгарии Правительством той страны, с территории которой было вывезено это имущество; при этом понимается, что железнодорожный подвижной состав будет рассматриваться как вывезенный из страны, которой он первоначально принадлежал. Такие требования могут предъявляться в течение 6 месяцев со дня вступления в силу настоящего Договора.

8. Бремя доказательства в отношении опознавания имущества и доказательства права собственности возлагается на Правительство, предъявляющее претензию, а бремя доказательства того, что имущество не было вывезено насильственно или по принуждению, возлагается на Правительство Болгарии.

ЧАСТЬ VI.

ЭКОНОМИЧЕСКИЕ ПОСТАНОВЛЕНИЯ.

Статья 23.

1. Болгария, поскольку ею это еще не сделано, восстановит все законные права и интересы Объединенных Наций и их граждан в Болгарии, как они существовали на 24 апреля 1941 года, и вернет всю собственность Объединенных Наций и их граждан в Болгарии в том состоянии, в котором она находится в настоящее время.

2. Правительство Болгарии обязуется восстановить всю собственность, права и интересы, подпадающие под действие настоящей статьи, без всяких обременений и обложений любого вида, которым они могли подвергнуться вследствие войны, и без взимания Правительством Болгарии каких-либо сборов в связи с их возвращением. Правительство Болгарии аннулирует все мероприятия, включая отобрание, секвестр или контроль, проведенные им в отношении собственности Объединенных Наций между 24 апреля 1941 года и днем вступления в силу настоящего Договора. В случаях невозвращения собственности в течение 6 месяцев со дня вступления в силу настоящего Договора, заявление о возвращении собственности должно быть подано болгарским властям не позднее, чем в течение 12 месяцев со дня вступления в силу настоящего Договора, за исключением случаев, когда заявитель может доказать, что он не мог подать своего заявления в течение этого срока.

3. Правительство Болгарии должно аннулировать передачи, относящиеся к собственности, правам и интересам всякого рода, принадлежащим гражданам Объединенных Наций, в тех случаях, когда такие передачи были результатом насилия или принуждения со стороны правительств держав оси или их органов во время войны.

4. *а)* Правительство Болгарии несет ответственность за приведение во вполне исправное состояние собственности, возвращаемой гражданам Объединенных Наций согласно пункту 1 настоящей статьи. В тех случаях, когда собственность не может быть возвращена или когда в результате войны гражданин Объединенных Наций потерпел убыток вследствие повреждения или порчи соб-

ственности в Болгарии, он должен получить от Правительства Болгарии компенсацию в левах в пределах двух третей суммы, необходимой в день выплаты для того, чтобы купить аналогичную собственность или возместить понесенный убыток. Граждане Объединенных Наций ни в коем случае не должны ставиться в менее благоприятное положение в отношении компенсации, чем болгарские граждане.

b) Граждане Объединенных Наций, имеющие прямой или косвенный собственнический интерес в корпорациях или ассоциациях, национальность которых не является национальностью Объединенных Наций в значении пункта 8 «*a*» настоящей статьи, но которые потерпели убыток вследствие повреждения или порчи собственности в Болгарии, должны получить компенсацию в соответствии с подпунктом «*a*» выше. Эта компенсация должна исчисляться на основе общих убытков или ущерба, понесенных корпорацией или ассоциацией, и должна составлять по отношению к таким убыткам или ущербу ту же пропорцию, какую составляют приносящие доход интересы таких граждан по отношению к общему капиталу корпорации или ассоциации.

c) Компенсация должна выплачиваться без каких-либо обложений, налогов или других сборов. Она может свободно использоваться в Болгарии, но должна подлежать правилам контроля над иностранными девизами, которые могут время от времени вводиться в Болгарии.

d) Правительство Болгарии предоставит гражданам Объединенных Наций такой же режим при распределении материалов для ремонта или восстановления их собственности в Болгарии, а также при распределении иностранных девиз для импорта таких материалов, который применяется в отношении болгарских граждан.

e) Правительство Болгарии предоставит гражданам Объединенных Наций возмещение в левах в том же самом размере, который предусмотрен в подпункте «*a*» выше, чтобы компенсировать потери или ущерб, возникшие в результате особых мер, которые применялись к их собственности во время войны, но которые не применялись к болгарской собственности. Этот подпункт не распространяется на упущенные выгоды.

5. Все произведенные в Болгарии разумные расходы по предъявлению претензий, включая расходы на подсчет потерь или ущерба, должно нести Правительство Болгарии.

6. Граждане Объединенных Наций и их собственность должны быть освобождены от всяких исключительных налогов, сборов или податей, налагавшихся на их основные фонды в Болгарии Правительством Болгарии или любой болгарской властью в период между днем заключения Перемирия и днем вступления в силу настоящего Договора со специальной целью покрытия расходов, связанных с войной, или покрытия издержек на оккупационные силы или на репарации в пользу любой из Объединенных Наций. Любые суммы, выплаченные таким образом, должны быть возвращены.

7. Заинтересованный собственник и Правительство Болгарии могут заключать соглашения взамен положений настоящей статьи.

8. Применяемые в настоящей статье:

a) Выражение «граждане Объединенных Наций» означает физических лиц, являющихся к моменту вступления в силу настоящего Договора гражданами любой из Объединенных Наций, или корпорации или ассоциации, организованные к этому моменту по законам любой из Объединенных Наций, при условии, что указанные лица, корпорации или ассоциации имели такой статус также и в момент заключения Перемирия с Болгарией.

Выражение «граждане Объединенных Наций» также включает всех физических лиц, корпорации или ассоциации, которые на основании законов, действовавших в Болгарии во время войны, рассматривались как вражеские.

b) Выражение «собственник» означает гражданина Объединенных Наций, как определено в подпункте «*a*» выше, имеющего право на данную собственность, и включает преемника такого собственника, при условии, что преемник также является гражданином одной из Объединенных Наций, как определено в подпункте «*a*». Если преемник приобрел собственность в поврежденном виде, то лицо передающее сохраняет свои права на возмещение на основании настоящей статьи без ущерба для обязательств, существу-

ющих между лицом передающим и лицом приобретающим в соответствии с внутренними законами.

c) Выражение «собственность» означает всю движимую или недвижимую собственность, материальную или нематериальную, включая промышленную, литературную и художественную собственность, а также все права или интересы всякого рода в собственности.

Статья 24.

Болгария признает, что Советский Союз имеет право на все германские активы в Болгарии, переданные Советскому Союзу Контрольным Советом в Германии, и обязуется принять все необходимые меры для облегчения передачи таких активов.

Статья 25.

1. Каждая из Союзных и Соединенных Держав будет иметь право взять, удержать, ликвидировать или предпринять любое другое действие в отношении всей собственности, прав и интересов, которые на день вступления в силу настоящего Договора будут находиться на ее территории и принадлежать Болгарии или болгарским гражданам, а также использовать такую собственность или выручку от нее для таких целей, какие эта Держава сочтет желательными в пределах претензий этой Державы и ее граждан к Болгарии или к болгарским гражданам, — включая долги, — которые не были полностью удовлетворены в силу других статей настоящего Договора. Вся болгарская собственность или выручка от ее ликвидации, превышающие сумму таких претензий, должны быть возвращены.

2. Ликвидация болгарской собственности и распоряжение ею будут проводиться в соответствии с законом заинтересованной Союзной или Соединенной Державы. Болгарский собственник не будет иметь прав в отношении такой собственности, за исключением тех, которые могут быть предоставлены ему в силу этого закона.

3. Правительство Болгарии обязуется компенсировать болгарских граждан, собственность которых изъята в силу настоящей статьи и не возвращена им.

4. Данная статья не налагает на ту или иную из Союзных или Соединенных Держав никакого обязательства возвратить Правительству Болгарии или болгарским гражданам промышленную собственность или включить такую собственность при определении суммы, которая может быть удержана согласно пункту 1 настоящей статьи. Правительство каждой из Союзных и Соединенных Держав будет иметь право установить такие ограничения и условия в отношении прав или интересов, касающихся промышленной собственности, приобретенной до дня вступления в силу настоящего Договора на территории этой Союзной или Соединенной Державы Правительством или гражданами Болгарии, какие Правительство данной Союзной или Соединенной Державы сочтет необходимыми в своих национальных интересах.

5. Собственность, предусмотренная пунктом 1 настоящей статьи, должна рассматриваться как включающая болгарскую собственность, которая подлежала контролю в силу состояния войны, существовавшего между Болгарией и Союзной или Соединенной Державой, имеющей юрисдикцию над этой собственностью, но не должна включать:

a) собственность Правительства Болгарии, используемую для консульских или дипломатических целей;

b) собственность, принадлежащую религиозным организациям или частным благотворительным учреждениям и используемую для религиозных или благотворительных целей;

c) собственность физических лиц, которые являются болгарскими гражданами, получившими разрешение проживать в пределах территории той страны, в которой находится эта собственность, или проживать в любом другом месте на территории стран Объединенных Наций, за исключением болгарской собственности, которая когда-либо во время войны являлась объектом мер, не применявшихся как правило к собственности болгарских граждан, проживающих на той же территории;

d) имущественные права, возникшие после возобновления торговых и финансовых отношений между Союзными и Соединен-

ными Державами и Болгарией или возникшие из сделок между Правительством любой Союзной или Соединенной Державы и Болгарией после 28 октября 1944 года;

e) права на литературную и художественную собственность.

Статья 26.

1. Со дня вступления в силу настоящего Договора собственность Болгарии и болгарских граждан, находящаяся в Германии, не будет больше рассматриваться как вражеская собственность, и все ограничения, связанные с таким режимом, должны быть отменены.

2. Опознаваемая собственность Болгарии и болгарских граждан, вывезенная насильственно или по принуждению с территории Болгарии в Германию германскими вооруженными силами или властями после 28 октября 1944 года, подлежит возврату.

3. Реституция и восстановление болгарской собственности в Германии будут осуществляться в соответствии с мероприятиями, которые будут определены Державами, оккупирующими Германию.

4. Без ущерба для вышеизложенных и для любых других постановлений, принятых в пользу Болгарии и ее граждан Державами, оккупирующими Германию, Болгария от своего имени и от имени болгарских граждан отказывается от всех оставшихся неурегулированными на 8 мая 1945 года претензий в отношении Германии и германских граждан, за исключением претензий, вытекающих из контрактов и других обязательств, заключенных до 1 сентября 1939 года, и прав, приобретенных до этой даты. Этот отказ будет рассматриваться как включающий долги, все межправительственные претензии, связанные с соглашениями, заключенными во время войны, и все претензии на возмещение за потери или ущерб, возникшие во время войны.

Статья 27.

1. Существование состояния войны само по себе не будет считаться фактором, влияющим на обязательство выплачивать денежные долги, вытекающие из обязательств и контрактов, суще-

ствовавших до возникновения состояния войны, — а также из прав, приобретенных до этого времени, — срок уплаты которых наступил до дня вступления в силу настоящего Договора и которые причитаются с Правительства или граждан Болгарии Правительству или гражданам одной из Союзных и Соединенных Держав, или которые причитаются с Правительства или граждан одной из Союзных и Соединенных Держав Правительству или гражданам Болгарии.

2. За исключением случаев, специально предусмотренных в настоящем Договоре, ничто в нем не должно толковаться, как наносящее ущерб отношениям между дебиторами и кредиторами, вытекающим из довоенных контрактов, заключенных Правительством или гражданами Болгарии.

Статья 28.

1. Болгария отказывается от всех претензий любого характера, от имени Правительства Болгарии или болгарских граждан, к Союзным и Соединенным Державам, связанных непосредственно с войной или вытекающих из мероприятий, предпринятых в силу существования состояния войны в Европе после 1 сентября 1939 года, независимо от того, находилась ли в это время соответствующая Союзная или Соединенная Держава в состоянии войны с Болгарией или нет. Этот отказ от претензий включает нижеследующее:

a) претензии в связи с потерями или ущербом, понесенными вследствие действий вооруженных сил или властей Союзных или Соединенных Держав;

b) претензии, вытекающие из присутствия, операций или действий вооруженных сил или властей Союзных или Соединенных Держав на болгарской территории;

c) претензии в отношении решений или распоряжений призовых судов Союзных или Соединенных Держав, причем Болгария признает действительными и обязательными все решения и распоряжения таких призовых судов, вынесенные 1 сентября 1939 года или позднее, относительно болгарских судов или болгарских грузов или оплаты издержек;

d) претензии, вытекающие из осуществления прав воюющей стороны или из мер, принятых с целью осуществления этих прав.

2. Положения настоящей статьи должны исключать полностью и окончательно все претензии указанного выше характера, которые отныне будут прекращены, кто бы ни являлся заинтересованной стороной. Правительство Болгарии соглашается выплатить справедливую компенсацию в левах лицам, которые предоставили вооруженным силам Союзных или Соединенных Держав на болгарской территории снабжение или услуги по реквизиции, а также для удовлетворения возникших на болгарской территории претензий за невоенный ущерб, предъявленных вооруженным силам Союзных или Соединенных Держав.

3. Болгария равным образом отказывается от всех претензий такого характера, который указан в пункте 1 настоящей статьи, от имени Правительства Болгарии или болгарских граждан к любой из Объединенных Наций, дипломатические отношения которой с Болгарией были порваны во время войны и которая предприняла действия в сотрудничестве с Союзными и Соединенными Державами.

4. Отказ Болгарии от претензий согласно пункту 1 настоящей статьи включает любые претензии, вытекающие из мер, принятых любой из Союзных и Соединенных Держав в отношении болгарских судов между 1 сентября 1939 года и днем вступления в силу настоящего Договора, а также любые претензии и долги, вытекающие из ныне действующих конвенций о военнопленных.

Статья 29.

1. До заключения торговых договоров или соглашений между отдельными Объединенными Нациями и Болгарией, Правительство Болгарии будет предоставлять в течение 18 месяцев со дня вступления в силу настоящего Договора нижеуказанный режим каждой из Объединенных Наций, которая на началах взаимности фактически предоставит Болгарии аналогичный режим в подобных вопросах:

a) Во всем, что касается пошлин и сборов по импорту или экспорту, внутреннего обложения импортируемых товаров, а также

всех правил, относящихся к этому, Объединенным Нациям будет предоставлен безусловный режим наибольшего благоприятствования.

b) Во всех других отношениях Болгария не должна проводить произвольной дискриминации, направленной против товаров, производимых на любой территории любой из Объединенных Наций или предназначенных для этой территории, по сравнению с подобными товарами, производимыми на территории любой другой из Объединенных Наций или на территории любой другой иностранной державы или предназначенными для этих территорий.

c) Гражданам Объединенных Наций, в том числе юридическим лицам, должен быть предоставлен национальный режим и режим наибольшего благоприятствования во всех вопросах, касающихся торговли, промышленности, мореплавания и других видов торговой деятельности в Болгарии. Эти постановления не должны применяться к коммерческой авиации.

d) Болгария не будет предоставлять никакого исключительного или дискриминационного права какой бы то ни было стране в отношении использования коммерческих самолетов в международном сообщении; она предоставит всем Объединенным Нациям равные возможности в приобретении на болгарской территории прав в области международной коммерческой авиации, включая право посадки для заправки горючим и ремонта; что касается использования коммерческих самолетов в международном сообщении, она предоставит всем Объединенным Нациям на основе взаимности и без дискриминации право беспосадочного полета над болгарской территорией. Эти постановления не должны затрагивать интересов национальной обороны Болгарии.

2. Вышеупомянутые обязательства Болгарии должны пониматься в том смысле, что на них распространяются изъятия, обычно включавшиеся в торговые договоры, заключенные Болгарией до войны; а постановления, относящиеся к взаимности со стороны каждой из Объединенных Наций, должны пониматься в том смысле, что на них распространяются изъятия, обычно включаемые в торговые договоры данного государства.

Статья 30.

Болгария окажет содействие в пределах возможного в железнодорожных транзитных перевозках на своей территории, с разумными тарифами, и будет готова с этой целью заключить с соседними государствами взаимные соглашения.

Статья 31.

Споры, могущие возникнуть при осуществлении статей 22 и 23 и Приложений IV, V и VI настоящего Договора, должны передаваться Согласительной Комиссии, состоящей из равного числа представителей Правительства заинтересованной Объединенной Нации и Правительства Болгарии. Если в течение трех месяцев после передачи спора Согласительной Комиссии не будет достигнуто соглашения, каждое из Правительств может потребовать включения в Комиссию третьего члена и, в случае несогласия между двумя Правительствами относительно избрания этого члена, любая из сторон может обратиться к Генеральному Секретарю Объединенных Наций с просьбой произвести это назначение.

2. Решение большинства членов Комиссии будет являться решением Комиссии и должно приниматься сторонами как окончательное и обязательное.

Статья 32.

Статьи 22, 23 и 29 и Приложение VI настоящего Договора будут применяться к Союзным и Соединенным Державам и Франции, а также к тем из Объединенных Наций, дипломатические отношения которых с Болгарией были порваны во время войны.

Статья 33.

Постановления Приложений IV, V и VI, как и постановления других Приложений, будут иметь силу как неотъемлемые части настоящего Договора.

Статья 34.

ЧАСТЬ VIII.

ЗАКЛЮЧИТЕЛЬНЫЕ ПОСТАНОВЛЕНИЯ.

Статья 36.

1. За исключением тех случаев, когда иной порядок специально предусмотрен какой-либо из статей настоящего Договора, любой спор относительно толкования или выполнения этого Договора, не урегулированный путем прямых дипломатических переговоров, должен передаваться Трем Главам Дипломатических Миссий, действующим на основании статьи 35, с тем исключением, что в этом случае Главы Миссий не будут ограничены сроком, предусмотренным этой статьей. Любой такой спор, не разрешенный

Главами Миссий в течение двух месяцев, должен, если спорящие стороны не придут к взаимному соглашению об иных способах урегулирования спора, передаваться, по требованию любой из спорящих сторон, в Комиссию в составе одного представителя от каждой из сторон и третьего члена, выбранного по взаимному соглашению двух сторон из граждан третьих стран. Если двум сторонам не удастся в месячный срок притти к соглашению относительно назначения третьего члена, то любая из них может обратиться к Генеральному Секретарю Объединенных Наций с просьбой произвести это назначение.

2. Решение большинства членов Комиссии будет являться решением Комиссии и должно приниматься сторонами как окончательное и обязательное.

Статья 37.

1. Любой член Организации Объединенных Наций, не являющийся стороной, подписавшей настоящий Договор, и находящийся в состоянии войны с Болгарией, может присоединиться к этому Договору и после присоединения будет для целей Договора считаться одной из Соединенных Держав.

2. Акты присоединения будут сданы на хранение Правительству Союза Советских Социалистических Республик и будут иметь силу со дня сдачи.

Статья 38.

Настоящий Договор, русский и английский тексты которого являются аутентичными, будет ратифицирован Союзными и Соединенными Державами. Договор должен быть также ратифицирован Болгарией. Договор вступит в силу немедленно после сдачи ратификационных грамот Союзом Советских Социалистических Республик, Соединенным Королевством Великобритании и Северной Ирландии и Соединенными Штатами Америки. Ратификационные грамоты будут в кратчайший срок сданы на хранение Правительству Союза Советских Социалистических Республик.

В отношении каждой из Союзных или Соединенных Держав, ратификационная грамота которой будет сдана после этого, Договор вступит в силу со дня сдачи на хранение. Настоящий Договор будет сдан в архивы Правительства Союза Советских Социалистических Республик, которое разошлет заверенные копии каждому из подписавших этот Договор государств.

ПРИЛОЖЕНИЕ IV.

Промышленная, литературная и художественная собственность.

1. *a*) Союзным и Соединенным Державам и их гражданам должен быть предоставлен срок в один год со дня вступления в силу настоящего Договора для того, чтобы дать им возможность, без взимания с них дополнительных сборов или других штрафов любого рода, совершить все необходимые акты для приобретения или сохранения в Болгарии прав промышленной, литературной и художественной собственности, которые не могли быть совершены вследствие существования состояния войны.

b) Союзные и Соединенные Державы или их граждане, которые надлежащим образом сделали заявку на территории любой Союзной или Соединенной Державы о патенте или о регистрации образца не ранее, чем за 12 месяцев до возникновения войны с Болгарией или в течение войны, или о регистрации промышленного рисунка, или модели, или товарного знака не ранее, чем за 6 месяцев

до возникновения войны с Болгарией или во время войны, будут иметь право в течение 12 месяцев со дня вступления в силу настоящего Договора сделать заявку о соответствующих правах в Болгарии вместе с правом приоритета, основанным на более ранней регистрации заявки на территории этой Союзной или Соединенной Державы.

c) Каждой из Союзных и Соединенных Держав и ее гражданам должен быть предоставлен срок в один год со дня вступления в силу настоящего Договора, в течение которого они могут возбуждать дело в Болгарии против тех физических или юридических лиц, в отношении которых утверждается, что они незаконно нарушили их права промышленной, литературной или художественной собственности между датой возникновения войны и датой вступления в силу настоящего Договора.

2. Период с момента возникновения войны до истечения 18 месяцев после вступления в силу настоящего Договора должен быть исключен при исчислении срока, в течение которого патент должен был быть осуществлен или рисунок или товарный знак — использован.

3. Период с момента возникновения войны до дня вступления в силу настоящего Договора должен быть исключен из нормального срока прав промышленной, литературной и художественной собственности, которые имели силу в Болгарии к моменту возникновения войны, или которые признаны или установлены на основании настоящего Приложения и которые принадлежат любой из Союзных и Соединенных Держав или ее гражданам. Поэтому нормальная продолжительность таких прав должна считаться автоматически продленной в Болгарии на дальнейший срок, соответствующий исключенному таким образом периоду.

4. Предшествующие положения, касающиеся прав в Болгарии Союзных и Соединенных Держав и их граждан, должны равным образом применяться в отношении прав Болгарии и ее граждан на территориях Союзных и Соединенных Держав. Однако, ничто в этих положениях не дает Болгарии или ее гражданам права на более благоприятный режим на территории какой-либо из Союзных и Соеди-

ненных Держав, чем тот, который предоставляется в подобных случаях этой Державой какой-либо другой из Объединенных Наций или ее гражданам. Болгария не будет также обязана на основании этих положений предоставлять любой из Союзных и Соединенных Держав или ее гражданам более благоприятный режим, чем тот, которым пользуются на территории этой Державы Болгария или ее граждане в вопросах, предусмотренных в предшествующих положениях.

5. Третьим лицам на территориях любой из Союзных и Соединенных Держав или Болгарии, которые до дня вступления в силу настоящего Договора добросовестно приобрели права на промышленную, литературную или художественную собственность, находящиеся в противоречии с правами, восстановленными на основании настоящего Приложения, или в противоречии с правами, приобретенными на основании приоритета в силу этого же Приложения, или которые добросовестно изготовили, опубликовали, воспроизвели, использовали или продали предмет, к которому относятся эти права, будет разрешено, без всякой ответственности за нарушение, продолжать осуществлять такие права и продолжать или возобновить такое изготовление, публикацию, репродукцию, использование или продажу, которые были добросовестно приобретены или начаты. В Болгарии такое разрешение будет носить форму неисключительной лицензии, предоставляемой на условиях по взаимному соглашению сторон, а при отсутствии соглашения — на условиях, устанавливаемых Согласительной Комиссией, учрежденной на основании статьи 31 настоящего Договора. Однако, на территории каждой из Союзных и Соединенных Держав добросовестные третьи лица будут пользоваться такой защитой, какая предоставляется при аналогичных обстоятельствах добросовестным третьим лицам, права которых находятся в противоречии с правами граждан других Союзных и Соединенных Держав.

6. Ничто в настоящем Приложении не должно толковаться как дающее Болгарии или ее гражданам право на какой-либо патент или образец на территории какой-либо из Союзных и Соединенных Держав в отношении изобретений, относящихся к любому предмету,

поименованному в Приложении III к настоящему Договору, которые были сделаны или в отношении которых заявки были зарегистрированы Болгарией или любым из ее граждан в Болгарии, или на территории любой из держав оси, или на территории, которая была оккупирована вооруженными силами держав оси, в течение периода времени, когда данная территория находилась под контролем вооруженных сил или властей держав оси.

7. Болгария равным образом распространит действие предыдущих положений настоящего Приложения на Францию и другие неявляющиеся Союзными или Соединенными Державами Объединенные Нации, дипломатические отношения которых с Болгарией были порваны во время войны и которые обязуются предоставить Болгарии преимущества, предоставляемые Болгарии этими же положениями.

8. Ничто в настоящем Приложении не будет пониматься как противоречащее статьям 23, 25 и 27 настоящего Договора.

ПРИЛОЖЕНИЕ V.

Контракты, сроки давности и ценные бумаги.

A. Контракты.

1. Всякий контракт, который для своего выполнения требовал установления сношений между любыми из его сторон, ставшими врагами, как это определено в части D настоящего Приложения, должен, при условии соблюдения исключений, изложенных в пунктах 2 и 3 ниже, считаться расторгнутым с того времени, когда любые из его сторон стали врагами. Такое расторжение, однако, не затрагивает положений статьи 27 настоящего Договора, и оно не должно освобождать ту или иную сторону контракта от обязательства вернуть суммы, полученные в качестве авансов или частичных платежей, в отношении которых такая сторона ничего не сделала взамен.

2. Несмотря на положения пункта 1 выше, не подлежат расторжению и, без ущерба для прав, изложенных в статье 25 настоящего Договора, остаются в силе такие части любого контракта,

которые отделимы и не требовали для своего исполнения установления сношений между любыми из его сторон, ставшими врагами, как это определено в части D настоящего Приложения. Если положения того или иного контракта не могут быть таким образом отделены, контракт должен считаться полностью расторгнутым. Вышеизложенное имеет силу при условии применения внутренних законов, распоряжений или правил, изданных любой из Союзных и Соединенных Держав, имеющих юрисдикцию в отношении контракта или в отношении любой из его сторон, а также будет подчиняться условиям контракта.

3. Ничто в части A настоящего Приложения не должно рассматриваться как аннулирующее сделки, законно осуществленные в соответствии с контрактом между врагами, если они осуществлены с разрешения Правительства любой из Союзных и Соединенных Держав.

4. Несмотря на вышеприведенные положения, контракты по страхованию и перестрахованию будут подчиняться отдельным соглашениям между Правительством заинтересованной Союзной или Соединенной Державы и Правительством Болгарии.

B. Сроки давности.

1. Все сроки давности или сроки ограничения права на иск или права принимать охранительные меры в отношениях, касающихся лиц или собственности и затрагивающих граждан Объединенных Наций и болгарских граждан, которые в силу состояния войны не могли предъявить иска или выполнить формальностей, необходимых для обеспечения своих прав, независимо от того, началось ли течение этих сроков до или после возникновения войны, будут считаться приостановленными на время войны на территории Болгарии, с одной стороны, и на территории тех из Объединенных Наций, которые предоставляют Болгарии на началах взаимности преимущества, предусматриваемые положениями настоящего пункта, — с другой. Течение приостановленных сроков давности возобновится со дня вступления в силу настоящего Договора. Положения настоящего пункта будут применимы в отношении сроков, установленных

для предъявления процентных купонов или купонов на дивиденд или для предъявления к оплате ценных бумаг, вышедших в тираж или подлежащих оплате на каком-либо другом основании.

2. В тех случаях, когда вследствие невыполнения какого-либо акта или какой-либо формальности во время войны были приняты исполнительные меры на болгарской территории в ущерб тому или иному гражданину любой из Объединенных Наций, Правительство Болгарии восстановит права, которым был нанесен ущерб. Если такое восстановление является несправедливым или невозможным, Правительство Болгарии примет меры к тому, чтобы гражданину Объединенных Наций было предоставлено такое пособие, которое может оказаться справедливым при этих обстоятельствах.

С. Ценные бумаги

1. В отношениях между врагами ни одна ценная бумага, составленная до войны, не будет рассматриваться как утратившая силу только потому, что эта бумага не была в установленные сроки предъявлена для акцепта или оплаты, или не было сделано уведомление составителю или лицу, учинившему передаточную надпись, об отказе от акцепта или платежа, или она не была опротестована, или же потому, что не была выполнена какая-либо формальность во время войны.

2. В тех случаях, когда срок, установленный для того, чтобы ценная бумага была предъявлена для акцепта или оплаты, или срок, в который уведомление об отказе от акцепта или платежа должно было быть сделано составителю или лицу, учинившему передаточную надпись, или в течение которого документ должен был быть опротестован, истек во время войны, а сторона, которая должна была предъявить или опротестовать документ или уведомить об отказе от акцепта или платежа, не сделала этого во время войны, ей будет предоставлен срок не менее трех месяцев, считая со дня вступления в силу настоящего Договора, в течение которого может быть сделано предъявление, уведомление об отказе от акцепта или платежа или опротестование.

3. Если какое-либо лицо до или во время войны вступило в

обязательство по какой-либо ценной бумаге в связи с обязательством, выданным ему лицом, ставшим в дальнейшем врагом, то последнее остается обязанным предоставить первому возмещение в отношении этого обязательства, независимо от возникновения войны.

D. Особые постановления.

1. Для целей настоящего Приложения физические или юридические лица будут рассматриваться как враги с того дня, когда торговля между ними стала незаконной на основании законов, распоряжений или правил, действию которых такие лица или контракты подлежали.

2. Принимая во внимание особенности правовой системы Соединенных Штатов Америки, постановления настоящего Приложения не будут применяться в отношениях между Соединенными Штатами Америки и Болгарией.

ПРИЛОЖЕНИЕ VI.

Судебные решения.

Правительство Болгарии предпримет необходимые меры для того, чтобы дать гражданам любой из Объединенных Наций возможность в любое время в течение одного года со дня вступления в силу настоящего Договора передать соответствующим болгарским властям для пересмотра любое судебное решение, вынесенное болгарским судом между 24 апреля 1941 года и днем вступления в силу настоящего Договора при любом судебном разбирательстве, в котором гражданин Объединенных Наций не смог в достаточной мере изложить свое дело в качестве истца или ответчика. Правительство Болгарии должно предусмотреть, чтобы в тех случаях, когда гражданин Объединенных Наций потерпел ущерб в силу любого такого судебного решения, он был бы восстановлен в том положении, в котором он находился до вынесения этого судебного решения, или чтобы ему было предоставлено такое пособие, которое может оказаться справедливым при этих обстоятельствах. Выражение «граждане Объединенных Наций» включает корпорации или ассоциации, организованные или учрежденные на основании законов любой из Объединенных Наций.

Article 21

1. Losses caused to Yugoslavia and Greece by military operations and by the occupation by Bulgaria of the territory of those States shall be made good by Bulgaria to Yugoslavia and Greece, but, taking into consideration that Bulgaria has not only withdrawn from the war against the United Nations, but has declared and, in fact, waged war against Germany, the Parties agree that compensation for the above losses will be made by Bulgaria not in full but only in part, namely in the amount of $70,000,000 payable in kind from the products of manufacturing and extractive industries and agriculture over eight years beginning from the coming into force of the present Treaty. The sum to be paid to Greece shall amount to $45,000,000 and the sum to be paid to Yugoslavia shall amount to $25,000,000.

2. The quantities and categories of goods to be delivered shall be deter-

3. The basis of calculation for the settlement provided in this Article will be the United States dollar at its gold parity on July 1, 1946, i.e. $35 for one ounce of gold.

4. The basis of valuation of goods delivered under this Article shall be the 1938 international market prices in United States dollars, with an increase of fifteen per cent. for industrial products and ten per cent. for other products. The cost of transport to the Greek or Yugoslav frontier shall be chargeable to the Bulgarian Government.

Article 22

1. Bulgaria accepts the principles of the United Nations Declaration of January 5, 1943, and shall return, in the shortest possible time, property removed from the territory of any of the United Nations.

2. The obligation to make restitution applies to all identifiable property at present in Bulgaria which was removed by force or duress by any of the Axis Powers from the territory of any of the United Nations, irrespective of any subsequent transactions by which the present holder of any such property has secured possession.

3. If, in particular cases, it is impossible for Bulgaria to make restitution of objects of artistic, historic or archaeological value, belonging to the cultural heritage of the United Nation from whose territory such objects were removed by force or duress by Bulgarian forces, authorities or nationals, Bulgaria shall transfer to the United Nation concerned objects of the same kind as, and of approximately equivalent value to, the objects removed, in so far as such objects are obtainable in Bulgaria.

The period during which such claims may be presented shall be six months from the coming into force of the present Treaty.

8. The burden of identifying the property and of proving ownership shall rest on the claimant Government, and the burden of proving that the property was not removed by force or duress shall rest on the Bulgarian Government.

PART VI

ECONOMIC CLAUSES

Article 23

1. In so far as Bulgaria has not already done so, Bulgaria shall restore all legal rights and interests in Bulgaria of the United Nations and their nationals as they existed on April 24, 1941, and shall return all property in Bulgaria of the United Nations and their nationals as it now exists.

2. The Bulgarian Government undertakes that all property, rights and interests passing under this Article shall be restored free of all encumbrances and charges of any kind to which they may have become subject as a result of the war and without the imposition of any charges by the Bulgarian Government in connection with their return. The Bulgarian Government shall nullify all measures, including seizures, sequestration or control, taken by it against United Nations property between April 24, 1941, and the coming into force of the present Treaty. In cases where the property has not been returned within six months from the coming into force of the present Treaty, application shall be made to the Bulgarian authorities not later than twelve months from the coming into force of the Treaty, except in cases in which the claimant is able to show that he could not file his application within this period.

3. The Bulgarian Government shall invalidate transfers involving property, rights and interests of any description belonging to United Nations nationals, where such transfers resulted from force or duress exerted by Axis Governments or their agencies during the war.

4. *(a)* The Bulgarian Government shall be responsible for the restoration to complete good order of the property returned to United Nations nationals under paragraph 1 of this Article. In cases where property cannot be returned or where, as a result of the war, a United Nations national has suffered a loss by reason of injury or damage to property in Bulgaria, he shall receive from the Bulgarian Government compensation in levas to the extent of two-thirds of the sum necessary, at the date of payment, to purchase similar property or to make good the loss suffered. In no event shall United Nations nationals receive less favourable treatment with respect to compensation than that accorded to Bulgarian nationals.

(b) United Nations nationals who hold, directly or indirectly, ownership interests in corporations or associations which are not United Nations nationals within the meaning of paragraph 8*(a)* of this Article, but which have suffered a loss by reason of injury or damage to property in Bulgaria, shall receive compensation in accordance with sub-paragraph *(a)* above. This compensation shall be calculated on the basis of the total loss or damage suffered by the corporation or association and shall bear the same proportion to such loss or damage as the beneficial interests of such nationals in the corporation or association bear to the total capital thereof.

(c) Compensation shall be paid free of any levies, taxes or other charges. It shall be freely usable in Bulgaria but shall be subject to the foreign exchange control regulations which may be in force in Bulgaria from time to time.

(d) The Bulgarian Government shall accord to United Nations nationals the same treatment in the allocation of materials for the repair or rehabilitation of their property in Bulgaria and in the allocation of foreign exchange for the importation of such materials as applies to Bulgarian nationals.

(e) The Bulgarian Government shall grant United Nations nationals an indemnity in levas at the same rate as provided in sub-paragraph *(a)* above to compensate them for the loss or damage due to special measures

applied to their property during the war, and which were not applicable to Bulgarian property. This sub-paragraph does not apply to a loss of profit.

5. All reasonable expenses incurred in Bulgaria in establishing claims, including the assessment of loss or damage, shall be borne by the Bulgarian Government.

6. United Nations nationals and their property shall be exempted from any exceptional taxes, levies or imposts imposed on their capital assets in Bulgaria by the Bulgarian Government or any Bulgarian authority between the date of the Armistice and the coming into force of the present Treaty for the specific purpose of meeting charges arising out of the war or of meeting the costs of occupying forces or of reparation payable to any of the United Nations. Any sums which have been so paid shall be refunded.

7. The owner of the property concerned and the Bulgarian Government may agree upon arrangements in lieu of the provisions of this Article.

8. As used in this Article:

(a) "United Nations nationals" means individuals who are nationals of any of the United Nations, or corporations or associations organised under the laws of any of the United Nations, at the coming into force of the present Treaty, provided that the said individuals, corporations or associations also had this status at the date of the Armistice with Bulgaria.

The term "United Nations nationals" also includes all individuals, corporations or associations which, under the laws in force in Bulgaria during the war, have been treated as enemy;

(b) "Owner" means the United Nations national, as defined in sub-paragraph *(a)* above, who is entitled to the property in question, and includes a successor of the owner, provided that the successor is also a United Nations national as defined in sub-paragraph *(a)*. If the successor has purchased the property in its damaged state, the transferor shall retain his rights to compensation under this Article, without prejudice to obligations between the transferor and the purchaser under domestic law;

(c) "Property" means all movable or immovable property, whether tangible or intangible, including industrial, literary and artistic property, as well as all rights or interests of any kind in property.

Article 24

Bulgaria recognizes that the Soviet Union is entitled to all German

assets in Bulgaria transferred to the Soviet Union by the Control Council for Germany and undertakes to take all necessary measures to facilitate such transfers.

Article 25

1. Each of the Allied and Associated Powers shall have the right to seize, retain, liquidate or take any other action with respect to all property, rights and interests which at the coming into force of the present Treaty are within its territory and belong to Bulgaria or to Bulgarian nationals, and to apply such property or the proceeds thereof to such purposes as it may desire, within the limits of its claims and those of its nationals against Bulgaria or Bulgarian nationals, including debts, other than claims fully satisfied under other Articles of the present Treaty. All Bulgarian property, or the proceeds thereof, in excess of the amount of such claims, shall be returned.

2. The liquidation and disposition of Bulgarian property shall be carried out in accordance with the law of the Allied or Associated Power concerned. The Bulgarian owner shall have no rights with respect to such property except those which may be given him by that law.

3. The Bulgarian Government undertakes to compensate Bulgarian nationals whose property is taken under this Article and not returned to them.

4. No obligation is created by this Article on any Allied or Associated Power to return industrial property to the Bulgarian Government or Bulgarian nationals, or to include such property in determining the amounts which may be retained under paragraph 1 of this Article. The Government of each of the Allied and Associated Powers shall have the right to impose such limitations, conditions and restrictions on rights or interests with respect to industrial property in the territory of that Allied or Associated Power, acquired prior to the coming into force of the present Treaty by the Government or nationals of Bulgaria, as may be deemed by the Government of the Allied or Associated Power to be necessary in the national interest.

5. The property covered by paragraph 1 of this Article shall be deemed to include Bulgarian property which has been subject to control by reason of a state of war existing between Bulgaria and the Allied or Associated Power having jurisdiction over the property, but shall not include:

(a) Property of the Bulgarian Government used for consular or diplomatic purposes;

(b) Property belonging to religious bodies or private charitable institutions and used for religious or charitable purposes;

(c) Property of natural persons who are Bulgarian nationals permitted to reside within the territory of the country in which the property is located or to reside elsewhere in United Nations territory, other than Bulgarian property which at any time during the war was subjected to measures not generally applicable to the property of Bulgarian nationals resident in the same territory;

(d) Property rights arising since the resumption of trade and financial relations between the Allied and Associated Powers and Bulgaria, or arising out of transactions between the Government of any Allied or Associated Power and Bulgaria since October 28, 1944;

(e) Literary and artistic property rights.

Article 26

1. From the coming into force of the present Treaty, property in Germany of Bulgaria and of Bulgarian nationals shall no longer be treated as enemy property and all restrictions based on such treatment shall be removed.

2. Identifiable property of Bulgaria and of Bulgarian nationals removed by force or duress from Bulgarian territory to Germany by German forces or authorities after October 28, 1944, shall be eligible for restitution.

3. The restoration and restitution of Bulgarian property in Germany shall be effected in accordance with measures which will be determined by the Powers in occupation of Germany.

4. Without prejudice to these and to any other dispositions in favour of Bulgaria and Bulgarian nationals by the Powers occupying Germany, Bulgaria waives on its own behalf and on behalf of Bulgarian nationals all claims against Germany and German nationals outstanding on May 8, 1945, except those arising out of contracts and other obligations entered into, and rights acquired, before September 1, 1939. This waiver shall be deemed to include debts, all inter-governmental claims in respect of arrangements entered into in the course of the war and all claims for loss or damage arising during the war.

Article 27

1. The existence of the state of war shall not, in itself, be regarded as affecting the obligation to pay pecuniary debts arising out of obligations and contracts which existed, and rights which were acquired, before the existence of the state of war, which became payable prior to the coming into force of the present Treaty, and which are due by the Government or nationals of Bulgaria to the Government or nationals of one of the Allied and Associated Powers or are due by the Government or nationals of one of the Allied and Associated Powers to the Government or nationals of Bulgaria.

2. Except as otherwise expressly provided in the present Treaty, nothing therein shall be construed as impairing debtor-creditor relationships arising out of pre-war contracts concluded either by the Government or nationals of Bulgaria.

Article 28

1. Bulgaria waives all claims of any description against the Allied and Associated Powers on behalf of the Bulgarian Government or Bulgarian nationals arising directly out of the war or out of actions taken because of the existence of a state of war in Europe after September 1, 1939, whether or not the Allied or Associated Power was at war with Bulgaria at the time, including the following:

(a) Claims for losses or damages sustained as a consequence of acts of forces or authorities of Allied or Associated Powers;

(b) Claims arising from the presence, operations or actions of forces or authorities of Allied or Associated Powers in Bulgarian territory;

(c) Claims with respect to the decrees or orders of Prize Courts of Allied or Associated Powers, Bulgaria agreeing to accept as valid and binding all decrees and orders of such Prize Courts on or after September 1, 1939, concerning Bulgarian ships or Bulgarian goods or the payment of costs;

(d) Claims arising out of the exercise or purported exercise of belligerent rights.

2. The provisions of this Article shall bar, completely and finally, all claims of the nature referred to herein, which will be henceforward extinguished, whoever may be the parties in interest. The Bulgarian Government agrees to make equitable compensation in levas to persons who furnished

supplies or services on requisition to the forces of Allied or Associated Powers in Bulgarian territory and in satisfaction of non-combat damage claims against the forces of Allied or Associated Powers arising in Bulgarian territory.

3. Bulgaria likewise waives all claims of the nature covered by paragraph 1 of this Article on behalf of the Bulgarian Government or Bulgarian nationals against any of the United Nations whose diplomatic relations with Bulgaria were broken off during the war and which took action in cooperation with the Allied and Associated Powers.

4. The waiver of claims by Bulgaria under paragraph 1 of this Article includes any claims arising out of actions taken by any of the Allied and Associated Powers with respect to Bulgarian ships between September 1, 1939, and the coming into force of the present Treaty, as well as any claims and debts arising out of the Conventions on prisoners of war now in force.

Article 29

(a) In all that concerns duties and charges on importation or exportation, the internal taxation of imported goods and all regulations pertaining thereto, the United Nations shall be granted unconditional most-favoured-nation treatment;

(b) In all other respects, Bulgaria shall make no arbitrary discrimination against goods originating in or destined for any territory of any of the United Nations as compared with like goods originating in or destined for territory of any other of the United Nations or of any other foreign country;

(c) United Nations nationals, including juridical persons, shall be granted national and most-favoured-nation treatment in all matters pertaining to commerce, industry, shipping and other forms of business activity within Bulgaria. These provisions shall not apply to commercial aviation;

(d) Bulgaria shall grant no exclusive or discriminatory right to any country with regard to the operation of commercial aircraft in international

traffic, shall afford all the United Nations equality of opportunity in obtaining international commercial aviation rights in Bulgarian territory, including the right to land for refueling and repair, and, with regard to the operation of commercial aircraft in international traffic, shall grant on a reciprocal and non-discriminatory basis to all United Nations the right to fly over Bulgarian territory without landing. These provisions shall not affect the interests of the national defence of Bulgaria.

2. The foregoing undertakings by Bulgaria shall be understood to be subject to the exceptions customarily included in commercial treaties concluded by Bulgaria before the war, and the provisions with respect to reciprocity granted by each of the United Nations shall be understood to be subject to the exceptions customarily included in the commercial treaties concluded by that State.

Article 30

Bulgaria shall facilitate as far as possible railway traffic in transit through its territory at reasonable rates and shall negotiate with neighboring States all reciprocal agreements necessary for this purpose.

Any disputes which may arise in connection with Articles 22 and 23 and Annexes IV, V and VI of the present Treaty shall be referred to a Conciliation Commission composed of an equal number of representatives of the United Nations Government concerned and of the Bulgarian Government. If agreement has not been reached within three months of the dispute having been referred to the Conciliation Commission, either Government may require the addition of a third member to the Commission, and failing agreement between the two Governments on the selection of this member, the Secretary-General of the United Nations may be requested by either party to make the appointment.

2. The decision of the majority of the members of the Commission shall be the decision of the Commission and shall be accepted by the parties as definitive and binding.

Article 32

Articles 22, 23, 29 and Annex VI of the present Treaty shall apply to the Allied and Associated Powers and France and to those of the United

Nations whose diplomatic relations with Bulgaria have been broken off during the war.

Article 33

The provisions of Annexes IV, V and VI shall, as in the case of the other Annexes, have force and effect as integral parts of the present Treaty.

PART VII

CLAUSE RELATING TO THE DANUBE

Article 34

Navigation on the Danube shall be free and open for the nationals, vessels of commerce, and goods of all States, on a footing of equality in regard to port and navigation charges and conditions for merchant shipping. The foregoing shall not apply to traffic between ports of the same State.

Industrial, Literary and Artistic Property

1. *(a)* A period of one year from the coming into force of the present Treaty shall be accorded to the Allied and Associated Powers and their nationals without extension fees or other penalty of any sort in order to enable them to accomplish all necessary acts for the obtaining or preserving in Bulgaria of rights in industrial, literary and artistic property which were not capable of accomplishment owing to the existence of a state of war.

(b) Allied and Associated Powers or their nationals who had duly applied in the territory of any Allied or Associated Power for a patent or registration of a utility model not earlier than twelve months before the outbreak of the war with Bulgaria or during the war, or for the registration of an industrial design or model or trade mark not earlier than six months before the outbreak of the war with Bulgaria or during the war, shall be entitled within twelve months after the coming into force of the present Treaty to apply for corresponding rights in Bulgaria, with a right of priority based upon the previous filing of the application in the territory of that Allied or Associated Power.

(c) Each of the Allied and Associated Powers and its nationals shall be accorded a period of one year from the coming into force of the present Treaty during which they may institute proceedings in Bulgaria against those natural or juridical persons who are alleged illegally to have infringed their rights in industrial, literary or artistic property between the date of the outbreak of the war and the coming into force of the Treaty.

2. A period from the outbreak of the war until a date eighteen months after the coming into force of the present Treaty shall be excluded in determining the time within which a patent must be worked or a design or trade mark used.

3. The period from the outbreak of the war until the coming into force of the present Treaty shall be excluded from the normal term of rights in industrial, literary and artistic property which were in force in Bulgaria at the outbreak of the war or which are recognized or established under this Annex and belong to any of the Allied and Associated Powers or their nationals. Consequently, the normal duration of such rights shall be deemed to be automatically extended in Bulgaria for a further term corresponding to the period so excluded.

4. The foregoing provisions concerning the rights in Bulgaria of the Allied and Associated Powers and their nationals shall apply equally to the rights in the territories of the Allied and Associated Powers of Bulgaria and its nationals. Nothing, however, in these provisions shall entitle Bulgaria or its nationals to more favorable treatment in the territory of any of the Allied and Associated Powers than is accorded by such Power in like cases to other United Nations or their nationals, nor shall Bulgaria be thereby

required to accord to any of the Allied and Associated Powers or its nationals more favorable treatment than Bulgaria or its nationals receive in the territory of such Power in regard to the matters dealt with in the foregoing provisions.

5. Third parties in the territories of any of the Allied and Associated Powers or Bulgaria who, before the coming into force of the present Treaty, had bona fide acquired industrial, literary or artistic property rights conflicting with rights restored under this Annex or with rights obtained with the priority provided thereunder, or had bona fide manufactured, published, reproduced, used or sold the subject matter of such rights, shall be permitted, without any liability for infringement, to continue to exercise such rights and to continue or to resume such manufacture, publication, reproduction, use or sale which had been bona fide acquired or commenced. In Bulgaria, such permission shall take the form of a non-exclusive licence granted on terms and conditions to be mutually agreed by the parties thereto or, in default of agreement, to be fixed by the Conciliation Commission established under Article 31 of the present Treaty. In the territories of each of the Allied and Associated Powers, however, bona fide third parties shall receive such protection as is accorded under similar circumstances to bona fide third parties whose rights are in conflict with those of the nationals of other Allied and Associated Powers.

6. Nothing in this Annex shall be construed to entitle Bulgaria or its nationals to any patent or utility model rights in the territory of any of the Allied and Associated Powers with respect to inventions, relating to any article listed by name in Annex III of the present Treaty, made, or upon which applications were filed, by Bulgaria, or any of its nationals, in Bulgaria or in the territory of any other of the Axis Powers, or in any territory occupied by the Axis forces, during the time when such territory was under the control of the forces or authorities of the Axis Powers.

7. Bulgaria shall likewise extend the benefits of the foregoing provisions of this Annex to France, and to other United Nations which are not Allied or Associated Powers, whose diplomatic relations with Bulgaria have been broken off during the war and which undertake to extend to Bulgaria the benefits accorded to Bulgaria under the said provisions.

8. Nothing in this Annex shall be understood to conflict with Articles 23, 25 and 27 of the present Treaty.

ANNEX V

Contracts, Prescription and Negotiable Instruments

A. CONTRACTS

1. Any contract which required for its execution intercourse between any of the parties thereto having become enemies as defined in part D of this Annex, shall, subject to the exceptions set out in paragraphs 2 and 3 below, be deemed to have been dissolved as from the time when any of the parties thereto became enemies. Such dissolution, however, is without prejudice to the provisions of Article 27 of the present Treaty, nor shall it relieve any party to the contract from the obligation to repay amounts received as advances or as payments on account and in respect of which such party has not rendered performance in return.

2. Notwithstanding the provisions of paragraph 1 above, there shall be excepted from dissolution and, without prejudice to the rights contained in Article 25 of the present Treaty, there shall remain in force such parts of any contract as are severable and did not require for their execution intercourse between any of the parties thereto, having become enemies as defined in part D of this Annex. Where the provisions of any contract are not so severable, the contract shall be deemed to have been dissolved in its entirety. The foregoing shall be subject to the application of domestic laws, orders or regulations made by any of the Allied and Associated Powers having jurisdiction over the contract or over any of the parties thereto and shall be subject to the terms of the contract.

3. Nothing in part A of this Annex shall be deemed to invalidate transactions lawfully carried out in accordance with a contract between enemies if they have been carried out with the authorization of the Government of one of the Allied and Associated Powers.

4. Notwithstanding the foregoing provisions, contracts of insurance and re-insurance shall be subject to separate agreements between the Govern-

ment of the Allied or Associated Power concerned and the Government of Bulgaria.

B. PERIODS OF PRESCRIPTION

1. All periods of prescription or limitation of right of action or of the right to take conservatory measures in respect of relations affecting persons or property, involving United Nations nationals and Bulgarian nationals who, by reason of the state of war, were unable to take judicial action or to comply with the formalities necessary to safeguard their rights, irrespective of whether these periods commenced before or after the outbreak of war, shall be regarded as having been suspended, for the duration of the war, in Bulgarian territory on the one hand, and on the other hand in the territory of those United Nations which grant to Bulgaria, on a reciprocal basis, the benefit of the provisions of this paragraph. These periods shall begin to run again on the coming into force of the present Treaty. The provisions of this paragraph shall be applicable in regard to the periods fixed for the presentation of interest or dividend coupons or for the presentation for payment of securities drawn for repayment or repayable on any other ground.

2. Where, on account of failure to perform any act or to comply with any formality during the war, measures of execution have been taken in Bulgarian territory to the prejudice of a national of one of the United Nations, the Bulgarian Government shall restore the rights which have been detrimentally affected. If such restoration is impossible or would be inequitable, the Bulgarian Government shall provide that the United Nations national shall be afforded such relief as may be just and equitable in the circumstances.

C. NEGOTIABLE INSTRUMENTS

1. As between enemies, no negotiable instrument made before the war shall be deemed to have become invalid by reason only of failure within the required time to present the instrument for acceptance or payment, or to give notice of non-acceptance or non-payment to drawers or endorsers, or to protest the instrument, nor by reason of failure to complete any formality during the war.

2. Where the period within which a negotiable instrument should have been presented for acceptance or for payment, or within which notice of non-acceptance or non-payment should have been given to the drawer or endorser, or within which the instrument should have been protested, has elapsed during the war, and the party who should have presented or protested the instrument or have given notice of non-acceptance or non-payment has failed to do so during the war, a period of not less than three months from the coming into force of the present Treaty shall be allowed within which presentation, notice of non-acceptance or non-payment, or protest may be made.

3. If a person has, either before or during the war, incurred obligations under a negotiable instrument in consequence of an undertaking given to him by a person who has subsequently become an enemy, the latter shall remain liable to indemnify the former in respect of these obligations, notwithstanding the outbreak of war.

D. SPECIAL PROVISIONS

1. For the purposes of this Annex, natural or juridical persons shall be regarded as enemies from the date when trading between them shall have become unlawful under laws, orders or regulations to which such persons or the contracts were subject.

2. Having regard to the legal system of the United States of America, the provisions of this Annex shall not apply as between the United States of America and Bulgaria.

ANNEX VI

Judgments

The Bulgarian Government shall take the necessary measures to enable nationals of any of the United Nations at any time within one year from the coming into force of the present Treaty to submit to the appropriate Bulgarian authorities for review any judgment given by a Bulgarian court between April 24, 1941, and the coming into force of the present Treaty in any proceeding in which the United Nations national was unable to make adequate presentation of his case either as plaintiff or defendant. The Bul-

garian Government shall provide that, where the United Nations national has suffered injury by reason of any such judgment, he shall be restored in the position in which he was before the judgment was given or shall be afforded such relief as may be just and equitable in the circumstances. The term "United Nations nationals" includes corporations or associations organised or constituted under the laws of any of the United Nations.

lièrement nécessaires pour les forces armées des Puissances Alliées et Associées pendant leur retrait, prestations pour lesquelles le Gouvernement bulgare sera dûment indemnisé.

PARTIE V

REPARATIONS ET RESTITUTIONS

Article 21

1. La Bulgarie indemnisera la Yougoslavie et la Grèce des pertes causées du fait des opérations militaires et de l'occupation par la Bulgarie du territoire de ces Etats; toutefois, tenant compte du fait que la Bulgarie, non seulement s'est retirée de la guerre contre les Nations Unies, mais encore a déclaré la guerre à l'Allemagne et a effectivement mené la guerre contre celle-ci, les Parties Contractantes conviennent que la Bulgarie les indemnisera des pertes indiquées ci-dessus non en totalité, mais seulement en partie, à savoir, jusqu'à concurrence d'un montant de 70.000.000 de dollars des Etats-Unis, payables en marchandises provenant de la production des industries de transformation et des industries extractives, ainsi que de celle de l'agriculture, pendant une période de huit années, à partir de la date d'entrée en vigueur du présent Traité. La somme que la Bulgarie devra payer à la Grèce s'élèvera à 45.000.000 de dollars, et celle qu'elle devra payer à la Yougoslavie, à 25.000.000 de dollars.

2. Les quantités et les catégories de marchandises à livrer seront déterminées par accords entre les Gouvernements de Grèce et de Yougoslavie et le Gouvernement bulgare. Ces accords seront communiqués aux Chefs des missions diplomatiques à Sofia des Etats-Unis d'Amérique, du Royaume-Uni et de l'Union Soviétique.

3. La base de calcul pour le règlement prévu dans le présent article sera le dollar des Etats-Unis, à sa parité or, à la date du 1er juillet 1946, c'est-à-dire 35 dollars pour une once d'or.

4. La valeur des marchandises livrées en exécution du présent article sera calculée sur la base des prix pratiqués en 1938 sur le marché international, en dollars des Etats-Unis, avec un coefficient de majoration de quinze pour cent pour les produits industriels et de dix pour cent pour les autres

produits. Les frais de transport jusqu'à la frontière grecque ou yougoslave seront à la charge du Gouvernement bulgare.

Article 22

1. La Bulgarie accepte les principes de la Déclaration des Nations Unies du 5 janvier 1943 et restituera dans le plus bref délai possible les biens enlevés du territoire de l'une quelconque des Nations Unies.

2. L'obligation de restituer s'applique à tous les biens identifiables se trouvant actuellement en Bulgarie et qui ont été enlevés, par force ou par contrainte, du territoire de l'une des Nations Unies par l'une des Puissances de l'Axe, quelles qu'aient été les transactions ultérieures par lesquelles le détenteur actuel de ces biens s'en est assuré la possession.

3. Si, dans des cas particuliers, il est impossible à la Bulgarie d'effectuer la restitution d'objets présentant un intérêt artistique, historique ou archéologique, et qui font partie du patrimoine culturel de la Nation Unie du territoire de laquelle ces objets ont été enlevés par les armées, les autorités ou les ressortissants bulgares, usant de la force ou de la contrainte, la Bulgarie s'engage à remettre à la Nation Unie intéressée des objets de même nature et d'une valeur sensiblement équivalente à celle des objets enlevés, dans la mesure où il est possible de s'en procurer en Bulgarie.

4. Le Gouvernement bulgare restituera en bon état les biens visés dans le présent article et prendra à sa charge tous les frais de main-d'oeuvre, de matériaux et de transport engagés à cet effet en Bulgarie.

5. Le Gouvernement bulgare coopérera avec les Nations Unies à la recherche et à la restitution des biens soumis à restitution aux termes du présent article et il fournira à ses frais toutes les facilités nécessaires.

6. Le Gouvernement bulgare prendra les mesures nécessaires pour restituer les biens visés dans le présent article, qui sont détenus dans un tiers pays par des personnes relevant de la juridiction bulgare.

7. La demande de restitution d'un bien sera présentée au Gouvernement bulgare par le Gouvernement du pays du territoire duquel le bien a été enlevé, étant entendu que le matériel roulant sera considéré comme ayant été enlevé du territoire auquel il appartenait à l'origine. Les demandes

devront être présentées dans un délai de six mois à partir de l'entrée en vigueur du présent Traité.

8. Il incombera au Gouvernement requérant d'identifier le bien et d'en prouver la propriété et au Gouvernement bulgare d'apporter la preuve que le bien n'a pas été enlevé par force ou par contrainte.

PARTIE VI

CLAUSES ECONOMIQUES

Article 23

1. Pour autant qu'elle ne l'a pas déjà fait, la Bulgarie rétablira tous les droits et intérêts légaux en Bulgarie des Nations Unies et de leurs ressortissants, tels qu'ils existaient au 24 avril 1941 et restituera à ces Nations Unies et à leurs ressortissants tous les biens leur appartenant en Bulgarie, dans l'état où ils se trouvent actuellement.

2. Le Gouvernement bulgare restituera tous les biens, droits et intérêts visés au présent article, libres de toutes hypothèques et charges quelconques dont ils auraient pu être grevés du fait de la guerre, et sans que la restitution donne lieu à la perception d'aucune somme de la part du Gouvernement bulgare. Le Gouvernement bulgare annulera toutes mesures, y compris les mesures de saisie, de séquestre ou de contrôle, prises par lui à l'égard des biens des Nations Unies entre le 24 avril 1941 et la date d'entrée en vigueur du présent Traité. Dans le cas où le bien n'aurait pas été restitué dans les six mois à compter de la date d'entrée en vigueur du présent Traité, la demande devra être présentée aux autorités bulgares dans un délai maximum de douze mois à compter de cette même date, sauf dans les cas où le demandeur serait en mesure d'établir qu'il lui a été impossible de présenter sa demande dans ce délai.

3. Le Gouvernement bulgare annulera les transferts portant sur des biens, droits et intérêts de toute nature appartenant à des ressortissants des Nations Unies, lorsque ces transferts résultent de mesures de force ou de contrainte prises au cours de la guerre par les Gouvernements des Puissances de l'Axe ou par leurs organes.

4. *a)* Le Gouvernement bulgare sera responsable de la remise en parfait état des biens restitués à des ressortissants des Nations Unies en vertu du paragraphe 1 du présent article. Lorsqu'un bien ne pourra être restitué ou que, du fait de la guerre, le ressortissant d'une Nation Unie aura subi une perte par suite d'une atteinte ou d'un dommage causé à un bien en Bulgarie, le Gouvernement bulgare indemnisera le propriétaire en versant une somme en levas jusqu'à concurrence des deux tiers de la somme nécessaire, à la date du paiement, pour permettre au bénéficiaire, soit d'acheter un bien équivalent, soit de compenser la perte ou le dommage subi. En aucun cas, les ressortissants des Nations Unies ne devront être l'objet d'un traitement moins favorable en matière d'indemnité que le traitement accordé aux ressortissants bulgares.

b) Les ressortissants des Nations Unies qui détiennent directement ou indirectement des parts d'intérêts dans des sociétés ou associations qui ne possèdent pas la nationalité des Nations Unies, au sens du paragraphe 8 *(a)* du présent article, mais qui ont subi une perte par suite d'atteintes ou de dommages causés à leurs biens en Bulgarie recevront une indemnité conformément à l'alinéa *a)* ci-dessus. Cette indemnité sera calculée en fonction de la perte ou du dommage total subi par la société ou l'association, et son montant par rapport au total de la perte ou du dommage subi aura la même proportion que la part d'intérêts détenue par lesdits ressortissants par rapport au capital global de la société ou association en question.

c) L'indemnité sera versée, nette de tous prélèvements, impôts ou autres charges. Elle pourra être librement employée en Bulgarie mais sera soumise aux règlements relatifs au contrôle des changes qui pourront, à un moment donné, être en vigueur en Bulgarie.

d) Le Gouvernement bulgare accordera aux ressortissants des Nations Unies le même traitement qu'aux ressortissants bulgares, en ce qui concerne l'attribution des matériaux pour la réparation ou la remise en état de leurs biens en Bulgarie, ainsi qu'en ce qui concerne l'attribution de devises étrangères en vue de l'importation de tels matériaux.

e) Le Gouvernement bulgare accordera aux ressortissants des Nations Unies une indemnité en levas, dans la même proportion que celle qui est prévue à l'alinéa *a)* ci-dessus pour compenser la perte ou les dommages qui résultent de mesures spéciales prises pendant la guerre à l'encontre de

leurs biens et qui ne visaient pas les biens bulgares. Cet alinéa ne s'applique pas à un manque à gagner.

5. Tous les frais raisonnables auxquels donnera lieu, en Bulgarie, l'établissement des demandes, y compris l'évaluation des pertes et des dommages, seront à la charge du Gouvernement bulgare.

6. Les ressortissants des Nations Unies ainsi que leurs biens seront exemptés de tous impôts, contributions ou taxes exceptionnels, auxquels le Gouvernement bulgare ou une autorité bulgare quelconque auraient soumis leurs avoirs en capital en Bulgarie entre la date de l'Armistice et la date d'entrée en vigueur du présent Traité, en vue de couvrir les dépenses résultant de la guerre ou celles qui ont été entraînées par l'entretien des forces d'occupation ou par les réparations à payer à l'une des Nations Unies. Toutes les sommes qui auraient été ainsi perçues seront remboursées.

7. Le propriétaire des biens en question et le Gouvernement bulgare pourront conclure des arrangements qui se substitueront aux dispositions du présent article.

8. Aux fins du présent article:

a) L'expression "ressortissants des Nations Unies" s'applique aux personnes physiques qui sont ressortissants de l'une quelconque des Nations Unies, ainsi qu'aux sociétés ou associations constituées sous le régime des lois de l'une des Nations Unies lors de l'entrée en vigueur du présent Traité, à condition que lesdites personnes physiques, sociétés ou associations aient déjà possédé ce statut à la date de l'Armistice avec la Bulgarie.

L'expression "ressortissants des Nations Unies" comprend également toutes les personnes physiques et les sociétés ou associations qui, aux termes de la législation en vigueur en Bulgarie pendant la guerre, ont été traitées comme ennemis.

b) Le terme "propriétaire" désigne le ressortissant d'une des Nations Unies, tel qu'il est défini à l'alinéa *a)* ci-dessus, qui a un titre légitime au bien en question, et s'applique au successeur du propriétaire, à condition que ce successeur soit aussi ressortissant d'une des Nations Unies au sens de l'alinéa *a)*. Si le successeur a acheté le bien lorsque celui-ci était déjà endommagé, le vendeur conservera ses droits à l'indemnisation résul-

tant du présent article, sans que les obligations existant entre le vendeur et l'acquéreur, en vertu de la législation interne, en soient affectées.

c) Le terme "biens" désigne tous les biens mobiliers ou immobiliers, corporels ou incorporels, y compris les droits de propriété industrielle, littéraire et artistique, ainsi que tous droits ou intérêts de nature quelconque dans des biens.

Article 24

Article 25

1. Chacune des Puissances Alliées ou Associées aura le droit de saisir, retenir ou liquider tous les biens, droits et intérêts qui, à la date d'entrée en vigueur du présent Traité, se trouvent sur son territoire et appartiennent à la Bulgarie ou à des ressortissants bulgares, et de prendre toute autre disposition en ce qui concerne ces biens, droits et intérêts. Elle aura également le droit d'employer ces biens ou le produit de leur liquidation à telles fins qu'elle pourra désirer, à concurrence du montant de ses réclamations et de celles de ses ressortissants contre la Bulgarie ou les ressortissants bulgares (y compris les créances), qui n'auront pas été entièrement réglées en vertu d'autres articles du présent Traité. Tous les biens bulgares ou le produit de leur liquidation, en excédent du montant desdites réclamations, seront restitués.

2. La liquidation des biens bulgares et les mesures de disposition dont ils feront l'objet devront s'effectuer conformément à la législation de la Puissance Alliée ou Associée intéressée. En ce qui concerne lesdits biens, le propriétaire bulgare n'aura pas d'autres droits que ceux que peut lui conférer la législation en question.

3. Le Gouvernement bulgare s'engage à indemniser les ressortissants bulgares dont les biens seront saisis en vertu du présent article et auxquels ces biens ne seront pas restitués.

4. Il ne résulte du présent article aucune obligation, pour l'une quelconque des Puissances Alliées ou Associées, de restituer au Gouvernement

ou aux ressortissants bulgares des droits de propriété industrielle, ni de faire entrer ces droits dans le calcul des sommes qui pourront être retenues en vertu du paragraphe 1 du présent article. Le Gouvernement de chacune des Puissances Alliées ou Associées aura le droit d'imposer aux droits ou intérêts afférents à la propriété industrielle sur le territoire de cette Puissance Alliée ou Associée, acquis par le Gouvernement bulgare ou ses ressortissants avant l'entrée en vigueur du présent Traité, telles limitations, conditions ou restrictions que le Gouvernement de la Puissance Alliée ou Associée intéressée pourra considérer comme nécessaires dans l'intérêt national.

5. Les biens visés au paragraphe 1 du présent article seront considérés comme comprenant les biens bulgares qui ont fait l'objet de mesures de contrôle en raison de l'état de guerre existant entre la Bulgarie et la Puissance Alliée ou Associée dans la juridiction de laquelle les biens sont situés, mais ne comprendront pas:

a) les biens du Gouvernement bulgare utilisés pour les besoins des missions diplomatiques ou consulaires;

b) les biens appartenant à des institutions religieuses ou à des institutions philanthropiques privées et servant à des fins religieuses ou philanthropiques;

c) les biens des personnes physiques qui sont des ressortissants bulgares et sont autorisées à résider, soit sur le territoire du pays où sont situés ces biens, soit sur le territoire de l'une quelconque des Nations Unies, autres que les biens bulgares qui, à un moment quelconque au cours de la guerre, ont fait l'objet de mesures qui ne s'appliquaient pas d'une manière générale aux biens des ressortissants bulgares résidant sur le territoire en question;

d) les droits de propriété nés depuis la reprise des relations commerciales et financières entre les Puissances Alliées et Associées et la Bulgarie, ou nés de transactions entre le Gouvernement d'une Puissance Alliée ou Associée et la Bulgarie depuis le 28 octobre 1944;

e) les droits de propriété littéraire et artistique.

Article 26

1. A dater de l'entrée en vigueur du présent Traité, les biens en Allemagne de l'Etat et des ressortissants bulgares ne seront plus considérés

comme biens ennemis et toutes les restrictions résultant de leur caractère ennemi seront levées.

2. Les biens identifiables de l'Etat et des ressortissants bulgares que les forces armées ou les autorités allemandes ont enlevés, par force ou par contrainte, du territoire bulgare et emportés en Allemagne après le 28 octobre 1944, donneront lieu à restitution.

3. Le rétablissement des droits de propriété ainsi que la restitution des biens bulgares en Allemagne seront effectués conformément aux mesures qui seront arrêtées par les Puissances occupant l'Allemagne.

4. Sans préjudice de ces dispositions et de toutes autres qui seraient prises en faveur de la Bulgarie et des ressortissants bulgares par les Puissances occupant l'Allemagne, la Bulgarie renonce, en son nom et au nom des ressortissants bulgares, à toutes réclamations contre l'Allemagne et les ressortissants allemands, qui n'étaient pas réglées au 8 mai 1945, à l'exception de celles qui résultent de contrats et d'autres obligations qui étaient en vigueur ainsi que de droits qui étaient acquis avant le 1er septembre 1939. Cette renonciation sera considérée comme s'appliquant aux créances, à toutes les réclamations de caractère intergouvernemental relatives à des accords conclus au cours de la guerre et à toutes les réclamations portant sur des pertes ou des dommages survenus pendant la guerre.

Article 27

1. L'existence de l'état de guerre ne doit pas être considérée en soi comme affectant l'obligation d'acquitter les dettes pécuniaires résultant d'obligations et de contrats qui étaient en vigueur et de droits qui étaient acquis avant l'existence de l'état de guerre, dettes qui étaient devenues exigibles avant l'entrée en vigueur du présent Traité et qui sont dues, soit par le Gouvernement ou les ressortissants bulgares au Gouvernement ou aux ressortissants de l'une des Puissances Alliées ou Associées, soit par le Gouvernement ou les ressortissants d'une des Puissances Alliées ou Associées au Gouvernement ou aux ressortissants bulgares.

2. Sauf dispositions expressément contraires du présent Traité, aucune clause de ce Traité ne devra être interprétée comme affectant les rapports de débiteurs à créanciers résultant de contrats conclus avant la guerre soit par le Gouvernement, soit par les ressortissants bulgares.

Article 28

1. La Bulgarie renonce, au nom du Gouvernement bulgare et des ressortissants bulgares, à faire valoir contre les Puissances Alliées et Associées, toute réclamation de quelque nature que ce soit résultant directement de la guerre ou de mesures prises par suite de l'existence d'un état de guerre en Europe après le 1er septembre 1939, que la Puissance Alliée ou Associée intéressée ait été ou non en guerre avec la Bulgarie à l'époque.

Sont incluses dans cette renonciation:

a) les réclamations relatives à des pertes ou dommages subis par suite de l'action des forces armées ou des autorités de Puissances Alliées ou Associées;

b) les réclamations résultant de la présence, des opérations ou de l'action des forces armées ou des autorités de Puissances Alliées ou Associées sur le territoire bulgare;

c) les réclamations portant sur les décisions ou les ordonnances des tribunaux de prises de Puissances Alliées ou Associées, la Bulgarie acceptant de reconnaître comme valides et comme ayant force exécutoire toutes les décisions et ordonnances desdits tribunaux de prises rendues au 1er septembre 1939 ou postérieurement à cette date et concernant les navires bulgares, les marchandises bulgares ou le paiement des frais;

d) les réclamations résultant de l'exercice des droits de belligérance ou de mesures prises en vue de l'exercice de ces droits.

2. Les dispositions du présent article excluront complètement et définitivement toutes réclamations de la nature de celles qui y sont visées, qui seront dès lors éteintes, quelles que soient les parties intéressées. Le Gouvernement bulgare accepte de verser, en levas, une indemnité équitable pour satisfaire les réclamations des personnes qui ont fourni, sur réquisition, des marchandises ou des services aux forees armées de Puissances Alliées ou Associées sur le territoire bulgare, ainsi que les réclamations portées contre les forces armées de Puissances Alliées ou Associées, relatives à des dommages causés sur le territoire bulgare et ne résultant pas de faits de guerre.

3. La Bulgarie renonce également, au nom du Gouvernement bulgare et des ressortissants bulgares, à faire valoir des réclamations de la nature de celles qui sont visées au paragraphe 1 du présent article, contre l'une

quelconque des Nations Unies dont les relations diplomatiques avec la Bulgarie ont été rompues pendant la guerre et qui a pris des mesures en coopération avec les Puissances Alliées et Associées.

4. La renonciation à laquelle la Bulgarie souscrit aux termes du paragraphe 1 du présent article s'étend à toutes les réclamations portant sur les mesures prises par l'une quelconque des Puissances Alliées ou Associées à l'égard des navires bulgares entre le 1er septembre 1939 et la date d'entrée en vigueur du présent Traité, ainsi qu'à toutes les réclamations et créances résultant des conventions sur les prisonniers de guerre actuellement en vigueur.

Article 29

1. En attendant la conclusion de traités ou d'accords commerciaux entre l'une quelconque des Nations Unies et la Bulgarie, le Gouvernement bulgare devra, pendant les dix-huit mois qui suivront l'entrée en vigueur du présent Traité, accorder à chacune des Nations Unies qui, en fait, accordent par voie de réciprocité un traitement analogue à la Bulgarie dans ces domaines, le traitement suivant:

a) Pour tout ce qui concerne les droits et redevances à l'importation ou à l'exportation, l'imposition à l'intérieur du pays des marchandises importées, et tous les règlements qui s'y rapportent, les Nations Unies bénéficieront de la clause inconditionnelle de la nation la plus favorisée;

b) La Bulgarie ne pratiquera, à tous autres égards, aucune discrimination arbitraire au détriment des marchandises en provenance ou à destination du territoire d'une Nation Unie par rapport aux marchandises analogues en provenance ou à destination du territoire de toute autre Nation Unie ou de tout autre pays étranger;

c) Les ressortissants des Nations Unies, y compris les personnes morales, bénéficieront du traitement national et de celui de la nation la plus favorisée pour tout ce qui a trait au commerce, à l'industrie, à la navigation et aux autres formes d'activité commerciale en Bulgarie. Ces dispositions ne s'appliqueront pas à l'aviation commerciale;

d) La Bulgarie n'accordera à aucun pays de droit exclusif ou préférentiel en ce qui concerne l'exploitation des services aériens commerciaux pour les transports internationaux; elle offrira des conditions d'égalité à toutes les Nations Unies pour l'obtention de droits en matière de transports

aériens commerciaux internationaux sur le territoire bulgare, y compris le droit d'atterrir à des fins de ravitaillement et de réparation, et, en ce qui concerne l'exploitation des services aériens commerciaux pour les transports internationaux, elle accordera à toutes les Nations Unies, suivant le principe de la réciprocité et de la non-discrimination, le droit de survoler le territoire bulgare sans escale. Ces dispositions n'affecteront pas les intérêts de la défense nationale de la Bulgarie.

2. Les engagements ci-dessus pris par la Bulgarie doivent s'entendre sous réserve des exceptions usuelles des traités de commerce conclus par la Bulgarie avant la guerre; les dispositions relatives à la réciprocité accordée par chacune des Nations Unies doivent s'entendre sous réserve des exceptions usuelles des traités de commerce conclus par celle-ci.

Article 30

La Bulgarie facilitera, dans la mesure du possible, les transports ferroviaires en transit par son territoire à des tarifs raisonnables, et se prêtera à la conclusion avec les Etats voisins, sur une base de réciprocité, de tous accords nécessaires à cet effet.

Article 31

1. Tous les différends qui pourront s'élever à propos de l'application des articles 22 et 23, ainsi que des annexes IV, V et VI du présent Traité, seront soumis à une commission de conciliation composée en nombre égal de représentants du Gouvernement de la Nation Unie intéressée et de représentants du Gouvernement bulgare. Si un règlement n'est pas intervenu dans les trois mois qui suivront la date à laquelle le différend a été soumis à la commission de conciliation, l'un ou l'autre Gouvernement pourra demander l'adjonction à la commission d'un tiers membre; à défaut d'accord entre les deux Gouvernements sur le choix de ce membre, l'un ou l'autre d'entre eux pourra demander au Secrétaire Général des Nations Unies de procéder à cette désignation.

2. La décision de la majorité des membres de la commission sera considérée comme décision de la commission et acceptée par les parties comme définitive et obligatoire.

Article 32

Les articles 22, 23 et 29 et l'annexe VI du présent Traité s'appli-

queront aux Puissances Alliées et Associées et à la France ainsi qu'à celles des Nations Unies dont les relations diplomatiques avec la Bulgarie ont été rompues pendant la guerre.

Article 33

Les dispositions des annexes IV, V et VI ainsi que celles des autres annexes seront considérées comme faisant partie intégrante du présent Traité et auront la même valeur et les mêmes effets.

PARTIE VII

La navigation sur le Danube sera libre et ouverte aux ressortissants, aux bateaux marchands et aux marchandises de tous les Etats sur un pied d'égalité, en ce qui concerne les droits de port et les taxes sur la navigation ainsi que les conditions auxquelles est soumise la navigation commerciale. Les dispositions ci-dessus ne seront pas applicables au trafic entre les ports d'un même Etat.

Tout différend de cette nature qu'ils n'auraient pas encore réglé dans un délai de deux mois sera, sauf si les parties au différend conviennent l'une et l'autre d'une autre mode de règlement, soumis, à la requête de l'une ou l'autre des parties, à une commission composée d'un représentant de chaque partie et d'un tiers membre choisi d'un commun accord entre les deux parties parmi les ressortissants d'un pays tiers. A défaut d'accord dans un délai d'un mois entre les deux parties au sujet de la désignation de ce tiers membre, l'une ou l'autre partie pourra demander au Secrétaire Général des Nations Unies de procéder à cette désignation.

1. *(a)* Un délai d'un an à compter de la date d'entrée en vigueur du présent Traité sera accordé aux Puissances Alliées et Associées et à leurs ressortissants sans paiement de droits de prorogation ou autres sanctions quelconques, en vue de leur permettre d'accomplir tous les actes nécessaires pour l'obtention ou la conservation en Bulgarie des droits de propriété industrielle, littéraire ou artistique, qui n'ont pu être accomplis par suite de l'existence de l'état de guerre.

(b) Les Puissances Alliées et Associées ou leurs ressortissants qui auront fait, sur le territoire de l'une quelconque des Puissances Alliées ou Associées, une demande, soit pour l'obtention d'un brevet ou l'enregistrement d'un modèle d'utilité au plus tôt douze mois avant l'ouverture des hostilités avec la Bulgarie ou au cours de celles-ci, soit pour l'enregistrement d'un dessin industriel, d'un modèle ou d'une marque de fabrique au plus tôt six mois avant l'ouverture des hostilités avec la Bulgarie ou au cours de celles-ci, auront le droit, pendant une période de douze mois à compter de la date d'entrée en vigueur du présent Traité, de demander des droits correspondants en Bulgarie, avec un droit de priorité fondé sur le dépôt antérieur de leur demande sur le territoire de cette Puissance Alliée ou Associée.

(c) Il sera accordé à chacune des Puissances Alliées ou Associées et à ses ressortissants, à partir de la date d'entrée en vigueur du présent Traité, un délai d'un an pendant lequel ils pourront engager des poursuites en Bulgarie contre les personnes physiques ou morales auxquelles serait imputé un empiétement illégal sur leurs droits de propriété industrielle, littéraire ou artistique entre la date de l'ouverture des hostilités et celle de l'entrée en vigueur du présent Traité.

2. Il ne sera pas tenu compte de la période comprise entre l'ouverture des hostilités et l'expiration du dix-huitième mois qui suivra la date d'entrée en vigueur du présent Traité dans la détermination de la période pendant laquelle un brevet d'invention doit être exploité, ou pendant laquelle un modèle ou une marque de fabrique doit être utilisé.

3. Il ne sera pas tenu compte de la période comprise entre l'ouverture des hostilités et la date d'entrée en vigueur du présent Traité dans le calcul de la durée normale de validité des droits de propriété industrielle, littéraire et artistique qui étaient en vigueur en Bulgarie à l'ouverture des hostilités ou qui seront reconnus ou établis dans les conditions prévues à la présente annexe, et qui appartiennent à l'une des Puissances Alliées ou Associées ou à ses ressortissants. La durée normale de validité de ces droits sera, par conséquent, considérée comme automatiquement prolongée, en Bulgarie, d'une nouvelle période correspondant à celle qui aura été ainsi exclue du décompte.

4. Les dispositions précédentes concernant les droits en Bulgarie des Puissances Alliées et Associées et de leurs ressortissants devront également s'appliquer aux droits de la Bulgarie et de ses ressortissants dans les territoires des Puissances Alliées et Associées. Toutefois, aucune de ces dispositions ne donnera à la Bulgarie ou à ses ressortissants droit à un traitement plus favorable sur le territoire de l'une des Puissances Alliées ou Associées que celui qui est accordé, dans les mêmes cas, par cette Puissance à l'une quelconque des autres Nations Unies ou à ses ressortissants; la Bulgarie ne sera pas non plus tenue, en vertu de ces dispositions, d'accorder à l'une des Puissances Alliées ou Associées ou à ses ressortissants un traitement plus favorable que celui dont la Bulgarie ou ses ressortissants bénéficient sur le territoire de cette Puissance relativement aux matières auxquelles s'appliquent les précédentes dispositions.

5. Les tiers résidant sur le territoire de l'une quelconque des Puissances Alliées ou Associées ou sur le territoire bulgare, qui, avant la date d'entrée en vigueur du présent Traité, ont acquis de bonne foi des droits de propriété industrielle, littéraire ou artistique, se trouvant en opposition avec des droits rétablis en vertu de la présente annexe ou avec des droits obtenus grâce à la priorité qui leur est accordée en vertu des présentes dispositions,

ou qui, de bonne foi, ont fabriqué, publié, reproduit, utilisé ou vendu l'objet de ces droits, seront autorisés à continuer d'exercer les droits qu'ils avaient acquis de bonne foi et à poursuivre ou reprendre la fabrication, la publication, la reproduction, l'utilisation ou la vente qu'ils avaient entreprises de bonne foi, sans s'exposer à des poursuites pour empiétement. L'autorisation sera donnée, en Bulgarie, sous forme d'une licence sans exclusivité qui sera accordée à des conditions à fixer par entente entre les parties intéressées ou, à défaut d'entente, par la commission de conciliation constituée en vertu de l'article 31 du présent Traité. Toutefois, dans les territoires de chacune des Puissances Alliées ou Associées, les tiers de bonne foi bénéficieront de la protection qui est accordée, dans les cas analogues, aux tiers de bonne foi dont les droits sont en opposition avec ceux de ressortissants des autres Puissances Alliées et Associées.

6. Aucune disposition de la présente annexe ne devra être interprétée comme donnant à la Bulgarie ou à ses ressortissants, sur le territoire de l'une quelconque des Puissances Alliées ou Associées, des droits à des brevets ou à des modèles d'utilité pour des inventions relatives à un article quelconque expressément désigné à l'annexe III du présent Traité, inventions qui ont été faites ou au sujet desquelles des demandes d'enregistrement ont été déposées par la Bulgarie ou par l'un de ses ressortissants, en Bulgarie ou sur le territoire d'une autre Puissance de l'Axe ou sur un territoire occupé par les forces de l'Axe, pendant le temps où le territoire en question se trouvait sous le contrôle des forces ou des autorités des Puissances de l'Axe.

7. La Bulgarie accordera également le bénéfice des dispositions précédentes de la présente annexe à la France et aux autres Nations Unies qui ne sont pas des Puissances Alliées et Associées, dont les relations diplomatiques avec la Bulgarie ont été rompues pendant la guerre et qui s'engageront à accorder à la Bulgarie les avantages conférés à ce pays en vertu desdites dispositions.

8. Aucune disposition de la présente annexe ne doit s'entendre comme étant en contradiction avec les articles 23, 25 et 27 du présent Traité.

ANNEXE V

Contrats, prescription, effets de commerce

A. Contrats

1. Sauf exceptions énoncées dans les paragraphes 2 et 3 ci-dessous, tout contrat ayant nécessité pour son exécution des rapports entre des parties qui sont devenues ennemies au sens de la partie D de la présente annexe, sera tenu pour résilié depuis le moment où l'une quelconque des parties est devenue un ennemi. Toutefois, cette résiliation s'entendra sans préjudice des dispositions de l'article 27 du présent Traité; elle ne relèvera pas non plus l'une quelconque des parties au contrat de l'obligation de reverser les sommes perçues à titre d'avances ou d'acomptes et pour lesquelles la partie intéressée n'a pas fourni de contre-partie.

2. Nonobstant les dispositions du paragraphe 1 ci-dessus, les stipulations de tout contrat qui pourront être dissociées et dont l'exécution ne nécessitait pas de rapports entre les parties qui sont devenues ennemies au sens de la partie D de la présente annexe, ne seront pas résiliées et demeureront en vigueur sans préjudice des droits énoncés à l'article 25 du présent Traité. Si les stipulations d'un contrat ne peuvent pas être ainsi dissociées, le contrat sera tenu comme étant intégralement résilié. Les dispositions qui précèdent s'entendent sous réserve de l'application des lois, ordonnances et règlements nationaux édictés par telle ou telle des Puissances Alliées ou Associées de la juridiction de laquelle relève le contrat ou l'une quelconque des parties au contrat et sous réserve des stipulations du contrat.

3. Aucune disposition de la partie A de la présente annexe ne sera considérée comme annulant les transactions légalement effectuées conformément à un contrat passé entre ennemis, si ces transactions ont été exécutées avec l'autorisation du Gouvernement d'une des Puissances Alliées ou Associées.

4. Nonobstant les dispositions qui précèdent, les contrats d'assurance et de réassurance feront l'objet de conventions distinctes entre le Gouvernement de la Puissance Alliée ou Associée intéressée et le Gouvernement bulgare.

B. Prescription

1. Tous les délais de prescription ou de limitation du droit d'engager ou de poursuivre une action judiciaire ou du droit de prendre des mesures conservatoires dans les rapports juridiques intéressant des personnes ou des biens, mettant en cause des ressortissants des Nations Unies et des ressortissants bulgares qui, en raison de l'état de guerre, n'ont pas pu engager ou poursuivre une action judiciaire, ou accomplir les formalités nécessaires pour sauvegarder leurs droits, que ces délais aient commencé à courir avant ou après l'ouverture des hostilités, seront considérés comme ayant été suspendus, pendant la durée de la guerre, sur le territoire bulgare d'une part, et sur le territoire de celles des Nations Unies qui, conformément au principe de la réciprocité, accordent à la Bulgarie le bénéfice des dispositions du présent paragraphe, d'autre part. Ces délais commenceront à courir dès la date d'entrée en vigueur du présent Traité. Les dispositions du présent paragraphe s'appliqueront aux délais fixés pour le dépôt des coupons d'intérêts ou de dividendes ou pour le dépôt, en vue du remboursement, des valeurs sorties au tirage ou remboursables pour tout autre motif.

2. Lorsqu'en raison de l'inexécution d'un acte ou de l'omission d'une formalité quelconque pendant la guerre, des mesures d'exécution ont été prises sur le territoire bulgare au préjudice d'un ressortissant d'une Nation Unie, le Gouvernement bulgare rétablira les droits lésés. Si le rétablissement de ces droits est impossible ou devait être inéquitable, le Gouvernement bulgare fera le nécessaire pour que l'intéressé reçoive telle compensation qui, en l'occurence, paraîtra juste et équitable.

C. Effets de commerce

1. Dans les relations entre ennemis, aucun effet de commerce souscrit avant la guerre ne sera considéré comme n'étant plus valable pour la seule raison qu'il n'a pas été présenté à l'acceptation ou à l'encaissement dans les délais prescrits, ou que le tireur ou l'endosseur n'a pas été avisé dans ces délais que l'effet en question n'a pas été accepté ou payé, ou qu'il n'a pas été protesté dans lesdits délais, ou qu'une formalité quelconque à été omise pendant la guerre.

2. Si le délai au cours duquel un effet de commerce aurait dû être présenté à l'acceptation ou à l'encaissement, ou durant lequel un avis de

non-acceptation ou de non-paiement aurait dû être donné au tireur ou à l'endosseur, ou durant lequel l'effet aurait dû être protesté, est arrivé à expiration pendant la guerre, et si la partie qui aurait dû présenter ou protester l'effet ou aviser du défaut d'acceptation ou du défaut de paiement a omis de le faire pendant la guerre, il sera accordé un délai de trois mois au moins, à partir de la date d'entrée en vigueur du présent Traité, pendant lequel il sera possible de présenter ou de protester ledit effet ou de donner avis de son défaut d'acceptation ou de son défaut de paiement.

3. Si une personne s'est obligée, soit avant, soit pendant la guerre, au paiement d'un effet de commerce, à la suite d'un engagement pris envers elle par une autre personne devenue ultérieurement ennemie, celle-ci reste tenue, malgré l'ouverture des hostilités, de garantir la première des conséquences de son obligation.

D. Dispositions spéciales

1. Aux fins de la présente annexe, les personnes physiques ou morales seront considérées comme étant devenues ennemies à partir de la date où tout commerce entre elles est devenu illégal, aux termes des lois, ordonnances ou règlements auxquels ces personnes ou le contrat étaient soumis.

2. Etant donné le système juridique des Etats-Unis d'Amérique, les dispositions de cette annexe ne s'appliqueront pas aux relations des Etats-Unis d'Amérique avec la Bulgarie.

Le Gouvernement bulgare prendra les mesures

nécessaires pour que, lorsqu'un ressortissant d'une des Nations Unies a subi un préjudice du fait de tout jugement de cette nature, ce ressortissant soit rétabli dans la situation où il se trouvait avant le prononcé du jugement ou reçoive telle compensation qui pourra, en la circonstance, être juste et équitable. 2. Задължението за реституция се отнася до всички разпознаваеми вещи понастоящем в България, които са били изнесени на сила или под принуда от която и да е от Силите на Оста из територията на който да е от Обединените Народи, независимо от каквито и да са сделки извършени в последствие, посредством които настоящият държател на такива имущества е встъпил в тяхно владение.

Ако в отделни случаи е невъзможно за България да направи реституция за предмети, представляващи художествена, историче-

ска или археологическа ценност, които са част от културното наследство на Обединения Народ, из чиято територия такива предмети са били изнесени на сила или под принуда от българските войски, власти или поданици, България се задължава да предаде на заинтересования Обединен Народ, предмети от същия вид както и с приблизителна равностойна ценност на изнесените предмети, доколкото такива предмети могат да се намерят в България.

7. Изявяващото претенции за реституция Правителство ще се наеме с разпознаването на имуществото и върху него пада тежестта на доказването на правото на собственост, а върху българското Правителство пада тежестта на доказването, че имуществото не е било изнесено на сила или под принуда.

ЧАСТ VI.

ЕКОНОМИЧЕСКИ КЛАУЗИ.

Член 23.

1. Доколкото тя не го е вече сторила, България ще възстанови всички законни права и интереси в България на Обединените Народи и техните поданици, както те съществуваха на 24 Април 1941 г. и ще върне всички имущества в България на Обединените Народи и на техните поданици в състоянието, в което се намират сега.

2. Българското правителство поема задължението да върне всички имущества, права и интереси, подпадащи под този член, без всякакви тяжести и налози, каквито може да са били установени върху тях като последица от войната и без да бъдат облагани от страна на българското Правителство с каквито и да е налози във връзка с връщането им. Българското Правителство ще отмени всички мерки, включително възбрани, секвестри или контроли, взети от него срещу имущества на Обединените Народи между 24 Април 1941 г. и влизането в сила на настоящия Договор. В случаи когато имуществото не е било върнато в течение на 6 месеца от влизането в сила на настоящия Договор, молбата за връщане на имущества трябва да бъде подадена на българските власти не по-късно от 12 месеца от влизането в сила на настоящия Договор, освен в случаи, когато молителят може да докаже, че не е могъл да подаде молбата си в течение на този срок.

3. Българското Правителство е длъжно да унищожи прехвърлянията на имущества, права и интереси от всякакъв вид, които принадлежат на поданици на Обединените Народи, там където такива прехвърляния са последвали от сила или принуда упражнени от Правителства на Оста или от техни органи през време на войната.

4. *а*) Българското Правителство ще бъде отговорно за привеждането в пълно изправно състояние на имуществата, върнати на поданици на Обединените Народи съгласно точка 1 на този член.

В случаи, при които имуществото не може да бъде върнато или когато, като последица от войната, поданик на Обединените Народи е претърпял загуба по причина на повреди или щети на имущество в България, той ще получи от Българското Правителство компенсация в лева до размер на две трети от сумата необходима в деня на заплащането за купуване на подобно имущество или за компенсиране на понесената загуба. Поданиците на Обединените Народи в никакъв случай не трябва да бъдат поставени в по-малко благоприятно положение, относно компенсацията, отколкото българските поданици.

b) Поданици на Обединените Народи, които пряко или косвено имат интереси на собственици в дружества или сдружения, които не са поданици на Обединените Народи в смисъла на точка 8 (а) а на този член, но които са претърпяли загуби вследствие на повреди и щети на собственост в България, ще получат компенсация съгласно алинеа «*a*» по-горе. Тази компенсация ще бъде изчислена въз основа на общите загуби или вреди претърпяни от дружеството или сдружението и ще има същото отношение към такива загуби или щети, каквото отношение имат приходоносните интереси на такива поданици в дружеството или сдружението към общия капитал на дружеството или сдружението.

c) Компенсацията ще бъде платена без всякакви облагания, данъци и други сборове. Тя може да бъде свободно използувана в България, обаче ще бъде подчинена на разпоредбите за контрол на чужда валута, които могат да бъдат в сила в България от време на време.

d) Българското Правителство ще даде на поданиците на Обединените Народи същото третиране в отпущането на материали за поправката или възстановяването на тяхната собственост в България и в отпущането на чужда валута за внос на такива материали, каквото дава на български поданици.

e) Българското Правителство ще отпусне на поданиците на Обединените Народи обезщетение в лева в същата пропорция предвидена в алинеа «*a*» по-горе, за да компенсира загубата или щетата, дължима на специални мерки взети спрямо тяхната собстве-

ност през време на войната и които не са се прилагали спрямо българска собственост. Тази алинея не се прилага по отношение на пропуснати печалби.

5. Всички умерени разходи извършени в България по предявяване на искания, включително изчислението на загубите и щетите, ще се понесат от Българското Правителство.

6. Поданиците на Обединените Народи и тяхната собственост ще бъдат освободени от всякакви изключителни данъци, сборове и такси наложени на техните капитални влогове в България от Българското Правителство или която и да била българска власт между датата на примирието и влизането в сила на настоящия Договор със специалната цел да се покрият разходите произлизащи от войната или за посрещане разходите на окупационните сили или на репарациите в полза на който и да било от Обединените Народи. Всички суми, които са били така платени ще бъдат върнати.

7. Заинтересованият собственик и Българското Правителство могат да сключват споразумения, които ще заместят разпоредбите на настоящия член.

8. Употребените в този член:

а) Израз «поданици на Обединените Наради» значи физически лица, които са поданици на който и да е от Обединените Народи, или дружества или сдружения съставени по законите на който и да е от Обединените Народи по времето на влизането в сила на настоящия Договор, при условие, че те също са имали този статус на датата на слючването на примирието с България.

Изразът «поданици на Обединте Народи» също включва физически лица, дружества и сдружения, които на основание на действуващите в България по време на войната закони са били третирани като неприятелски.

състоянието на война и които са станали платими преди влизането в сила на настоящия договор и които се дължат от Правителството или поданиците на България на Правителството или поданиците на една от Съюзените и Сдружени Сили или се дължат от Правителството или поданиците на една от Съюзените и Сдружени Сили на Правителството или поданиците на България.

Периода от започването на войната до влизането в сила на настоящия Договор ще бъде изключен от нормалния срок на права на индустриална, литературна и художествена собственост, които са били в сила в България при започването на войната или които са признати или установени по силата на това Приложение и принадлежат на която и да е Съюзена и Сдружена Сила или нейните поданици. Следователно, нормалното времетраене на такива права ще се счита автоматично удължено в България за един по-нататъшен срок съответствуващ на така изключения период.

4. Предходните постановления относно правата в България на Съюзените и Сдружени Сили и техните поданици ще се прилагат

еднакво и по отношение правата на България и нейните поданици в териториите на Съюзените и Сдружени Сили. Нищо, обаче, в настоящите разпоредби не дава на България или на нейните поданици права за по-благоприятно третиране в територията на която и да е Съюзена и Сдружена Сила отколкото се дават от тази Сила в подобни случаи на други Обединени Народи или на техни поданици, нито пък ще се иска от България с настоящето да дава на която и да е Съюзена и Сдружена Сила или нейните поданици по-благоприятно третиране отколкото България или нейните поданици получават на територията на такава Сила по отношение на въпросите разгледани в предходните разпоредби.

5. Трети лица в териториите на която и да е от Съюзените и Сдружени Сили или България, които преди влизането в сила на настоящия Договор са придобили добросъвестно права на индустриална, литературна и художествена собственост, които са в противоречие с правата възстановени по силата на настоящето Приложение или с правата придобити съгласно приоритета даден от него, или добросъвестно са фабрикували, публикували, възпроизвеждали, употребявали или продавали артикули предмет на подобни права, ще им бъде позволено, без отговорност за нарушение, да продължат да упражняват такива права и да продължат или да възобновят фабрикуване, публикация, възпроизвеждане, употребяване или продажба, които са били добросъвестно придобити или започнати. В България такова разрешение ще има формата на неизключително позволително, дадено при условия приети по взаимно съгласие от заинтересованите страни, или, при липса на съглашение, да бъде определено от Помирителната Комисия установена съгласно член 31 от настоящия Договор. В териториите на всяка от Съюзените и Сдружени Сили, обаче, добросъвестните трети лица ще получат такава защита, каквато се дава при подобни обстоятелства на добросъвестни трети лица чиито права са в противоречие с тези на поданиците от други Съюзени и Сдружени Сили.

6. Нищо в това Приложение не ще се тълкува като даващо на България или на нейните поданици права върху какъвто и да е патент или модел, в териториите на която и да е Съюзена и Сдру-

жена Сила за изобретения, отнасящи се до какъвто и да е предмет упоменат поименно в Приложение III от настоящия Договор, изобретения направени или за които заявления са били зарегистрирани от България, или който и да е от нейните поданици, в България или в територията на която и да е друга от държавите на Оста, или в която и да е територия окупирана от въоръжените сили на държавите от Оста през времето когато тази територия е била под контрола на въоръжените сили или властите на държавите от Оста.

7. България по същия начин ще разпростре предходните разпоредби на това Приложение върху Франция и върху други Обединени Народи извън Съюзените или Сдружени Сили, чиито дипломатически отношения с България са били прекъснати през време на войната и които се задължат да дадат на България преимуществата дадени й с поменатите разпоредби.

8. Нищо в това Приложение не ще бъде разбрано като противоречащо на членове 23, 25 и 27 от настоящия Договор.

ПРИЛОЖЕНИЕ V.

Договори, давности и ценни книжа.

A. Договори.

1. Всеки договор за чието изпълнение са били необходими сношения между която и да е от страните на договора, станали неприятели по определението в част «D» на това Приложение, трябва, с изключение на условията изложени в точки 2 и 3 по-долу, да се счита, че е бил развален от времето, когато страните по договора са станали неприятели. Това разваляне, обаче, не е в ущърб на разпоредбите на член 27 на настоящия Договор, нито трябва да освободи която и да е страна по договора от задължението да върне суми получени като аванси или като частични плащания, за които тази страна не е дала насрещно изпълнение.

2. Въпреки разпоредбите на точка 1 по-горе, ще бъдат изключени от разваляне и, без ущърб на правата изброени в член 25 от настоящия Договор, ще останат в сила такива части на който и

да е договор, които са отделими и за чието изпълнение не се е изисквало сношения между която и да е от страните по него, станали неприятели, както е определено в част «D» на това Приложение. Където постановленията на който и да е договор не са отделими по този начин, договорът трябва да се счита, че е бил изцяло унищожен. Гореизложеното ще подпадне под разпоредбите на вътрешните закони, наредби и правилници, изработени от която и да е от Съюзените и Сдружени Сили, които имат юрисдикция над договора или над която и да е от заинтересованите страни и ще подпадне под клаузите на договора.

3. Нищо в част «А» на това Приложение не трябва да се счита, че унищожава сделки изпълнени законно в съответствие с един договор между неприятели, ако те са били изпълнени с разрешението на Правителството на една от Съюзените и Сдружени Сили.

4. Въпреки горните разпоредби, договори за застраховка и презастраховка ще подпаднат под отделни съглашения между Правителството на заинтересованата Съюзена или Сдружена Сила и Правителството на България.

B. Давностни срокове.

1. Всички давностни срокове или ограничения на правото на иск или ограничения на правото да се вземат обезпечителни мерки касателно отношенията засягащи лица или имущество, които засягат поданици на Обединените Народи и български поданици и които поради състоянието на война не са могли да предявят съдебни искове или да изпълнят формалностите необходими за запазването на правата си, независимо от това дали тези срокове са започнали преди или след започването на войната, ще се считат преустановени за времетраенето на войната, на българска територия от една страна и, от друга страна на територията на тези Обединени Народи които, на база на взаимност, дават на България преимуществата на разпоредбите по тази точка. Тези срокове ще почнат да текат отново с влизането в сила на настоящия Договор. Разпоредбите на тази точка ще бъдат приложими относно сроковете определени за предявление на лихвоносни или дивидентни купони или за предявление за запла-

щане на ценни книжа, излезли в тираж, или подлежащи на изплащане на каквото и да било друго основание.

2. В случаите, когато поради неизпълнение на какъвто и да е акт или на каквито и да са формалности през време на войната, са били взети изпълнителны мерки на българска територия във вреда на някой поданик на един от Обединените Народи, Българското Правителство ще възстанови накърнените права. Ако подобно възстановяване е невъзможно или би било несправедливо, Българското Правителство ще вземе мерки щото на поданика на Обединения Народ да бъде дадена такава помощ, каквато при тези обстоятелства може да се счита за справедлива.

C. Ценни книжа.

1. В отношенията между неприятели никоя ценна книга, издадена до войната, не ще се счита, че е станала невалидна само поради непредставяне в установения за приемане или плащане срок е трябвало да бъде уведомен издателя или джиранта за отказ отказ за приемане или плащане в съответния срок или поради непротестирането й, нито поради неизпълнението на каквито и да са формалности през време на войната в определените срокове.

2. В случаите, когато срокът, в който ценната книга е трябвало да бъде представена за приемане или заплащане или в който срок е трябвало да бъде уведомен издателя или джиранта за отказ за приемане или плащане, или в който срок ценната книга е трябвало да бъде протестирана, е изтекъл през време на войната, и страната, която е трябвало да представи или протестира ценната книга или да уведоми за отказ на приемане или плащане, не го е направила през време на войната, ще се даде срок от не по-малко от три месеца от влизането в сила на настоящия Договор, през който може да бъде направено представянето и уведомлението за отказ на приемане или заплащане или през който да бъде тя протестирана.

3. Ако едно лице, било преди или през време на войната, е поело задължение по каквато и да била ценна книга вследствие на едно задължение поето спрямо него от лице, което в последствие е станало неприятел, последното лице продължава да носи задълже-

нието да обезщети първото лице що се отнася до неговата отговорност, независимо от избухването на войната.

D. Особени разпоредби.

1. За целите на това приложение, физически или юридически лица ще се считат за неприятели от деня, когато търговия между тях е станала незаконна на основание на закони, разпоредби или правилници, под каквито такива лица или договорите са подпаднали.

2. Имайки предвид правната система на Съединените Американски Щати, разпоредбите на това приложение не ще се прилагат в отношенията между Съединените Американски Щати и България.

ПРИЛОЖЕНИЕ VI.

Съдебни решения.

Българското Правителство ще вземе необходимите мерки за да даде възможност на поданици на който и да е от Обединените Народи, когато и да е, в течение на една година от влизането в сила на настоящия Договор да предадат на съответните български власти за повторно разглеждане всякакви съдебни решения, издадени от българско съдилище между 24 април 1941 г. и влизането в сила на настоящия Договор, в всякакви производства, в които поданикът на Обединените Народи не е могъл да изложи задоволително своето дяло, било като ищец, било като ответник. Българското Правителство ще разпореди щото, в случаи когато поданик на Обединените Народи е претърпял щета по причина на каквото и да било такова съдебно решение, той да бъде възстановен в това положение, в което е бил преди да е било издадено съдебното решение или да му се даде помощ каквато би се смятнала за справедлива съобразно обстоятелствата. Терминът «поданици на Обединените Народи» включва дружества или сдружения, организирани или учредени на основание на законите на който и да е от Обединените Народи.

МИРНЫЙ ДОГОВОР С ВЕНГРИЕЙ

1947 г.

Союз Советских Социалистических Республик, Соединенное Королевство Великобритании и Северной Ирландии, Соединенные Штаты Америки, Австралия, Белорусская Советская Социалистическая Республика, Канада, Чехословакия, Индия, Новая Зеландия, Украинская Советская Социалистическая Республика, Южно-Африканский Союз и Федеративная Народная Республика Югославии, как государства, находящиеся в состоянии войны с Венгрией и активно участвовавшие в войне против вражеских государств в Европе существенными военными контингентами, именуемые в дальнейшем «Союзные и Соединенные Державы», с одной стороны,

и Венгрия, с другой стороны,

Принимая во внимание, что, став союзником гитлеровской Германии и участвуя на ее стороне в войне против Союза Советских Социалистических Республик, Соединенного Королевства, Соединенных Штатов Америки и других Объединенных Наций, Венгрия несет свою долю ответственности за эту войну;

Принимая, однако, во внимание, что 28 декабря 1944 года Венгрия порвала отношения с Германией, объявила войну Германии и заключила 20 января 1945 года Перемирие с Правительствами Союза Советских Социалистических Республик, Соединенного Королевства и Соединенных Штатов Америки, действовавшими от имени всех Объединенных Наций, находившихся в состоянии войны с Венгрией; и

Принимая во внимание, что Союзные и Соединенные Державы и Венгрия желают заключить мирный договор, который, соответствуя принципам справедливости, урегулирует вопросы, остающиеся еще нерешенными в результате перечисленных выше событий, и явится основой дружественных отношений между ними, тем самым давая Союзным и Соединенным Державам возможность поддержать обращение Венгрии о принятии ее в члены Организации Объединенных Наций, а также о присоединении Венгрии к любой конвенции, заключенной по почину Организации Объединенных Наций;

В соответствии с этим решили объявить о прекращении состояния войны и для этой цели заключить настоящий Мирный Договор

и назначили для этого нижеподписавшихся в качестве своих Полномочных Представителей, которые по представлении своих полномочий, найденных в порядке и надлежащей форме, согласились о следующих постановлениях:

ЧАСТЬ I.

ГРАНИЦЫ ВЕНГРИИ.

Статья 1.

1. Границы Венгрии с Австрией и Югославией останутся такими, как они существовали на 1 января 1938 года.

2. Решения Венского Арбитража от 30 августа 1940 года объявляются несуществующими. Граница между Венгрией и Румынией, существовавшая на 1 января 1938 года, настоящим восстанавливается.

3. Граница между Венгрией и Союзом Советских Социалистических Республик от точки, общей для границы этих двух государств и границы Румынии, до точки, общей для границы этих двух государств и границы Чехословакии, устанавливается вдоль прежней границы между Венгрией и Чехословакией, как она существовала на 1 января 1938 года.

4. *a*) Решения Венского Арбитража от 2 ноября 1938 года объявляются несуществующими.

b) Граница между Венгрией и Чехословакией от точки, общей для границы этих двух государств и границы Австрии, до точки, общей для границы этих двух государств и границы Союза Советских Социалистических Республик, настоящим восстанавливается, как она существовала на 1 января 1938 года, за исключением изменения, вытекающего из положений следующего подпункта.

c) Венгрия передаст Чехословакии деревни Горватьярфалу, Орошвар и Дуначун вместе с числящейся за ними по кадастрам

территорией, как показано на карте IA, приложенной к настоящему Договору. В соответствии с этим чехословацкая граница в этом секторе будет установлена следующим образом: от точки, общей для границ Австрии, Венгрии и Чехословакии, как они существовали на 1 января 1938 года, нынешняя венгеро-австрийская граница станет границей между Австрией и Чехословакией вплоть до пункта, расположенного примерно в 500 метрах к югу от высоты 134 (3,5 км. северозападнее церкви в Райка), причем этот пункт станет общим для границ трех поименованных государств; отсюда новая граница между Чехословакией и Венгрией пойдет в восточном направлении вдоль северной кадастровой границы деревни Райка к правому берегу Дуная до пункта, расположенного примерно в 2 км. к северу от высоты 128 (3,5 км. к востоку от церкви в Райка), где новая граница, проходя по главному судоходному руслу Дуная, соединится с чехословацко-венгерской границей, существовавшей на 1 января 1938 года; плотина и водослив в границах деревни Райка останутся на венгерской территории.

d) Точная линия новой границы между Венгрией и Чехословакией, установленная в предыдущем подпункте, будет определена на местности пограничной комиссией, состоящей из представителей двух заинтересованных Правительств. Комиссия должна закончить свою работу в течение двух месяцев со дня вступления в силу настоящего Договора.

e) В случае незаключения двустороннего соглашения между Венгрией и Чехословакией относительно переселения в Венгрию населения переходящего района, Чехословакия гарантирует населению этого района полные права человека и гражданина. Все гарантии и прерогативы, предусмотренные в Чехословацко-Венгерском Соглашении от 27 февраля 1946 года относительно обмена населением, будут применяться к лицам, добровольно выехавшим из района, переходящего к Чехословакии.

5. Границы, описанные выше, показаны на картах I и IA в Приложении I к настоящему Договору.

ЧАСТЬ II.

ПОЛИТИЧЕСКИЕ ПОСТАНОВЛЕНИЯ.

Раздел I.

2. Венгрия также принимает обязательство, что действующие в Венгрии законы, как в отношении своего содержания, так и применения, не будут устанавливать дискриминации или влечь за собой дискриминацию для лиц венгерского гражданства на основании их расы, пола, языка или религии как в том, что касается их личности, имущества, занятий, профессиональных или финансовых интересов, статуса, политических или гражданских прав, так и любых других вопросов.

Статья 3.

Венгрия, которая в соответствии с Соглашением о Перемирии провела мероприятия по освобождению, независимо от гражданства и национальной принадлежности, всех лиц, содержавшихся в заключении в связи с их деятельностью в пользу Объединенных Наций, или за их сочувствие Объединенным Нациям, или ввиду их расового происхождения, и мероприятия по отмене дискриминационного законодательства и вытекающих из него ограничений, обязуется закончить проведение этих мероприятий и впредь не принимать каких-либо мер или законов, которые были бы несовместимы с целями, предусмотренными в этой статье.

Статья 4.

Венгрия, которая в соответствии с Соглашением о Перемирии провела мероприятия по роспуску всех находившихся на венгерской территории организаций фашистского типа: политических,

военных, военизированных, а также других организаций, ведущих враждебную Объединенным Нациям пропаганду, включая ревизионистскую пропаганду, — обязуется и впредь не допускать существования и деятельности организаций такого рода, преследующих цель лишения народа его демократических прав.

Статья 5.

1. Венгрия вступит в переговоры с Чехословакией с целью разрешения вопроса о тех жителях мадьярского этнического происхождения, проживающих в Чехословакии, которые не будут поселены в Венгрии в соответствии с условиями Соглашения от 27 февраля 1946 года об обмене населением.

2. В случае, если в течение шести месяцев со дня вступления в силу настоящего Договора, соглашение не будет достигнуто, Чехословакия будет иметь право поставить этот вопрос перед Советом Министров Иностранных Дел с просьбой о содействии Совета в достижении окончательного решения.

Статья 6.

1. Венгрия обязуется принять все необходимые меры, чтобы обеспечить задержание и выдачу для суда над ними:

a) лиц, обвиняемых в том, что они совершили военные преступления и преступления против мира или против человечности, дали приказ о совершении таких преступлений или содействовали их совершению;

b) граждан какой-либо из Союзных и Соединенных Держав, которые обвиняются в нарушении законов их стран изменой или сотрудничеством с врагом во время войны.

2. Венгрия, по требованию Правительства заинтересованной Объединенной Нации, обеспечит также явку в качестве свидетелей находящихся под ее юрисдикцией лиц, показания которых потребуются для суда над лицами, указанными в пункте 1 настоящей статьи.

3. Всякое разногласие относительно применения постановлений пунктов 1 и 2 настоящей статьи должно быть передано любым заинтересованным Правительством Главам Дипломатических Миссий

Советского Союза, Соединенного Королевства и Соединенных Штатов Америки в Будапеште, которые достигнут соглашения по поводу этого затруднения.

Раздел II.

Статья 7.

Венгрия обязуется признать полную силу Мирных Договоров с Италией, Румынией, Болгарией и Финляндией и других соглашений или урегулирований, которые были или будут достигнуты Союзными и Соединенными Державами относительно Австрии, Германии и Японии для восстановления мира.

Статья 8.

Состояние войны между Венгрией и Румынией прекратится со дня вступления в силу как настоящего Мирного Договора, так и Мирного Договора между Союзом Советских Социалистических Республик, Соединенным Королевством Великобритании и Северной Ирландии, Соединенными Штатами Америки, Австралией, Белорусской Советской Социалистической Республикой, Канадой, Чехословакией, Индией, Новой Зеландией, Украинской Советской Социалистической Республикой и Южно-Африканским Союзом, с одной стороны, и Румынией, с другой стороны.

Статья 9.

Венгрия обязуется принять любые соглашения, которые были или могут быть заключены для ликвидации Лиги Наций и Постоянной Палаты Международного Правосудия.

Статья 10.

1. Каждая Союзная или Соединенная Держава нотифицирует Венгрии в течение шести месяцев со дня вступления в силу настоящего Договора о своих довоенных двусторонних договорах с Венгрией, которые эта Держава желает сохранить в силе или действие которых она желает возобновить. Любые положения, не находящиеся в соответствии с настоящим Договором, будут, однако, исключены из вышеупомянутых договоров.

2. Все вышеупомянутые договоры, о которых будет нотифицировано таким образом, будут зарегистрированы в Секретариате Объединенных Наций в соответствии со статьей 102 Устава Организации Объединенных Наций.

3. Все вышеупомянутые договоры, о которых не будет нотифицировано таким образом, будут считаться отмененными.

Статья 11.

1. Венгрия должна в течение периода, не превышающего 18 месяцев со дня вступления в силу настоящего Договора, передать Югославии и Чехословакии предметы указанных ниже категорий, составляющие культурное достояние этих стран, происходящие с их территорий и после 1848 года оказавшиеся во владении венгерского государства или венгерских государственных учреждений вследствие венгерского господства над этими территориями, которое продолжалось до 1919 года:

a) исторические архивы, которые возникли как единое целое на югославской или чехословацкой территориях;

b) библиотеки, исторические документы, предметы старины и другие предметы культуры, которые принадлежали учреждениям на югославской или чехословацкой территориях или историческим личностям югославского или чехословацкого народов;

c) оригинальные художественные, литературные и научные произведения, которые созданы югославскими или чехословацкими художниками, писателями и учеными.

2. Предметы, купленные или полученные в качестве дара или по наследству, а также оригинальные произведения венгров не подпадают под действие положений пункта 1.

3. Венгрия также должна передать Югославии архивы, относящиеся к Иллирийской Депутации, Иллирийской Комиссии и к Иллирийской Канцелярии XVIII века.

4. По вступлении в силу настоящего Договора Правительство Венгрии должно оказать уполномоченным представителям Югославии и Чехословакии всю необходимую помощь для розыска этих

предметов и предъявления их для осмотра. После этого, но не позднее одного года со дня вступления в силу настоящего Договора, Правительства Югославии и Чехословакии должны передать Правительству Венгрии список предметов, на которые будут предъявлены претензии согласно этой статье. Если Правительство Венгрии в течение трех месяцев со дня получения списка заявит возражения против включения в этот список некоторых предметов и если не будет достигнуто соглашения между заинтересованными Правительствами в течение последующего месяца, то спор должен быть урегулирован в соответствии с положениями статьи 40 настоящего Договора.

ЧАСТЬ III.

ПОСТАНОВЛЕНИЯ ПО ВОЕННЫМ ВОПРОСАМ.

Раздел I.

Статья 12.

Содержание сухопутных и военно-воздушных вооружений и укреплений будет строго ограничено так, чтобы отвечать задачам внутреннего характера и местной обороны границ. В соответствии с вышеуказанным Венгрии разрешается иметь вооруженные силы, не свыше чем:

a) сухопутная армия, включая пограничные войска и личный состав зенитной артиллерии и речной флотилии, с общей численностью личного состава в 65.000 человек;

b) военно-воздушные силы численностью в 90 самолетов, включая резервные, из которых не более 70 самолетов боевых типов, с общей численностью личного состава в 5.000 человек. Венгрия не должна иметь или приобретать самолетов, сконструированных в основном как бомбардировщики с приспособлениями для внутренней подвески бомб.

Эта численность в каждом случае будет включать строевой, нестроевой состав и штабной персонал.

Статья 13.

Личный состав венгерской армии и военно-воздушных сил, превышающий соответственно разрешенную статьей 12 численность, будет распущен в течение шести месяцев со дня вступления в силу настоящего Договора.

Статья 14.

Людские контингенты, не входящие в состав венгерской армии или военно-воздушных сил, не будут проходить в какой-либо форме военного или военно-воздушного обучения, как оно определено в Приложении II.

Статья 15.

Венгрия не должна иметь, производить или экспериментировать: любые виды атомного вооружения; какие-либо самодвижущиеся или управляемые снаряды или аппараты, связанные с их выбрасыванием (за исключением торпед и торпедных аппаратов, составляющих нормальное вооружение военных кораблей, разрешенных настоящим Договором); морские мины или торпеды неконтактного типа, действующие от чувствительных механизмов; торпеды, которые могут быть укомплектованы людьми; подводные лодки или другие подводные суда, торпедные катеры и специализированные типы штурмовых судов.

Статья 16.

Венгрия не должна сохранять, производить или приобретать другими путями военные материалы и технику или содержать производственные мощности для их изготовления, сверх того, что требуется для содержания вооруженных сил, разрешенных статьей 12 настоящего Договора.

Статья 17.

1. Излишки военных материалов и техники союзного происхождения будут переданы в распоряжение соответствующей Союзной или Соединенной Державы, согласно указаниям, которые будут даны этой Державой. Излишки венгерских военных материалов и техники будут переданы в распоряжение Правительств Советского Союза, Соединенного Королевства и Соединенных Штатов

Америки. Венгрия откажется от всех прав на эти материалы и технику.

2. Военные материалы и техника германского происхождения или конструкции, превышающие то, что требуется для вооруженных сил, разрешенных настоящим Договором, будут переданы в распоряжение Трех Правительств. Венгрия не будет приобретать или производить каких-либо военных материалов и техники германского происхождения или конструкции, или нанимать на работу или обучать каких-либо технических специалистов, включая военный и гражданский авиационный персонал, из числа лиц, которые являются или являлись гражданами Германии.

3. Излишки военных материалов и техники, упомянутые в пунктах 1 и 2 настоящей статьи, будут переданы или уничтожены в течение одного года со дня вступления в силу настоящего Договора.

4. Определение термина «военные материалы и техника» и перечень военных материалов и техники для целей настоящего Договора даны в Приложении III.

Статья 18.

Венгрия обязуется полностью сотрудничать с Союзными и Соединенными Державами в целях обеспечения того, чтобы Германия не смогла предпринять каких-либо мер за пределами германской территории в направлении возрождения своего вооружения.

Статья 19.

Венгрия обязуется не приобретать и не производить гражданских самолетов германской или японской конструкции или самолетов, включающих крупные узлы германского или японского производства или конструкции.

Статья 20.

Каждая из военных и военно-воздушных статей настоящего Договора будет оставаться в силе до тех пор, пока она не будет изменена полностью или частично по соглашению между Союзными и Соединенными Державами и Венгрией или, после того как Венгрия

станет членом Организации Объединенных Наций, — по соглашению между Советом Безопасности и Венгрией.

Раздел II.

Статья 21.

1. Венгерские военнопленные должны быть репатриированы как можно скорее в соответствии с соглашениями между отдельными Державами, содержащими этих военнопленных, и Венгрией.

2. Все издержки на перевозку венгерских военнопленных, включая их содержание, от сборных пунктов, установленных Правительством соответствующей Союзной или Соединенной Державы, до пункта вступления на венгерскую территорию будет нести Правительство Венгрии.

ЧАСТЬ IV.

ВЫВОД СОЮЗНЫХ ВОЙСК.

Статья 22.

1. После вступления в силу настоящего Договора все союзные войска должны быть в течение 90 дней выведены из Венгрии, при сохранении за Советским Союзом права держать на территории Венгрии такие вооруженные силы, какие будут ему необходимы для поддержания коммуникационных линий Советской Армии с советской зоной оккупации в Австрии.

2. Вся неиспользованная венгерская валюта и все неиспользованные венгерские запасы, находящиеся в распоряжении союзных войск в Венгрии и полученные в соответствии со статьей 11 Соглашения о Перемирии, будут возвращены Правительству Венгрии в течение того же срока в 90 дней.

3. Венгрия, однако, должна предоставить такие снабжение и услуги, которые могут быть специально потребованы для поддержания коммуникационных линий с советской зоной оккупации в Австрии и за которые Правительству Венгрии будет выплачена соответствующая компенсация.

ЧАСТЬ V.

РЕПАРАЦИИ И РЕСТИТУЦИИ.

Статья 23.

1. Убытки, причиненные Советскому Союзу, Чехословакии и Югославии военными действиями и оккупацией Венгрией территории этих государств, будут Венгрией возмещены Советскому Союзу, Чехословакии и Югославии, причем, принимая во внимание, что Венгрия не просто вышла из войны против Объединенных Наций, но и объявила войну Германии, Стороны уславливаются о том, что возмещение указанных убытков будет произведено Венгрией не полностью, а только частично, а именно, в сумме 300.000.000 долларов США, с погашением в течение 8 лет, начиная с 20 января 1945 года, товарами (машинное оборудование, речные суда, зерно и другие товары), причем сумма возмещения Советскому Союзу составит 200.000.000 долларов США, а сумма возмещения Чехословакии и Югославии составит 100.000.000 долларов США.

2. В основу расчетов по настоящей статье положен доллар США по его золотому паритету на день подписания Соглашения о Перемирии, т.е. 35 долларов за одну унцию золота.

Статья 24.

1. Венгрия принимает принципы Декларации Объединенных Наций от 5 января 1943 года и вернет в возможно кратчайший срок имущество, вывезенное с территории любой из Объединенных Наций.

2. Обязательство производить реституцию относится ко всей находящейся в настоящее время в Венгрии опознаваемой собственности, которая была вывезена насильственно или по принуждению какой-либо из держав оси с территории любой из Объединенных Наций, независимо от каких-либо последующих сделок, путем которых нынешний владелец такой собственности вступил во владение ею.

3. Если в отдельных случаях для Венгрии является невозмож-

ным произвести реституцию предметов, представляющих художественную, историческую или археологическую ценность, которые составляют часть культурного достояния Объединенной Нации, с территории которой эти предметы были вывезены венгерскими армиями, властями или гражданами насильственно или по принуждению, Венгрия обязуется передать заинтересованной Объединенной Нации предметы того же рода и приблизительно равноценные вывезенным предметам, поскольку такие предметы могут быть получены в Венгрии.

4. Правительство Венгрии должно вернуть указанное в настоящей статье имущество в сохранности и принять на себя в этом отношении все расходы в Венгрии, относящиеся к рабочей силе, материалам и транспорту.

5. Правительство Венгрии будет оказывать содействие Объединенным Нациям и предоставит за свой счет все необходимые возможности для розыска и реституции имущества, подлежащего реституции согласно настоящей статье.

6. Правительство Венгрии примет необходимые меры, чтобы добиться возвращения имущества, указанного в настоящей статье, которым владеют в любой третьей стране лица, находящиеся под венгерской юрисдикцией.

7. Требования реституции имущества должны быть предъявлены Правительству Венгрии Правительством той страны, с территории которой было вывезено это имущество; при этом понимается, что железнодорожный подвижной состав будет рассматриваться как вывезенный из страны, которой он первоначально принадлежал. Такие требования могут предъявляться в течение 6 месяцев со дня вступления в силу настоящего Договора.

8. Бремя доказательства в отношении опознавания имущества и доказательства права собственности возлагается на Правительство, предъявляющее претензию, а бремя доказательства того, что имущество не было вывезено насильственно или по принуждению, возлагается на Правительство Венгрии.

Статья 25.

Аннулирование решений Венского Арбитража от 2 ноября 1938 года, предусмотренное в пункте 4 статьи 1 настоящего Договора, влечет за собой аннулирование соглашений, так же как и их правовых последствий, в отношении финансовых вопросов и государственного и частного страхования, заключенных между двумя заинтересованными государствами или от их имени или между чехословацкими и венгерскими юридическими лицами на основании решений Венского Арбитража, и в отношении материалов, переданных в соответствии с Протоколом от 22 мая 1940 года. Это аннулирование, во всяком случае, не будет применяться к отношениям между физическими лицами. Детали вышеупомянутого урегулирования будут установлены двусторонними соглашениями между заинтересованными Правительствами в течение шестимесячного периода со дня вступления в силу настоящего Договора.

ЧАСТЬ VI.

ЭКОНОМИЧЕСКИЕ ПОСТАНОВЛЕНИЯ.

Статья 26.

1. Венгрия, поскольку ею это еще не сделано, восстановит все законные права и интересы Объединенных Наций и их граждан в Венгрии, как они существовали на 1 сентября 1939 года, и вернет всю собственность Объединенных Наций и их граждан в Венгрии в том состоянии, в котором она находится в настоящее время.

2. Правительство Венгрии обязуется восстановить всю собственность, права и интересы, подпадающие под действие настоящей статьи, без всяких обременений и обложений любого вида, которым они могли подвергнуться вследствие войны, и без взимания Правительством Венгрии каких-либо сборов в связи с их возвращением. Правительство Венгрии аннулирует все мероприятия, включая отобрание, секвестр или контроль, проведенные им в отношении собственности Объединенных Наций между 1 сентября 1939 года и днем вступления в силу настоящего Договора. В случаях невозвращения собственности в течение 6 месяцев со дня

вступления в силу настоящего Договора, заявление о возвращении собственности должно быть подано венгерским властям не позднее, чем в течение 12 месяцев со дня вступления в силу настоящего Договора, за исключением случаев, когда заявитель может доказать, что он не мог подать своего заявления в течение этого срока.

3. Правительство Венгрии должно аннулировать передачи, относящиеся к собственности, правам и интересам всякого рода, принадлежащим гражданам Объединенных Наций, в тех случаях, когда такие передачи были результатом насилия или принуждения со стороны правительств держав оси или их органов во время войны.

В отношении чехословацких граждан этот пункт будет также включать передачи, имевшие место после 2 ноября 1938 года в результате применения насилия или принуждения или мероприятий, предпринятых на основании внутренних дискриминационных законов Правительством Венгрии или его органами на чехословацкой территории, которая была аннексирована Венгрией.

4. *a*) Правительство Венгрии несет ответственность за приведение во вполне исправное состояние собственности, возвращаемой гражданам Объединенных Наций согласно пункту 1 настоящей статьи. В тех случаях, когда собственность не может быть возвращена или когда в результате войны гражданин Объединенных Наций потерпел убыток вследствие повреждения или порчи собственности в Венгрии, он должен получить от Правительства Венгрии компенсацию в венгерской валюте в пределах двух третей суммы, необходимой в день выплаты для того, чтобы купить аналогичную собственность или возместить понесенный убыток. Граждане Объединенных Наций ни в коем случае не должны ставиться в менее благоприятное положение в отношении компенсации, чем венгерские граждане.

b) Граждане Объединенных Наций, имеющие прямой или косвенный собственнический интерес в корпорациях или ассоциациях, национальность которых не является национальностью Объединенных Наций в значении пункта 9 «*a*» настоящей статьи, но

которые потерпели убыток вследствие повреждения или порчи собственности в Венгрии, должны получить компенсацию в соответствии с подпунктом «*a*» выше. Эта компенсация должна исчисляться на основе общих убытков или ущерба, понесенных корпорацией или ассоциацией, и должна составлять по отношению к таким убыткам или ущербу ту же пропорцию, какую составляют приносящие доход интересы таких граждан по отношению к общему капиталу корпорации или ассоциации.

c) Компенсация должна выплачиваться без каких-либо обложений, налогов или других сборов. Она может свободно использоваться в Венгрии, но должна подлежать правилам контроля над иностранными девизами, которые могут время от времени вводиться в Венгрии.

d) Правительство Венгрии предоставит гражданам Объединенных Наций такой же режим при распределении материалов для ремонта или восстановления их собственности в Венгрии, а также при распределении иностранных девиз для импорта таких материалов, который применяется в отношении венгерских граждан.

e) Правительство Венгрии предоставит гражданам Объединенных Наций возмещение в венгерской валюте в том же самом размере, который предусмотрен в подпункте «*a*» выше, чтобы компенсировать потери или ущерб, возникшие в результате особых мер, которые применялись к их собственности во время войны, но которые не применялись к венгерской собственности. Этот подпункт не распространяется на упущенные выгоды.

5. Постановления пункта 4 настоящей статьи будут применяться к Венгрии, поскольку действия, которые могут вызвать претензии в связи с ущербом собственности, находящейся в Северной Трансильвании и принадлежащей Объединенным Нациям или их гражданам, имели место, когда эта территория находилась под властью Венгрии.

6. Все произведенные в Венгрии разумные расходы по предъявлению претензий, включая расходы на подсчет потерь или ущерба, должно нести Правительство Венгрии.

7. Граждане Объединенных Наций и их собственность должны быть освобождены от всяких исключительных налогов, сборов или податей, налагавшихся на их основные фонды в Венгрии Правительством Венгрии или любой венгерской властью в период между днем заключения Перемирия и днем вступления в силу настоящего Договора со специальной целью покрытия расходов, связанных с войной, или покрытия издержек на оккупационные силы, или на репарации в пользу любой из Объединенных Наций. Любые суммы, выплаченные таким образом, должны быть возвращены.

8. Заинтересованный собственник и Правительство Венгрии могут заключать соглашения взамен положений настоящей статьи.

9. Применяемые в настоящей статье:

a) Выражение «граждане Объединенных Наций» означает физических лиц, являющихся к моменту вступления в силу настоящего Договора гражданами любой из Объединенных Наций, или корпорации или ассоциации, организованные к этому моменту по законам любой из Объединенных Наций, при условии, что указанные лица, корпорации или ассоциации имели такой статус также и в момент заключения Перемирия с Венгрией.

Выражение «граждане Объединенных Наций» также включает всех физических лиц, корпорации или ассоциации, которые на основании законов, действовавших в Венгрии во время войны, рассматривались как вражеские.

b) Выражение «собственник» означает одну из Объединенных Наций или гражданина одной из Объединенных Наций, как определено в подпункте «*a*» выше, имеющего право на данную собственность, и включает преемника такого собственника, при условии, что преемник также является гражданином одной из Объединенных Наций, как определено в подпункте «*a*», или Объединенной Нацией. Если преемник приобрел собственность в поврежденном виде, то лицо передающее сохраняет свои права на возмещение на основании настоящей статьи без ущерба для обязательств, существующих между лицом передающим и лицом приобретающим в соответствии с внутренними законами.

c) Выражение «собственность» означает всю движимую или недвижимую собственность, материальную или нематериальную, включая промышленную, литературную и художественную собственность, а также все права или интересы всякого рода в собственности.

10. Правительство Венгрии признает, что Соглашение в Бриони от 10 августа 1942 года является несуществующим. Оно обязуется участвовать с другими сторонами, подписавшими Римское соглашение от 29 мая 1923 года, в любых переговорах, имеющих целью включение в его постановления необходимых изменений для обеспечения справедливого урегулирования предусмотренных в нем платежей.

Статья 27.

1. Венгрия обязуется, что во всех случаях, когда собственность, законные права или интересы в Венгрии находящихся под венгерской юрисдикцией лиц подвергались после 1 сентября 1939 года секвестру, конфискации или контролю вследствие расового происхождения или религии таких лиц, эти собственность, законные права и интересы будут восстановлены вместе с привходящими правами, а если восстановление невозможно, за них будет выплачена справедливая компенсация.

2. Вся собственность, права и интересы в Венгрии, принадлежащие лицам, организациям или обществам, которые индивидуально или в качестве членов групп являлись объектом применения расовых, религиозных или других фашистских мер преследования, и оставшиеся в течение 6 месяцев со дня вступления в силу настоящего Договора без наследника или невостребованными, должны быть переданы Правительством Венгрии организациям в Венгрии, представляющим таких лиц, организации или общества. Переданная собственность должна использоваться такими организациями для целей оказания помощи оставшимся членам таких групп, организаций и обществ в Венгрии и для их восстановления. Такая передача должна быть произведена в течение 12 месяцев со дня вступления в силу настоящего Договора и должна включать соб-

ственность, права и интересы, восстановление которых требуется согласно пункту 1 настоящей статьи.

Статья 28.

Венгрия признает, что Советский Союз имеет право на все германские активы в Венгрии, переданные Советскому Союзу Контрольным Советом в Германии, и обязуется принять все необходимые меры для облегчения передачи таких активов.

Статья 29.

1. Каждая из Союзных и Соединенных Держав будет иметь право взять, удержать, ликвидировать или предпринять любое другое действие в отношении всей собственности, прав и интересов, которые на день вступления в силу настоящего Договора будут находиться на ее территории и принадлежать Венгрии или венгерским гражданам, а также использовать такую собственность или выручку от нее для таких целей, какие эта Держава сочтет желательными в пределах претензий этой Державы и ее граждан к Венгрии или к венгерским гражданам, — включая долги, — которые не были полностью удовлетворены в силу других статей настоящего Договора. Вся венгерская собственность или выручка от ее ликвидации, превышающие сумму таких претензий, должны быть возвращены.

2. Ликвидация венгерской собственности и распоряжение ею будут проводиться в соответствии с законом заинтересованной Союзной или Соединенной Державы. Венгерский собственник не будет иметь прав в отношении такой собственности, за исключением тех, которые могут быть предоставлены ему в силу этого закона.

3. Правительство Венгрии обязуется компенсировать венгерских граждан, собственность которых изъята в силу настоящей статьи и не возвращена им.

4. Данная статья не налагает на ту или иную из Союзных или Соединенных Держав никакого обязательства возвратить Правительству Венгрии или венгерским гражданам промышленную собственность или включить такую собственность при определении

суммы, которая может быть удержана согласно пункту 1 настоящей статьи. Правительство каждой из Союзных и Соединенных Держав будет иметь право установить такие ограничения и условия в отношении прав или интересов, касающихся промышленной собственности, приобретенной до дня вступления в силу настоящего Договора на территории этой Союзной или Соединенной Державы Правительством или гражданами Венгрии, какие Правительство данной Союзной или Соединенной Державы сочтет необходимыми в своих национальных интересах.

5. Собственность, предусмотренная пунктом 1 настоящей статьи, должна рассматриваться как включающая венгерскую собственность, которая подлежала контролю в силу состояния войны, существовавшего между Венгрией и Союзной или Соединенной Державой, имеющей юрисдикцию над этой собственностью, но не должна включать:

a) собственность Правительства Венгрии, используемую для консульских или дипломатических целей;

b) собственность, принадлежащую религиозным организациям или частным благотворительным учреждениям и используемую для религиозных или благотворительных целей;

c) собственность физических лиц, которые являются венгерскими гражданами, получившими разрешение проживать в пределах территории той страны, в которой находится эта собственность, или проживать в любом другом месте на территории стран Объединенных Наций, за исключением венгерской собственности, которая когда-либо во время войны являлась объектом мер, не применявшихся как правило к собственности венгерских граждан, проживающих на той же территории;

d) имущественные права, возникшие после возобновления торговых и финансовых отношений между Союзными и Соединенными Державами и Венгрией или возникшие из сделок между Правительством любой Союзной или Соединенной Державы и Венгрией после 20 января 1945 года;

e) права на литературную и художественную собственность.

Статья 30.

1. Со дня вступления в силу настоящего Договора собственность Венгрии и венгерских граждан, находящаяся в Германии, не будет больше рассматриваться как вражеская собственность, и все ограничения, связанные с таким режимом, должны быть отменены.

2. Опознаваемая собственность Венгрии и венгерских граждан, вывезенная насильственно или по принуждению с территории Венгрии в Германию германскими вооруженными силами или властями после 20 января 1945 года, подлежит возврату.

3. Реституция и восстановление венгерской собственности в Германии будут осуществляться в соответствии с мероприятиями, которые будут определены Державами, оккупирующими Германию.

4. Без ущерба для вышеизложенных и для любых других постановлений, принятых в пользу Венгрии и ее граждан Державами, оккупирующими Германию, Венгрия от своего имени и от имени венгерских граждан отказывается от всех оставшихся неурегулированными на 8 мая 1945 года претензий в отношений Германии и германских граждан, за исключением претензий, вытекающих из контрактов и других обязательств, заключенных до 1 сентября 1939 года, и прав, приобретенных до этой даты. Этот отказ будет рассматриваться как включающий долги, все межправительственные претензии, связанные с соглашениями, заключенными во время войны, и все претензии на возмещение за потери или ущерб, возникшие во время войны.

Статья 31.

1. Существование состояния войны само по себе не будет считаться фактором, влияющим на обязательство выплачивать денежные долги, вытекающие из обязательств и контрактов, существовавших до возникновения состояния войны,—а также из прав, приобретенных до этого времени, — срок уплаты которых наступил до дня

вступления в силу настоящего Договора и которые причитаются с Правительства или граждан Венгрии Правительству или гражданам одной из Союзных и Соединенных Держав, или которые причитаются с Правительства или граждан одной из Союзных и Соединенных Держав Правительству или гражданам Венгрии.

2. За исключением случаев, специально предусмотренных в настоящем Договоре, ничто в нем не должно толковаться как наносящее ущерб отношениям между дебиторами и кредиторами, вытекающим из довоенных контрактов, заключенных Правительством или гражданами Венгрии.

Статья 32.

1. Венгрия отказывается от всех претензий любого характера, от имени Правительства Венгрии или венгерских граждан, к Союзным и Соединенным Державам, связанных непосредственно с войной или вытекающих из мероприятий, предпринятых в силу существования состояния войны в Европе после 1 сентября 1939 года, независимо от того, находилась ли в это время соответствующая Союзная или Соединенная Держава в состоянии войны с Венгрией или нет. Этот отказ от претензий включает нижеследующее:

a) претензии в связи с потерями или ущербом, понесенными вследствие действий вооруженных сил или властей Союзных или Соединенных Держав;

b) претензии, вытекающие из присутствия, операций или действий вооруженных сил или властей Союзных или Соединенных Держав на венгерской территории;

c) претензии в отношении решений или распоряжений призовых судов Союзных или Соединенных Держав, причем Венгрия признает действительными и обязательными все решения и распоряжения таких призовых судов, вынесенные 1 сентября 1939 года или позднее, относительно венгерских судов или венгерских грузов или оплаты издержек;

d) претензии, вытекающие из осуществления прав воюющей стороны, или из мер, принятых с целью осуществления этих прав.

2. Положения настоящей статьи должны исключать полностью и окончательно все претензии указанного выше характера, которые отныне будут прекращены, кто бы ни являлся заинтересованной стороной. Правительство Венгрии соглашается выплатить справедливую компенсацию в венгерской валюте лицам, которые предоставили вооруженным силам Союзных или Соединенных Держав на венгерской территории снабжение или услуги по реквизиции, а также для удовлетворения возникших на венгерской территории претензий за невоенный ущерб, предъявленных вооруженным силам Союзных или Соединенных Держав.

3. Венгрия равным образом отказывается от всех претензий такого характера, который указан в пункте 1 настоящей статьи, от имени Правительства Венгрии или венгерских граждан к любой из Объединенных Наций, дипломатические отношения которой с Венгрией были порваны во время войны и которая предприняла действия в сотрудничестве с Союзными или Соединенными Державами.

4. Правительство Венгрии должно принять на себя полную ответственность за всю военную валюту Союзников, выпущенную в Венгрии союзными военными властями, включая всю такую валюту, которая будет находиться в обращении на день вступления в силу настоящего Договора.

5. Отказ Венгрии от претензий согласно пункту 1 настоящей статьи включает любые претензии, вытекающие из мер, принятых любой из Союзных и Соединенных Держав в отношении венгерских судов между 1 сентября 1939 года и днем вступления в силу настоящего Договора, а также любые претензии и долги, вытекающие из ныне действующих конвенций о военнопленных.

Статья 33.

1. До заключения торговых договоров или соглашений между отдельными Объединенными Нациями и Венгрией, Правительство Венгрии будет предоставлять в течение 18 месяцев со дня вступления в силу настоящего Договора нижеуказанный режим каждой из

Объединенных Наций, которая на началах взаимности фактически предоставит Венгрии аналогичный режим в подобных вопросах:

a) Во всем, что касается пошлин и сборов по импорту или экспорту, внутреннего обложения импортируемых товаров, а также всех правил, относящихся к этому, Объединенным Нациям будет предоставлен безусловный режим наибольшего благоприятствования.

b) во всех других отношениях Венгрия не должна проводить произвольной дискриминации, направленной против товаров, производимых на любой территории любой из Объединенных Наций или предназначенных для этой территории, по сравнению с подобными товарами, производимыми на территории любой другой из Объединенных Наций или на территории любой другой иностранной державы или предназначенными для этих территорий.

c) Гражданам Объединенных Наций, в том числе юридическим лицам, должен быть предоставлен национальный режим и режим наибольшего благоприятствования во всех вопросах, касающихся торговли, промышленности, мореплавания и других видов торговой деятельности в Венгрии. Эти постановления не должны применяться к коммерческой авиации.

d) Венгрия не будет предоставлять никакого исключительного или дискриминационного права какой бы то ни было стране в отношении использования коммерческих самолетов в международном сообщении; она предоставит всем Объединенным Нациям равные возможности в приобретении на венгерской территории прав в области международной коммерческой авиации, включая право посадки для заправки горючим и ремонта; что касается использования коммерческих самолетов в международном сообщении, она предоставит всем Объединенным Нациям на основе взаимности и без дискриминации право беспосадочного полета над венгерской территорией. Эти постановления не должны затрагивать интересов национальной обороны Венгрии.

2. Вышеупомянутые обязательства Венгрии должны пониматься в том смысле, что на них распространяются изъятия, обычно включавшиеся в торговые договоры, заключенные Венгрией до

войны; а постановления, относящиеся к взаимности со стороны каждой из Объединенных Наций, должны пониматься в том смысле, что на них распространяются изъятия, обычно включаемые в торговые договоры данного государства.

Статья 34.

Венгрия окажет содействие в пределах возможного в железнодорожных транзитных перевозках на своей территории, с разумными тарифами, и будет готова с этой целью заключить с соседними государствами взаимные соглашения.

Статья 35.

1. Споры, могущие возникнуть при осуществлении статей 24, 25 и 26 и Приложений IV, V и VI настоящего Договора, должны передаваться Согласительной Комиссии, состоящей из равного числа представителей Правительства заинтересованной Объединенной Нации и Правительства Венгрии. Если в течение 3 месяцев после передачи спора Согласительной Комиссии не будет достигнуто соглашения, каждое из Правительств может потребовать включения в Комиссию третьего члена и, в случае несогласия между двумя Правительствами относительно избрания этого члена, любая из сторон может обратиться к Генеральному Секретарю Объединенных Наций с просьбой произвести это назначение.

2. Решение большинства членов Комиссии будет являться решением Комиссии и должно приниматься сторонами как окончательное и обязательное.

Статья 36.

Статьи 24, 26 и 33 и Приложение VI настоящего Договора будут применяться к Союзным и Соединенным Державам и Франции, а также к тем из Объединенных Наций, дипломатические отношения которых с Венгрией были порваны во время войны.

Статья 37.

Постановления Приложений IV, V и VI, как и постановления других Приложений, будут иметь силу как неотъемлемые части настоящего Договора.

ЧАСТЬ VII.

ПОСТАНОВЛЕНИЯ, ОТНОСЯЩИЕСЯ К ДУНАЮ.

Статья 38.

Навигация на реке Дунай должна быть свободной и открытой для граждан, торговых судов и товаров всех государств на основе равенства в отношении портовых и навигационных сборов и условий торгового судоходства. Вышеизложенное не распространяется на перевозки между портами одного и того же государства.

ЧАСТЬ VIII.

ЗАКЛЮЧИТЕЛЬНЫЕ ПОСТАНОВЛЕНИЯ.

Статья 39.

1. Статья 40.

1. За исключением тех случаев, когда иной порядок специально предусмотрен какой-либо из статей настоящего Договора, любой спор относительно толкования или выполнения этого Договора,

не урегулированный путем прямых дипломатических переговоров, должен передаваться Трем Главам Дипломатических Миссий, действующим на основании статьи 39, с тем исключением, что в этом случае Главы Миссий не будут ограничены сроком, предусмотренным этой статьей. Любой такой спор, не разрешенный Главами Миссий в течение двух месяцев, должен, если спорящие стороны не придут к взаимному соглашению об иных способах урегулирования спора, передаваться, по требованию любой из спорящих сторон, в Комиссию в составе одного представителя от каждой из сторон и третьего члена, выбранного по взаимному соглашению двух сторон из граждан третьих стран. Если двум сторонам не удастся в месячный срок притти к соглашению относительно назначения третьего члена, то любая из них может обратиться к Генеральному Секретарю Объединенных Наций с просьбой произвести это назначение.

2. Решение большинства членов Комиссии будет являться решением Комиссии и должно приниматься сторонами как окончательное и обязательное.

Статья 41.

1. Любой член Организации Объединенных Наций, не являющийся стороной, подписавшей настоящий Договор, и находящийся в состоянии войны с Венгрией, может присоединиться к этому Договору и после присоединения будет для целей Договора считаться одной из Соединенных Держав.

2. Акты присоединения будут сданы на хранение Правительству Союза Советских Социалистических Республик и будут иметь силу со дня сдачи.

Статья 42.

Настоящий Договор, русский и английский тексты которого являются аутентичными, будет ратифицирован Союзными и Соединенными Державами. Договор должен быть также ратифицирован Венгрией. Договор вступит в силу немедленно после сдачи ратификационных грамот Союзом Советских Социалистических Республик, Соединенным Королевством Великобритании и Северной Ир-

ландии и Соединенными Штатами Америки. Ратификационные грамоты будут в кратчайший срок сданы на хранение Правительству Союза Советских Социалистических Республик.

ПРИЛОЖЕНИЕ IV.

Специальные постановления, относящиеся к некоторым видам собственности.

A. Промышленная, литературная и художественная собственность.

1. *a*) Союзным и Соединенным Державам и их гражданам должен быть предоставлен срок в один год со дня вступления в силу настоящего Договора для того, чтобы дать им возможность, без взимания с них дополнительных сборов или других штрафов любого рода, совершить все необходимые акты для приобретения или сохранения в Венгрии прав промышленной, литературной и художественной собственности, которые не могли быть совершены вследствие существования состояния войны.

b) Союзные и Соединенные Державы или их граждане, которые надлежащим образом сделали заявку на территории любой Союзной или Соединенной Державы о патенте или о регистрации образца не ранее, чем за 12 месяцев до возникновения войны с Венгрией или в течение войны, или о регистрации промышленного рисунка, или модели, или товарного знака не ранее, чем за 6 месяцев до возникновения войны с Венгрией или во время войны, будут иметь право в течение 12 месяцев со дня вступления в силу настоящего Договора сделать заявку о соответствующих правах в Венгрии вместе с правом приоритета, основанным на более ранней регистрации заявки на территории этой Союзной или Соединенной Державы.

c) Каждой из Союзных и Соединенных Держав и ее гражданам должен быть предоставлен срок в один год со дня вступления в силу настоящего Договора, в течение которого они могут возбуждать дело в Венгрии против тех физических или юридических лиц, в отношении которых утверждается, что они незаконно нарушили их права промышленной, литературной или художественной собственности между датой возникновения войны и датой вступления в силу настоящего Договора.

2. Период с момента возникновения войны до истечения 18 месяцев после вступления в силу настоящего Договора должен быть исключен при исчислении срока, в течение которого патент должен был быть осуществлен или рисунок или товарный знак — использован.

3. Период с момента возникновения войны до дня вступления в силу настоящего Договора должен быть исключен из нормального срока прав промышленной, литературной и художественной собственности, которые имели силу в Венгрии к моменту возникновения войны, или которые признаны или установлены на основании части А настоящего Приложения и которые принадлежат любой из Союзных и Соединенных Держав или ее гражданам. Поэтому нормальная продолжительность таких прав должна считаться автоматически продленной в Венгрии на дальнейший срок, соответствующий исключенному таким образом периоду.

4. Предшествующие положения, касающиеся прав в Венгрии Союзных и Соединенных Держав и их граждан, должны равным образом применяться в отношении прав Венгрии и ее граждан на территориях Союзных и Соединенных Держав. Однако, ничто в этих положениях не дает Венгрии или ее гражданам права на более благоприятный режим на территории какой-либо из Союзных и Соединенных Держав, чем тот, который предоставляется в подобных случаях этой Державой какой-либо другой из Объединенных Наций или ее гражданам. Венгрия не будет также обязана на основании этих положений предоставлять любой из Союзных и Соединенных Держав или ее гражданам более благоприятный режим, чем тот, которым пользуются на территории этой Державы Венгрия или ее граждане в вопросах, предусмотренных в предшествующих положениях

5. Третьим лицам на территориях любой из Союзных и Соединенных Держав или Венгрии, которые до дня вступления в силу настоящего Договора добросовестно приобрели права на промышленную, литературную или художественную собственность, находящиеся в противоречии с правами, восстановленными на основании части А настоящего Приложения, или в противоречии с правами, приобретенными на основании приоритета в силу этого же Приложения, или которые добросовестно изготовили, опубликовали, воспроизвели, использовали или продали предмет, к которому относятся эти права, будет разрешено, без всякой ответственности за нарушение, продолжать осуществлять такие права и продолжать или возобновить такое изготовление, публикацию, репродукцию, использование или продажу, которые были добросовестно приобретены или начаты. В Венгрии такое разрешение будет носить форму неисключительной лицензии, предоставляемой на условиях по взаимному соглашению сторон, а при отсутствии соглашения — на условиях, устанавливаемых Согласительной Комиссией, учрежденной на основании статьи 35 настоящего Договора. Однако, на территории каждой из Союзных и Соединенных Держав добросовестные третьи лица будут пользоваться такой защитой, какая предоставляется при аналогичных обстоятельствах добросовестным третьим

лицам, права которых находятся в противоречии с правами граждан других Союзных и Соединенных Держав.

6. Ничто в части А настоящего Приложения не должно толковаться как дающее Венгрии или ее гражданам право на какой-либо патент или образец на территории какой-либо из Союзных и Соединенных Держав в отношении изобретений, относящихся к любому предмету, поименованному в Приложении III к настоящему Договору, которые были сделаны или в отношении которых заявки были зарегистрированы Венгрией или любым из ее граждан в Венгрии, или на территории любой из держав оси, или на территории, которая была оккупирована вооруженными силами держав оси, в течение периода времени, когда данная территория находилась под контролем вооруженных сил или властей держав оси.

7. Венгрия равным образом распространит действие предыдущих положений настоящего Приложения на Францию и другие не являющиеся Союзными или Соединенными Державами Объединенные Нации, дипломатические отношения которых с Венгрией были порваны во время войны и которые обязуются предоставить Венгрии преимущества, предоставляемые Венгрии этими же положениями.

8. Ничто в части А настоящего Приложения не будет пониматься как противоречащее статьям 26, 29 и 31 настоящего Договора.

B. Страховое дело.

1. Никакие препятствия, кроме тех, которые вообще устанавливаются в отношении страховщиков, не должны ставиться к возобновлению страховщиками, являющимися гражданами Объединенных Наций, их бывших деловых портфелей.

2. Если страховщик из числа граждан любой из Объединенных Наций желает возобновить свою профессиональную деятельность в Венгрии и если будет установлено, что стоимость гарантийных депозитов или резервных фондов, требующихся в качестве условия для ведения дела в Венгрии, уменьшилась вследствие потери или обесценения ценных бумаг, из которых состояли эти депозиты или резервные фонды, Правительство Венгрии обязуется счи-

тать в течение 18 месяцев такие ценные бумаги, которые сохранились, удовлетворяющими предписаниям закона в отношении депозитов и резервных фондов.

ПРИЛОЖЕНИЕ V.

Контракты, сроки давности и ценные бумаги.

A. Контракты.

1. Всякий контракт, который для своего выполнения требовал установления сношений между любыми из его сторон, ставшими врагами, как это определено в части D настоящего Приложения, должен, при условии соблюдения исключений, изложенных в пунктах 2 и 3 ниже, считаться расторгнутым с того времени, когда любые из его сторон стали врагами. Такое расторжение, однако, не затрагивает положений статьи 31 настоящего Договора, и оно не должно освобождать ту или иную сторону контракта от обязательства вернуть суммы, полученные в качестве авансов или частичных платежей, в отношении которых такая сторона ничего не сделала взамен.

2. Несмотря на положения пункта 1 выше, не подлежат расторжению и, без ущерба для прав, изложенных в статье 29 настоящего Договора, остаются в силе такие части любого контракта, которые отделимы и не требовали для своего исполнения установления сношений между любыми из его сторон, ставшими врагами, как это определено в части D настоящего Приложения. Если положения того или иного контракта не могут быть таким образом отделены, контракт должен считаться полностью расторгнутым. Вышеизложенное имеет силу при условии применения внутренних законов, распоряжений или правил, изданных любой из Союзных и Соединенных Держав, имеющих юрисдикцию в отношении контракта или в отношении любой из его сторон, а также будет подчиняться условиям контракта.

3. Ничто в части A настоящего Приложения не должно рассматриваться как аннулирующее сделки, законно осуществленные в соответствии с контрактом между врагами, если они осуществле-

ны с разрешения Правительства любой из Союзных и Соединенных Держав.

4. Несмотря на вышеприведенные положения, контракты по страхованию и перестрахованию будут подчиняться отдельным соглашениям между Правительством заинтересованной Союзной или Соединенной Державы и Правительством Венгрии.

B. Сроки давности.

1. Все сроки давности или сроки ограничения права на иск или права принимать охранительные меры в отношениях, касающихся лиц или собственности и затрагивающих граждан Объединенных Наций и венгерских граждан, которые в силу состояния войны не могли предъявить иска или выполнить формальностей, необходимых для обеспечения своих прав, независимо от того, началось ли течение этих сроков до или после возникновения войны, будут считаться приостановленными на время войны на территории Венгрии, с одной стороны, и на территории тех из Объединенных Наций, которые предоставляют Венгрии на началах взаимности преимущества, предусматриваемые положениями настоящего пункта, — с другой. Течение приостановленных сроков давности возобновится со дня вступления в силу настоящего Договора. Положения настоящего пункта будут применимы в отношении сроков, установленных для предъявления процентных купонов или купонов на дивиденд или для предъявления к оплате ценных бумаг, вышедших в тираж или подлежащих оплате на каком-либо другом основании.

2. В тех случаях, когда вследствие невыполнения какого-либо акта или какой-либо формальности во время войны были приняты исполнительные меры на венгерской территории в ущерб тому или иному гражданину любой из Объединенных Наций, Правительство Венгрии восстановит права, которым был нанесен ущерб. Если такое восстановление является несправедливым или невозможным, Правительство Венгрии примет меры к тому, чтобы гражданину Объединенных Наций было предоставлено такое пособие, которое может оказаться справедливым при этих обстоятельствах.

C. Ценные бумаги.

1. В отношениях между врагами ни одна ценная бумага, составленная до войны, не будет рассматриваться как утратившая силу только потому, что эта бумага не была в установленные сроки предъявлена для акцепта или оплаты, или не было сделано уведомление составителю, или лицу, учинившему передаточную надпись, об отказе от акцепта или платежа, или она не была опротестована, или же потому, что не была выполнена какая-либо формальность во время войны.

2. В тех случаях, когда срок, установленный для того, чтобы ценная бумага была предъявлена для акцепта или оплаты, или срок, в который уведомление об отказе от акцепта или платежа должно было быть сделано составителю или лицу, учинившему передаточную надпись, или в течение которого документ должен был быть опротестован, истек во время войны, а сторона, которая должна была предъявить или опротестовать документ или уведомить об отказе от акцепта или платежа, не сделала этого во время войны, ей будет предоставлен срок не менее трех месяцев, считая со дня вступления в силу настоящего Договора, в течение которого может быть сделано предъявление, уведомление об отказе от акцепта или платежа или опротестование.

3. Если какое-либо лицо до или во время войны вступило в обязательство по какой-либо ценной бумаге в связи с обязательством, выданным ему лицом, ставшим в дальнейшем врагом, то последнее остается обязанным предоставить первому возмещение в отношении этого обязательства, независимо от возникновения войны.

D. Особые постановления.

1. Для целей настоящего Приложения физические или юридические лица будут рассматриваться как враги с того дня, когда торговля между ними стала незаконной на основании законов, распоряжений или правил, действию которых такие лица или контракты подлежали.

2. Принимая во внимание особенности правовой системы Соединенных Штатов Америки, постановления настоящего Приложения не будут применяться в отношениях между Соединенными Штатами Америки и Венгрией.

ПРИЛОЖЕНИЕ VI.

Судебные решения.

Правительство Венгрии предпримет необходимые меры для того, чтобы дать гражданам любой из Объединенных Наций возможность в любое время в течение одного года со дня вступления в силу настоящего Договора передать соответствующим венгерским властям для пересмотра любое судебное решение, вынесенное венгерским судом между 10 апреля 1941 года и днем вступления в силу настоящего Договора при любом судебном разбирательстве, в котором гражданин Объединенных Наций не смог в достаточной мере изложить свое дело в качестве истца или ответчика. Правительство Венгрии должно предусмотреть, чтобы в тех случаях, когда гражданин Объединенных Наций потерпел ущерб в силу любого такого судебного решения, он был бы восстановлен в том положении, в котором он находился до вынесения этого судебного решения, или чтобы ему было предоставлено такое пособие, которое может оказаться справедливым при этих обстоятельствах. Выражение «граждане Объединенных Наций» включает корпорации или ассоциации, организованные или учрежденные на основании законов любой из Объединенных Наций.

and Hungary, of the other part;

Whereas Hungary, having become an ally of Hitlerite Germany and having participated on her side in the war against the Union of Soviet Socialist Republics, the United Kingdom, the United States of America and other United Nations, bears her share of responsibility for this war;

Whereas the Allied and Associated Powers and Hungary are desirous of concluding a treaty of peace, which, conforming to the principles of justice, will settle questions still outstanding as a result of the events hereinbefore recited and form the basis of friendly relations between them, thereby enabling the Allied and Associated Powers to support Hungary's application to become a member of the United Nations and also to adhere to any Convention concluded under the auspices of the United Nations;

Have therefore agreed to declare the cessation of the state of war and for this purpose to conclude the present Treaty of Peace, and have accordingly appointed the undersigned Plenipotentiaries who, after presentation of their full powers, found in good and due form, have agreed on the following provisions:

(c) Hungary shall cede to Czechoslovakia the villages of Horvathjarfalu, Oroszvar and Dunacsun, together with their cadastral territory as indicated on Map No. IA [1] annexed to the present Treaty. (d) The exact line of the new frontier between Hungary and Czechoslovakia laid down in the preceding sub-paragraph shall be determined on the spot by a boundary Commission composed of the representatives of the two Governments concerned. The Commission shall complete its work within two months from the coming into force of the present Treaty.

(e) In the event of a bilateral agreement not being concluded between Hungary and Czechoslovakia concerning the transfer to Hungary of the population of the ceded area, Czechoslovakia guarantees them full human and civic rights. All the guarantees and prerogatives stipulated in the Czechoslovak-Hungarian Agreement of February 27, 1946, on the exchange of populations will be applicable to those who voluntarily leave the area ceded to Czechoslovakia.

1. Excess war material of Allied origin shall be placed at the disposal of the Allied or Associated Power concerned according to the instructions given by that Power. 2. War material of German origin or design in excess of that required for the armed forces permitted under the present Treaty shall be placed at the disposal of the Three Governments. Hungary shall not acquire or manufacture any war material of German origin or design, or employ or train any technicians, including military and civil aviation personnel, who are or have been nationals of Germany.

Article 22

1. Upon the coming into force of the present Treaty, all Allied forces shall, within a period of 90 days, be withdrawn from Hungary, subject to the right of the Soviet Union to keep on Hungarian territory such armed forces as it may need for the maintenance of the lines of communication of the Soviet Army with the Soviet zone of occupation in Austria.

2. All unused Hungarian currency and all Hungarian goods in possession of the Allied forces in Hungary, acquired pursuant to Article 11 of the Armistice Agreement, shall be returned to the Hungarian Government within the same period of 90 days.

3. Hungary shall, however, make available such maintenance and facilities as may specifically be required for the maintenance of the lines of communication with the Soviet zone of occupation in Austria, for which due compensation will be made to the Hungarian Government.

PART V

REPARATION AND RESTITUTION

Article 23

1. Losses caused to the Soviet Union, Czechoslovakia and Yugoslavia by military operations and by the occupation by Hungary of the territories of these States shall be made good by Hungary to the Soviet Union, Czechoslovakia and Yugoslavia, but, taking into consideration that Hungary has not only withdrawn from the war against the United Nations, but has also declared war on Germany, the Parties agree that compensation for the above losses will be made by Hungary not in full but only in part, namely in the amount of $300,000,000 payable over eight years from January 20, 1945, in commodities (machine equipment, river craft, grain and other commodities), the sum to be paid to the Soviet Union to amount to $200,000,000, and the sum to be paid to Czechoslovakia and Yugoslavia to amount to $100,000,000.

2. The basis of calculation for the settlement provided in this Article will be the United States dollar at its gold parity on the day of the signing of the Armistice Agreement, i.e. $35 for one ounce of gold.

Article 24

1. Hungary accepts the principles of the United Nations Declaration of January 5, 1943, and shall return, in the shortest possible time, property removed from the territory of any of the United Nations.

2. The obligation to make restitution applies to all identifiable property at present in Hungary which was removed by force or duress by any of the Axis Powers from the territory of any of the United Nations, irrespective of any subsequent transactions by which the present holder of any such property has secured possession.

3. If, in particular cases, it is impossible for Hungary to make restitution of objects of artistic, historic or archaeological value, belonging to the cultural heritage of the United Nation from whose territory such objects were removed by force or duress by Hungarian forces, authorities or nationals, Hungary shall transfer to the United Nation concerned objects of the same kind as, and of approximately equivalent value to, the objects removed, in so far as such objects are obtainable in Hungary.

4. The Hungarian Government shall return the property referred to in this Article in good order and, in this connection, shall bear all costs in Hungary relating to labour, materials and transport.

5. The Hungarian Government shall co-operate with the United Nations in, and shall provide at its own expense all necessary facilities for, the search for and restitution of property liable to restitution under this Article.

6. The Hungarian Government shall take the necessary measures to effect the return of property covered by this Article held in any third country by persons subject to Hungarian jurisdiction.

7. Claims for the restitution of property shall be presented to the Hungarian Government by the Government of the country from whose territory the property was removed, it being understood that rolling stock shall be regarded as having been removed from the territory to which it originally belonged. The period during which such claims may be presented shall be six months from the coming into force of the present Treaty.

8. The burden of identifying the property and of proving ownership shall rest on the claimant Government, and the burden of proving that the property was not removed by force or duress shall rest on the Hungarian Government.

Article 25

The annulment of the Vienna Award of November 2, 1938, as provided in Article 1, paragraph 4, of the present Treaty, shall entail the annulment

of the agreements, as well as the legal consequences ensuing therefrom, relating to matters of finance and public and private insurance, concluded between or on behalf of the two States concerned or between Czechoslovak and Hungarian juridical persons on the basis of the Vienna Award and in respect of the material handed over in accordance with the Protocol of May 22, 1940. This annulment shall not apply in any way to relations between physical persons. The details of the above-mentioned settlement shall be arranged by bilateral agreements between the Governments concerned, within a period of six months from the coming into force of the present Treaty.

PART VI

ECONOMIC CLAUSES

Article 26

1. In so far as Hungary has not already done so, Hungary shall restore all legal rights and interests in Hungary of the United Nations and their nationals as they existed on September 1, 1939, and shall return all property in Hungary of the United Nations and their nationals as it now exists.

2. The Hungarian Government undertakes that all property, rights and interests passing under this Article shall be restored free of all encumbrances and charges of any kind to which they may have become subject as a result of the war and without the imposition of any charges by the Hungarian Government in connection with their return. The Hungarian Government shall nullify all measures, including seizures, sequestration or control, taken by it against United Nations property between September 1, 1939, and the coming into force of the present Treaty. In cases where the property has not been returned within six months from the coming into force of the present Treaty, application shall be made to the Hungarian authorities not later than twelve months from the coming into force of the Treaty, except in cases in which the claimant is able to show that he could not file his application within this period.

3. The Hungarian Government shall invalidate transfers involving property, rights and interests of any description belonging to United Nations

nationals, where such transfers resulted from force or duress exerted by Axis Governments or their agencies during the war.

In the case of Czechoslovak nationals, this paragraph shall also include transfers after November 2, 1938, which resulted from force or duress or from measures taken under discriminatory internal legislation by the Hungarian Government or its agencies in Czechoslovak territory annexed by Hungary.

4. *(a)* The Hungarian Government shall be responsible for the restoration to complete good order of the property returned to United Nations nationals under paragraph 1 of this Article. In cases where property cannot be returned or where, as a result of the war, a United Nations national has suffered a loss by reason of injury or damage to property in Hungary, he shall receive from the Hungarian Government compensation in Hungarian currency to the extent of two-thirds of the sum necessary, at the date of payment, to purchase similar property or to make good the loss suffered. In no event shall United Nations nationals receive less favourable treatment with respect to compensation than that accorded to Hungarian nationals.

(b) United Nations nationals who hold, directly or indirectly, ownership interests in corporations or associations which are not United Nations nationals within the meaning of paragraph 9 *(a)* of this Article, but which have suffered a loss by reason of injury or damage to property in Hungary, shall receive compensation in accordance with sub-paragraph *(a)* above. This compensation shall be calculated on the basis of the total loss or damage suffered by the corporation or association and shall bear the same proportion to such loss or damage as the beneficial interests of such nationals in the corporation or association bear to the total capital thereof.

(c) Compensation shall be paid free of any levies, taxes or other charges. It shall be freely usable in Hungary but shall be subject to the foreign exchange control regulations which may be in force in Hungary from time to time.

(d) The Hungarian Government shall accord to United Nations nationals the same treatment in the allocation of materials for the repair or rehabilitation of their property in Hungary and in the allocation of foreign exchange for the importation of such materials as applies to Hungarian nationals.

(e) The Hungarian Government shall grant United Nations nationals an indemnity in Hungarian currency at the same rate as provided in sub-paragraph *(a)* above to compensate them for the loss or damage due to special measures applied to their property during the war, and which were not applicable to Hungarian property. This sub-paragraph does not apply to a loss of profit.

5. The provisions of paragraph 4 of this Article shall apply to Hungary in so far as the action which may give rise to a claim for damage to property in Northern Transylvania belonging to the United Nations or their nationals took place during the period when this territory was subject to Hungarian authority.

6. All reasonable expenses incurred in Hungary in establishing claims, including the assessment of loss or damage, shall be borne by the Hungarian Government.

7. United Nations nationals and their property shall be exempted from any exceptional taxes, levies or imposts imposed on their capital assets in Hungary by the Hungarian Government or any Hungarian authority between the date of the Armistice and the coming into force of the present Treaty for the specific purpose of meeting charges arising out of the war or of meeting the costs of occupying forces or of reparation payable to any of the United Nations. Any sums which have been so paid shall be refunded.

8. The owner of the property concerned and the Hungarian Government may agree upon arrangements in lieu of the provisions of this Article.

9. As used in this Article:

(a) "United Nations nationals" means individuals who are nationals of any of the United Nations, or corporations or associations organised under the laws of any of the United Nations, at the coming into force of the present Treaty, provided that the said individuals, corporations or associations also had this status at the date of the Armistice with Hungary.

The term "United Nations nationals" also includes all individuals, corporations or associations which, under the laws in force in Hungary during the war, have been treated as enemy;

(b) "Owner" means the United Nation, or the United Nations national as defined in sub-paragraph *(a)* above, entitled to the property in question,

and includes a successor of the owner, provided that the successor is also a United Nation, or a United Nations national as defined in sub-paragraph *(a)*. If the successor has purchased the property in its damaged state, the transferor shall retain his rights to compensation under this Article, without prejudice to obligations between the transferor and the purchaser under domestic law;

(c) "Property" means all movable or immovable property, whether tangible or intangible, including industrial, literary and artistic property, as well as all rights or interests of any kind in property.

10. The Hungarian Government recognizes that the Brioni Agreement of August 10, 1942, is null and void. It undertakes to participate with the other signatories of the Rome Agreement of May 29, 1923, [1] in any negotiations having the purpose of introducing into its provisions the modifications necessary to ensure the equitable settlement of the annuities which it provides.

Article 27

1. Hungary undertakes that in all cases where the property, legal rights or interests in Hungary of persons under Hungarian jurisdiction have, since September 1, 1939, been the subject of measures of sequestration, confiscation or control on account of the racial origin or religion of such persons, the said property, legal rights and interests shall be restored together with their accessories or, if restoration is impossible, that fair compensation shall be made therefor.

2. All property, rights and interests in Hungary of persons, organisations or communities which, individually or as members of groups, were the object of racial, religious or other Fascist measures of persecution, and remaining heirless or unclaimed for six months after the coming into force of the present Treaty, shall be transferred by the Hungarian Government to organisations in Hungary representative of such persons, organisations or communities. The property transferred shall be used by such organisations for purposes of relief and rehabilitation of surviving members of such groups, organisations and communities in Hungary. Such transfer shall be effected within twelve months from the coming into force of the Treaty, and shall include property, rights and interests required to be restored under paragraph 1 of this Article.

[1] [The correct date of the Rome Agreement is Mar. 29, 1923.]

Article 28

Hungary recognizes that the Soviet Union is entitled to all German assets in Hungary transferred to the Soviet Union by the Control Council for Germany and undertakes to take all necessary measures to facilitate such transfers.

Article 29

1. Each of the Allied and Associated Powers shall have the right to seize, retain, liquidate or take any other action with respect to all property, rights and interests which at the coming into force of the present Treaty are within its territory and belong to Hungary or to Hungarian nationals, and to apply such property or the proceeds thereof to such purposes as it may desire, within the limits of its claims and those of its nationals against Hungary or Hungarian nationals, including debts, other than claims fully satisfied under other Articles of the present Treaty. All Hungarian property, or the proceeds thereof, in excess of the amount of such claims, shall be returned.

2. The liquidation and disposition of Hungarian property shall be carried out in accordance with the law of the Allied or Associated Power concerned. The Hungarian owner shall have no rights with respect to such property except those which may be given him by that law.

3. The Hungarian Government undertakes to compensate Hungarian nationals whose property is taken under this Article and not returned to them.

4. No obligation is created by this Article on any Allied or Associated Power to return industrial property to the Hungarian Government or Hungarian nationals, or to include such property in determining the amounts which may be retained under paragraph 1 of this Article. The Government of each of the Allied and Associated Powers shall have the right to impose such limitations, conditions and restrictions on rights or interests with respect to industrial property in the territory of that Allied or Associated Power, acquired prior to the coming into force of the present Treaty by the Government or nationals of Hungary, as may be deemed by the Government of the Allied or Associated Power to be necessary in the national interest.

5. The property covered by paragraph 1 of this Article shall be deemed to include Hungarian property which has been subject to control

by reason of a state of war existing between Hungary and the Allied or Associated Power having jurisdiction over the property, but shall not include:

(a) Property of the Hungarian Government used for consular or diplomatic purposes;

(b) Property belonging to religious bodies or private charitable institutions and used for religious or charitable purposes;

(c) Property of natural persons who are Hungarian nationals permitted to reside within the territory of the country in which the property is located or to reside elsewhere in United Nations territory, other than Hungarian property which at any time during the war was subjected to measures not generally applicable to the property of Hungarian nationals resident in the same territory;

(d) Property rights arising since the resumption of trade and financial relations between the Allied and Associated Powers and Hungary, or arising out of transactions between the Government of any Allied or Associated Power and Hungary since January 20, 1945;

(e) Literary and artistic property rights.

Article 30

1. From the coming into force of the present Treaty, property in Germany of Hungary and of Hungarian nationals shall no longer be treated as enemy property and all restrictions based on such treatment shall be removed.

2. Identifiable property of Hungary and of Hungarian nationals removed by force or duress from Hungarian territory to Germany by German forces or authorities after January 20, 1945, shall be eligible for restitution.

3. The restoration and restitution of Hungarian property in Germany shall be effected in accordance with measures which will be determined by the Powers in occupation of Germany.

4. Without prejudice to these and to any other dispositions in favour of Hungary and Hungarian nationals by the Powers occupying Germany, Hungary waives on its own behalf and on behalf of Hungarian nationals all claims against Germany and German nationals outstanding on May 8, 1945,

except those arising out of contracts and other obligations entered into, and rights acquired, before September 1, 1939. This waiver shall be deemed to include debts, all inter-governmental claims in respect of arrangements entered into in the course of the war and all claims for loss or damage arising during the war.

Article 31

1. The existence of the state of war shall not, in itself, be regarded as affecting the obligation to pay pecuniary debts arising out of obligations and contracts which existed, and rights which were acquired, before the existence of the state of war, which became payable prior to the coming into force of the present Treaty, and which are due by the Government or nationals of Hungary to the Government or nationals of one of the Allied and Associated Powers or are due by the Government or nationals of one of the Allied and Associated Powers to the Government or nationals of Hungary.

2. Except as otherwise expressly provided in the present Treaty, nothing therein shall be construed as impairing debtor-creditor relationships arising out of pre-war contracts concluded either by the Government or nationals of Hungary.

Article 32

1. Hungary waives all claims of any description against the Allied and Associated Powers on behalf of the Hungarian Government or Hungarian nationals arising directly out of the war or out of actions taken because of the existence of a state of war in Europe after September 1, 1939, whether or not the Allied or Associated Power was at war with Hungary at the time, including the following:

(a) Claims for losses or damages sustained as a consequence of acts of forces or authorities of Allied or Associated Powers;

(b) Claims arising from the presence, operations or actions of forces or authorities of Allied or Associated Powers in Hungarian territory;

(c) Claims with respect to the decrees or orders of Prize Courts of Allied or Associated Powers, Hungary agreeing to accept as valid and binding all decrees and orders of such Prize Courts on or after September 1, 1939, concerning Hungarian ships or Hungarian goods or the payment of costs;

(d) Claims arising out of the exercise or purported exercise of belligerent rights.

2. The provisions of this Article shall bar, completely and finally, all claims of the nature referred to herein, which will be henceforward extinguished, whoever may be the parties in interest. The Hungarian Government agrees to make equitable compensation in Hungarian currency to persons who furnished supplies or services on requisition to the forces of Allied or Associated Powers in Hungarian territory and in satisfaction of non-combat damage claims against the forces of Allied or Associated Powers arising in Hungarian territory.

3. Hungary likewise waives all claims of the nature covered by paragraph 1 of this Article on behalf of the Hungarian Government or Hungarian nationals against any of the United Nations whose diplomatic relations with Hungary were broken off during the war and which took action in co-operation with the Allied and Associated Powers.

4. The Hungarian Government shall assume full responsibility for all Allied military currency issued in Hungary by the Allied military authorities, including all such currency in circulation at the coming into force of the present Treaty.

5. The waiver of claims by Hungary under paragraph 1 of this Article includes any claims arising out of actions taken by any of the Allied and Associated Powers with respect to Hungarian ships between September 1, 1939, and the coming into force of the present Treaty, as well as any claims and debts arising out of the Conventions on prisoners of war now in force.

Article 33

1. Pending the conclusion of commercial treaties or agreements between individual United Nations and Hungary, the Hungarian Government shall, during a period of eighteen months from the coming into force of the present Treaty, grant the following treatment to each of the United Nations which, in fact, reciprocally grants similar treatment in like matters to Hungary:

(a) In all that concerns duties and charges on importation or exportation, the internal taxation of imported goods and all regulations pertaining thereto, the United Nations shall be granted unconditional most-favoured-nation treatment;

(b) In all other respects, Hungary shall make no arbitrary discrimination against goods originating in or destined for any territory of any of the United Nations as compared with like goods originating in or destined for territory of any other of the United Nations or of any other foreign country;

(c) United Nations nationals, including juridical persons, shall be granted national and most-favoured-nation treatment in all matters pertaining to commerce, industry, shipping and other forms of business activity within Hungary. These provisions shall not apply to commercial aviation;

(d) Hungary shall grant no exclusive or discriminatory right to any country with regard to the operation of commercial aircraft in international traffic, shall afford all the United Nations equality of opportunity in obtaining international commercial aviation rights in Hungarian territory, including the right to land for refueling and repair, and, with regard to the operation of commercial aircraft in international traffic, shall grant on a reciprocal and non-discriminatory basis to all United Nations the right to fly over Hungarian territory without landing. These provisions shall not affect the interests of the national defence of Hungary.

2. The foregoing undertakings by Hungary shall be understood to be subject to the exceptions customarily included in commercial treaties concluded by Hungary before the war, and the provisions with respect to reciprocity granted by each of the United Nations shall be understood to be subject to the exceptions customarily included in the commercial treaties concluded by that State.

Article 34

Hungary shall facilitate as far as possible railway traffic in transit through its territory at reasonable rates and shall negotiate with neighbouring States all reciprocal agreements necessary for this purpose.

Article 35

1. Any disputes which may arise in connection with Articles 24, 25 and 26 and Annexes IV, V and VI of the present Treaty shall be referred to a Conciliation Commission composed of an equal number of representatives of the United Nations Government concerned and of the Hungarian Government. If agreement has not been reached within three months of the

dispute having been referred to the Conciliation Commission, either Government may require the addition of a third member to the Commission, and failing agreement between the two Governments on the selection of this member, the Secretary-General of the United Nations may be requested by either party to make the appointment.

2. The decision of the majority of the members of the Commission shall be the decision of the Commission and shall be accepted by the parties as definitive and binding.

Article 36

Articles 24, 26, 33 and Annex VI of the present Treaty shall apply to the Allied and Associated Powers and France and to those of the United Nations whose diplomatic relations with Hungary have been broken off during the war.

Article 37

The provisions of Annexes IV, V and VI shall, as in the case of the other Annexes, have force and effect as integral parts of the present Treaty.

PART VII

Should the two parties fail to agree within a period of one month upon the appointment of the third member, the Secretary-General of the United Nations may be requested by either party to make the appointment.

Special Provisions Relating to Certain Kinds of Property

A. INDUSTRIAL, LITERARY AND ARTISTIC PROPERTY

1. *(a)* A period of one year from the coming into force of the present Treaty shall be accorded to the Allied and Associated Powers and their nationals without extension fees or other penalty of any sort in order to enable them to accomplish all necessary acts for the obtaining or preserving in Hungary of rights in industrial, literary and artistic property which were not capable of accomplishment owing to the existence of a state of war.

(b) Allied and Associated Powers or their nationals who had duly applied in the territory of any Allied or Associated Power for a patent or registration of a utility model not earlier than twelve months before the outbreak of the war with Hungary or during the war, or for the registration of an industrial design or model or trade mark not earlier than six months before the outbreak of the war with Hungary or during the war, shall be entitled within twelve months after the coming into force of the present

Treaty to apply for corresponding rights in Hungary, with a right of priority based upon the previous filing of the application in the territory of that Allied or Associated Power.

(c) Each of the Allied and Associated Powers and its nationals shall be accorded a period of one year from the coming into force of the present Treaty during which they may institute proceedings in Hungary against those natural or juridical persons who are alleged illegally to have infringed their rights in industrial, literary or artistic property between the date of the outbreak of the war and the coming into force of the Treaty.

2. A period from the outbreak of the war until a date eighteen months after the coming into force of the present Treaty shall be excluded in determining the time within which a patent must be worked or a design or trade mark used.

3. The period from the outbreak of the war until the coming into force of the present Treaty shall be excluded from the normal term of rights in industrial, literary and artistic property which were in force in Hungary at the outbreak of the war or which are recognized or established under part A of this Annex and belong to any of the Allied and Associated Powers or their nationals. Consequently, the normal duration of such rights shall be deemed to be automatically extended in Hungary for a further term corresponding to the period so excluded.

4. The foregoing provisions concerning the rights in Hungary of the Allied and Associated Powers and their nationals shall apply equally to the rights in the territories of the Allied and Associated Powers of Hungary and its nationals. Nothing, however, in these provisions shall entitle Hungary or its nationals to more favourable treatment in the territory of any of the Allied and Associated Powers than is accorded by such Power in like cases to other United Nations or their nationals, nor shall Hungary be thereby required to accord to any of the Allied and Associated Powers or its nationals more favourable treatment than Hungary or its nationals receive in the territory of such Power in regard to the matters dealt with in the foregoing provisions.

5. Third parties in the territories of any of the Allied and Associated Powers or Hungary who, before the coming into force of the present Treaty,

had bona fide acquired industrial, literary or artistic property rights conflicting with rights restored under part A of this Annex or with rights obtained with the priority provided thereunder, or had bona fide manufactured, published, reproduced, used or sold the subject matter of such rights, shall be permitted, without any liability for infringement, to continue to exercise such rights and to continue or to resume such manufacture, publication, reproduction, use or sale which had been bona fide acquired or commenced. In Hungary, such permission shall take the form of a non-exclusive license granted on terms and conditions to be mutually agreed by the parties thereto or, in default of agreement, to be fixed by the Conciliation Commission established under Article 35 of the present Treaty. In the territories of each of the Allied and Associated Powers, however, bona fide third parties shall receive such protection as is accorded under similar circumstances to bona fide third parties whose rights are in conflict with those of the nationals of other Allied and Associated Powers.

6. Nothing in part A of this Annex shall be construed to entitle Hungary or its nationals to any patent or utility model rights in the territory of any of the Allied and Associated Powers with respect to inventions, relating to any article listed by name in Annex III of the present Treaty, made, or upon which applications were filed, by Hungary, or any of its nationals, in Hungary or in the territory of any other of the Axis Powers, or in any territory occupied by the Axis forces, during the time when such territory was under the control of the forces or authorities of the Axis Powers.

7. Hungary shall likewise extend the benefits of the foregoing provisions of this Annex to France, and to other United Nations which are not Allied or Associated Powers, whose diplomatic relations with Hungary have been broken off during the war and which undertake to extend to Hungary the benefits accorded to Hungary under the said provisions.

8. Nothing in part A of this Annex shall be understood to conflict with Articles 26, 29 and 31 of the present Treaty.

B. INSURANCE

1. No obstacles, other than any applicable to insurers generally, shall be placed in the way of the resumption by insurers who are United Nations nationals of their former portfolios of business.

2. Should an insurer, who is a national of any of the United Nations, wish to resume his professional activities in Hungary, and should the value of the guarantee deposits or reserves required to be held as a condition of carrying on business in Hungary be found to have decreased as a result of the loss or depreciation of the securities which constituted such deposits or reserves, the Hungarian Government undertakes to accept, for a period of eighteen months, such securities as still remain as fulfilling any legal requirements in respect of deposits and reserves.

ANNEX V

Contracts, Prescription and Negotiable Instruments

A. CONTRACTS

1. Any contract which required for its execution intercourse between any of the parties thereto having become enemies as defined in part D of this Annex, shall, subject to the exceptions set out in paragraphs 2 and 3 below, be deemed to have been dissolved as from the time when any of the parties thereto became enemies. Such dissolution, however, is without prejudice to the provisions of Article 31 of the present Treaty, nor shall it relieve any party to the contract from the obligation to repay amounts received as advances or as payments on account and in respect of which such party has not rendered performance in return.

2. Notwithstanding the provisions of paragraph 1 above, there shall be excepted from dissolution and, without prejudice to the rights contained in Article 29 of the present Treaty, there shall remain in force such parts of any contract as are severable and did not require for their execution intercourse between any of the parties thereto, having become enemies as defined in part D of this Annex. Where the provisions of any contract are not so severable, the contract shall be deemed to have been dissolved in its entirety. The foregoing shall be subject to the application of domestic laws, orders or regulations made by any of the Allied and Associated Powers having jurisdiction over the contract or over any of the parties thereto and shall be subject to the terms of the contract.

3. Nothing in part A of this Annex shall be deemed to invalidate transactions lawfully carried out in accordance with a contract between enemies

if they have been carried out with the authorization of the Government of one of the Allied and Associated Powers.

4. Notwithstanding the foregoing provisions, contracts of insurance and re-insurance shall be subject to separate agreements between the Government of the Allied or Associated Power concerned and the Government of Hungary.

B. PERIODS OF PRESCRIPTION

1. All periods of prescription or limitation of right of action or of the right to take conservatory measures in respect of relations affecting persons or property, involving United Nations nationals and Hungarian nationals who, by reason of the state of war, were unable to take judicial action or to comply with the formalities necessary to safeguard their rights, irrespective of whether these periods commenced before or after the outbreak of war, shall be regarded as having been suspended, for the duration of the war, in Hungarian territory on the one hand, and on the other hand in the territory of those United Nations which grant to Hungary, on a reciprocal basis, the benefit of the provisions of this paragraph. These periods shall begin to run again on the coming into force of the present Treaty. The provisions of this paragraph shall be applicable in regard to the periods fixed for the presentation of interest or dividend coupons or for the presentation for payment of securities drawn for repayment or repayable on any other ground.

2. Where, on account of failure to perform any act or to comply with any formality during the war, measures of execution have been taken in Hungarian territory to the prejudice of a national of one of the United Nations, the Hungarian Government shall restore the rights which have been detrimentally affected. If such restoration is impossible or would be inequitable, the Hungarian Government shall provide that the United Nations national shall be afforded such relief as may be just and equitable in the circumstances.

C. NEGOTIABLE INSTRUMENTS

1. As between enemies, no negotiable instrument made before the war shall be deemed to have become invalid by reason only of failure within the required time to present the instrument for acceptance or pay-

ment, or to give notice of non-acceptance or non-payment to drawers or endorsers, or to protest the instrument, nor by reason of failure to complete any formality during the war.

2. Where the period within which a negotiable instrument should have been presented for acceptance or for payment, or within which notice of non-acceptance or non-payment should have been given to the drawer or endorser, or within which the instrument should have been protested, has elapsed during the war, and the party who should have presented or protested the instrument or have given notice of non-acceptance or non-payment has failed to do so during the war, a period of not less than three months from the coming into force of the present Treaty shall be allowed within which presentation, notice of non-acceptance or non-payment, or protest may be made.

3. If a person has, either before or during the war, incurred obligations under a negotiable instrument in consequence of an undertaking given to him by a person who has subsequently become an enemy, the latter shall remain liable to indemnify the former in respect of these obligations, notwithstanding the outbreak of war.

D. Special Provisions

1. For the purposes of this Annex, natural or juridical persons shall be regarded as enemies from the date when trading between them shall have become unlawful under laws, orders or regulations to which such persons or the contracts were subject.

2. Having regard to the legal system of the United States of America, the provisions of this Annex shall not apply as between the United States of America and Hungary.

ANNEX VI

Judgments

The Hungarian Government shall take the necessary measures to enable nationals of any of the United Nations at any time within one year from the coming into force of the present Treaty to submit to the appropriate

Hungarian authorities for review any judgment given by a Hungarian court between April 10, 1941, and the coming into force of the present Treaty in any proceeding in which the United Nations national was unable to make adequate presentation of his case either as plaintiff or defendant. The Hungarian Government shall provide that, where the United Nations national has suffered injury by reason of any such judgment, he shall be restored in the position in which he was before the judgment was given or shall be afforded such relief as may be just and equitable in the circumstances. The term "United Nations nationals" includes corporations or associations organised or constituted under the laws of any of the United Nations.

TRAITE DE PAIX

HONGRIE

1947

95347°—49—PT. II——75

Les Etats-Unis d'Amérique, le Royaume-Uni de Grande-Bretagne et d'Irlande du Nord, l'Union des Républiques Soviétiques Socialistes, l'Australie, la République Soviétique Socialiste de Biélorussie, le Canada, l'Inde, la Nouvelle-Zélande, la Tchécoslovaquie, la République Soviétique Socialiste d'Ukraine, l'Union Sud-Africaine et la République Fédérative Populaire de Yougoslavie, en tant qu'Etats en guerre avec la Hongrie et qui ont participé activement à la lutte contre les Etats européens ennemis avec des forces militaires importantes, désignés ci-après sous le nom de "Puissances Alliées et Associées," d'une part,

et la Hongrie, d'autre part;

Considérant que la Hongrie, qui a conclu une alliance avec l'Allemagne hitlérienne et a participé à ses côtés à la guerre contre les Etats-Unis d'Amérique, le Royaume-Uni, l'Union des Républiques Soviétiques Socialistes et d'autres Nations Unies, porte sa part de responsabilité dans cette guerre;

Considérant toutefois que, le 28 décembre 1944, la Hongrie a rompu les relations avec l'Allemagne, qu'elle a déclaré la guerre à ce pays et que le 20 janvier 1945, elle a conclu un armistice avec les Gouvernements des Etats-Unis d'Amérique, du Royaume-Uni et de l'Union des Républiques Soviétiques Socialistes, agissant au nom de toutes les Nations Unies qui étaient en guerre avec la Hongrie;

Considérant que les Puissances Alliées et Associées et la Hongrie sont désireuses de conclure un traité de paix qui règle, en conformité avec les principes de justice, les questions demeurant en suspens à la suite des événements ci-dessus rappelés et qui forme la base de relations amicales entre elles, permettant ainsi aux Puissances Alliées et Associées d'appuyer les demandes que la Hongrie présentera pour devenir membre de l'Organisation des Nations Unies et pour adhérer à toute convention conclue sous les auspices des Nations Unies;

Pour ces motifs, ont décidé de proclamer la cessation de l'état de guerre et de conclure à cet effet le présent Traité de Paix et ont, à ces fins, désigné les Plénipotentiaires soussignés, lesquels, après présentation de leurs pleins pouvoirs, reconnus en bonne et due forme, sont convenus des articles suivants:

PARTIE I

FRONTIERES DE LA HONGRIE

Article 1

1. Les frontières de la Hongrie avec l'Autriche et la Yougoslavie seront celles qui existaient au 1er janvier 1938.

2. Les décisions de la Sentence de Vienne du 30 août 1940 sont déclarées nulles et non avenues. La frontière entre la Hongrie et la Roumanie, telle qu'elle existait au 1er janvier 1938, est rétablie par la présente disposition.

3. La frontière entre la Hongrie et l'Union des Républiques Soviétiques Socialistes, du point de jonction de la frontière de ces deux Etats et de la Roumanie au point de jonction de la frontière de ces deux Etats et de la Tchécoslovaquie, suit l'ancienne frontière entre la Tchécoslovaquie et la Hongrie telle qu'elle existait au 1er janvier 1938.

4. *(a)* Les décisions de la Sentence de Vienne du 2 novembre 1938 sont déclarées nulles et non avenues.

(b) La frontière entre la Hongrie et la Tchécoslovaquie depuis le point de jonction de la frontière de ces deux Etats avec la frontière autrichienne jusqu'au point de jonction de la frontière de ces deux Etats avec la frontière de l'Union des Républiques Soviétiques Socialistes, est rétablie par la présente disposition, telle qu'elle existait au 1er janvier 1938, sous réserve de la modification résultant des dispositions de l'alinéa suivant:

(c) La Hongrie cède à Tchécoslovaquie les villages de Horvathjarfalu, Oroszvar et Dunacsun, avec leur territoire cadastral tel qu'il est indiqué sur la carte N° 1 *(a)* jointe au présent Traité. En conséquence, la frontière tchécoslovaque sera dans ce secteur fixée comme suit: à partir du point de jonction des frontières autrichienne, hongroise et tchécoslovaque, telles qu'elles existaient au 1er janvier 1938, la frontière austro-hongroise actuelle deviendra la frontière entre l'Autriche et la Tchécoslovaquie jusqu'en un point situé approximativement à 0,5 Km au sud de la cote 135 (3,5 Km au nord-ouest de l'église de Rajka) ce point devenant désormais le point de jonction des frontières des trois pays précités; de là, la nouvelle frontière entre la Tchécoslovaquie et la Hongrie se dirigera vers l'est en suivant

la limite cadastrale nord du village de Rajka jusqu'à la rive droite du Danube, en un point situé à 2 Km environ au nord de la cote 128 (3,5 Km à l'est de l'église de Rajka), point où la nouvelle frontière rejoindra, dans le chenal principal de navigation du Danube, la frontière hungaro-tchécoslovaque telle qu'elle existait au 1er janvier 1938; l'écluse et le passe-déversoir situés dans les limites du village de Rajka demeureront en territoire hongrois.

(d) Le tracé exact de la nouvelle frontière entre la Hongrie et la Tchécoslovaquie, définie à l'alinéa précédent, sera déterminé sur le terrain par une commission de délimitation composée de représentants des deux Gouvernements intéressés. La commission devra terminer ses travaux dans un délai de deux mois à partir de l'entrée en vigueur du présent Traité.

(e) Au cas où il ne serait pas conclu d'accord bilatéral entre la Tchécoslovaquie et la Hongrie au sujet du transfert en Hongrie de la population du territoire cédé, la Tchécoslovaquie garantira à celle-ci la pleine jouissance des droits de l'homme et du citoyen. Toutes les garanties et prérogatives stipulées dans l'accord hungaro-tchécoslovaque du 27 février 1946 relatif à l'échange des populations, seront applicables aux personnes qui quitteront de leur plein gré le territoire cédé à la Tchécoslovaquie.

3. Tout désaccord concernant l'application des dispositions des paragraphes 1 et 2 du présent article sera soumis, par tout Gouvernement intéressé aux Chefs des missions diplomatiques à Budapest des Etats-Unis d'Amérique, du Royaume-Uni et de l'Union Soviétique, qui se mettront d'accord sur le point soulevé.

(b) pour l'aviation, y compris les avions de réserve, 90 avions dont 70 au maximum pourront être des avions de combat, et un effectif total de 5.000 hommes. La Hongrie ne devra ni posséder ni acquérir d'avions conçus essentiellement comme bombardiers et comportant des dispositifs intérieurs pour le transport des bombes.

Ces effectifs comprendront dans chaque cas le personnel de commandement, les unités combattantes et les services.

Article 13

Le personnel de l'armée et de l'aviation hongroises en excédent des effectifs autorisés dans chaque cas aux termes de l'article 12, sera licencié dans un délai de six mois à partir de la date d'entrée en vigueur du présent Traité.

Article 14

Aucune forme d'instruction militaire ou aérienne, au sens de l'annexe II, ne sera donnée aux personnes ne faisant pas partie de l'armée ou de l'aviation hongroise.

Article 15

La Hongrie ne possédera, ne fabriquera ni n'expérimentera aucune arme atomique, aucun projectile automoteur ou dirigé, ni aucun dispositif employé pour le lancement de ces projectiles (autre que les torpilles ou dispositifs de lancement de torpilles faisant partie de l'armement normal des navires autorisés par le présent Traité), aucune mine marine ou torpille fonctionnant par un mécanisme à influence, aucune torpille humaine, aucun sous-marin ou autre bâtiment submersible, aucune vedette lance-torpilles, ni aucun type spécialisé de bâtiment d'assaut.

Article 16

La Hongrie ne devra pas conserver, fabriquer ou acquérir par tout autre moyen, de matériel de guerre en excédent de ce qui est nécessaire au maintien des forces armées autorisées par l'article 12 du présent Traité, ni laisser subsister de facilités pour la production de ce matériel de guerre.

Article 17

1. Le matériel de guerre de provenance alliée en excédent sera mis à la disposition de la Puissance Alliée ou Associée intéressée, conformément aux instructions qui seront données par celle-ci; le matériel de guerre hongrois en excédent sera mis à la disposition des Gouvernements des Etats-Unis d'Amérique, du Royaume-Uni et de l'Union Soviétique. La Hongrie renoncera à tous droits sur ce matériel.

2. Le matériel de guerre de provenance allemande ou construit sur des plans allemands, en excédent de celui qui est nécessaire aux forces armées autorisées par le présent Traité, sera mis à la disposition des trois Gouvernements. La Hongrie n'acquerra ni ne fabriquera aucun matériel de guerre de provenance allemande ou construit sur des plans allemands; elle n'emploiera ni n'instruira aucun technicien, y compris le personnel de l'aviation militaire ou civile, qui soit ou ait été ressortissant allemand.

3. Le matériel de guerre en excédent mentionné aux paragraphes 1 et 2 du présent article sera livré ou détruit dans un délai d'un an à partir de la date d'entrée en vigueur du présent Traité.

4. La définition et la liste du matériel de guerre aux fins du présent Traité figurent à l'annexe III.

Article 18

La Hongrie s'engage à apporter son entière collaboration aux Puissances Alliées et Associées en vue de mettre l'Allemagne dans l'impossibilité de prendre hors du territoire allemand des mesures tendant à son réarmement.

Article 19

La Hongrie s'engage à n'acquérir ou fabriquer aucun avion civil de modèle allemand ou japonais ou comportant des éléments importants de fabrication ou de conception allemande ou japonaise.

Article 20

Chacune des clauses militaires et aériennes du présent Traité demeurera en vigueur aussi longtemps qu'elle n'aura pas été modifiée, entièrement ou partiellement, par accord entre les Puissances Alliées et Associées et

la Hongrie, ou, après que la Hongrie sera devenue membre de l'Organisation des Nations Unies, par accord entre le Conseil de Sécurité et la Hongrie.

SECTION II

Article 21

1. Les prisonniers de guerre hongrois seront rapatriés aussitôt que possible conformément aux arrangements conclus entre chacune des Puissances qui détiennent ces prisonniers, et la Hongrie.

2. Tous les frais, y compris les frais de subsistance, entraînés par le transfert des prisonniers de guerre hongrois, depuis leurs centres de rapatriement respectifs, choisis par le Gouvernement de la Puissance Alliée ou Associée intéressée jusqu'au lieu d'entrée sur le territoire hongrois, seront à la charge du Gouvernement hongrois.

PARTIE IV

RETRAIT DES FORCES ALLIEES

Article 22

1. Toutes les forces armées alliées seront retirées de Hongrie dans un délai de quatre-vingt-dix jours à compter de l'entrée en vigueur du présent Traité, l'Union Soviétique se réservant le droit de conserver en territoire hongrois les forces armées qui pourront lui être nécessaires pour le maintien des lignes de communication de l'Armée Soviétique avec la zone soviétique d'occupation en Autriche.

2. Toutes les devises hongroises non employées et tous les biens hongrois qui sont en la possession des armées alliées sur le territoire hongrois et qui ont été acquis en application de l'article 11 de la Convention d'Armistice seront restitués au Gouvernement hongrois dans le même délai de quatre-vingt-dix jours.

3. Toutefois, la Hongrie fournira tous les approvisionnements et facilités qui pourront être particulièrement nécessaires au maintien des lignes de communication avec la zone soviétique d'occupation en Autriche, prestations pour lesquelles le Gouvernement hongrois sera dûment indemnisé.

PARTIE V

REPARATIONS ET RESTITUTIONS

Article 23

1. La Hongrie indemnisera l'Union Soviétique, la Tchécoslovaquie et la Yougoslavie des pertes causées du fait des opérations militaires et de l'occupation par la Hongrie du territoire de ces Etats; toutefois, tenant compte du fait que la Hongrie, non seulement s'est retirée de la guerre contre les Nations Unies, mais encore a déclaré la guerre à l'Allemagne, les Parties Contractantes conviennent que la Hongrie les indemnisera des pertes indiquées ci-dessus, non en totalité, mais seulement en partie, à savoir jusqu'à concurrence d'un montant de 300.000.000 de dollars des Etats-Unis payables en huit ans, à dater du 20 janvier 1945, en nature (outillage mécanique, navires fluviaux, céréales et autres marchandises), la somme à payer à l'Union Soviétique s'élevant à 200.000.000 de dollars des Etats-Unis et la somme payable à la Tchécoslovaquie et à la Yougoslavie à un montant de 100.000.000 de dollars des Etats-Unis.

2. La base de calcul pour le règlement prévu dans le présent article sera le dollar des Etats-Unis à sa parité or à la date de la signature de la Convention d'Armistice, soit 35 dollars pour une once d'or.

Article 24

1. La Hongrie accepte les principes de la Déclaration des Nations Unies du 5 janvier 1943, et restituera dans le plus bref délai possible les biens enlevés du territoire de l'une quelconque des Nations Unies.

2. L'obligation de restituer s'applique à tous les biens identifiables se trouvant actuellement en Hongrie et qui ont été enlevés, par force ou par contrainte, du territoire de l'une des Nations Unies par l'une des Puissances de l'Axe, quelles qu'aient été les transactions ultérieures par lesquelles le détenteur actuel de ces biens s'en est assuré la possession.

3. Si, dans des cas particuliers, il est impossible à la Hongrie d'effectuer la restitution d'objets présentant un intérêt artistique, historique ou archéologique, et qui font partie du patrimoine culturel de la Nation Unie du territoire de laquelle ces objets ont été enlevés par les armées, les autorités ou les ressortissants hongrois, usant de la force ou de la contrainte, la Hongrie s'engage à remettre à la Nation Unie intéressée des objets de

même nature et d'une valeur sensiblement équivalente à celle des objets enlevés, dans la mesure où il est possible de s'en procurer en Hongrie.

4. Le Gouvernement hongrois restituera en bon état les biens visés dans le présent article et prendra à sa charge tous les frais de main d'oeuvre, de matériaux et de transport engagés à cet effet en Hongrie.

5. Le Gouvernement hongrois coopérera avec les Nations Unies à la recherche et à la restitution des biens soumis à restitution aux termes du présent article et il fournira à ses frais toutes les facilités nécessaires.

6. Le Gouvernement hongrois prendra les mesures nécessaires pour restituer les biens visés dans le présent article, qui sont détenus dans un tiers pays par des personnes relevant de la juridiction hongroise.

7. La demande de restitution d'un bien sera présentée au Gouvernement hongrois par le Gouvernement du pays du territoire duquel le bien a été enlevé, étant entendu que le matériel roulant sera considéré comme ayant été enlevé du territoire auquel il appartenait à l'origine. Les demandes devront être présentées dans un délai de six mois à partir de l'entrée en vigueur du présent Traité.

8. Il incombera au Gouvernement requérant d'identifier le bien et d'en prouver la propriété et au Gouvernement hongrois d'apporter la preuve que le bien n'a pas été enlevé par force ou par contrainte.

Article 25

L'annulation de la Sentence de Vienne du 2 novembre 1938, prévue au paragraphe 4 de l'article 1 du présent Traité, entraînera de plein droit l'annulation des accords conclus en vertu de cette Sentence en matière de finances et d'assurances publiques et privées entre la Tchécoslovaquie et la Hongrie ou au nom de ces deux Etats, ou entre des personnes morales tchécoslovaques et hongroises, ainsi que l'annulation des conséquences légales de ces accords. De la même façon se trouve annulé le protocole du 22 mai 1940 concernant la livraison à la Hongrie de certaines catégories de matériel. Cette annulation ne s'appliquera en aucune façon aux relations entre personnes physiques. Les détails du règlement ci-dessus mentionné feront l'objet d'accords bilatéraux, qui devront être conclus par les Gouvernements intéressés dans les six mois qui suivront l'entrée en vigueur du présent Traité.

PARTIE VI

CLAUSES ECONOMIQUES

Article 26

1. Pour autant qu'elle ne l'a pas déjà fait, la Hongrie rétablira tous les droits et intérêts légaux en Hongrie des Nations Unies et de leurs ressortissants, tels qu'ils existaient au 1er septembre 1939 et restituera à ces Nations Unies et à leurs ressortissants tous les biens leur appartenant en Hongrie, dans l'état où ils se trouvent actuellement.

2. Le Gouvernement hongrois restituera tous les biens, droits et intérêts visés au présent article, libres de toutes hypothèques et charges quelconques dont ils auraient pu être grevés du fait de la guerre, et sans que cette restitution donne lieu à la perception d'aucune somme de la part du Gouvernement hongrois. Le Gouvernement hongrois annulera toutes mesures, y compris les mesures de saisie, de séquestre ou de contrôle, prises par lui à l'égard des biens des Nations Unies entre le 1er septembre 1939 et la date d'entrée en vigueur du présent Traité. Dans le cas où le bien n'aurait pas été restitué dans les six mois à compter de la date d'entrée en vigueur du présent Traité, la demande devra être présentée aux autorités hongroises dans un délai maximum de douze mois à compter de cette même date, sauf dans les cas où le demandeur serait en mesure d'établir qu'il lui a été impossible de présenter sa demande dans ce délai.

3. Le Gouvernement hongrois annulera les transferts portant sur des biens, droits et intérêts de toute nature appartenant à des ressortissants des Nations Unies, lorsque ces transferts résultent de mesures de force ou de contrainte prises au cours de la guerre par les Gouvernements des Puissances de l'Axe ou par leurs organes.

En ce qui concerne les ressortissants tchécoslovaques, ce paragraphe s'appliquera également aux transferts effectués après le 2 novembre 1938, par force ou par contrainte, ou par suite de mesures prises en vertu d'une législation présentant un caractère de discrimination par le Gouvernement hongrois ou ses organes en territoire tchécoslovaque annexé par la Hongrie.

4. *(a)* Le Gouvernement hongrois sera responsable de la remise en parfait état des biens restitués à des ressortissants des Nations Unies en

vertu du paragraphe 1 du présent article. Lorsqu'un bien ne pourra être restitué ou que, du fait de la guerre, le ressortissant d'une Nation Unie aura subi une perte par suite d'une atteinte ou d'un dommage causé à un bien en Hongrie, le Gouvernement hongrois indemnisera le propriétaire en versant une somme en monnaie légale hongroise jusqu'à concurrence des deux tiers de la somme nécessaire, à la date du paiement, pour permettre au bénéficiaire, soit d'acheter un bien équivalent, soit de compenser la perte ou le dommage subi. En aucun cas, les ressortissants des Nations Unies ne devront être l'objet d'un traitement moins favorable en matière d'indemnité que le traitement accordé aux ressortissants hongrois.

(b) Les ressortissants des Nations Unies qui détiennent directement ou indirectement des parts d'intérêts dans des sociétés ou associations qui ne possèdent pas la nationalité des Nations Unies au sens du paragraphe 9 *(a)* du présent article, mais qui ont subi une perte par suite d'atteintes ou de dommages causés à leurs biens en Hongrie recevront une indemnité conformément à l'alinéa *(a)* ci-dessus. Cette indemnité sera calculée en fonction de la perte ou du dommage total subi par la société ou l'association, et son montant par rapport au total de la perte ou du dommage subi aura la même proportion que la part d'intérêts détenue par lesdits ressortissants par rapport au capital global de la société ou association en question.

(c) L'indemnité sera versée, nette de tous prélèvements, impôts ou autres charges. Elle pourra être librement employée en Hongrie, mais sera soumise aux règlements relatifs au contrôle des changes qui pourront, à un moment donné, être en vigueur en Hongrie.

(d) Le Gouvernement hongrois accordera aux ressortissants des Nations Unies le même traitement qu'aux ressortissants hongrois, en ce qui concerne l'attribution des matériaux pour la réparation ou la remise en état de leurs biens en Hongrie, ainsi qu'en ce qui concerne l'attribution de devises étrangères en vue de l'importation de tels matériaux.

(e) Le Gouvernement hongrois accordera aux ressortissants des Nations Unies une indemnité en monnaie légale hongroise dans la même proportion que celle qui est prévue à l'alinéa *(a)* ci-dessus, pour compenser la perte ou les dommages qui résultent de mesures spéciales prises pendant

la guerre à l'encontre de leurs biens et qui ne visaient pas les biens hongrois. Cet alinéa ne s'applique pas à un manque à gagner.

5. Les dispositions du paragraphe 4 du présent article s'appliqueront à la Hongrie dans les cas où les mesures qui peuvent donner lieu à une demande de compensation pour les dommages causés à des biens situés en Transylvanie du Nord et appartenant aux Nations Unies ou à leurs ressortissants auront été prises pendant la période où ce territoire était soumis à la domination hongroise.

6. Tous les frais raisonnables auxquels donnera lieu, en Hongrie, l'établissement des demandes, y compris l'évaluation des pertes et des dommages, seront à la charge du Gouvernement hongrois.

7. Les ressortissants des Nations Unies ainsi que leurs biens seront exemptés de tous impôts, contributions ou taxes exceptionnels, auxquels le Gouvernement hongrois ou une autorité hongroise quelconque auraient soumis leurs avoirs en capital en Hongrie entre la date de l'Armistice et la date d'entrée en vigueur du présent Traité, en vue de couvrir les dépenses résultant de la guerre ou celles qui ont été entraînées par l'entretien des forces d'occupation ou par les réparations à payer à l'une des Nations Unies. Toutes les sommes qui auraient été ainsi perçues seront remboursées.

8. Le propriétaire des biens en question et le Gouvernement hongrois pourront conclure des arrangements qui se substitueront aux dispositions du présent article.

9. Aux fins du présent article:

(a) L'expression "ressortissants des Nations Unies" s'applique aux personnes physiques qui sont ressortissants de l'une quelconque des Nations Unies, ainsi qu'aux sociétés ou associations constituées sous le régime des lois de l'une des Nations Unies lors de l'entrée en vigueur du présent Traité, à condition que lesdites personnes physiques, sociétés ou associations aient déjà possédé ce statut à la date de l'armistice avec la Hongrie.

L'expression "ressortissants des Nations Unies" comprend également toutes les personnes physiques et les sociétés ou associations qui, aux termes de la législation en vigueur en Hongrie pendant la guerre, ont été traitées comme ennemis.

(b) Le terme "propriétaire" désigne soit un Etat membre des Nations Unies, soit le ressortissant d'une des Nations Unies tel qu'il est défini à l'alinéa *(a)* ci-dessus, qui a un titre légitime au bien en question, et s'applique au successeur du propriétaire, à condition que ce successeur soit aussi, soit un Etat membre des Nations Unies, soit un ressortissant d'une des Nations Unies au sens de l'alinéa *(a)*. Si le successeur a acheté le bien lorsque celui-ci était déjà endommagé, le vendeur conservera ses droits à l'indemnisation résultant du présent article, sans que les obligations existant entre le vendeur et l'acquéreur en vertu de la législation interne en soient affectées.

(c) Le terme "biens" désigne tous les biens mobiliers ou immobiliers, corporels ou incorporels, y compris les droits de propriété industrielle, littéraire et artistique, ainsi que tous droits ou intérêts de nature quelconque dans des biens.

10. Le Gouvernement hongrois reconnaît que l'accord de Brioni, en date du 10 août 1942, est nul et non avenu. Il s'engage à participer, avec les autres signataires de l'accord de Rome, en date du 29 mai 1923, à toutes négociations ayant pour objet d'introduire dans ses dispositions, les modifications nécessaires en vue d'assurer un règlement équitable des annuités qu'il prévoit.

Article 27

1. La Hongrie prend l'engagement, dans tous les cas où les biens, les droits ou intérêts légaux en Hongrie des personnes se trouvant sous la juridiction hongroise depuis le 1er septembre 1939, ont fait l'objet de mesures de séquestre, de saisie ou d'administration forcée en raison de l'origine raciale ou de la religion de ces personnes, de restituer lesdits biens, et de rétablir lesdits droits et intérêts légaux, ainsi que les droits qui s'y rattachent ou, si cette restitution ou ce rétablissement sont impossibles, de fournir à cet égard une compensation équitable.

2. Tous les biens, droits et intérêts en Hongrie de personnes, d'organisations ou de communautés qui, individuellement ou collectivement, ont été l'objet de mesures de persécution, pour un motif racial ou religieux ou pour tout autre motif d'inspiration fasciste, et qui, pendant une période de six mois à partir de la date d'entrée en vigueur du présent Traité sont restés en deshérence ou n'ont fait l'objet d'aucune revendication, seront transférés

par le Gouvernement hongrois aux organisations qui représentent en Hongrie lesdites personnes, organisations ou communautés. Les biens transférés seront employés par ces organisations à l'assistance et au relèvement des membres survivants de ces groupes, organisations et communautés en Hongrie. Ces transferts seront effectués dans un délai de douze mois à partir de la date d'entrée en vigueur du Traité et porteront également sur les biens qui doivent être restitués et sur les droits et intérêts qui doivent être rétablis aux termes du paragraphe 1 du présent article.

Article 28

La Hongrie reconnait que l'Union Soviétique a droit à tous les avoirs allemands en Hongrie transférés à l'Union Soviétique par le Conseil de Contrôle en Allemagne et elle s'engage à prendre toutes les mesures nécessaires pour faciliter ces transferts.

Article 29

1. Chacune des Puissances Alliées ou Associées aura le droit de saisir, retenir ou liquider tous les biens, droits et intérêts qui, à la date d'entrée en vigueur du présent Traité, se trouvent sur son territoire et appartiennent à la Hongrie ou à des ressortissants hongrois, et de prendre toute autre disposition en ce qui concerne ces biens, droits et intérêts. Elle aura également le droit d'employer ces biens ou le produit de leur liquidation à telles fins qu'elle pourra désirer, à concurrence du montant de ses réclamations et de celles de ses ressortissants contre la Hongrie ou les ressortissants hongrois (y compris les créances), qui n'auront pas été entièrement réglées en vertu d'autres articles du présent Traité. Tous les biens hongrois ou le produit de leur liquidation, en excédent du montant desdites réclamations, seront restitués.

2. La liquidation des biens hongrois et les mesures de disposition dont ils feront l'objet devront s'effectuer conformément à la législation de la Puissance Alliée ou Associée intéressée. En ce qui concerne lesdits biens, le propriétaire hongrois n'aura pas d'autres droits que ceux que peut lui conférer la législation en question.

3. Le Gouvernement hongrois s'engage à indemniser les ressortissants hongrois dont les biens seront saisis en vertu du présent article et auxquels ces biens ne seront pas restitués.

4. Il ne résulte du présent article aucune obligation, pour l'une quelconque des Puissances Alliées ou Associées, de restituer au Gouvernement ou aux ressortissants hongrois des droits de propriété industrielle, ni de faire entrer ces droits dans le calcul des sommes qui pourront être retenues en vertu du paragraphe 1 du présent article. Le Gouvernement de chacune des Puissances Alliées ou Associées aura le droit d'imposer aux droits ou intérêts afférents à la propriété industrielle sur le territoire de cette Puissance Alliée ou Associée, acquis par le Gouvernement hongrois ou ses ressortissants avant l'entrée en vigueur du présent Traité, telles limitations, conditions ou restrictions que le gouvernement de la Puissance Alliée ou Associée intéressée pourra considérer comme nécessaires dans l'intérêt national.

5. Les biens visés au paragraphe 1 du présent article seront considérés comme comprenant les biens hongrois qui ont fait l'objet de mesures de contrôle en raison de l'état de guerre existant entre la Hongrie et la Puissance Alliée ou Associée dans la juridiction de laquelle les biens sont situés, mais ne comprendront pas:

(a) les biens du Gouvernement hongrois utilisés pour les besoins des missions diplomatiques ou consulaires;

(b) les biens appartenant à des institutions religieuses ou à des institutions philanthropiques privées et servant à des fins religieuses ou philanthropiques;

(c) les biens des personnes physiques qui sont des ressortissants hongrois et sont autorisées à résider, soit sur le territoire du pays où sont situés ces biens, soit sur le territoire de l'une quelconque des Nations Unies, autres que les biens hongrois qui, à un moment quelconque au cours de la guerre, ont fait l'objet de mesures qui ne s'appliquaient pas d'une manière générale aux biens des ressortissants hongrois résidant sur le territoire en question;

(d) les droits de propriété nés depuis la reprise des relations commerciales et financières entre les Puissances Alliées et Associées et la Hongrie, ou nés de transactions entre le Gouvernement d'une Puissance Alliée ou Associée et la Hongrie depuis le 20 janvier 1945;

(e) les droits de propriété littéraire et artistique.

Article 30

1. A dater de l'entrée en vigueur du présent Traité, les biens, en Allemagne, de l'Etat et des ressortissants hongrois ne seront plus considérés comme biens ennemis et toutes les restrictions résultant de leur caractère ennemi seront levées.

2. Les biens identifiables de l'Etat et des ressortissants hongrois que les forces armées ou les autorités allemandes ont enlevés, par force ou par contrainte, du territoire hongrois, et emportés en Allemagne après le 20 janvier 1945 donneront lieu à restitution.

3. Le rétablisement des droits de propriété ainsi que la restitution des biens hongrois en Allemagne seront effectués conformément aux mesures qui seront arrêtées par les Puissances occupant l'Allemagne.

4. Sans préjudice de ces dispositions et de toutes autres qui seraient prises en faveur de la Hongrie et des ressortissants hongrois par les Puissances occupant l'Allemagne, la Hongrie renonce, en son nom et au nom des ressortissants hongrois, à toutes réclamations contre l'Allemagne et les ressortissants allemands qui n'étaient pas réglées au 8 mai 1945, à l'exception de celles qui résultent de contrats et d'autres obligations qui étaient en vigueur ainsi que de droits qui étaient acquis avant le 1er septembre 1939. Cette renonciation sera considérée comme s'appliquant aux créances, à toutes les réclamations de caractère intergouvernemental relatives à des accords conclus au cours de la guerre et à toutes les réclamations portant sur des pertes ou des dommages survenus pendant la guerre.

Article 31

1. L'existence de l'état de guerre ne doit pas être considérée en soi comme affectant l'obligation d'acquitter les dettes pécuniaires résultant d'obligations et de contrats qui étaient en vigueur et de droits qui étaient acquis avant l'existence de l'état de guerre, dettes qui étaient devenues exigibles avant l'entrée en vigueur du présent Traité et qui sont dues, soit par le Gouvernement ou les ressortissants hongrois au Gouvernement ou aux ressortissants de l'une des Puissances Alliées ou Associées, soit par le Gouvernement ou les ressortissants d'une des Puissances Alliées ou Associées au Gouvernement ou aux ressortissants hongrois.

2. Sauf dispositions expressément contraires du présent Traité, aucune clause de ce Traité ne devra être interprétée comme affectant les rapports de débiteurs à créanciers résultant de contrats conclus avant la guerre soit par le Gouvernement soit par des ressortissants hongrois.

Article 32

1. La Hongrie renonce, au nom du Gouvernement hongrois et des ressortissants hongrois, à faire valoir contre les Puissances Alliées et Associées, toute réclamation de quelque nature que ce soit résultant directement de la guerre ou de mesures prises par suite de l'existence d'un état de guerre en Europe après le 1er septembre 1939, que la Puissance Alliée ou Associée intéressée ait été ou non en guerre avec la Hongrie à l'époque.

Sont incluses dans cette renonciation:

(a) les réclamations relatives à des pertes ou dommages subis par suite de l'action des forces armées ou des autorités de Puissances Alliées ou Associées;

(b) les réclamations résultant de la présence, des opérations ou de l'action des forces armées ou des autorités de Puissances Alliées ou Associées sur le territoire hongrois;

(c) les réclamations portant sur les décisions ou les ordonnances des tribunaux de prises de Puissances Alliées ou Associées, la Hongrie acceptant de reconnaître comme valides et comme ayant force exécutoire toutes les décisions et ordonnances desdits tribunaux de prises rendues au 1er septembre 1939 ou postérieurement à cette date et concernant les navires hongrois, les marchandises hongroises ou le paiement des frais;

(d) les réclamations résultant de l'exercice des droits de belligérance ou de mesures prises en vue de l'exercice de ces droits.

2. Les dispositions du présent article excluront complètement et définitivement toutes réclamations de la nature de celles qui y sont visées et qui seront dès lors éteintes, quelles que soient les parties intéressées. Le Gouvernement hongrois accepte de verser, en monnaie légale hongroise, une indemnité équitable pour satisfaire les réclamations des personnes qui ont fourni, sur réquisition, des marchandises ou des services aux forces armées de Puissances Alliées ou Associées sur le territoire hongrois, ainsi que les réclamations portées contre les forces armées de Puissances Alliées ou

Associées, relatives à des dommages causés sur le territoire hongrois et ne résultant pas de faits de guerre.

3. La Hongrie renonce également, au nom du Gouvernement hongrois et des ressortissants hongrois, à faire valoir des réclamations de la nature de celles qui sont visées au paragraphe 1 du présent article, contre l'une quelconque des Nations Unies dont les relations diplomatiques avec la Hongrie ont été rompues pendant la guerre et qui a pris des mesures en coopération avec les Puissances Alliées et Associées.

4. Le Gouvernement hongrois assumera la responsabilité de toute la monnaie militaire alliée émise en Hongrie par les autorités militaires alliées, y compris toute la monnaie de cette nature en circulation à la date d'entrée en vigueur du présent Traité.

5. La renonciation à laquelle la Hongrie souscrit aux termes du paragraphe 1 du présent article s'étend à toutes les réclamations portant sur les mesures prises par l'une quelconque des Puissances Alliées ou Associées à l'égard des navires hongrois entre le 1er septembre 1939 et la date d'entrée en vigueur du présent Traité, ainsi qu'à toutes les réclamations et créances résultant des conventions sur les prisonniers de guerre actuellement en vigueur.

Article 33

1. En attendant la conclusion de traités ou d'accords commerciaux entre l'une quelconque des Nations Unies et la Hongrie, le Gouvernement hongrois devra, pendant les dix-huit mois qui suivront la date d'entrée en vigueur du présent Traité, accorder à chacune des Nations Unies qui, en fait, accordent par voie de réciprocité un traitement analogue à la Hongrie dans ces domaines, le traitement suivant:

(a) Pour tout ce qui concerne les droits et redevances à l'importation ou à l'exportation, l'imposition à l'intérieur du pays des marchandises importées, et tous les règlements qui s'y rapportent, les Nations Unies bénéficieront de la clause inconditionnelle de la nation la plus favorisée;

(b) La Hongrie ne pratiquera, à tous autres égards, aucune discrimination arbitraire au détriment des marchandises en provenance ou à destination du territoire d'une Nation Unie par rapport aux marchandises analo-

gues en provenance ou à destination du territoire de toute autre Nation Unie ou de tout autre pays étranger;

(c) Les ressortissants des Nations Unies, y compris les personnes morales, bénéficieront du traitement national et de celui de la nation la plus favorisée pour tout ce qui a trait au commerce, à l'industrie, à la navigation et aux autres formes d'activité commerciale en Hongrie. Ces dispositions ne s'appliqueront pas à l'aviation commerciale;

(d) La Hongrie n'accordera à aucun pays de droit exclusif ou préférentiel en ce qui concerne l'exploitation des services aériens commerciaux pour les transports internationaux; elle offrira des conditions d'égalité à toutes les Nations Unies pour l'obtention de droits en matière de transports aériens commerciaux internationaux sur le territoire hongrois, y compris le droit d'atterrir à des fins de ravitaillement et de réparation et, en ce qui concerne l'exploitation des services aériens commerciaux pour les transports internationaux, elle accordera à toutes les Nations Unies, suivant le principe de la réciprocité et de la non-discrimination, le droit de survoler le territoire hongrois sans escale. Ces dispositions n'affecteront pas les intérêts de la défense nationale de la Hongrie.

2. Les engagements ci-dessus pris par la Hongrie doivent s'entendre sous réserve des exceptions usuelles des traités de commerce conclus par la Hongrie avant la guerre; les dispositions relatives à la réciprocité accordée par chacune des Nations Unies doivent s'entendre sous réserve des exceptions usuelles des traités de commerce conclus par celle-ci.

Article 34

La Hongrie facilitera, dans la mesure du possible, les transports ferroviaires en transit par son territoire, à des tarifs raisonnables, et se prêtera à la conclusion avec les Etats voisins sur une base de réciprocité, de tous accords nécessaires à cet effet.

Article 35

1. Tous les différends qui pourront s'élever à propos de l'application des articles 24, 25 et 26, ainsi que des annexes IV, V et VI du présent Traité, seront soumis à une commission de conciliation composée en nombre égal de représentants du Gouvernement de la Nation Unie intéressée et de représentants du Gouvernement hongrois. Si un règlement n'est pas

intervenu dans les trois mois qui suivront la date à laquelle le différend a été soumis à la commission de conciliation, l'un ou l'autre Gouvernement pourra demander l'adjonction à la commission d'un tiers membre; à défaut d'accord entre les deux Gouvernements sur le choix de ce membre, l'un ou l'autre d'entre eux pourra demander au Secrétaire Général des Nations Unies de procéder à cette désignation.

2. La décision de la majorité des membres de la commission sera considérée comme décision de la commission et acceptée par les parties comme définitive et obligatoire.

Article 36

Les articles 24, 26, 33 et l'annexe VI du présent Traité s'appliqueront aux Puissances Alliées et Associées et à la France, ainsi qu'à celles des Nations Unies dont les relations diplomatiques avec la Hongrie ont été rompues pendant la guerre.

Article 37

Les dispositions des annexes IV, V et VI ainsi que celles des autres annexes seront considérées comme faisant partie intégrante du présent Traité, et auront la même valeur et les mêmes effets.

PARTIE VII

CLAUSES RELATIVES AU DANUBE

Article 38

La navigation sur le Danube sera libre et ouverte aux ressortissants, aux bateaux marchands et aux marchandises de tous les Etats sur un pied d'égalité, en ce qui concerne les droits de port et les taxes sur la navigation, ainsi que les conditions auxquelles est soumise la navigation commerciale. Les dispositions ci-dessus ne seront pas applicables au trafic entre les ports d'un même Etat.

PARTIE VIII

CLAUSES FINALES

Article 39

1. Pendant une période qui n'excédera pas dix-huit mois à partir de l'entrée en vigueur du présent Traité, les Chefs des missions diplomatiques

à Budapest des Etats-Unis d'Amérique, du Royaume-Uni et de l'Union Soviétique, agissant de concert, représenteront les Puissances Alliées et Associées pour traiter avec le Gouvernement hongrois de toutes questions relatives à l'exécution et à l'interprétation du présent Traité.

2. Ces trois Chefs de Mission donneront au Gouvernement hongrois les conseils, avis techniques et éclaircissements qui pourront être nécessaires pour assurer l'exécution rapide et efficace du présent Traité, aussi bien dans sa lettre que dans son esprit.

3. Le Gouvernement hongrois fournira à ces trois Chefs de Mission toutes les informations nécessaires et toute l'aide dont ils pourront avoir besoin dans l'accomplissement des tâches qui leur sont dévolues par le présent Traité.

Article 40

1. A défaut d'accord dans un délai d'un mois entre les deux parties au sujet de la désignation de ce tiers membre, l'une ou l'autre partie pourra demander au Secrétaire Général des Nations Unies de procéder à cette désignation.

A. PROPRIÉTÉ INDUSTRIELLE, LITTÉRAIRE ET ARTISTIQUE

1. *(a)* Un délai d'un an à compter de la date d'entrée en vigueur du présent Traité sera accordé aux Puissances Alliées et Associées et à leurs ressortissants sans paiement de droits de prorogation ou autres sanctions quelconques, en vue de leur permettre d'accomplir tous les actes nécessaires pour l'obtention ou la conservation en Hongrie, des droits de propriété industrielle, littéraire ou artistique, qui n'ont pu être accomplis par suite de l'existence de l'état de guerre.

(b) Les Puissances Alliées et Associées ou leurs ressortissants qui auront fait, sur le territoire de l'une quelconque des Puissances Alliées ou Associées, une demande soit pour l'obtention d'un brevet ou l'enregistrement d'un modèle d'utilité au plus tôt douze mois avant l'ouverture des hostilités avec la Hongrie ou au cours de celles-ci, soit pour l'enregistrement d'un dessin industriel, d'un modèle ou d'une marque de fabrique au plus tôt six mois avant l'ouverture des hostilités avec la Hongrie ou au cours de celles-ci, auront le droit, pendant une période de douze mois à compter de la date d'entrée en vigueur du présent Traité, de demander des droits correspondants en Hongrie, avec un droit de priorité fondé sur le dépôt antérieur de leur demande sur le territoire de cette Puissance Alliée ou Associée.

(c) Il sera accordé à chacune des Puissances Alliées ou Associées et à ses ressortissants, à partir de la date d'entrée en vigueur du présent Traité, un délai d'un an pendant lequel ils pourront engager des poursuites en Hongrie contre les personnes physiques ou morales auxquelles serait imputé un empiétement illégal sur leurs droits de propriété industrielle, littéraire ou artistique entre la date de l'ouverture des hostilités et celle de l'entrée en vigueur du présent Traité.

2. Il ne sera pas tenu compte de la période comprise entre l'ouverture des hostilités et l'expiration du dix-huitième mois qui suivra la date d'entrée en vigueur du présent Traité, dans la détermination de la période pendant laquelle un brevet d'invention doit être exploité, ou pendant laquelle un modèle ou une marque de fabrique doit être utilisé.

3. Il ne sera pas tenu compte de la période comprise entre l'ouverture des hostilités et la date d'entrée en vigueur du présent Traité dans le calcul de la durée normale de validité des droits de propriété industrielle, littéraire et artistique qui étaient en vigueur en Hongrie à l'ouverture des hostilités ou qui seront reconnus ou établis dans les conditions prévues à la partie A de la présente annexe, et qui appartiennent à l'une des Puissances Alliées ou Associées ou à ses ressortissants. La durée normale de validité de ces droits sera, par conséquent, considérée comme automatiquement prolongée en Hongrie, d'une nouvelle période correspondant à celle qui aura été ainsi exclue du décompte.

4. Les dispositions précédentes concernant les droits en Hongrie des Puissances Alliées et Associées et de leurs ressortissants devront également s'appliquer aux droits de la Hongrie et de ses ressortissants dans les territoires des Puissances Alliées et Associées. Toutefois, aucune de ces dispositions ne donnera à la Hongrie ou à ses ressortissants droit à un traitement plus favorable sur le territoire de l'une des Puissances Alliées ou Associées, que celui qui est accordé, dans les mêmes cas, par cette Puissance à l'une quelconque des autres Nations Unies ou à ses ressortissants; la Hongrie ne sera pas non plus tenue, en vertu de ces dispositions, d'accorder à l'une des Puissances Alliées ou Associées ou à ses ressortissants, un traitement plus favorable que celui dont la Hongrie ou ses ressortissants bénéficient sur le territoire de cette Puissance relativement aux matières auxquelles s'appliquent les précédentes dispositions.

5. Les tiers résidant sur le territoire de l'une quelconque des Puissances Alliées ou Associées ou sur le territoire hongrois, qui, avant la date d'entrée en vigueur du présent Traité, ont acquis de bonne foi des droits de propriété industrielle, littéraire ou artistique, se trouvant en opposition avec des droits rétablis en vertu de la partie A de la présente annexe ou avec des droits obtenus grâce à la priorité qui leur est accordée en vertu des présentes dispositions, ou qui, de bonne foi, ont fabriqué, publié, reproduit, utilisé ou vendu l'objet de ces droits, seront autorisés à continuer d'exercer les droits qu'ils avaient acquis de bonne foi et à poursuivre ou reprendre la fabrication, la publication, la reproduction, l'utilisation ou la vente qu'ils avaient entreprises de bonne foi, sans s'exposer à des poursuites pour empiétement. L'autorisation sera donnée en

Hongrie, sous la forme d'une licence sans exclusivité, qui sera accordée à des conditions à fixer par entente entre les parties intéressées, ou, à défaut d'entente, par la commission de conciliation constituée en vertu de l'article 35 du présent Traité. Toutefois, dans les territoires de chacune des Puissances Alliées ou Associées, les tiers de bonne foi bénéficieront de la protection qui est accordée, dans les cas analogues, aux tiers de bonne foi dont les droits sont en opposition avec ceux de ressortissants des autres Puissances Alliées et Associées.

6. Aucune disposition de la partie A de la présente annexe ne devra être interprétée comme donnant à la Hongrie ou à ses ressortissants, sur le territoire de l'une quelconque des Puissances Alliées ou Associées, des droits à des brevets ou à des modèles d'utilité pour des inventions relatives à un article quelconque expressément désigné à l'annexe III du présent Traité, inventions qui ont été faites ou au sujet desquelles des demandes d'enregistrement ont été déposées par la Hongrie ou par l'un de ses ressortissants, en Hongrie ou sur le Territoire d'une autre Puissance de l'Axe ou sur un territoire occupé par les forces de l'Axe, pendant le temps où le territoire en question se trouvait sous le contrôle des forces ou des autorités des Puissances de l'Axe.

7. La Hongrie accordera également le bénéfice des dispositions précédentes de la présente annexe à la France, et aux autres Nations Unies qui ne sont pas des Puissances Alliées ou Associées, dont les relations diplomatiques avec la Hongrie ont été rompues pendant la guerre et qui s'engageront à accorder à la Hongrie les avantages conférés à ce pays en vertu desdites dispositions.

8. Aucune disposition de la partie A de la présente annexe ne doit s'entendre comme étant en contradiction avec les articles 26, 29 et 31 du présent Traité.

B. ASSURANCES

1. Exception faite des restrictions s'appliquant aux assureurs en général, il ne sera fait aucun obstacle à la reprise par les assureurs qui sont ressortissants des Nations Unies de leurs anciens portefeuilles.

2. Si un assureur, ressortissant d'une des Nations Unies, désire reprendre son activité professionnelle en Hongrie et si la valeur des dépôts de garantie ou des réserves exigées en Hongrie des entreprises d'assurances pour l'exercice de leur activité a diminué du fait de la perte ou de la dépréciation des titres qui les constituaient, le Gouvernement hongrois s'engage à accepter, pendant une période de dix-huit mois ce qu'il reste de ces titres comme satisfaisant entièrement aux prescriptions légales concernant les dépôts et les réserves.

ANNEXE V

Contrats, prescription, effets de commerce

A. CONTRATS

1. Sauf exceptions énoncées dans les paragraphes 2 et 3 ci-dessous, tout contrat ayant nécessité, pour son exécution, des rapports entre des parties qui sont devenues ennemies au sens de la partie D de la présente annexe, sera tenu pour résilié depuis le moment où l'une quelconque des parties est devenue un ennemi. Toutefois, cette résiliation s'entendra sans préjudice des dispositions de l'article 31 du présent Traité; elle ne relèvera pas non plus l'une quelconque des parties au contrat de l'obligation de reverser les sommes perçues à titre d'avances ou d'acomptes et pour lesquelles la partie intéressée n'a pas fourni de contre-partie.

2. Nonobstant les dispositions du paragraphe 1 ci-dessus, les stipulations de tout contrat qui pourront être dissociées et dont l'exécution ne nécessitait pas de rapports entre les parties qui sont devenues ennemies au sens de la partie D de la présente annexe, ne seront pas résiliées et demeureront en vigueur sans préjudice des droits énoncés à l'article 29 du présent Traité. Si les stipulations d'un contrat ne peuvent pas être ainsi dissociées, le contrat sera tenu comme étant intégralement résilié. Les dispositions qui précèdent s'entendent sous réserve de l'application des lois, ordonnances et règlements nationaux édictés par telle ou telle des Puissances Alliées ou Associées de la juridiction de laquelle relève le contrat ou l'une quelconque des parties au contrat et sous réserve des stipulations du contrat.

3. Aucune disposition de la partie A de la présente annexe ne sera considérée comme annulant les transactions légalement effectuées conformément à un contrat passé entre ennemis si ces transactions ont été exécutées avec l'autorisation du Gouvernement d'une des Puissances Alliées ou Associées.

4. Nonobstant les dispositions qui précèdent, les contrats d'assurance et de réassurance feront l'objet de conventions distinctes entre le Gouvernement de la Puissance Alliée ou Associée intéressée et le Gouvernement hongrois.

B. PRESCRIPTION

1. Tous les délais de prescription ou de limitation du droit d'engager ou de poursuivre une action judiciaire ou du droit de prendre des mesures conservatoires dans les rapports juridiques intéressant des personnes ou des biens, mettant en cause des ressortissants des Nations Unies et des ressortissants hongrois qui, en raison de l'état de guerre, n'ont pas pu engager ou poursuivre une action judiciaire, ou accomplir les formalités nécessaires pour sauvegarder leurs droits, que ces délais aient commencé à courir avant ou après l'ouverture des hostilités, seront considérés comme ayant été suspendus, pendant la durée de la guerre, sur le territoire hongrois d'une part, et sur le territoire de celles des Nations Unies qui, conformément au principe de la réciprocité, accordent à la Hongrie le bénéfice des dispositions du présent paragraphe, d'autre part. Ces délais commenceront à courir dès la date d'entrée en vigueur du présent Traité. Les dispositions du présent paragraphe s'appliqueront aux délais fixés pour le dépôt des coupons d'intérêts ou de dividendes ou pour le dépôt, en vue du remboursement, des valeurs sorties au tirage ou remboursables pour tout autre motif.

2. Lorsqu'en raison de l'inexécution d'un acte ou de l'omission d'une formalité quelconque pendant la guerre, des mesures d'exécution ont été prises sur le territoire hongrois au préjudice d'un ressortissant d'une Nation Unie, le Gouvernement hongrois rétablira les droits lésés. Si le rétablissement de ces droits est impossible ou devait être inéquitable, le Gouvernement hongrois fera le nécessaire pour que l'intéressé reçoive telle compensation qui, en l'occurrence paraîtra juste et équitable.

C. EFFETS DE COMMERCE

1. Dans les relations entre ennemis, aucun effet de commerce souscrit avant la guerre ne sera considéré comme n'étant plus valable pour la seule raison qu'il n'a pas été présenté à l'acceptation ou à l'encaissement dans les délais prescrits, ou que le tireur ou l'endosseur n'a pas été avisé dans ces délais que l'effet en question n'a pas été accepté ou payé, ou qu'il n'a pas été protesté dans lesdits délais, ou qu'une formalité quelconque a été omise pendant la guerre.

2. Si le délai au cours duquel un effet de commerce aurait dû être présenté à l'acceptation ou à l'encaissement, ou dans lequel un avis de non-acceptation ou de non-paiement aurait dû être donné au tireur ou à l'endosseur, ou durant lequel l'effet aurait dû être protesté, est arrivé à expiration pendant la guerre, et si la partie qui aurait dû présenter ou protester l'effet ou aviser du défaut d'acceptation ou du défaut de paiement a omis de le faire pendant la guerre, il sera accordé un délai de trois mois au moins à partir de la date d'entrée en vigueur du présent Traité pendant lequel il sera possible de présenter ou de protester ledit effet ou de donner avis de son défaut d'acceptation ou son défaut de paiement.

3. Si une personne s'est obligée, soit avant, soit pendant la guerre, au paiement d'un effet de commerce, à la suite d'un engagement pris envers elle par une autre personne devenue ultérieurement ennemie, celle-ci reste tenue, malgré l'ouverture des hostilités, de garantir la première des conséquences de son obligation.

D. DISPOSITIONS SPÉCIALES

1. Aux fins de la présente annexe, les personnes physiques ou morales seront considérées comme étant devenues ennemies à partir de la date où tout commerce entre elles est devenu illégal, aux termes des lois, ordonnances ou règlements auxquels ces personnes ou le contrat étaient soumis.

2. Etant donné le système juridique des Etats-Unis d'Amérique, les dispositions de cette annexe ne s'appliqueront pas aux relations entre les Etats-Unis d'Amérique et la Hongrie.

ANNEXE VI

Jugements

Le Gouvernement hongrois prendra les mesures nécessaires pour permettre aux ressortissants de l'une quelconque des Nations Unies, à tout moment dans un délai d'un an à compter de la date d'entrée en vigueur du présent Traité, d'intenter devant les autorités hongroises compétentes une action en révision de tout jugement rendu par un tribunal hongrois entre le 10 avril 1941 et la date d'entrée en vigueur du présent Traité dans tout procès dans lequel le ressortissant d'une des Nations Unies n'a pas été à même d'exposer sa cause d'une manière satisfaisante, soit en qualité de demandeur, soit en qualité de défendeur. Le Gouvernement hongrois prendra les mesures nécessaires pour que, lorsqu'un ressortissant d'une des Nations Unies a subi un préjudice du fait de tout jugement de cette nature, ce ressortissant soit rétabli dans la situation où il se trouvait avant le prononcé du jugement ou reçoive telle compensation qui pourra, en la circonstance, être juste et équitable. L'expression "ressortissants des Nations Unies" comprend les sociétés ou associations organisées ou constituées conformément à la législation de l'une quelconque des Nations Unies.

MAGYAR
BÉKESZERZŐDÉS

1947

A Szocialista Szovjet Köztársaságok Uniója, a Nagy Britanniai és Észak Irországi Egyesült Királyság, az Amerikai Egyesült Államok, Ausztrália, a Fehérorosz Szocialista Szovjet Köztársaság, Kanada, Csehszlovákia, India, Uj Zéland, az Ukrán Szocialista Szovjet Köztársaság, a Délafrikai Unió és a Jugoszláviai Federális Népköztársaság azoknak az államoknak részéről, amelyek háboruban állanak Magyarországgal és, amelyek jelentékeny katonai erővel ténylegesen háborut viseltek az európai ellenséges államok ellen, és a továbbiakban mint a "Szövetséges és Társult Hatalmak" szerepelnek, egyrészről,

és Magyarország másrészről;

Tekintettel arra, hogy Magyarország szövetségre lépvén a hitlerista Németországgal és annak oldalán résztvevén a háboruban a Szocialista Szovjet Köztársaságok Uniója, az Egyesült Királyság, az Amerikai Egyesült Államok és más Egyesült Nemzetek ellen, viseli az ezért a háboruért való felelősség reáeső részét;

Tekintettel azonban arra, hogy 1944 december 28.-án Magyarország megszüntette a kapcsolatát Németországgal, hadat üzent Németországnak és 1945 január 20.-án fegyverszünetet kötött a Szocialista Szovjet Köztársaságok Uniója, az Egyesült Királyság, és az Amerikai Egyesült Államok kormányával, amelyek a valamennyi Magyarországgal háboruban lévő Egyesült Nemzet részéről is eljártak és,

Tekintettel arra, hogy a Szövetséges és Társult Hatalmak és Magyarország békeszerződést óhajtanak kötni, amely, az igazság elveinek megfelelően, megoldja az előbb előadott események következményeképpen még fennálló kérdéseket és, amely közöttük barátságos kapcsolatok alapjául szolgál és ezáltal lehetővé teszi a Szövetséges és Társult Hatalmak részére, hogy támogassák Magyarország kérelmét, hogy az Egyesült Nemzetek tagjává váljék és, hogy az Egyesült Nemzetek fennhatósága alatt kötött valamennyi megállapodáshoz csatlakozzék;

Megegyeztek ezért abban, hogy a hadiállapot megszünését kijelentik és evégből a jelen békeszerződést megkötik. Ennek következtében az alulirottakat meghatalmazottaikká kijelölték, akik jó és kellő alakban talált meghatalmazásaik bemutatása után a következő rendelkezésekben állapodtak meg.

I. RÉSZ

MAGYARORSZÁG HATÁRAI

1. Cikk

1. Magyarország határai Ausztriával és Jugoszláviával ugyanazok lesznek, amelyek 1938 január 1.-én fennállottak.

2. Az 1940 augusztus 30.-án kelt bécsi döntés rendelkezései semmisnek és meg nem történtnek nyilvánittatnak. A Magyarország és Románia közötti határ ezennel visszaállittatik, amint az 1938 január 1.-én fennállott.

3. A Magyarország és a Szovjet Szocialista Köztársaságok Uniója közötti határ a két állam és Románia határainak közös pontjától kezdve a két állam és Csehszlovákia határának közös pontjáig a Magyarország és Csehszlovákia közötti régebbi határvonalban állapittatik meg, amint ez a határvonal 1938 január 1.-én fennállott.

4. *(a)* Az 1938 november 2.-i bécsi döntés rendelkezései semmisnek és meg nem történtnek nyilvánittatnak.

(b) A Magyarország és Csehszlovákia közötti határ az ennek a két államnak és Ausztria határának közös pontjától az ennek a két államnak és Ausztria határának közös pontjáig ezennel visszaállittatik az 1938 január 1.-i állapotnak megfelelően, a következő pont rendelkezéseiből folyó változások kivételével.

(c) Magyarország átadja Csehszlovákiának Horvátjárfalu, Oroszvár és Dunacsun községeket, azok katasztrális területével együtt, amint azt a jelen Szerződéshez csatolt 1. számu térkép megjelöli. Ennek megfelelően a csehszlovák határ, ezen a szakaszon, a következőképpen állapittatik meg: attól a ponttól, ahol Ausztria, Magyarország és Csehszlovákia 1938 január 1.-én fennálló határa találkozott, a jelenlegi magyar-osztrák határ az Ausztria és Csehszlovákia közötti határrá válik egy, a 134-es dombtól mintegy 500 méterre délre lévő pontig (3.5 kilométerre északnyugatra a rajkai templomtól), mely pont most a három megnevezett ország határának közös pontjává válik; innét a Csehszlovákia és Magyarország közötti uj határ kelet felé fog haladni Rajka község északi katasztrális határa mentén a Duna jobbpartján, egy, a 128-as dombtól mintegy 2 kilométerre északra fekvő pontig (3.5 kilométerre keletre a rajkai templomtól), ahol az uj

határ a Duna hajózási főágában találkozik az 1938 január 1.-én fennállott csehszlovák-magyar határral; a Rajka község területén belül eső gát és visszafolyó csatorna megmarad magyar területnek.

(d) A Magyarország és Csehszlovákia között az előbbi bekezdésben megállapitott uj határ pontos vonalát a helyszinen állapitja meg egy, a két érdekelt ország képviselőiből álló határbizottság. A bizottság a jelen Szerződés jogerőre emelkedésétől számitott két hónapon belül befejezi munkálatait.

(e) Abban az esetben, ha Magyarország és Csehszlovákia között kétoldali megállapodás nem jön létre az átadott terület lakosságának Magyarországra való áttelepitése ügyében, Csehszlovákia biztositja számukra a teljes emberi és polgári jogaikat. Az 1946 február 27.-én kötött csehszlovák-magyar népcsere-egyezmény összes biztositéka és kedvezménye alkalmazandó azokra, akik önszántukból elhagyják a Csehszlovákiának átengedett területet.

5. A jelen szerződéshez csatolt 1. függelékben lévő 1 és 1*(a)* térképek feltüntetik a fentiekben leirt határokat.

V. RÉSZ

JOVÁTÉTEL ÉS HELYREÁLLITÁS

23. Cikk

1. A Szojetuniónak, Csehszlovákiának és Jugoszláviának hadműveletekkel és ez államok területének megszállásával Magyarország által okozott károk jóváteendők; mindazonáltal tekintetbevéve azt, hogy Magyarország nemcsak kilépett az Egyesült Nemzetek ellen folytatott háborúból, hanem hadat is üzent Németországnak, a felek megállapodnak abban, hogy Magyarország a fenti károkért nem teljes, hanem csak részleges kártérítést tartozik teljesiteni, nevezetesen 300,000.000 dollár erejéig, amely 1945. január 20.-tól számitott 8 éven át fizetendő javakban (gépi felszerelés, folyami jármü, gabona és egyéb javak), amiből a Szovjetunióra 200,000.000 dollárnyi, Csehszlovákiára és Jugoszláviára 100,000.000 dollárnyi összeg esik.

2. A jelen cikkben megállapitott rendezés kiszámitási alapja az US dollárnak, a fegyverszünet aláirásának napjan érvényben volt arany-egyenértéke, vagyis 35 dollár egy uncia aranyért.

24. Cikk

1. Magyarország elfogadja az Egyesült Nemzetek 1943. évi január hó 5.-én kelt nyilatkozatának alapelveit és a lehető legrövidebb időn belül visszaszolgáltatja a bármely Egyesült Nemzet területéről elszállitott javakat.

2. A visszaszolgáltatási kötelezettség vonatkozik minden jelenleg Magyarországon lévő azonositható javakra, amelyet valamely tengelyhatalom erőszakkal vagy kényszerrel elvitt valamely Egyesült Nemzet területéről, tekintet nélkül a későbbi jogügyletre, amellyel a jelenlegi birtokos bármely ily tulajdon birtokába jutott.

Ha különleges esetekben Magyarország részére lehetetlen oly müvészeti, történelmi vagy régészeti értékü tárgyakat visszaszolgáltatni, amelyek azon Egyesült Nemzet kulturális örökségéhez tartoznak, amelynek területéről magyar katonai erők, hatóságok vagy állampolgárok erőszakkal vagy kényszerrel elvitték, Magyarország az érdekelt Egyesült Nemzetnek ugyanolyan jellegü és hozzávetőleg ugyanolyan értékü tárgyakat fog átadni, feltéve, hogy ily tárgy Magyarországon beszerezhető.

3. A magyar kormány a jelen cikkben érintett tulajdont jó állapotban tartozik visszaadni és viselni fogja a Magyarországon munkával, anyaggal és szállitással kapcsolatban felmerülő költségeket.

4. A magyar kormány együtt fog müködni az Egyesült Nemzetekkel a jelen cikk értelmében visszaadandó javak felkutatásában és visszaadásában és a saját költségére biztositani fogja az összes szükséges könnyitéseket.

5. A magyar kormány megteszi a szükséges intézkedéseket, hogy a jelen cikk által érintett és harmadik ország területén a fennhatósága alatt álló személyek birtokában lévő tulajdon visszaadását előmozditsa.

6. A tulajdon visszaadására vonatkozó igényeket az a kormány fogja a magyar kormánynak bejelenteni, amelynek területéről a tulajdont elszállitották. Megállapodás áll fenn arranézve, hogy a gördülő anyagot ugy kell tekinteni, mint amely annak az országnak területéről szállittatott el, amelyhez eredetileg tartozott. Ily igények a jelen szerződés életbeléptétől számitott hat hónapon belül jelenthetők be.

7. A javak azonositása és a tulajdonjog bizonyitása az igénylő kormányt terheli, annak bizonyitása, hogy a javak nem erőszakkal vagy kényszerrel szállittattak el, a magyar kormányt terheli.

25. Cikk

Az 1938. évi november hó 2.-án kelt bécsi döntésnek a jelen Szerződés 1. cikke 4. pontjában kimondott semmissége maga után vonja az ennek a

döntésnek értelmében a két érdekelt állam által vagy nevükben, valamint csehszlovák és magyar jogi személyek által pénzügyi, magán és közbiztositási ügyekben kötött megállapodások és jogi következményeik semmisségét. Hasonlóképpen semmis a bécsi döntés értelmében Magyarországnak átadott bizonyos anyagokra vonatkozó 1940. évi május 22.-én kelt jegyzőkönyv.

Ez a semmisség semmiképpen sem vonatkozik természeti személyek közötti jogviszonyokra. A fentebb emlitett rendezés részleteit az érdekelt kormányok által a jelen Szerződés életbeléptétől számitott hat hónapon belül kötendő kétoldalu megállapodás szabályozza.

VI. RÉSZ

GAZDASÁGI RENDELKEZÉSEK

26. Cikk

1. Amennyiben ez még nem történt volna meg, Magyarország helyre fogja állitani az Egyesült Nemzetek és állampolgáraik magyarországi törvényes jogait és érdekeit az 1939. szeptember 1.-én fennállott állapotnak megfelelően és visszaadja az Egyesült Nemzeteknek, valamint állampolgáraiknak összes magyarországi javaikat a jelenlegi állapotukban.

2. A magyar kormány kötelezi magát arra, hogy a jelen cikk hatálya alá eső összes javakat, jogokat és érdekeket minden oly tehertől és költségtől mentesen fogja visszaadni, amely a háboru következtében hárulhatott volna rájuk és hogy visszaszolgáltatásukkal kapcsolatban azokat költségekkel terhelni nem fogja. A magyar kormány hatályon kivül helyezi mindazokat a rendszabályokat, lefoglalást, zár alá helyezést és ellenőrzést beleértve, amelyeket 1939. szeptember 1. és a jelen Szerződés életbelépésének időpontja között az Egyesült Nemzetek javai ellen elrendelt. Oly esetekben, amidőn a javak a szerződés életbeléptétől számitott hat hónapon belül nem adattak vissza, az életbeléptetéstől számitott 12 hónap lejárta előtt az igényeket a magyar hatóságoknál be kell jelenteni, kivéve ha az igénylő be tudja bizonyitani, hogy nem volt képes ezen időn belül igényét bejelenteni.

3. A magyar kormány hatálytalanitja az Egyesült Nemzetek állampolgárai mindennemü javainak, jogainak vagy érdekeinek átruházását érintő jogügyleteket, mindazokban az esetekben, amelyekben az átruházás tengely-

kormányok vagy azok szervei által kifejtett erőszak vagy kényszer hatása alatt következett be.

Csehszlovák állampolgárok esetében ez a szakasz azokra az átruházásokra is vonatkozik, amelyek 1938. november 2.-a után erőszak vagy kényszer hatása alatt, vagy a megkülönböztető belső törvényhozás alapján a magyar kormány vagy szervei által a Magyarországhoz átcsatolt csehszlovák területen foganatositott intézkedések folyományaként következtek be.

4. *(a)* A magyar kormány felelős jelen cikk 1. bekezdése alapján az Egyesült Nemzetek állampolgárainak visszaadott javak teljesen ép állapotban való helyreállitásáért. Abban az esetben, ha a javak nem adhatók vissza, vagy a háboru következtében az Egyesült Nemzetek állampolgára kárt szenvedett Magyarországon lévő javait ért sérülés vagy károsodás miatt, az Egyesült Nemzetek állampolgára a magyar kormánytól magyar pénznemben kártéritést fog kapni annak az összegnek kétharmada erejéig, amely összeg a kifizetés időpontjában hasonló vagyontárgy megvételéhez, vagy a szenvedett kár jóvátételéhez szükséges. Semmiesetre sem részesülhetnek az Egyesült Nemzetek állampolgárai kevésbbé kedvező elbánásban, mint amilyenben magyar állampolgárok részesülnek.

(b) Az Egyesült Nemzeteknek azok az állampolgárai, akik közvetve vagy közvetlenül tulajdoni érdekeltséggel birnak társaságokban vagy egyesületekben, amelyek ennek a cikknek 9. *(a)* pontja értelmében nem rendelkeznek az Egyesült Nemzetek állampolgárságával, de amelyek Magyarországon fekvő javakat ért sérülés vagy károsodás következtében kárt szenvedtek, a fenti pont rendelkezéseinek megfelelő kártéritésben részesülnek. Ez a kártérités a társaságot vagy egyesületet ért összes veszteség vagy károsodás alapján számitandó ki olymódon, hogy a kártérités mérve ugyanolyan arányban álljon az összes veszteséggel vagy károsodással, amilyen arányu ezeknek az állampolgároknak részesedése a kérdéses társaság vagy egyesület egész tőkéjében.

(c) A kártéritések mindennemü levonások, adók vagy költségek nélkül fizetendők ki. A kártérités szabadon használható fel Magyarországon, de alá van vetve azoknak a korlátozásoknak, amelyek a külföldi fizetési eszközökre vonatkozólag adott időpontban Magyarországon érvényben vannak.

(d) A magyar kormány ugyanolyan elbánásban fogja részesiteni az

Egyesült Nemzetek állampolgárait magyarországi vagyontárgyaik kijavitásához és helyreállitásához szükséges anyagok, valamint ilyen anyagoknak behozatalához szükséges külföldi fizetési eszközök kiutalása tekintetében, mint a magyar állampolgárokat.

(e) A magyar kormány az Egyesült Nemzetek állampolgárait magyar pénznemben a fenti pont rendelkezéseinek megfelelő kártéritésben fogja részesiteni azokért a veszteségekért vagy károsodásokért, amelyeket a háboru alatt tulajdonuk ellen foganatositott és magyar tulajdonra nem alkalmazott különleges intézkedések következtében szenvedtek. Ez a pont nem vonatkozik az elmaradt haszonra.

5. Ennek a cikknek 4. pontjában foglalt rendelkezései alkalmazandók Magyarországra oly esetekben, amikor azok az intézkedések, amelyek az Egyesült Nemzetek vagy állampolgáraik tulajdonát képező és Északerdélyben fekvő vagyontárgyban károsodást idéztek elő, az alatt az idő alatt foganatositttattak, amidőn ez a terület magyar fennhatóság alatt állott.

6. A magyar kormány viseli mindazokat a méltányos költségeket, amelyek az igények megállapitása folyamán, a veszteség vagy kár felbecsülését beleértve, Magyarországon keletkeznek.

7. Az Egyesült Nemzetek állampolgárai és vagyontárgyaik mentesek mindennemü rendkivüli adótól, hozzájárulástól vagy illetéktől, amelyeket a magyar kormány vagy valamilyen magyar hatóság vetett ki magyarországi tőkekövetelésekre a fegyverszüneti egyezmény és a jelen szerződés életbeléptének időpontja között, azzal a különleges céllal, hogy a háboruból származó terhek vagy a megszálló csapatok, vagy valamely Egyesült Nemzetnek fizetendő jóvátétel költségei fedeztessenek. Mindennemü ilymódon kifizetett összeg visszatéritendő.

8. A kérdéses vagyontárgyak tulajdonosa és a magyar kormány megállapodásokat köthetnek, amelyek a jelen cikk rendelkezései helyébe lépnek.

9. A jellen cikkben foglaltak szempontjából:

(a) az "Egyesült Nemzetek Állampolgárainak" tekintendők azok a személyek, akik valamely Egysült Nemzet állampolgárai, azok a társaságok vagy egyesületek, amelyek a jelen Szerződés életbeléptekor valamely Egyesült Nemzet törvényeinek hatálya alatt szervezve müködnek, feltéve,

hogy a Magyarországgal kötött Fegyverszüneti Egyezmény időpontjában már ez volt a jogállásuk.

Az "Egyesült Nemzetek Állampolgára" kifejezés magában foglalja mindazokat a személyeket, társaságokat vagy egyesületeket, amelyek a háboru alatt Magyarországon érvényben volt törvények értelmében oly elbánásban részesültek, mint az ellenségek.

(b) "Tulajdonos"-nak tekintendő az Egyesült Nemzet vagy az Egyesült Nemzet állampolgára a fenti pontban foglaltak értelmében, aki a kérdéses vagyontárgy jogos tulajdonosa, és magában foglalja a tulajdonos jogutódját is, feltéve, hogy a jogutód is Egyesült Nemzetnek vagy Egyesült Nemzet állampolgárának tekintendő a fenti *(a)* pontban foglaltak értelmében.

Ha a jogutód a vagyontárgyat károsodott állapotban vette meg, az eladó megtartja az őt e cikk szerint megillető jogát a kártéritésre anélkül, hogy ez az eladó és vevő között a belső törvényhozás szerint fennálló kötelmet érintené.

(c) "Vagyontárgy"-nak tekintendő minden ingó vagy ingatlan tulajdon, akár testi, akár szellemi, beleértve ipari, irodalmi és müvészeti tulajdont és jogokat, tulajdoni jogosultságot és érdekeket bármily természetü vagyontárgyak tekintetében.

10. A magyar kormány elismeri, hogy a Brioni-ban 1942 augusztus 10.-én kelt megállapodás semmisnek és meg nem történtnek tekintendő. Kötelezi magát arra, hogy a Rómában 1923 május 29.-én kelt egyezmény többi aláiróival együtt részt fog venni minden olyan tárgyalásban, amelynek célja, hogy az egyezményben foglalt törlesztések kérdésének méltányos rendezése érdekében a szükséges módositásokat eszközölje.

27. Cikk

1. Magyarország kötelezi magát arra, hogy mindazokban az esetekben, amelyekben magyar fennhatóság alatt álló személyek Magyarországon lévő javai, jogai vagy jogos érdekei 1939 szeptember 1. óta a tekintetbe jövő személyek faji származása vagy felekezete miatt zár alá helyeztettek vagy elkoboztattak, az emlitett javak, jogok és jogos érdekek járulékaikkal együtt visszaadassanak, vagy, ha a helyreállitás lehetetlen, méltányos kártérités adassék értük.

2. Mindazoknak a személyeknek, szervezeteknek vagy közösségeknek, amelyek egyénileg, vagy mint csoportok tagjai, faji, vallási vagy más fasiszta üldöztetés áldozatai voltak, Magyarországon lévő javait, jogait és érdekeit, amelyek a jelen Szerződés életbeléptétől számitott hat hónap alatt örökös nélkül maradtak vagy nem igényeltettek, a magyar kormány át fogja ruházni ily személyek, szervezetek vagy közösségek képviselőiből álló szervezetekre. Ezek a szervezetek az ilymódon átruházott javakat ily magyarországi csoportok, szervezetek vagy közösségek életbenmaradt tagjainak segélyezésére és támogatására fogják felhasználni. Ez az átruházás a Szerződés életbeléptétől számitott 12 hónapon belül foganatositandó és kiterjed mindazokra a javakra, jogokra és érdekekre, amelyeknek visszaadását jelen cikk 1. pontja elrendeli.

28. Cikk

Magyarország elismeri, hogy a Szovjetuniónak joga van az összes Magyarországon lévő német tulajdonra, amelyet a németországi Ellenőrző Tanács a Szovjetunióra átruházott és kötelezi magát, hogy minden intézkedést megtesz ilyen átruházások megkönnyitésére.

29. Cikk

1. Minden egyes Szövetséges és Társult Hatalomnak joga van, hogy lefoglalja, visszatartsa, felszámolja vagy bármely más intézkedésnek alávesse azokat a javakat, jogokat és érdekeket, amelyek a jelen Szerződés életbeléptekor területén Magyarország vagy magyar állampolgárok tulajdonában vannak. Joga van továbbá, hogy ezeket a javakat vagy azok hozadékát a saját és állampolgárainak Magyarországgal szemben fennálló követeléseinek határain belül, — beleértve az adósságokat és más, a jelen Szerződés egyéb cikkei által teljes egészükben ki nem elégitett követeléseket, — saját belátása szerint használja fel. Az ily követelések összegét meghaladó értékü magyar javak vagy azok hozadéka tulajdonosaiknak visszaadatnak.

2. A magyar javak felszámolása és a felettük való rendelkezés az érdekelt Szövetséges és Társult Hatalom törvényei szerint fog eszközöltetni. A magyar tulajdonos csak oly jogokkal fog ezek fölött a javak fölött rendelkezni, amilyeneket részére a kérdéses törvény esetleg biztosit.

3. A magyar kormány kötelezi magát, hogy kártéritésben részesiti

azokat a magyar állampolgárokat, akiknek a javai a jelen cikk értelmében lefoglaltatnak és nem adatnak vissza.

4. Jelen cikk egyik Szövetséges vagy Társult Hatalom részére sem állapit meg kötelezettséget abban a tekintetben, hogy a magyar kormánynak vagy magyar állampolgároknak ipari tulajdonjogot visszaadjon, vagy hogy ily tulajdonjogok értékét a jelen cikk első pontja értelmében visszatartható összegekbe beleszámitsa. Minden egyes Szövetséges és Társult Hatalom kormányának joga van arra, hogy a magyar kormány vagy magyar állampolgárok által a jelen Szerződés életbelépte előtt a Szövetséges és Társult Hatalom területén ipari tulajdonra vonatkozólag megszerzett jogokat és érdekeket oly korlátozásoknak, feltételeknek vagy csökkentéseknek vesse alá, amilyeneket a Szövetséges és Társult Hatalmak kormánya a nemzeti érdek szempontjából szükségesnek tart.

5. A jelen cikk 1. pontja által érintett javak ugy tekintendők, mint amelyek magukba foglalják azokat a magyar javakat, amelyek a Magyarország és azon Szövetséges és Társult Főhatalom között, amelynek fennhatósága alatt vannak, fennálló hadiállapot következtében ellenőrzésnek voltak alávetve, de nem foglalják magukba:

(a) a magyar kormány konzuli vagy diplomáciai célokra szolgáló javait,

(b) vallásos testületek vagy magán jótékonysági intézmények tulajdonában lévő javakat, amelyek vallásos vagy jótékonysági célokra haszáltatnak,

(c) oly magyar állampolgárságu természetes személyek javait, akik jogositva vannak vagy annak az államnak területén, amelyen a javak fekszenek, vagy más Egyesült Nemzet területén lakni, sem oly magyar javakat, amelyek a háboru folyamán valamely adott időpontban alá voltak vetve oly intézkedéseknek, amelyek nem nyertek általános alkalmazást az ugyanazon a területen lakó magyar állampolgárok javaira,

(d) a Szövetséges és Társult Hatalmak és Magyarország közötti kereskedelmi és pénzügyi kapcsolatok ujrafelvétele óta, vagy a Szövetséges és Társult Hatalom kormánya és Magyarország között 1945 január 20.-a után kötött jogügyletből keletkezett tulajdonjogokat,

(e) irodalmi és müvészeti tulajdonjogokat.

30. Cikk

1. A jelen szerződés életbeléptétől kezdve a magyar kormány és a magyar állampolgárok Németországban lévő javai nem tekintetnek többé ellenséges javaknak és mindennemü, az ellenséges jellegből folyó korlátozás megszünik.

2. A magyar kormánynak vagy magyar állampolgároknak azonositható javai, amelyeket a német haderők vagy hatóságok 1945 január 20.-a után erőszakkal vagy kényszerrel magyar területről Németországba elszállitottak, visszaadásra tekintetbe jönnek.

3. A Németországban fekvő magyar javak visszaadása és helyreallitása a Németországot megszálló hatalmak által meghatározandó módozatok szerint eszközöltetik.

4. Ezeknek és a Németországot megszálló hatalmak által Magyarország vagy magyar állampolgárok javára esetleg teendő rendelkezéseknek sérelme nélkül, Magyarország a saját, valamint állampolgárai nevében lemond Németországgal és német állampolgárokkal szemben 1945 május 8.-án fennállot mindennemü követelésekről, kivéve azokat, amelyek 1939. szeptember 1. előtt létrejött szerződésekből és más kötelmekből, valamint ugyanezen időpont előtt szerzett jogokból erednek. Ez a lemondás olyannak tekintendő, mint amely magában foglalja az adósságokat, továbbá az összes kormányközi követeléseket, amelyek a háboru folyamán kötött megállapodásokkal kapcsolatosak és az összes igényeket a háboru alatt keletkezett károkra vonatkozólag.

31. Cikk

1. A hadiállapot fennállása nem tekintendő oly ténynek, amely önmagában kihatással van a hadiállapot fennállása előtt érvényben volt szerződésekből, kötelmekből és megszerzett jogokból származó pénzadósságok kiegyenlitésének kötelezettségére és oly adósságokra, amelyek esedékessé váltak a jelen Szerződés életbelépte előtt és amelyekkel a magyar kormány vagy magyar állampolgárok tartoznak valamely Szövetséges és Társult Hatalom kormányának vagy állampolgárainak, vagy amelyekkel valamely Szövetséges és Társult Hatalom kormányai vagy állampolgárai tartoznak a magyar kormánynak vagy magyar állampolgároknak.

2. A jelen Szerződés kifejezetten ellenkező rendelkezéseitől eltekintve, a jelen Szerződés egyetlen cikke sem értelmezhető olymódon, mintha kihatással volna a háboru előtt a magyar kormány vagy magyar állampolgárok által kötött szerződésekből eredő, adós és hitelező közötti viszonyra.

32. Cikk

1. Magyarország a magyar kormány és a magyar állampolgárok nevében lemond a Szövetséges és Társult Hatalmakkal szemben minden néven nevezendő, vagy közvetlenül a háboru tényéből, vagy az Európában 1939. szeptember 1. után fennállott hadiállapot következtében tett intézkedésekből származó igény támasztásáról, tekintet nélkül arra, hogy az illető Szövetséges és Társult Hatalom háboruban állott-e Magyarországgal vagy sem.

A lemondás hatálya alá tartoznak:

(a) a Szövetséges és Társult Hatalmak haderejének vagy hatóságainak ténykedése következtében szenvedett veszteségek vagy károk;

(b) a Szövetséges és Társult Hatalmak haderejének vagy hatóságának magyar területen való jelenléte és ott folytatott hadmüveletei vagy ténykedése következtében keletkezett igények;

(c) a Szövetséges és Társult Hatalmak zsákmánybiróságainak határozatait vagy rendelkezéseit érintő igények. Magyarország hozzájárul ahhoz, hogy érvényesnek és kötelezőnek ismeri el az ily zsákmánybiróságoknak 1939 szeptember 1.-én vagy azután kelt összes határozatait vagy rendelkezéseit, magyar hajókra, magyar javakra vagy költségek fizetésére vonatkozólag;

(d) a hadviselő jogainak gyakorlásából, vagy ezeknek a jogoknak gyakorläsa érdekében foganatositott rendszabályokból származó igények.

2. A jelen cikk rendelkezései véglegesen és teljesen kizárják a jelen cikkben emlitett összes igényeket, amelyek mostantól fogva érvényüket vesztik, bárki is legyen az érdekelt fél. Magyarország hozzájárul ahhoz, hogy magyar pénznemben méltányos kártéritést nyujt azoknak a személyeknek, akik a Szövetséges és Társult Hatalmak haderejének felhivására javakat vagy szolgáltatásokat teljesitettek magyar területen, méltányos kárpótlást nyujt továbbá nem háborus természetü cselekményekkel a Szövetséges és Társult Hatalmak hadereje által magyar területen okozott károkért.

3. Magyarország a magyar kormány és a magyar állampolgárok nevében továbbá lemond mindennemü, a jelen cikk 1. pontjában foglalt és oly Egyesült Nemzet ellen irányuló igényről, amely Egyesült Nemzet a háboru folyamán diplomáciai összeköttetéseit Magyarországgal megszakitotta és a Szövetséges és Társult Hatalmakkal való együttmüködésben foganatositott intézkedéseket.

4. Magyarország teljes felelősséget vállal a szövetséges katonai hatóságok által Magyarországon kibocsátott szövetséges katonai pénznemért, beleértve azt a mennyiséget, amely a jelen Szerződés életbeléptekor forgalomban van.

5. A jelen cikk 1. pontja értelmében Magyarország által eszközölt lemondás kiterjed mindazokra az igényekre, amelyek bármely Szövetséges és Társult Hatalom által 1939 szeptember 1. és a jelen szerződés életbelépte között magyar hajókra vonatkozólag foganatositott intézkedésekből származnak és a hadifoglyokra vonatkozólag jelenleg érvényben lévő egyezményekből származó igényekre és adósságokra.

33. Cikk

vezmény elvének megfelelő elbánásban fognak részesülni Magyarországon belül mindennemü kereskedelmi, ipari, hajózási vagy bármely más üzleti tevékenység tekintetében. Ezek a rendelkezések a kereskedelmi légiforgalomra nem vonatkoznak.

(d) Magyarország egyetlen országnak sem fog kizárólagos vagy megkülönböztetett elbánást biztositani a nemzetközi kereskedelmi légiforgalomban való közremüködés tekintetében, és minden egyes Egyesült Nemzetnek egyenlő lehetőségeket fog biztositani, hogy Magyarország területén nemzetközi kereskedelmi légiforgalmi jogokat szerezzen, beleértve az üzemanyag felvétele és javitások eszközlése végett való leszállás jogát, és a nemzetközi kereskedelmi légiforgalomban való közremüködés tekintetében minden egyes Egyesült Nemzetnek megadja, kölcsönösség és meg nem különböztetés alapján, a jogot magyar területnek leszállás nélkül való átrepülésére. Ez a rendelkezés nem érinti Magyarország honvédelmi érdekeit.

2. Magyarország fenti kötelezettségei ugy értelmezendők, hogy a Magyarország által a háboru előtt kötött kereskedelmi szerződésekben foglalt szokásos kivételekre nem vonatkoznak és az egyes Egyesült Nemzetek által biztositott kölcsönösség ugy értelmezendő, hogy az illető állam által kötött kereskedelmi szerződésekben foglalt szokásos kivételekre nem vonatkozik.

(c) A Szövetséges és Társult Hatalmak mindegyike, valamint azok állampolgárai számára a jelen Szerződés hatálybalépésétől számitott egy évi határidőt kell biztositani, amelyen belül jogosultak lesznek eljárást inditani Magyarországon azok ellen a természetes és jogi személyek ellen, akiket azzal vádolnak, hogy ipari, irodalmi és müvészi jogaikat a háboru kitörése és a Szerződés hatálybaléptének időpontja között jogtalanul megcsorbitották.

2. A háboru kitörésétől a jelen Szerződés hatálybalépésétől számitott 18 hónap mulva bekövetkező időpontig eltelő idő figyelmen kivül hagyandó annak megállapitásánál, hogy valamely szabadalmat müködtetnek-e, illetóleg valamely tervrajzot vagy védjegyet használnak-e.

3. A háboru kitörésétől a jelen Szerződés hatálybalépéséig számitott időszak figyelmen kivül hagyandó a háboru kitörésekor Magyarországon

érvényben lévő, vagy a jelen Függelék A. cikkében elismert vagy megállapitott, és valamely Szövetséges és Társult Hatalom vagy annak állampolgára tulajdonát képező ipari, irodalmi és müvészi tulajdonjogának rendes lejárata szempontjából. Következésképen az ilyen jogok rendes érvénye Magyarországon a felfüggesztés időtartamára magától kiterjesztettnek tekintendő.

4. A Szövetséges és Társult Hatalmak magyarországi jogaira vonatkozó fenti intézkedések azonos módon vonatkoznak Magyarország, valamint Magyarország állampolgárainak a Szövetséges és Társult Hatalmak területén lévő jogaira. Ezek az intézkedések azonban semmiképp sem jogositják Magyarországot, vagy Magyarország állampolgárait a Szövetséges és Társult Hatalmak területén kedvezőbb elbánásra, mint amilyen elbánásban az illető Hatalom hasonló esetekben az Egyesült Nemzetek más tagjait, vagy azok állampolgárait részesiti és nem köteleztetik Magyarország ezáltal arra, hogy a Szövetséges és Társult Hatalmaknak, vagy azok állampolgárainak kedvezőbb elbánást biztositson, mint amilyen elbánást Magyarország, vagy állampolgárai az illető Hatalom területén a fenti intézkedések által érintett ügyekben élveznek.

5. Harmadik személyek a Szövetséges és Társult Hatalmak bármelyikének vagy Magyarországnak területén, — akik a jelen Szerződés életbelépése előtt jóhiszemüleg oly ipari, irodalmi vagy müvészeti tulajdonjogokat szereztek, melyek e Függelék A. cikkében visszaállitott jogokkal, vagy oly jogokkal, melyek részére elsőbbség biztosittatott e cikk alatt, összeütközésbe kerülnek, vagy akik az emlitett jogok tárgyát jóhiszemüleg készitették, sokszorositották, használták vagy értékesitették, — jogot nyernek arra, minden bitorlás felelőssége nélkül, ily jogok gyakorlásának folytatására és arra, hogy folytassák, vagy ujból kezdjenek ily gyártást, kiadást, reprodukálást, használatot vagy árubabocsátást, amit jóhiszemüleg megszereztek, vagy elkezdettek. Magyarországon ily engedély egy nem kizárólagos engedmény alakszerüségét fogja felvenni, amelynek feltételei és határideje az érdekelt felek kölcsönös megegyezése alapján állapitandók meg, vagy pedig, megegyezés hiányában, ezek a jelen Szerződés 35. cikke alatt felállitott Egyeztető Bizottság által határoztatnak meg. A Szövetséges és Társult Hatalmak területén azonban jóhiszemü harmadik személyek oly védelemben fognak részesülni, mint amilyenben hasonló körülmények között oly jóhi-

szemü harmadik személyek részesülnek, akiknek jogai ellenkeznek más Szövetséges és Társult Hatalmak állampolgárainak jogaival.

6. Semmiféle oly értelmezést azonban nem lehet adni jelen Függelék A. részének, hogy Magyarországnak és állampolgárainak bármiféle szabadalomhoz, vagy használati mintához joga volna a Szövetséges és Társult Hatalmak bármelyikének területén, találmányokat illetőleg bármiféle oly cikkekre vonatkozólag, amelyek névszerint fel vannak sorolva a jelen Szerződés III. Függeléke alatt, és amelyek Magyarország által, vagy bármelyik állampolgára által Magyarországon vagy bármely másik Tengelyhatalom területén, vagy a Tengelyhatalmak katonasága által bármely megszállott területen, abban az időben, midőn ily területek a Tengelyhatalmak hadserege vagy hatóságainak ellenőrzése alatt állottak, készittettek, vagy amelyekre szabadalmi bejelentést tettek.

7. Magyarország hasonlóképpen kiterjeszti a jelen Függelék előbbeniekben felsorolt kikötéseivel meghatározott előnyöket Franciaországra és az Egyesült Nemzetek azon tagjaira, amelyek nem Szövetséges és Társult Hatalmak és amelyek a diplomáciai kapcsolatokat a háboru alatt Magyarországgal megszakitották és amelyek elvállalják, hogy Magyarországra kiterjesztik az emlitett kikötésekkel Magyarországnak juttatott előnyöket.

8. Jelen Függelék A. része alapján semmit sem lehet ugy értelmezni, hogy az a jelen Szerződés 26. 29. és 31. cikkeivel ellenkezne.

B. BIZTOSITÁS.

1. A biztositóknak utjába — akik az Egyesült Nemzetek polgárai, — korábbi üzleti tevékenységük ujbóli felvétele alkalmából semmiféle más akadály, mint általában a biztositókra alkalmazható, nem gördithető.

2. Ha egy biztositó, aki az Egyesült Nemzetek bármelyikének polgára, szakmabeli tevékenységét Magyarországon ujból felvenni óhajtja és ha az óvadékletétek vagy tartalékok értéke, melyeknek fenntartása a Magyarországon folytatandó üzleti tevékenységnek előfeltétele, csökkent ily letéteket vagy tartalékokat képező kötvények elvesztése, vagy értékbeni csökkenése folytán: a magyar kormány elvállalja, hogy 18 hónap tartamára elfogadja az oly kötvényeket, melyek még megmaradtak e betéteket és tartalékokat illető bármiféle jogi követelmény teljesitéseként.

V. FÜGGELÉK

A. SZERZŐDÉSEK, ELÉVÜLÉS ÉS KERESKEDELMI PAPIROK.

1. Bármiféle szerződést, amelynek teljesitéséhez szükséges volt, hogy a szerződő felek érintkezést tartsanak fenn és e szerződő felek bármelyike a jelen Függelék D. részének értelmében ellenséggé vált, hatálytalannak kell tekinteni az alanti 2. és 3. fejezetekben meghatározott kivételek sérelme nélkül, attól az időponttól kezdve, midőn a szerződő felek bármelyike ellenséggé vált. E hatálytalanná válás azonban a jelen Szerződés 27. cikkében meghatározott rendelkezéseket nem befolyásolhatja és nem mentesiti a szerződő felek egyikét sem azon kötelesség alól, hogy vissza kell fizetniök az előlegként kapott, vagy részletfizetési összegeket, amelyek tekintetében ily szerződő fél ellenszolgáltatást nem teljesitett.

2. Függetlenül a fenti 1. pont rendelkezéseitől, a hatálytalanná válás alól ki vannak véve és a jelen Szerződés 26. cikkében meghatározott jogok sérelme nélkül érvényben kell hogy maradjanak bármely szerződésnek oly kikötései, melyek különválaszthatók és amelyeknek teljesitéséhez nem volt szükséges, hogy a szerződő felek — akik a jelen Függelék D. részének értelmében ellenséggé váltak — az egymás közötti érintkezést fenntartsák. Az esetben, midőn bármely szerződésnek kikötései ilymódon nem választhatók külön, a szerződést teljes egészében hatálytalanná váltnak kell tekinteni. Az előbbeniek azoknak a belső törvényeknek, rendeleteknek és rendszabályoknak vannak alárendelve, melyeket azok a Szövetséges és Társult Hatalmak alkottak, amelyek a szerződést illetőleg, vagy pedig a szerződő felek bármelyikét illetőleg birói illetékességgel birnak.

3. A jelen Függelék A. részének egyik rendelkezését sem lehet ugy értelmezni, hogy érvénytelenitené az ellenségek közötti szerződések értelmében jogszerüen létrejött ügyleteket, ha azok a Szövetséges és Társult Hatalmak egyikének engedélyével teljesittettek.

4. Az előbbeni kikötések dacára, biztositási és viszontbiztositási szerződések az illetékes Szövetséges és Társult Hatalmak és Magyarország közötti külön megegyezés tárgyát fogják képezni.

B. ELÉVÜLÉSI IDŐSZAK.

1. Félbeszakadtnak kell tekinteni egyrészről Magyarország területén, másrészről azoknak az Egyesült Nemzeteknek területén, melyek viszonossági alapon Magyarország részére a jelen szakasz kikötéseivel meghatározott kedvezményeket biztositják, mindazon időszakot, melyek elévülésre, vagy perinditási határidő korlátozására, vagy jogvédelmi intézkedések megtételére vonatkoznak, személyi vagy tulajdonjogi viszonylatban, az Egyesült Nemzetek azon polgárait és Magyarország azon polgárait illetőleg, akik a háborus állapotok következtében képtelenek voltak jogvédelmi eljárást folyamatba tenni, vagy pedig jogaik megvédéséhez szükséges alakiságnak megfelelni, függetlenül attól, hogy ezek az időszakok a háboru kitörése előtt vagy után vették kezdetüket. Ezek az időszakok a jelen Szerződés érvénybelépésekor fogják kezdetüket venni. Ennek a résznek rendelkezéseit kell alkalmazni a kamat és osztalék szelvények, valamint oly értékpapirok fizetés céljából való bemutatásának határidőire is, melyek kisorsolás vagy egyéb alapon visszaváltandók.

2. Ha, ama körülmény folytán, hogy a háboru alatt valamely cselekmény foganatositása elmulasztatott, vagy hogy valamely alakiság nem teljesittetett, Magyarország területén az Egyesült Nemzetek bármelyikének polgárát sértő végrehajtási cselekmények foganatosittattak, a magyar kormánynak vissza kell állitani azokat a jogokat, melyek hátrányosan befolyásoltattak. Ha ily helyreállitás lehetetlen, vagy méltánytalan volna, a magyar kormánynak gondoskodnia kell arról, hogy az Egyesült Nemzetek polgára oly kártéritésben részesüljön, amely a körülmények között igazságosnak és méltányosnak tekinthető.

C. KERESKEDELMI PAPIROK.

1. Ellenségek közötti viszonylatban háboru előtt kiállitott kereskedelmi papirok érvénytelenné váltaknak nem tekinthetők csupán ama oknál fogva, hogy azokat megszabott határidőn belül elfogadás, vagy fizetés végett nem mutatták be, vagy hogy a kibocsátókat, vagy forgatókat az el nem fogadásról vagy nem fizetésről nem értesitették, vagy nem óvatolták meg a papirt; sem pedig annál az oknál fogva, hogy a háboru alatt valamely alakiság nem teljesittetett.

2. Ha az az időszak, amely alatt a kereskedelmi papirt elfogadás, vagy fizetés végett be kellett volna mutatni, vagy amely alatt az el nem fogadásról vagy nem fizetésről a kibocsátót, vagy forgatót értesiteni kellett volna, vagy amely alatt a papirt meg kellett volna óvatolni, a háboru alatt lejárt és a fél, akinek a papirt bemutatnia, óvatolnia kellett volna, vagy az el nem fogadásról, vagy nem fizetésről értesitést kellett volna adnia, ezt nem tette meg a háboru alatt, a jelen Szerződés életbeléptétől számitott legkevesebb három hónapi időszak fog rendelkezésre állni, amely alatt bemutatás, az el nem fogadásról, vagy nem fizetésről szóló értesités, vagy óvatolás eszközölhető.

3. Ha valaki, akár a háboru előtt, akár a háboru alatt, egy kereskedelmi papiron alapuló kötelezettséget vállalt egy később ellenséggé vált személynek vele szemben elvállalt kötelezettsége alapján, az utóbbi felelős fog maradni a háboru kitörésének dacára is, az előbbeninek ezen kötelezettségek tekintetében kártalanitásáért.

D. ÁLTALÁNOS RENDELKEZÉSEK.

1. E Függelék alkalmazásának céljából egyéni vagy jogi személyeket ellenségnek kell tekinteni attól a naptól kezdve, midőn kereskedés közöttük jogellenessé vált, azoknak a törvényeknek, rendeleteknek, vagy rendszabályoknak értelmében, melyek az ily felekre, vagy szerződésekre nézve kötelezőek.

2. Az Amerikai Egyesült Államok jogrendszerére való tekintettel e Függelék rendelkezéseit nem lehet alkalmazni az Amerikai Egyesült Államok és Magyarország között.

VI. FÜGGELÉK

Itéletek

A magyar kormánynak meg kell tenni a szükséges lépéseket acélból, hogy lehetővé tegye az Egyesült Nemzetek bármelyikének állampolgára részére azt, hogy a jelen Szerződés életbelépésétől számitott egy éven belül bármikor az illetékes magyar hatóságok elé terjeszthessen felülvizsgálás céljából bármely itéletet, amelyet egy magyar biróság 1941. évi junius 22.-e és a jelen Szerződés életbelépése között hozott, bármiféle eljárás folyamán,

amelynek során az Egyesült Nemzetek polgára képtelen volt megfelelően előterjeszteni ügyét, akár mint felperes, vagy alperes. A magyar kormánynak gondoskodnia kell arról, az esetben, ha az Egyesült Nemzetek polgára sérelmet szenvedett bármiféle ilyen ítéletből kifolyólag, hogy őt abba az állapotba kell visszahelyezni, amelyben a bíróság ítéletét megelőzőleg volt, vagy olyan jogorvoslatban kell őt részesitenie, ami igazságos és méltányos az adott körülmények között. Az "Egyesült Nemzetek polgárai" kifejezés magában foglalja az Egyesült Nemzetek bármelyikének törvényei szerint alakitott társaságokat és egyesületeket.

Государства, являющиеся сторонами в настоящем Протоколе, — принимая во внимание, что в соответствии с положениями Международных Соглашений, Конвенций и Протоколов о наркотиках, заключенных 23 января 1912 г., 11 февраля 1925 г., 19 февраля 1925 г., 13 июля 1931 г., 27 ноября 1931 г. и 26 июня 1936 г., на Лигу Наций были возложены известные обязанности и функции, для непрерывного выполнения которых необходимо, вследствие роспуска Лиги Наций, предусмотреть правила, и считая целесообразным, чтобы впредь эти функции и обязанности выполнялись Организацией Объединенных Наций и Международной организацией здравоохранения или ее Временной Комиссией, — согласились о следующих постановлениях:

Статья I

Государства, являющиеся сторонами в настоящем Протоколе, обязуются в отношениях между ними и каждое в отношении документов, стороной в которых оно является, — и в соответствии с постановлениями настоящего Протокола, признавать полную правовую силу и действие изменений, внесенных в эти документы в Приложении к настоящему Протоколу, и должным образом применять их.

Статья II

1. Устанавливается, что в период времени, предшествующий вступлению в силу этого Протокола в отношении Международной Конвенции о сильно действующих средствах от 19 февраля 1925 г. и Международной Конвенции по ограничению производства и регулированию распределения наркотиков от 13 июля 1931 г., Постоянный Центральный Комитет и Контрольная Комиссия, в их настоящем составе, будут продолжать выполнять свои функции. В течение этого времени Экономический и Социальный Совет может замещать вакантные должности членов Постоянного Центрального Комитета.

2. Генеральный Секретарь Организации Объединенных Наций уполномачивается немедленно приступить к исполнению обязанностей, которые до сих пор выполнялись Генеральным Секретарем Лиги Наций в связи с Соглашениями, Конвенциями и Протоколами, упомянутыми в Приложении к настоящему Протоколу.

3. Государства, являющиеся сторонами в любом из актов, в которые вносятся изменения настоящим Протоколом, приглашаются применять исправленные тексты этих актов, как только изменения войдут в силу, даже если эти Государства еще не могли стать участниками настоящего Протокола.

4. Если изменения Конвенции о сильно действующих средствах от 19 февраля 1925 года или изменения Конвенции по ограничению производства и регулированию распределения наркотиков от 13 июля 1931 года войдут в силу до того, как Международная организация здравоохранения будет иметь возможность принять на себя функции на основании этих Конвенций, то функции, возложенные на эту Организацию в силу таких изменений, будут до этого выполняться Временной Комиссией.

Статья III

Функции, возложенные на Правительство Нидерландов, согласно статьям 21 и 25 Международной Конвенции по опиуму, подписанной в Гааге 23 января 1912 г., и выполнение которых, с согласия Правительства Нидерландов, было поручено Генеральному Секретарю Лиги Наций, на основании резолюции Ассамблеи Лиги Наций от 15 декабря 1920 г., будут впредь

выполняться Генеральным Секретарем Организации Объединенных Наций.

Статья IV

В возможно кратчайший срок после того, как этот Протокол будет открыт для подписания, Генеральный Секретарь заготовит тексты Соглашений, Конвенций и Протоколов, пересмотренных в соответствии с настоящим Протоколом, и разошлет для сведения копии их Правительству каждого государства, состоящего Членом Организации Объединенных Наций, и Правительству каждого государства, не состоящего Членом Организации, которому Генеральный Секретарь сообщил настоящий Протокол.

Статья V

Настоящий Протокол будет открыт для подписания или принятия его любым из государств, являющихся сторонами в Соглашениях, Конвенциях и Протоколах о наркотиках от 23 января 1912 г., 11 февраля 1925 г., 19 февраля 1925 г.; 13 июля 1931 г., 27 ноября 1931 г. и 26 июня 1936 г., которым Генеральный Секретарь Объединенных Наций сообщил копию настоящего Протокола.

Статья VIII

В соответствии со статьей 102 Устава Объединенных Наций, Генеральный Секретарь Организации Объединенных Наций регистрирует и опубликовывает изменения, внесенные настоящим Протоколом в каждый из этих актов, в день вступления этих изменений в силу.

INTERNATIONAL AGREEMENTS OTHER THAN TREATIES

FIRST SESSION OF THE EIGHTIETH CONGRESS

OF THE

UNITED STATES OF AMERICA

Begun and held at the City of Washington on Friday, January 3, 1947, and adjourned sine die on Friday, December 19, 1947

HARRY S. TRUMAN, President; ARTHUR H. VANDENBERG, President of the Senate *pro tempore;* JOSEPH W. MARTIN, Jr., Speaker of the House of Representatives.

Agreement between the United States of America and Turkey respecting air transport services. Signed at Ankara February 12, 1946; effective May 25, 1946, pursuant to an exchange of notes of that date.

February 12, 1946
[T. I. A. S. 1538]

AIR TRANSPORT AGREEMENT

BETWEEN

THE UNITED STATES OF AMERICA AND TURKEY

Having in mind the resolution signed under date of December 7, 1944, at the International Civil Aviation Conference in Chicago Illinois, for the adoption of a standard form of agreement for provisional air routes and services, [1] and the desirability of mutually stimulating and promoting the sound economic development of air transportation between the United States of America and Turkey, the two Governments parties to this arrangement agree that the establishment and development of air transport services between their respective territories shall be governed by the following provisions:

ARTICLE I

Each contracting party grants to the other contracting party the rights as specified in the Annex hereto necessary for establishing the international civil air routes and services therein described, whether such services be inaugurated immediately or at a later date at the option of the contracting party to whom the rights are granted.

Post, p. 2289.

[1] [Resolution VIII, *International Civil Aviation Conference, Chicago, Illinois, November 1 to December 7, 1944, Final Act and Related Documents*, Department of State publication 2282, pp. 39–41.]

ARTICLE 2

Inauguration of air services.

(a) Each of the air services so described shall be placed in operation as soon as the contracting party to whom the rights have been granted by Article 1 to designate an airline or airlines for the route concerned has authorized an airline for such route, and the contracting party granting the rights shall, subject to Article 6 hereof, be bound to give the appropriate operating permission to the airline or airlines concerned; provided that the airlines so designated may be required to qualify before the competent aeronautical authorities of the contracting party granting the rights under the laws and regulations normally applied by these authorities before being permitted to engage in the operations contemplated by this agreement; and provided that in areas of hostilities or of military occupation, or in areas affected thereby, such inauguration shall be subject to the approval of the competent military authorities.

(b) It is understood that either contracting party granted commercial rights under this agreement should exercise them at the earliest practicable date except in the case of temporary inability to do so.

ARTICLE 3

Prevention of discrimination, etc.

In order to prevent discriminatory practices and to assure equality of treatment, both contracting parties agree that:

(a) Each of the contracting parties may impose or permit to be imposed just and reasonable charges for the use of public airports and other facilities under its control. Each of the contracting parties agrees, however, that these charges shall not be higher than would be paid for the use of such airports and facilities by its national aircraft engaged in similar international services.

(b) Fuel, lubricating oils and spare parts introduced into the territory of one contracting party by the other contracting party or its nationals, and intended solely for use by aircraft of such other contracting party shall, with respect to the imposition of customs duties, inspection fees or other national duties or charges by the contracting party whose territory is entered, be accorded the same treatment as that applying to national airlines and to airlines of the most favored nation.

(c) The fuel, lubricating oils, spare parts, regular equipment and aircraft stores retained on board civil aircraft of the airlines of one contracting party authorized to operate the routes and services described in the Annex shall, upon arriving in or leaving the territory of the other contracting party, be exempt from customs, inspection fees or similar duties or charges, even though such supplies be used or consumed by such aircraft on flights in that territory.

Post, p. 2289.

ARTICLE 4

Certificates of airworthiness, etc.

Certificates of airworthiness, certificates of competency and licenses issued or rendered valid by one contracting party shall be recognized as valid by the other contracting party for the purpose of operating

the routes and services described in the Annex. Each contracting party reserves the right, however, to refuse to recognize, for the purpose of flight above its own territory, certificates of competency and licenses granted to its own nationals by another State.

Post, p. 2289.

ARTICLE 5

Laws and regulations.

(a) The laws and regulations of one contracting party relating to the admission to or departure from its territory of aircraft engaged in international air navigation, or to the operation and navigation of such aircraft while within its territory, shall be applied to the aircraft of the other contracting party, and shall be complied with by such aircraft upon entering or departing from or while within the territory of the first party.

The Government of National Unity agrees that on the basis of reciprocity members of the Embassy of the United States of America, as well as members and their families of American consulates yet to be opened in Poland, would benefit by the duty-free importation of goods, independently of an agreement already in existence regarding the free entry of baggage and effects upon arrival at their consular posts, if they are citizens of the United States of America and will not engage in private occupations for gain on the territory of Poland.

Customs offices at Warsaw, Gdańsk, Krakow, Wroclaw, Poznan and Lodz, and at Szczecin after the customs office there is opened, will be instructed to expedite shipments directed to the Consulates of the United States of America at Gdańsk-Gdynia, Lodz, Krakow, Wroclaw, Poznan and Szczecin.

In view of the fact that many purchases of materials, supplies, and equipment and other disbursements relating to the execution of the Program, as well as other payments and disbursements on behalf of Brazilian personnel sent on grants to the United States of America, must necessarily be made in the United States of America, the Superintendent of the CBAR and the Special Representative of the Foundation may agree to withhold from the payments to be made by the Foundation into the bank account of the CBAR the amounts deemed to be necessary to pay for such purchases and disbursements in the United States of America. All the funds introduced into Brazil by the Foundation for the purposes of the cooperative educational program shall be exempt from all taxes, service charges, investment or deposit requirements and other currency controls, and shall be converted into Cruzeiros at the most favorable rate of exchange which the Government of Brazil or any of its Agencies or any Brazilian bank concedes to the Government of Brazil or to any of its Departments or to any other Nation, organization, or individual. Clause XVIII

Exemptions and immunities of Foundation.

The Government of Brazil accepts and recognizes the Foundation as a corporate agency of the Government of the United States of America, having juridic personality, and, accordingly, the Foundation shall be exempt and immune from, among other things, any and all taxes, fees, charges, imposts, and custom duties, whether national, state, provincial or municipal, and from all requirements for licenses. The personnel of the Foundation who are citizens of the United States of America shall be exempt from all Brazilian income taxes and social security taxes with respect to the income on which they are obliged to pay income taxes or social security taxes in the United States of America. Such personnel shall also be exempt from the payment of customs or other duties on personal effects and on goods, equipment and supplies imported or exported for their own personal use or for the personal use of the members of their families.

Clause XIX

Delegation of authority.

Any right, privilege, power, or duty conferred by this Agreement upon either the Superintendent of the CBAR or the Special Representative of the Foundation may be delegated by the recipient thereof to representatives, provided that each such representative be satisfactory to the said official of the other Government. Clause XX

Cooperation by Executive Power of Government of Brazil.

The Executive Power of the Government of Brazil will take the necessary steps to obtain the legislation, decrees, orders, or resolutions necessary to carry out the terms of this agreement.

Cláusula XV

Tendo em vista o fato de que frequentemente a aquisição de material e de equipamento, bem como outras despesas relativas à execução do programa, inclusive as que forem efetuadas com o pessoal brasileiro enviado aos Estados Unidos da América, serão feitas necessàriamente naquêle país, o Superintendente da C.B.A.R. e o Representante especial da Fundação poderão acordar que se excluam dos pagamentos a serem feitos pela Fundação, à conta de C.B.A.R., as quantias que forem consideradas necessárias para o pagamento das referidas compras e despesas nos Estados Unidos da América. Todos os recursos pecuniários que a Fundação trouxer para o Brasil com o objetivo de aplicá-los nos programas de cooperação educacional serão isentos de toda e qualquer taxa de comissões, das exigências para inversões ou depósitos financeiros e de outros contrôles monetários; e serão convertidos em cruzeiros ao câmbio mais favorável que o Govêrno brasileiro ou qualquer das suas repartições ou banco brasileiro conceda a qualquer de seus departamentos ou a qualquer outra mação, organização ou indivíduo. Da mesma forma, sempre que for aconselhável converter cruzeiros em dólares para quaisquer despesas nos Estados Unidos da América, essa conversão se fará ao câmbio oficial.

Cláusula XVIII

O Govêrno brasileiro aceita e reconhece a Fundação como uma corporação do Govêrno dos Estados Unidos da América, tendo personalidade jurídica; por conseguinte, a Fundação estará isenta, entre outras coisas, de quaisquer taxas, contribuições, impostos, cobranças e tarifas alfandegárias, sejam federais, estaduais, territoriais ou municipais, e de tôdas as exigências para licenças. Todo direito, privilégio, facilidade ou obrigação conferidos por êste Acôrdo ao Superintendente da C.B.A.R. ou ao Representante Especial da Fundação poderão ser transferidos a representantes de ambos, desde que isso mereça aprovação da outra parte. Todavia, não obstante a existência de tais representantes, o Superintendente da C.B.A.R. e o Representante Especial da Fundação poderão discutir e deliberar diretamente um com o outro sôbre qualquer assunto.

Cláusula XX

O Govêrno brasileiro tomará as medidas necessárias para obter a legislação, os decretos, as ordens ou resoluções indispensáveis ao fiel cumprimento dêste Acôrdo.

En respuesta, tengo el honor de manifestar a Ud., con la autorización del Sr. Presidente de la República, que el Gobierno de Honduras, por mi medio, gustosamente acepta la propuesta para la extensión del programa de salud y sanidad contenida en su expresada carta, por un período de tres años más, a partir del próximo 1° de Mayo de 1944 hasta el 30 de Abril de 1947, bajo las estipulaciones del Convenio del 8 de Julio de 1942, celebrado entre el Gobierno de la República de Honduras y el Instituto de Asuntos Inter-Americanos, de la Oficina del Coordinador de Asuntos Inter-Americanos, que es una Agencia del Gobierno de los Estados Unidos de América, y aprobado en Acuerdo del Poder Ejecutivo N° 60 emitido por esta Secretaría de Estado.

MR. EXECUTIVE VICE PRESIDENT:

I have the honor to reply to your courteous letter of the 19th of the current month, referring to the notes exchanged by His Excellency

the Minister of Foreign Relations of Honduras and His Excellency the Minister of the United States of America in Tegucigalpa, D. C., on the 5th and 8th of May 1942, respectively; to an agreement concluded between the Institute of Inter-American Affairs, of the Office of the Coordinator of Inter-American Affairs, which is an agency of the Government of the United States of America, and the Republic of Honduras, on July 8, 1942; to an additional exchange of notes between His Excellency the Minister of Foreign Relations of Honduras and His Excellency the Ambassador of the United States of America in Tegucigalpa, D. C., on the 18th and 19th, respectively, of this present month of April, all relating to the establishment in Honduras of a cooperative health and sanitation program as was agreed upon in Resolution XXX approved during the Third Meeting of the Ministers of Foreign Affairs of the American Republics, held in Rio de Janeiro in January 1942; and proposing that, acting in the name of the Government of the Republic of Honduras, I agree to the following:

1. – The Institute of Inter-American Affairs, of the Office of the Coordinator of Inter-American Affairs, which is an agency of the Government of the United States of America, is prepared to allocate a sum not exceeding $300,000.00 for the purpose of extending the cooperative health and sanitation program now being carried out by the Inter-American Cooperative Public Health Service (henceforth designated as the "SCISP."), for a period of approximately three years beginning May 1, 1944, provided that the Government of Honduras appropriates a like sum in lempiras, equivalent to $300,000.00 U. S. currency, for the same purpose. These funds will be allocated and employed for the maintenance of the projects in operation or those which will be placed in operation under the terms of the said agreement, and, as funds may be available, for any new projects, including those which may relate to the procurement of strategic materials, which may be mutually agreed between the Ministry of Government, Justice, Health and Welfare of the Republic, or its representative, and the Chief of Field Party of the Institute, or his representative.

2. – For the purpose of accomplishing the objectives of this agreement, the Institute agrees to deposit in the Bank of Honduras, to the account of the "SCISP.", the sum of three hundred thousand dollars ($300,000.00) on the following bases:

During May 1944 $150,000.00 U. S. currency
During May 1945 100,000.00 U. S. currency

and the Republic of Honduras agrees to deposit in the Bank of Honduras, to the account of the "SCISP", the sum of three hundred thousand dollars ($300,000.00) on the following bases:

During May 1944, the equivalent in lempiras of $75,000.00 (dollars)
During May 1945, the equivalent in lempiras of $100,000.00 (dollars)
During May 1946, the equivalent in lempiras of $125,000.00 (dollars)

The funds deposited by the Republic in any particular year or the funds deposited by the Institute in any particular year to the credit

of "SCISP", in the Bank of Honduras, as provided, cannot be withdrawn by the Director of the "SCISP" until the funds for that year have been deposited by both parties, as agreed to herein.

3. – In accordance with its obligations under the said agreement, the Institute hereby acknowledges that its previous obligation for the health and sanitation program in Honduras was $500,000.00. In the event that any part of the said sum of $500,000.00 has not been expended on May 31, 1944, such funds will then be deposited in the Bank of Honduras to the account of the "SCISP" and will be used for projects previously agreed upon, or which may be agreed upon. Any of these funds that remain unexpended after the completion of the original program will be available for use in the extension of the "SCISP" in the extension program.

4. – Any part of the funds deposited in the Bank of Honduras to the account of the "SCISP" in accordance with the schedule outlined above, which may be unexpended at the termination of the period in which they were deposited, will continue to be available for the purpose of the general health program of the "SCISP", and will not revert either to the Institute of Inter-American Affairs or the Republic of Honduras. The Ministry of Government, Justice, Health and Welfare, or its representative, and the Chief of Field Party of the Institute, or his representative, shall determine by mutual agreement the disposition to be made of all unobligated funds remaining to the credit of the "SCISP" upon the expiration of this agreement.

5. – The said agreement will remain in full force and effect for the purpose of extending the said program of health and sanitation until April 30, 1947, and the conditions and stipulations contained therein will be in effect during the continuation of the said program. The procedures and methods established and in use for the operation of the "SCISP", pursuant to the said agreement, will continue to apply in the operation of the "SCISP" until the termination of the agreement extended to April 30, 1947.

You are good enough to state, moreover, that if the proposal to which I refer is satisfactory to my Government, your letter and the acceptance on the part of the Government of Honduras will constitute a binding and effective agreement between the Institute of Inter-American Affairs and the Republic of Honduras in accordance with the terms and stipulations contained in your esteemed letter.

Acceptance of proposal by Government of Honduras.

The American Minister to the Honduran Minister for Foreign Affairs

LEGATION OF THE
UNITED STATES OF AMERICA
No. 644 *Tegucigalpa, D.C., Honduras, May 5, 1942.*

EXCELLENCY:

U. S. contribution.

I have the honor to inform you that, in accordance with Resolution XXX of the Third Meeting of Ministers of Foreign Affairs of the American Republics at Rio de Janeiro, relating to health and sanitary conditions, the Government of the United States is prepared to contribute a sum in the amount of $500,000 to be expended in ways which will assist the Government of Honduras in attaining its objectives in matters of health and sanitation.

My Government notes that projects such as the improvement of water supply, the development of facilities for adequate sewage disposal, and the control of endemic or epidemic diseases have been among the chief objectives of the Honduran Government in health and sanitation matters. My Government considers that the further development of projects of this character will contribute to the realization of the general objectives set forth in the above-mentioned resolution to which our respective Governments are committed.

Development of specific program by experts from U. S.

In this connection, the Government of the United States acting through the agency of the Office of the Coordinator of Inter-American Affairs will send, if it is agreeable to you, a small group of experts to Honduras in order to develop a specific program in agreement with your Government, acting through officials designated by it. This group will be under the immediate direction of the Chief Medical Officer of the Office of the Coordinator of Inter-American Affairs, and will work in the closest cooperation with the appropriate Honduran officials. The salaries and expenses of the group of experts will not be debited against project funds. Approval for the actual execution of the specific projects agreed upon will be given by the respective Governments or their duly appointed agents. Expenditures for such projects shall be made upon certification of the Chief Medical Officer and the appropriate Honduran official designated for the areas where projects will be executed.

Projects to become property of Honduras.

These projects upon completion will of course become the sole property of Honduras. The United States Government will be prepared to facilitate such training of personnel as the two Governments deem advisable.

My Government anticipates that the Honduran Government will be willing to provide, in accordance with its ability, such raw materials, services and funds as may be deemed necessary for the proper execution of the program.

I avail myself of the opportunity to renew to Your Excellency the assurances of my highest and most distinguished consideration.

Em aditamento à minha nota no. 61, de 21 de março último, sôbre a renovação do contrato da Missão Naval Americana no Brasil, tenho a honra de levar ao conhecimento de Vossa Excelência que o Govêrno brasileiro desejaria que, nas cláusulas do contrato a entrar em vigor no dia 7 do corrente mês, fossem feitos alguns acréscimos e alterações no sentido de:

EXCELLENCY:

I have the honor to acknowledge the receipt of Your Excellency's note, no. 98/530.1(22) dated May 2, 1946, requesting certain modifications to the basic Agreement entered into on May 7, 1942 and extended for a period of four years by an exchange of notes dated January 3 and 18 and March 21, 1946 respectively, which provides for the assignment of a United States Naval Mission to Brazil. 56 Stat. 1462. *Ante*, pp. 2338, 2339.

In this connection, I am pleased to inform Your Excellency that the modification of Title IV, Article 4 of the basic Agreement, as suggested in paragraph (c) of Your Excellency's note under reference, is acceptable to the Government of the United States of America provided the Agreement is amended as follows: after the word "appointed" there shall be inserted "for a period of less than six months." The Navy Department is of the opinion that for periods longer than six months, temporary members of the Mission should not, in peacetime, be ordered to duty which would require separation from their families for an excessive length of time. When the services of temporary members are required for longer than six months, they should be entitled to the privileges of the present Agreement. 56 Stat. 1466.

With regard to the new composition suggested for the Mission, the Navy Department informs the Department it cannot make definite commitments to furnish all the specialized personnel of officers and enlisted men requested, although every effort will be put forth to make them available.

I shall appreciate it if Your Excellency will inform me whether the suggested amendment is acceptable to the Brazilian Government.

Accept, Excellency, the renewed assurances of my highest consideration.

3. La Comisión Interina puede establecer los comités que juzgue convenientes.

4. La Comisión Interina elegirá su propio Presidente y demás funcionarios, aprobará su propio reglamento interno, y consultará a las personas que sean necesarias para facilitar su labor.

5. La Comisión Interina nombrará un Secretario Ejecutivo quién:

(a) será su principal funcionario técnico y administrativo;
(b) será secretario ex-officio de la Comisión Interina y de todos los comités que ésta establezca;
(c) tendrá acceso directo a todas las administraciones nacionales de salubridad en la manera que sea aceptable a los gobiernos interesados; y
(d) desempeñar las demás funciones y obligaciones que la Comisión Interina determine.

6. El Secretario Ejecutivo, sujeto a la autoridad general de la Comisión Interina, nombrará el personal técnico y administrativo que se requiera. Al hacer estos nombramientos tomará debidamente en cuenta los principios expuestos en el Artículo 35 de la Constitución. Los gastos de la Comisión Interina se cubrirán con los fondos que provean las Naciones Unidas, y para este fin la Comisión Interina concertará los arreglos necesarios con las autoridades competentes de las Naciones Unidas. En caso de que los fondos sean insuficientes, la Comisión Interina podrá aceptar adelantos de los gobiernos. Los adelantos podrán descontarse de las contribuciones de los gobiernos interesados en la Organización.

9. El Secretario Ejecutivo preparará y la Comisión Interina estudiará y aprobará los proyectos de presupuesto:

(a) para el período desde el establecimiento de la Comisión Interina hasta el 31 de diciembre de 1946, y

(b) para los períodos posteriores, según sea necesario.

11. La Comisión Interina dejará de existir por resolución de la Asamblea de la Salud en su primera sesión, en cuya ocasión los bienes y archivos de la Comisión Interina y el personal de esta que se requiera, se traspasarán a la Organización.

12. Este Arreglo entrará en vigor para todos los signatarios en esta misma fecha.

EN FE DE LO CUAL los infrascritos representantes, habiendo sido debidamente autorizados para este fin, firman este Arreglo en los idiomas chino, español, francés, inglés y ruso, cuyos textos serán igualmente auténticos.

Agreement between the United States of America and the Netherlands respecting commercial policy. Effected by exchange of notes signed at Washington November 21, 1946; effective November 21, 1946.

The Acting Secretary of State to the Netherlands Ambassador

DEPARTMENT OF STATE
WASHINGTON
Nov 21 1946

EXCELLENCY:

I have the honor to make the following statement of the understanding reached during the discussions concerning the "Proposals for Expansion of World Trade and Employment", transmitted to the Netherlands Government by the Government of the United States of America, and the general international conference on trade and employment contemplated by those Proposals.

Pending the conclusion of the negotiations at this conference, the Netherlands Government and the Government of the United States of America declare it to be their policy to abstain from adopting new measures which would prejudice the objectives of the conference. In this connection your Government has indicated that it may need to adopt special measures for the Netherlands and for the Netherlands Indies in view of the extraordinary conditions consequent upon the termination of the war. My Government recognizes that it may be necessary for the Netherlands Government to take certain emergency measures during the post-war transitional period, and in fact has provided for such measures in the aforementioned Proposals. Any such emergency measures would not, of course, prejudice the objectives of the conference. It is understood, moreover, that modifications in the Netherlands customs tariff, on the basis of the Customs Agreement of September 5, 1944 between the Governments of the Netherlands, Belgium and Luxembourg, would not be considered new measures, since a result of this customs agreement will be that the general level of tariff rates for the three countries as a whole will not be raised. Our two Governments shall afford each other an adequate opportunity for consultation regarding proposed measures falling within the scope of this paragraph.

I have the honor to suggest that this note and Your Excellency's reply confirming the foregoing shall be regarded as constituting an agreement between our two Governments concerning this matter.

Accept, Excellency, the renewed assurances of my highest consideration.

MONSIEUR LE MINISTRE,

I have the honour to refer to Your Excellency's note no. 616 dated September 19, 1946, [1] proposing certain arrangements with regard to the termination of the defense agreement of July 1, 1941, the withdrawal of the United States Armed Forces now in Iceland, and the future use of the Keflavik airport.

55 Stat. 1547.

In accordance with further conversations that have taken place between representatives of the Government of Iceland and representatives of the Government of the United States I have the honour to suggest that the proposals for an agreement between the two Governments set forth in Your Excellency's note above mentioned be amended to read as follows:

1. The Government of Iceland and the Government of the United States agree to the abrogation of the defense agreement of July 1, 1941, which shall terminate upon the coming into force of the present agreement.

2. The Keflavik area and the airfields, hereinafter referred to as the airport, and the immovable installations constructed thereon by the United States which will be listed in a joint Icelandic-United States inventory to be prepared concurrently with the transfer of the airport, will be transferred to the Government of Iceland. The airport shall then become the undisputed property of the Icelandic State in fulfilment of the undertakings of the Government of the United States with respect thereto.

3. The Government of the United States will withdraw as promptly as possible United States military and naval personnel now in the city of Reykjavík and during a period of 180 days commencing upon the coming into force of the present agreement will progressively withdraw all United States military and naval personnel now in Iceland.

4. The Keflavik airport will continue to be available for use by aircraft operated by or on behalf of the Government of the United

[1] [Not printed.]

States in connection with the fulfilment of United States obligations to maintain control agencies in Germany. To this end the Government of the United States shall have the right to and may, at its expense, maintain at the airport either directly or under its responsibility the services, facilities and personnel necessary to such use. The special character of these aircraft and their personnel will be respected as far as customs, immigration and other formalities are concerned. No landing fees shall be charged such aircraft.

5. Neither the stipulations in the foregoing paragraph nor any other stipulations in this agreement shall impair the sovereign rights or the ultimate authority of the Republic of Iceland with regard to the control and operation of the airport or any construction or activities there.

6. In connection with the operation of the airport the United States will train Icelandic personnel in airport techniques to enable Iceland to assume progressively the operation of the airport.

7. The Government of Iceland after having consulted the Government of the United States will place in effect operational, safety, and similar rules to govern use of the airport by all aircraft.

8. The Government of Iceland and the Government of the United States will determine a mutually satisfactory formula for the equitable distribution between them of the cost of maintenance and operation of the airport, provided, however, that neither Government shall be obligated to incur any expense with regard to the maintenance and operation of the airport which it does not deem necessary to meet its own needs.

9. No duty or other taxes shall be charged on material, equipment, supplies or goods imported for the use of the Government of the United States, or its agents, under the agreement or for the use of personnel in Iceland by reason of employment pursuant to the agreement. No export tax shall be charged on the removal of such articles.

10. No personnel of the United States resident on the territory of Iceland by reason of employment pursuant to the agreement shall be liable to pay income tax on income derived from sources outside of Iceland.

11. Upon the termination of the present agreement the Government of the United States shall have the right to remove from the airport all movable installations and equipment which have been constructed or provided by the United States or its agents after the date of the agreement unless by agreement such installations and equipment are bought by the Government of Iceland.

12. The agreement shall continue in effect until the obligations of the Government of the United States to maintain control agencies in Germany shall have been fulfilled; provided, however, that at any time after the lapse of five years from the coming into force of the present agreement, either Government may propose a review of the agreement. In such case the two Governments shall consult as soon as possible. If no agreement is reached as a result of such consultation within a period of six months from the date of original notification,

either Government may at any time thereafter give notice in writing of intention to denounce the agreement which shall then terminate twelve months from the date of such notice.

Should the Government of the United States accept the amended wording set forth above, the affirmative reply of Your Excellency shall constitute, together with this note, the agreement of the two Governments in these matters.

I have the honour to renew to you, Monsieur le Ministre, the assurance of my highest consideration.

OLAFUR THORS.

Agreement between the United States of America and Czechoslovakia respecting commercial policy. Effected by exchange of notes signed at Washington November 14, 1946; effective November 14, 1946.

November 14, 1946
[T. I. A. S. 1569]

The Acting Secretary of State to the Czechoslovak Ambassador

DEPARTMENT OF STATE
WASHINGTON
November 14, 1946.

EXCELLENCY:

The Government of the United States expresses its satisfaction at the successful conclusion of the discussions with the Government of Czechoslovakia concerning commercial policy, compensation for nationalized properties and related matters of mutual interest in furthering the economic relations between their two countries. These discussions have resulted in agreement by the two Governments on the following matters:

Elimination of discriminatory treatment, etc.

1. The two Governments affirm their continued support of the principles set forth in Article VII of the Mutual Aid Agreement of July 11, 1942, and reiterate their desire to achieve the elimination of all forms of discriminatory treatment in international commerce, and the reduction of tariffs and other trade barriers.

56 Stat. 1564.

Abstention from measures prejudicial to objectives of conference.

2. The Government of Czechoslovakia is in accord with the general tenor of the "Proposals for Expansion of World Trade and Employment" recently transmitted to the Government of Czechoslovakia by the Government of the United States. Pending the conclusion of the negotiations at the general international conference on trade and employment contemplated by the "Proposals", the two Governments declare it to be their policy to abstain from adopting new measures which would prejudice the objectives of the conference.

Return to multilateralism.

3. The two Governments share the view that the conduct of international trade through the mechanism of bilateral barter, clearing, and similar agreements is generally not compatible with the maximization of benefits deriving from trade or with the goal of eliminating trade discrimination. The Government of Czechoslovakia has expressed the view, however, that the use of such agreements during the postwar transition period has been necessary, but it will direct its efforts to their abandonment and a return to multilateralism at the earliest possible date.

Maintenance by Czechoslovakia of import and export controls.

4. The Government of Czechoslovakia has declared that it must maintain a system of import and export controls during the postwar transition period in order to safeguard the equilibrium of its balance of payments while seeking to achieve in an orderly way its plan of economic reconstruction. The Government of Czechoslovakia will administer the issuance of import licenses without discrimination as

among foreign sources of supply as soon as Czechoslovakia possesses or is able to obtain sufficient free foreign exchange so that it is no longer necessary for her to make her purchases within the limits of bilateral trade and financial agreements.

Treatment by monopolies.

5. If the Government of either country establishes or maintains a monopoly or enterprise for the importation, exportation, purchase, sale, distribution or production of any article, or grants exclusive privileges to any enterprise to import, export, purchase, sell, distribute or produce any article, such monopoly or enterprise shall accord to the commerce of the other country fair and equitable treatment in respect of its purchases of articles the growth, produce or manufacture of foreign countries and its sales of articles destined for foreign countries. To this end the monopoly or enterprise shall, in making such purchases or sales of any article, be influenced solely by considerations, such as price, quality, marketability, transportation and terms of purchase or sale, which would ordinarily be taken into account by a private commercial enterprise interested solely in purchasing or selling such article on the most favorable terms.

Intention to conclude treaty of friendship and commerce.

6. The two Governments express their intention at the earliest practicable date to enter into negotiations looking toward the conclusion of a comprehensive treaty of friendship and commerce which will regulate to their mutual satisfaction economic relations between the two countries. Meanwhile the two Governments have taken cognizance of the fact that each continues to accord to articles the growth, produce or manufacture of the other unconditional most-favored-nation treatment with respect to customs duties, the rules and formalities of customs, and the taxation, sale, distribution, and use within its territory of such articles consistent with provisions of the former trade agreement between the two countries dated March 7, 1938.

Continuation of most-favored-nation treatment.

53 Stat. 2293.

Compensation for claims.

7. The Government of the United States and the Government of Czechoslovakia will make adequate and effective compensation to nationals of one country with respect to their rights or interests in properties which have been or may be nationalized or requisitioned by the Government of the other country. In this connection, the Government of the United States has noted with satisfaction that negotiations concerning compensation on account of such claims will shortly begin in Praha.

Information concerning international economic relations of Czechoslovakia.

8. The two Governments agree to afford each other adequate opportunity for consultation regarding the matters mentioned above, and the Government of Czechoslovakia, recognizing that it is the normal practice of the Government of the United States to make public comprehensive information concerning its international economic relations, agrees to make available to the Government of the United States full information, similar in scope and character to that normally made public by the United States, concerning the international economic relations of Czechoslovakia.

The Government of the United States will be pleased to receive

from the Government of Czechoslovakia a statement confirming its understanding of this agreement reached by the two Governments.

Accept, Excellency, the renewed assurances of my highest consideration.

Understandings respecting trade relations with the Philippines. Effected by exchanges of notes between the United States of America and other governments signed at Washington May 4, 18, June 10, July 4, 8, 11, August 15, 26, September 10, and October 3, 7, 1946, regarding the application of certain treaties and agreements.

The Acting Secretary of State to the Belgian Ambassador

DEPARTMENT OF STATE
WASHINGTON
May 4, 1946

EXCELLENCY:

With reference to the forthcoming independence of the Philippines on July 4, 1946, my Government considers that provision for a transitional period for dealing with the special tariff position which Philippine products have occupied for many years in the United States is an essential accompaniment to Philippine independence. Accordingly, under the Philippine Trade Act approved April 30, 1946, goods the growth, produce or manufacture of the Philippines will enter the United States free of duty until 1954, after which they will be subject to gradually and regularly increasing rates of duty or decreasing duty-free quotas until 1974 when general rates will become applicable and all preferences will be completely eliminated.

Entry of Philippine goods under Philippine Trade Act of 1946.
60 Stat. 141.
22 U. S. C. § 1251 *et seq.*

Since the enactment of the Philippine Independence Act approved March 24, 1934, my Government has foreseen the probable necessity of providing for such a transitional period and has since then consistently excepted from most-favored-nation obligations which it has undertaken toward foreign governments advantages which it might continue to accord to Philippine products after the proclamation of Philippine independence. Some thirty instruments in force with other governments, for example, permit the continuation of the exceptional tariff treatment now accorded by my Government to Philippine products, irrespective of the forthcoming change in the Commonwealth's political status.

48 Stat. 456.
48 U. S. C. § 1232 *et seq.*

Nonextension to Belgium of advantages accorded by U. S. to Philippines.

With a view, therefore, to placing the relations between the United States and Belgium upon the same basis, with respect to the matters involved, as the relations existing under the treaties and agreements referred to in the preceding paragraph, I have the honor to propose that the most-favored-nation provisions of the Reciprocal Trade Agreement between the United States of America and the Belgo-Luxembourg Economic Union signed February 27, 1935, shall not be understood to require the extension to Belgium of advantages accorded by the United States to the Philippines.

49 Stat. 3680.

In view of the imminence of the inauguration of an independent Philippine Government, I should be glad to have the reply of Your Excellency's Government to this proposal at an early date.

Accept, Excellency, the renewed assurances of my highest consideration.

With a view, therefore, to placing the relations between the United States and the Dominican Republic upon the same basis, with respect to the matters involved, as the relations existing under the treaties and agreements referred to in the preceding paragraph, I have the honor to propose that the provisions of the Agreement between the United States and the Dominican Republic effected by an exchange of notes signed September 25, 1924, shall not be understood to require the extension to the Dominican Republic of advantages accorded by the United States to the Philippines.

Nonextension to Dominican Republic of advantages accorded by U. S. to Philippines.

Notice.

(B) Prior to exercising the right conferred in paragraph (A) of this Article to withhold or revoke, or to impose conditions with respect to, any certificate or permit issued to the designated airline of the other Contracting Party, the Contracting Party desiring to exercise such right shall give notice thereof to the other Contracting Party and simultaneously to the designated airline concerned. Such notice shall state the basis of the proposed action and shall afford opportunity to the other Contracting Party to consult in regard thereto. Any revocation or imposition of conditions shall become effective on the date specified in such notice (which shall not be less than one calendar month after the date on which the notice would in the ordinary course of transmission be received by the Contracting Party to whom it is addressed) unless the notice is withdrawn before such date.

ARTICLE VIII

Collaboration of authorities.

(A) In a spirit of close collaboration the aeronautical authorities of the two Contracting Parties will consult regularly with a view to assuring the observance of the principles and the implementation of the provisions outlined in this Agreement and its Annex.

Post, p. 2459.

Failure to publish information, etc.

(B) In the event of the aeronautical authorities of either Contracting Party failing or ceasing to publish information in relation

to the agreed services on lines similar to that included in the Airline Traffic Surveys (Station to Station and Origination and Destination) now published by the Civil Aeronautics Board and failing or ceasing to supply such data of this character as may be required by the Provisional International Civil Aviation Organization or its successor, the aeronautical authorities of such Contracting Party shall supply, on the request of the aeronautical authorities of the other Contracting Party, such information of that nature as may be requested.

ARTICLE IX

Disputes.

Any dispute between the Contracting Parties relating to the interpretation or application of this Agreement or its Annex which cannot be settled through consultation shall be referred for an advisory report to the Interim Council of the Provisional International Civil Aviation Organization (in accordance with the provisions of Article III, Section 6(8) of the Interim Agreement on International Civil Aviation signed at Chicago on December 7, 1944) or its successor, and the executive authorities of each Contracting Party will use their best efforts under the powers available to them to put into effect the opinion expressed in such report.

59 Stat. 1521.

ARTICLE X

Registration of agreement and contracts.

This Agreement shall be registered by both Contracting Parties with the United Nations and shall also be registered, together with all relative contracts, with the Provisional International Civil Aviation Organization set up by the Interim Agreement on International Civil Aviation signed at Chicago December 7, 1944 or its successor.

59 Stat. 1516.

ARTICLE XI

Amendments.

(A) If a general multilateral air transport convention enters into force in relation to both Contracting Parties, the present Agreement shall be amended so as to conform with the provisions of such convention.

(B) Either Contracting Party may at any time request consultation with the other with a view to initiating any amendments of this Agreement or its Annex which may be desirable in the light of experience.

(C) If either of the Contracting Parties considers it desirable to modify the terms of the Annex to this Agreement, it may request consultation between the aeronautical authorities of both Contracting Parties, and such consultation shall begin within a period of sixty days from the date of the request. When these authorities agree on modifications to the Annex, these modifications will come into effect when they have been confirmed by the Contracting Parties by an exchange of notes through the diplomatic channel.

ARTICLE XII

Termination.

It shall be open to either Contracting Party at any time to give notice to the other of its desire to terminate this Agreement. Such

notice shall be simultaneously communicated to the Provisional International Civil Aviation Organization or its successor. If such notice is given, this Agreement shall terminate twelve calendar months after the date of receipt of the notice by the other Contracting Party unless the notice to terminate is withdrawn by agreement before the expiry of this period. In the absence of acknowledgment by the other Contracting Party specifying an earlier date of receipt, notice shall be deemed to have been received fourteen days after the receipt of the notice by the Provisional International Civil Aviation Organization or its successor.

ARTICLE XIII

Entry into force.

This Agreement, including the provisions of the Annex thereof, will come into force on the day it is signed.

IN WITNESS WHEREOF the undersigned, being duly authorized thereto by their respective Governments, have signed the present Agreement.

DONE in duplicate at Washington, this third day of December, 1946.

FOR THE GOVERNMENT OF THE UNITED STATES OF AMERICA:
DEAN ACHESON

FOR THE GOVERNMENT OF NEW ZEALAND:
C. A. BERENDSEN
JOHN S. REID

ANNEX

SECTION I

U. S. rights of transit and stop in New Zealand.

The airline of the United States of America designated pursuant to the present Agreement is accorded rights of transit and of stop for non-traffic purposes in the territory of New Zealand, as well as the right to pick up and discharge international traffic in passengers, cargo, and mail at Auckland, on the following route:

The United States via Honolulu, Canton Island, the Fiji Islands, New Caledonia (optional), to Auckland; in both directions.

This service shall terminate at Auckland.

SECTION II

New Zealand rights of transit and stop in U. S.

The airline of New Zealand designated pursuant to the present Agreement is accorded rights of transit and of stop for non-traffic purposes in the territory of the United States of America, as well as the right to pick up and discharge international traffic in passengers, cargo, and mail at Honolulu and San Francisco, on the following route:

New Zealand via the Fiji Islands, Canton Island, Honolulu, to San Francisco, and (optional) beyond to Vancouver; in both directions.

SECTION III

General objectives.

It is agreed between the Contracting Parties:

Encouragement of air travel.

(A) That the two Governments desire to foster and encourage the widest possible distribution of the benefits of air travel for the general good of mankind at the cheapest rates consistent with sound economic principles, and desire to stimulate international air travel as a means of promoting friendly understanding and good will among peoples and insuring as well the many indirect benefits of this new form of transportation to the common welfare of both countries.

Equal opportunity for operation of services.

(B) The designated airlines of the two Contracting Parties operating on the routes described in this Annex shall enjoy fair and equal opportunity for the operation of the agreed services. If the designated airline of one Contracting Party is temporarily unable, as a result of the war or for reasons within the control of the other Contracting Party, to take advantage of such opportunity, the Contracting Parties shall review the situation with the object of assisting the said airline to take full advantage of the fair and equal opportunity to participate in the agreed services.

(C) That in the operation by the designated airline of either Contracting Party of the trunk services described in the present Annex, the interests of any airline of the other Contracting Party shall be taken into consideration so as not to affect unduly the services which the latter provides on all or part of the same route.

(D) That the total air transport services offered by the designated airlines of the two Contracting Parties over the routes specified in

this Annex shall bear a close relationship to the requirements of the public for such services.

Provision of adequate capacity.

(E) That the services provided by each designated airline under this Agreement and its Annex shall retain as their primary objective the provision of capacity adequate to the traffic demands between the country which designates such airline and the country of ultimate destination of the traffic. The right to embark or disembark on such services international traffic destined for and coming from third countries at a point or points on the route specified in the Annex to this Agreement shall be applied in accordance with the general principles of orderly development to which both Governments subscribe and shall be subject to the general principle that capacity should be related:

(a) to traffic requirements between the country of origin and the countries of destination;
(b) to the requirements of through airline operation; and
(c) to the traffic requirements of the area through which the airline passes after taking account of local and regional services.

SECTION IV

Determination of rates.

(A) The determination of rates in accordance with the following paragraphs shall be made at reasonable levels, due regard being paid to all relevant factors, such as cost of operation, reasonable profit, and the rates charged by any other airline, as well as the characteristics of each service.

Approval of rates.

(B) The rates to be charged by the designated airline of either Contracting Party between points in the territory of the United States and points in New Zealand territory referred to in this Annex, shall, consistent with the provisions of the present Agreement and its Annex, be subject to the approval of the aeronautical authorities of the Contracting Parties, who shall act in accordance with their obligations under the present Agreement and its Annex, within their respective constitutional powers and obligations.

"IATA".

(C) The Civil Aeronautics Board of the United States having approved the traffic conference machinery of the International Air Transport Association (hereinafter called "IATA"), for a period of one year beginning in February 1946, any rate agreements concluded through this machinery during this period and involving any United States airline will be subject to approval by the Board.

Filing of proposed new rates.

(D) Any new rate proposed by the designated airline of either Contracting Party shall be filed with the aeronautical authorities of both Contracting Parties at least thirty days before the proposed date of introduction; provided that this period of thirty days may be reduced in particular cases if so agreed by the aeronautical authorities of both Contracting Parties.

(E) The Contracting Parties agree that the procedure described in paragraphs (F), (G), and (H) of this section shall apply

(1) if, during the period of the Civil Aeronautics Board's approval of the IATA traffic conference machinery, either any specific

rate agreement is not approved within a reasonable time by either Contracting Party or a conference of IATA is unable to agree on a rate, or

(2) at any time no IATA machinery is applicable, or

(3) if either Contracting Party at any time withdraws or fails to renew its approval of that part of the IATA traffic conference machinery relevant to this provision.

Prevention of unfair or uneconomic rates.

(F) In the event that power is conferred by law upon the aeronautical authorities of the United States to fix fair and economic rates for the transport of persons and property by air on international services, and to suspend proposed rates in a manner comparable to that in which the Civil Aeronautics Board at present is empowered to act with respect to such rates for the transport of persons and property by air within the United States, each of the Contracting Parties shall thereafter exercise its authority in such manner as to prevent any rate or rates proposed by its designated airline for services from the territory of one Contracting Party to a point or points in the territory of the other Contracting Party from becoming effective, if in the judgment of the aeronautical authorities of the Contracting Party whose designated airline is proposing such rate, that rate is unfair or uneconomic. If one of the Contracting Parties on receipt of the notification referred to in paragraph (D) above is dissatisfied with the new rate proposed by the designated airline of the other Contracting Party, it shall so notify the other Contracting Party prior to the expiry of the first fifteen of the thirty days referred to, and the Contracting Parties shall endeavor to reach agreement on the appropriate rate.

Notice of dissatisfaction with proposed new rate.

In the event that such agreement is reached, each Contracting Party will exercise its statutory powers to give effect to such agreement.

Provisional rate pending settlement of dispute.

If agreement has not been reached at the end of the thirty-day period referred to in paragraph (D) above, the proposed rate may, unless the aeronautical authorities of the country of the airline concerned see fit to suspend its application, go into effect provisionally pending the settlement of any dispute in accordance with the procedure outlined in paragraph (H) below.

(G) Prior to the time when such power may be conferred by law upon the aeronautical authorities of the United States, if one of the Contracting Parties is dissatisfied with any new rate proposed by the designated airline of either Contracting Party for services from the territory of one Contracting Party to a point or points in the territory of the other Contracting Party, it shall so notify the other prior to the expiry of the first fifteen of the thirty-day period referred to in paragraph (D) above, and the Contracting Parties shall endeavor to reach agreement on the appropriate rate.

In the event that such agreement is reached, each Contracting Party will use its best efforts to cause such agreed rate to be put into effect by its designated airline.

It is recognized that if no such agreement can be reached prior to the expiry of such thirty days, the Contracting Party raising the objection

to the rate may take such steps as it may consider necessary to prevent the inauguration or continuation of the service in question at the rate complained of.

Advisory report.

(H) When in any case under paragraphs (F) and (G) above the aeronautical authorities of the two Contracting Parties cannot agree within a reasonable time upon the appropriate rate after consultation initiated by the complaint of one Contracting Party concerning the proposed rate or an existing rate of the designated airline of the other Contracting Party, upon the request of either, both Contracting Parties shall submit the question to the Provisional International Civil Aviation Organization or its successor for an advisory report, and the executive authorities of each Contracting Party will use their best efforts under the powers available to them to put into effect the opinion expressed in such report.

(I) The Executive Branch of the Government of the United States agrees to use its best efforts to secure legislation empowering the aeronautical authorities of the United States to fix fair and economic rates for the transport of persons and property by air on international services, and to suspend proposed rates in a manner comparable to that in which the Civil Aeronautics Board at present is empowered to act with respect to such rates for the transport of persons and property by air within the United States.

Round-trip rates.

(J) In this Annex references to rates between a point in the territory of one Contracting Party and a point in the territory of the other Contracting Party shall be deemed to include round-trip rates for a journey from the territory of the first mentioned Contracting Party to the territory of the second mentioned Contracting Party and back to the territory of the first mentioned Contracting Party.

SECTION V

Determination of rates over segment of route.

It is recognized that the determination of rates to be charged by an airline of one Contracting Party over a segment of the specified route, which segment lies between the territories of the other Contracting Party and a third country, is a complex question the overall solution of which cannot be sought through consultation between only the two Contracting Parties. Pending the acceptance by both Contracting Parties of any multilateral agreement or recommendations with respect to such rates, the rates to be charged by the designated airlines of the two Contracting Parties over the route segment involved shall be set in the first instance by agreement between such airlines operating over such route segment, subject to the approval of the aeronautical authorities of the two Contracting Parties. In case such designated airlines can not reach agreement or in case the aeronautical authorities of both Contracting Parties do not approve any rates set by such airlines, the question shall become the subject of consultation between the aeronautical authorities of the two Contracting Parties. In considering such rates the aeronautical authorities shall have regard particularly to subparagraph (C) of Section III of this Annex and to the desire of both Contracting Parties to foster and encourage the develop-

Ante, p. 2459.

ment of efficient and economically sound trunk air services by the designated airlines over the specified routes and the development of efficient and economically sound regional air services along and in areas adjacent to the specified routes. If the aeronautical authorities can not reach agreement the matter shall be referred for an advisory report to the Interim Council of the Provisional International Civil Aviation Organization or its successor, and the executive authorities of each Contracting Party shall use their best efforts under the powers available to them to put into effect the opinion expressed in such report. Pending determination of the rates in the manner herein provided, the rates to be charged over the particular route segment or segments involved shall be as fixed by the aeronautical authorities of the Contracting Party whose territory is on the segment or segments involved, provided that no discrimination is made between the rates to be charged by the designated airlines of the two Contracting Parties. After any rate has been agreed to in accordance with the procedure described in this Section, such rate shall remain in effect until changed in accordance with this procedure.

SECTION VI

Exchange of information concerning authorizations.

After the present Agreement comes into force the aeronautical authorities of both Contracting Parties will exchange information as promptly as possible concerning the authorizations extended to their respective designated airline to render service to, through, and from the territory of the other Contracting Party. This will include copies of current certificates and authorizations for service on the routes which are the subject of this Agreement and, for the future, such new certificates and authorizations as may be issued together with amendments, exemption orders, and authorized service patterns.

"IATA".

(C) The Civil Aeronautics Board of the United States having approved the traffic conference machinery of the International Air Transport Association (hereinafter called "IATA"), for a period of one year beginning in February 1946, any rate agreements concluded through this machinery during this period and involving any United States airline will be subject to approval by the Board.

Filing of proposed new rates.

(D) Any new rate proposed by the designated airline of either Contracting Party shall be filed with the aeronautical authorities of both Contracting Parties at least thirty days before the proposed date

(3) if either Contracting Party at any time withdraws or fails to renew its approval of that part of the IATA traffic conference machinery relevant to this provision.

Prevention of unfair or uneconomic rates.

(F) In the event that power is conferred by law upon the aeronautical authorities of the United States to fix fair and economic rates for the transport of persons and property by air on international services, and to suspend proposed rates in a manner comparable to that in which the Civil Aeronautics Board at present is empowered to act with respect to such rates for the transport of persons and property by air within the United States, each of the Contracting Parties shall thereafter exercise its authority in such manner as to prevent any rate or rates proposed by its designated airline for services from the territory of one Contracting Party to a point or points in the territory of the other Contracting Party from becoming effective, if in the judgment of the aeronautical authorities of the Contracting Party whose designated airline is proposing such rate, that rate is unfair or uneconomic. If one of the Contracting Parties on receipt of the notification referred to in paragraph (D) above is dissatisfied with the new rate proposed by the designated airline of the other Contracting Party, it shall so notify the other Contracting Party prior to the expiry of the first fifteen of the thirty days referred to, and the Contracting Parties shall endeavor to reach agreement on the appropriate rate.

Notice of dissatisfaction with proposed new rate.

In the event that such agreement is reached, each Contracting Party will exercise its statutory powers to give effect to such agreement.

Provisional rate pending settlement of dispute.

If agreement has not been reached at the end of the thirty-day period referred to in paragraph (D) above, the proposed rate may, unless the aeronautical authorities of the country of the airline concerned see fit to suspend its application, go into effect provisionally pending the settlement of any dispute in accordance with the procedure outlined in paragraph (H) below.

(G) Prior to the time when such power may be conferred by law upon the aeronautical authorities of the United States, if one of the Contracting Parties is dissatisfied with any new rate proposed by the designated airline of either Contracting Party for services from the territory of one Contracting Party to a point or points in the territory of the other Contracting Party, it shall so notify the other prior to the expiry of the first fifteen of the thirty-day period referred

to in paragraph (D) above, and the Contracting Parties shall endeavor to reach agreement on the appropriate rate.

In the event that such agreement is reached, each Contracting Party will use its best efforts to cause such agreed rate to be put into effect by its designated airline.

It is recognized that if no such agreement can be reached prior to the expiry of such thirty days, the Contracting Party raising the objection to the rate may take such steps as it may consider necessary to prevent the inauguration or continuation of the service in question at the rate complained of.

(H) When in any case under paragraphs (F) and (G) above the aeronautical authorities of the two Contracting Parties cannot agree within a reasonable time upon the appropriate rate after consultation initiated by the complaint of one Contracting Party concerning the proposed rate or an existing rate of the designated airline of the other Contracting Party, upon the request of either, both Contracting Parties shall submit the question to the Provisional International Civil Aviation Organization or its successor for an advisory report, and the executive authorities of each Contracting Party will use their best efforts under the powers available to them to put into effect the opinion expressed in such report. Advisory report.

(I) The Executive Branch of the Government of the United States agrees to use its best efforts to secure legislation empowering the aeronautical authorities of the United States to fix fair and economic rates for the transport of persons and property by air on international services, and to suspend proposed rates in a manner comparable to that in which the Civil Aeronautics Board at present is empowered to act with respect to such rates for the transport of persons and property by air within the United States.

(J) In this Annex references to rates between a point in the territory of one Contracting Party and a point in the territory of the other Contracting Party shall be deemed to include round-trip rates for a journey from the territory of the first mentioned Contracting Party to the territory of the second mentioned Contracting Party and back to the territory of the first mentioned Contracting Party. Round-trip rates.

SECTION V

It is recognized that the determination of rates to be charged by an airline of one Contracting Party over a segment of the specified route, which segment lies between the territories of the other Contracting Party and a third country, is a complex question the overall solution of which cannot be sought through consultation between only the two Contracting Parties. Pending the acceptance by both Contracting Parties of any multilateral agreement or recommendations with respect to such rates, the rates to be charged by the designated airlines of the two Contracting Parties over the route segment involved shall be set in the first instance by agreement between such airlines operating over such route segment, subject to the approval of the aeronautical authorities of the two Contracting Parties. In Determination of rates over segment of route.

case such designated airlines can not reach agreement or in case the aeronautical authorities of both Contracting Parties do not approve any rates set by such airlines, the question shall become the subject of consultation between the aeronautical authorities of the two Contracting Parties. In considering such rates the aeronautical authorities shall have regard particularly to subparagraph (C) of Section III of this Annex and to the desire of both Contracting Parties to foster and encourage the development of efficient and economically sound trunk air services by the designated airlines over the specified routes and the development of efficient and economically sound regional air services along and in areas adjacent to the specified routes. If the aeronautical authorities can not reach agreement the matter shall be referred for an advisory report to the Interim Council of the Provisional International Civil Aviation Organization or its successor, and the executive authorities of each Contracting Party shall use their best efforts under the powers available to them to put into effect the opinion expressed in such report. Pending determination of the rates in the manner herein provided, the rates to be charged over the particular route segment or segments involved shall be as fixed by the aeronautical authorities of the Contracting Party whose territory is on the segment or segments involved, provided that no discrimination is made between the rates to be charged by the designated airlines of the two Contracting Parties. After any rate has been agreed to in accordance with the procedure described in this Section, such rate shall remain in effect until changed in accordance with this procedure.

Ante, p. 2470.

SECTION VI

Exchange of information concerning authorizations.

After the present Agreement comes into force the aeronautical authorities of both Contracting Parties will exchange information as promptly as possible concerning the authorizations extended to their respective designated airline to render service to, through, and from the territory of the other Contracting Party. This will include copies of current certificates and authorizations for service on the routes which are the subject of this Agreement and, for the future, such new certificates and authorizations as may be issued together with amendments, exemption orders, and authorized service patterns.

Memorandum of agreement between the United States of America and the United Kingdom respecting the economic fusion of American and British zones of occupation in Germany. Signed December 2, 1946.

December 2, 1946
[T. I. A. S. 1575]

MEMORANDUM OF AGREEMENT

Representatives of the two Governments have met at Washington to discuss the questions arising out of the economic fusion of their zones of occupation in Germany. They have taken as the basis of their discussion the fact that the aim of the two Governments is to achieve the economic unity of Germany as a whole, in accordance with the agreement reached at Potsdam on 2nd August, 1945. The arrangements set out hereunder, for the United States and United Kingdom Zones, should be regarded as the first step towards the achievement of the economic unity of Germany as a whole in accordance with that agreement. The two Governments are ready at any time to enter into discussions with either of the other occupying powers with a view to the extension of these arrangements to their zones of occupation.

On this basis, agreement has been reached on the following paragraphs:-

1. *Date of inception.* This agreement for the economic fusion of the two zones shall take effect on 1st January, 1947.

2. *Pooling of resources.* The two zones shall be treated as a single area for all economic purposes. The indigenous resources of the area and all imports into the area, including food, shall be pooled in order to produce a common standard of living.

3. *German administrative agencies.* The United States and United Kingdom Commanders-in-Chief are responsible for setting up under their joint control the German administrative agencies necessary to the economic unification of the two zones.

4. *Agency for foreign trade.* Responsibility for foreign trade will rest initially with the Joint Export-Import Agency (United States-United Kingdom) or such other agency as may be established by the two Commanders-in-Chief. This responsibility shall be transferred to the German administrative agency for foreign trade under joint supervision to the maximum extent permitted by the restrictions existing in foreign countries at any given period. (All references in this agreement to the Joint Export-Import Agency shall apply to this agency or to any agency established by the two Commanders-in-Chief to succeed it.)

5. *Basis of economic planning.* The aim of the two Governments is the achievement by the end of 1949 of a self-sustaining economy for the area.

6. *Sharing of financial responsibility.* Subject to the provision of the necessary appropriations, the Governments of the United States and the United Kingdom will become responsible on an equal basis for costs of approved imports brought into account after 31st December, 1946 (including stocks on hand financed by the respective Governments), insofar as those cannot be paid for from other sources, in accordance with the following provisions:–

Division of imports.

(a) For this purpose the imports of the area shall be divided into two categories: those imports required to prevent disease and unrest (Category A), which are financed in decreasing amounts by appropriated funds; and those further imports (including raw materials), however financed, which will be required if the economic state of the area is to recover to an extent sufficient to achieve the aim laid down in paragraph 5 of this Agreement (Category B).

Defrayal of cost of Category A imports.

(b) It is the intention of the two Governments that the full cost of Category A imports shall be defrayed as soon as possible, subject to sub-paragraph (c) below, from the proceeds of exports. Any portion of the cost of Category A imports which is not met by export proceeds will be defrayed by the two Governments in equal shares from appropriated funds.

Use of proceeds of exports for Category B imports, etc.

(c) The proceeds of exports from the area shall be collected by the Joint Export-Import Agency and shall be used primarily for the provision of Category B imports until there is a surplus of export proceeds over the cost of these imports.

(d) In order to provide funds to procure Category B imports:–

(i) The Government of the United Kingdom will make available to the Joint Export-Import Agency the sum of $29,300,000 in settlement of the understanding reached in September, 1945, for the pooling of the proceeds of exports from the two zones in proportion to import expenditures, which shall be credited to the United States contribution.

(ii) In addition to this sum the accumulated proceeds of exports from the United States Zone (estimated at $14,500,000), will be made available to the Joint Export-Import Agency for the purchase of Category B imports.

(iii) The Government of the United Kingdom will provide Category B goods at the request of the Joint Export-Import Agency to a value equal to that of the United States contribution under sub-paragraphs (i) and (ii) above.

(iv) The Governments of the United States and the United Kingdom will make available to the Joint Export-Import Agency in like amounts their respective shares of the sum to be used for financing purchases of essential commodities for the German economy under the provisions, and upon ratification by the Government of Sweden, of the accord dated 18th July, 1946, between the Governments of the United States, the United Kingdom and France on the one hand and of Sweden on the other.

Post, p. 3191.

(v) Any further sums which are agreed by the Joint Export-Import Agency to be required for the purchase of Category B imports shall be provided by the two Governments on an equal basis in such manner as they may agree. To the extent that either Government advances sums for the purchase of raw materials for processing and re-export on special terms as regards security and repayment, the other Government may advance equal sums on similar terms.

(e) The costs incurred by the two Governments for their two zones before 1st January, 1947, and for the area thereafter, shall be recovered from future German exports in the shortest practicable time consistent with the rebuilding of the German economy on healthy non-aggressive lines.

Recovery of costs from future German exports.

7. *Relaxation of barriers to trade.* With a view to facilitating the expansion of German exports, barriers in the way of trade with Germany should be removed as rapidly as world conditions permit. To the same end the establishment of an exchange value for the mark should be undertaken as soon as this is practicable; financial reform should be effected in Germany at an early date; and the exchange of full technical and business communications between Germany and other countries should be facilitated as soon as possible. Potential buyers of German goods should be provided access to both zones to the full extent that facilities permit, and normal business channels should be restored as soon as possible.

8. *Procurement.* The determination of import requirements shall be the responsibility of the Joint Export-Import Agency. The procurement of these requirements shall be dealt with as follows:–

(i) Procurement of Category A imports to the extent that they are financed from appropriated funds of either Government shall be the responsibility of that Government.

(ii) Procurement of Category B imports and of Category A imports to the extent that they are not financed by appropriated funds shall be the responsibility of the Joint Export-Import Agency, with such assistance from the two Governments as may be desired.

Unless otherwise agreed, subject to the provisions of this paragraph, procurement shall be from the most economical source of supply. However, the sources shall be selected to the fullest extent practicable so as to minimise the drain on the dollar resources of the United Kingdom.

Establishment of joint committee.

The two Governments will establish a joint committee in Washington with the following responsibilities:–

(a) In the case of commodities in short supply, to support the requirements of the Joint Export-Import Agency before the appropriate authorities.

(b) To determine, where necessary, sources of supply and to designate procurement agencies having regard to the financial

responsibilities and exchange resources of the two Governments.

With respect to sub-paragraph (a) above, the two Governments agree to assist the committee in obtaining the requirements of the Joint Export-Import Agency having regard to all other legitimate claims on available world supply.

With respect to sub-paragraph (b) above, where the financial responsibility rests with one Government, and the designated source of supply is the territory under the authority of the other Government, the latter, if so requested, will accept responsibility for procuring those supplies as agent for the former.

9. *Currency and banking arrangements.* The Bipartite Finance Committee (United States-United Kingdom) will be authorized to open accounts with approved banks of the countries in which the Joint Export-Import Agency is operating, provided that agreements are negotiated with those countries for credit balances to be transferred on demand into dollars or sterling. The Bipartite Finance Committee will be authorised to accept payment of balances in either dollars or sterling, whichever, in the judgment of the Joint Export-Import Agency, may be better utilized in financing essential imports.

10. *Food.* The two Governments will support, to the full extent that appropriated and other funds will permit, an increase in the present ration standard to 1800 calories for the normal consumer as soon as the world food supply permits. This standard is accepted as the minimum which will support a reasonable economic recovery in Germany. However, in view of the current world food supply, a ration standard of 1550 calories for the normal consumer must be accepted at present.

11. *Imports for displaced persons.* Subject to any international arrangements which may subsequently be made for the maintenance of displaced persons, the maintenance of displaced persons within both zones from the German economy shall not exceed the maintenance of German citizens from this economy. Supplementary rations and other benefits which may be provided for displaced persons in excess of those available to German citizens must be brought in to Germany without cost to the German economy.

12. *Duration.* It is the intention of the two Governments that this agreement shall govern their mutual arrangements for the economic administration of the area pending agreement for the treatment of Germany as an economic unit or until amended by mutual agreement. It shall be reviewed at yearly intervals.

[T. I. A. S. 1577]

AIR TRANSPORT AGREEMENT BETWEEN THE UNITED STATES OF AMERICA AND THE REPUBLIC OF THE PHILIPPINES

Having in mind the resolution signed under date of December 7, 1944, at the International Civil Aviation Conference in Chicago, [1] for the adoption of a standard form of agreement for air routes and services, and the desirability of mutually stimulating and promoting the further development of air transportation between the United States of America and the Republic of the Philippines, the two Governments parties to this arrangement agree that the establishment and development of air transport services between their respective territories shall be governed by the following provisions:

ARTICLE I

Each contracting party grants to the other contracting party the rights as specified in the Annex hereto necessary for establishing the international civil air routes and services therein described, whether such services be inaugurated immediately or at a later date at the option of the contracting party to whom the rights are granted.

Rights.

Post, p. 2483.

ARTICLE II

Each of the air services so described shall be placed in operation as soon as the contracting party to whom the rights have been granted by Article I to designate an airline or airlines for the route concerned has authorized an airline for such route, and the contracting party granting the rights shall, subject to Article VII hereof, be bound to give the appropriate operating permission to the airline or airlines concerned; provided that any airline so designated may be required to qualify before the competent aeronautical authorities of the contracting party granting the rights under the laws and regulations normally applied by these authorities before being permitted to engage in the operations contemplated by this Agreement; and provided that in areas of hostilities or of military occupation, or in areas

Inauguration of air services.

affected thereby, such inauguration shall be subject to the approval of the competent military authorities.

ARTICLE III

Continuance of previously granted operating rights.

Operating rights which the Philippine Government may have heretofore granted to any United States air transport enterprise shall continue in force in accordance with their terms, except for any provisions included in such operating rights which would prevent any airline designated under Article II above from operating under this Agreement.

ARTICLE IV

Prevention of discriminatory practices, etc.

In order to prevent discriminatory practices and to assure equality of treatment, both contracting parties agree that:

(a) Each of the contracting parties may impose or permit to be imposed just and reasonable charges for the use of public airports and other facilities under its control. Each of the contracting parties agrees, however, that these charges shall not be higher than would be paid for the use of such airports and facilities by its national aircraft engaged in similar international services.

(b) Fuel, lubricating oils and spare parts introduced into the territory of one contracting party by the other contracting party or its nationals, and intended solely for use by aircraft of such other contracting party shall, with respect to the imposition of customs duties, inspection fees or other national duties or charges by the contracting party whose territory is entered, be accorded the same treatment as that applying to national airlines and to airlines of the most-favored-nation.

(c) The fuel, lubricating oils, spare parts, regular equipment and aircraft stores retained on board civil aircraft of the airlines of one contracting party authorized to operate the routes and services described in the Annex shall, upon arriving in or leaving the territory of the other contracting party, be exempt from customs, inspection fees or similar duties or charges, even though such supplies be used or consumed by such aircraft on flights in that territory.

Post, p. 2483.

ARTICLE V

Certificates of airworthiness, etc.

Certificates of airworthiness, certificates of competency and licenses issued or rendered valid by one contracting party shall be recognized as valid by the other contracting party for the purpose of operating the routes and services described in the Annex. Each contracting party reserves the right, however, to refuse to recognize, for the purpose of flight above its own territory, certificates of competency and licenses granted to its own nationals by another State.

ARTICLE VI

Laws and regulations.

(a) The laws and regulations of one contracting party relating to the admission to or departure from its territory of aircraft engaged

in international air navigation, or to the operation and navigation of such aircraft while within its territory, shall be applied to the aircraft of the other contracting party, and shall be complied with by such aircraft upon entering or departing from or while within the territory of the first party.

(b) The laws and regulations of one contracting party as to the admission to or departure from its territory of passengers, crew, or cargo of aircraft, such as regulations relating to entry, clearance, immigration, passports, customs, and quarantine shall be complied with by or on behalf of such passengers, crew or cargo of the other contracting party upon entrance into or departure from, or while within the territory of the first party.

ARTICLE VII

Withholding or revocation of certificate or permit.

Each contracting party reserves the right to withhold or revoke the certificate or permit of any airline of the other party in case it is not satisfied that substantial ownership and effective control of airlines of the first party are vested in nationals of that party, or in case of failure of such airline to comply with the laws of the State over which it operates, as described in Article VI hereof, or otherwise to fulfill the conditions under which the rights are granted in accordance with this Agreement and its Annexes.

ARTICLE VIII

Registration of agreement and contracts.

This Agreement and all contracts connected therewith shall be registered with the Provisional International Civil Aviation Organization.

ARTICLE IX

Termination.

This Agreement or any of the rights for air transport services granted thereunder may be terminated by either contracting party upon giving one year's written notice to the other contracting party.

ARTICLE X

Modification of Annex.

In the event either of the contracting parties considers it desirable to modify the routes or conditions set forth in the attached Annex, it may request consultation between the competent authorities of both contracting parties, such consultation to begin within a period of sixty days from the date of the request. When these authorities mutually agree on new or revised conditions affecting the Annex, their recommendations on the matter will come into effect after they have been confirmed by an exchange of diplomatic notes.

ARTICLE XI

Entry into force.

This Agreement, including the provisions of the Annex thereto, will come into force on the day it is signed.

In witness whereof, the undersigned, being duly authorized by their respective Governments, have signed the present Agreement.

Done in duplicate this 16th day of November, 1946 at Manila.

Constitution of the United Nations Educational, Scientific and Cultural Organization adopted by the United States of America and other governments. Concluded at London November 16, 1945; instrument of acceptance deposited by the United States of America September 30, 1946; effective November 4, 1946.

September 30, 1946
[T. I. A. S. 1580]

CONSTITUTION OF THE UNITED NATIONS EDUCATIONAL, SCIENTIFIC AND CULTURAL ORGANISATION

THE GOVERNMENTS OF THE STATES PARTIES TO THIS CONSTITUTION ON BEHALF OF THEIR PEOPLES DECLARE

Preamble.

that since wars begin in the minds of men, it is in the minds of men that the defences of peace must be constructed;

that ignorance of each other's ways and lives has been a common cause, throughout the history of mankind, of that suspicion and mistrust between the peoples of the world through which their differences have all too often broken into war;

that the great and terrible war which has now ended was a war made possible by the denial of the democratic principles of the dignity, equality and mutual respect of men, and by the propagation, in their place, through ignorance and prejudice, of the doctrine of the inequality of men and races;

that the wide diffusion of culture, and the education of humanity for justice and liberty and peace are indispensable to the dignity of man and constitute a sacred duty which all the nations must fulfill in a spirit of mutual assistance and concern;

that a peace based exclusively upon the political and economic arrangements of governments would not be a peace which could secure the unanimous, lasting and sincere support of the peoples of the world, and that the peace must therefore be founded, if it is not to fail, upon the intellectual and moral solidarity of mankind.

FOR THESE REASONS,

the States parties to this Constitution, believing in full and equal opportunities for education for all, in the unrestricted pursuit of objective truth, and in the free exchange of ideas and knowledge, are agreed and determined to develop and to increase the means of communication between their peoples and to employ these means for the purposes of mutual understanding and a truer and more perfect knowledge of each other's lives;

IN CONSEQUENCE WHEREOF

Creation of United Nations Educational, Scientific and Cultural Organisation.

they do hereby create the United Nations Educational, Scientific and Cultural Organisation for the purpose of advancing, through the educational and scientific and cultural relations of the peoples of the world, the objectives of international peace and of the common welfare of mankind for which the United Nations Organisation was established and which its Charter proclaims.

59 Stat. 1031.

ARTICLE I.

Purposes and Functions

1. The purpose of the Organisation is to contribute to peace and security by promoting collaboration among the nations through education, science and culture in order to further universal respect for justice, for the rule of law and for the human rights and fundamental freedoms which are affirmed for the peoples of the world, without distinction of race, sex, language or religion, by the Charter of the United Nations. 59 Stat. 1031.

2. To realise this purpose the Organisation will:

(a) collaborate in the work of advancing the mutual knowledge and understanding of peoples, through all means of mass communication and to that end recommend such international agreements as may be necessary to promote the free flow of ideas by word and image;

(b) give fresh impulse to popular education and to the spread of culture;

by collaborating with Members, at their request, in the development of educational activities;

by instituting collaboration among the nations to advance the ideal of equality of educational opportunity without regard to race, sex or any distinctions, economic or social;

by suggesting educational methods best suited to prepare the children of the world for the responsibilities of freedom;

(c) maintain, increase and diffuse knowledge;

by assuring the conservation and protection of the world's inheritance of books, works of art and monuments of history and science, and recommending to the nations concerned the necessary international conventions;

by encouraging cooperation among the nations in all branches of intellectual activity, including the international exchange of persons active in the fields of education, science and culture and the exchange of publications, objects of artistic and scientific interest and other materials of information;

by initiating methods of international cooperation calculated to give the people of all countries access to the printed and published materials produced by any of them.

CONVENTION
CREANT UNE ORGANISATION DES NATIONS UNIES POUR L'EDUCATION, LA SCIENCE ET LA CULTURE

LES GOUVERNEMENTS DES ETATS
PARTIES A LA PRESENTE CONVENTION
AU NOM DE LEURS PEUPLES
DECLARENT

que, les guerres prenant naissance dans l'esprit des hommes, c'est dans l'esprit des hommes que doivent être élevées les défenses de la paix;

que l'incompréhension mutuelle des peuples a toujours été, au cours de l'histoire, à l'origine de la suspicion et de la méfiance entre nations par où leurs désaccords ont trop souvent dégénéré en guerre;

que la grande et terrible guerre qui vient de finir a été rendue possible par le reniement de l'idéal démocratique de dignité, d'égalité et de respect de la personne humaine et par la volonté de lui substituer, en exploitant l'ignorance et le préjugé, le dogme de l'inégalité des races et des hommes;

que, la dignité de l'homme exigeant la diffusion de la culture et l'éducation de tous en vue de la justice, de la liberté et de la paix, il y a là, pour toutes les nations, des devoirs sacrés à remplir dans un esprit de mutuelle assistance;

qu'une paix fondée sur les seuls accords économiques et politiques des Gouvernements ne saurait entraîner l'adhésion unanime, durable et sincère des peuples et que, par conséquent, cette paix doit être établie sur le fondement de la solidarité intellectuelle et morale de l'humanité.

POUR CES MOTIFS

les Etats signataires de cette Convention, résolus à assurer à tous le plein et égal accès à l'éducation, la libre poursuite de la vérité objective et le libre échange des idées et des connaissances, décident de développer et de multiplier les relations entre leurs peuples, en vue de se mieux comprendre et d'acquérir une connaissance plus précise et plus vraie de leurs coutumes respectives.

EN CONSEQUENCE

ils créent par les présentes l'Organisation des Nations Unies pour l'Education, la Science et la Culture afin d'atteindre graduellement, par la coopération des Nations du monde dans les domaines de l'éducation, de la science et de la culture, les buts de paix internationale et de prospérité commune de l'humanité en vue desquels l'Organisation des Nations Unies a été constituée, et que sa Charte proclame.

ARTICLE I

Buts et Fonctions

1. L'Organisation se propose de contribuer au maintien de la paix et de la sécurité en resserrant, par l'éducation, la science et la culture, la

collaboration entre nations, afin d'assurer le respect universel de la justice, de la loi, des droits de l'homme et des libertés fondamentales pour tous, sans distinction de race, de sexe, de langue ou de religion, que la Charte des Nations Unies reconnaît à tous les peuples.

2. A ces fins, l'Organisation:

a) favorise la connaissance et la compréhension mutuelle des nations en prêtant son concours aux organes d'information des masses; elle recommande à cet effet tels accords internationaux qu'elle juge utiles pour faciliter la libre circulation des idées, par le mot et par l'image;

b) imprime une impulsion vigoureuse à l'éducation populaire et à la diffusion de la culture:

en collaborant avec les Etats Membres qui le désirent pour les aider à développer leur action éducatrice;

en instituant la collaboration des nations afin de réaliser graduellement l'idéal d'une chance égale d'éducation pour tous, sans distinction de race, de sexe ni d'aucune condition économique ou sociale;

en suggérant des méthodes d'éducation convenables pour préparer les enfants du monde entier aux responsabilités de l'homme libre;

c) aide au maintien, à l'avancement et à la diffusion du savoir:

en veillant à la conservation et protection du patrimoine universel de livres, d'oeuvres d'art et d'autres monuments d'intérêt historique ou scientifique, et en recommandant aux peuples intéressés des conventions internationales à cet effet;

en encourageant la coopération entre nations dans toutes les branches de l'activité intellectuelle, l'échange international de représentants de l'éducation, de la science et de la culture ainsi que celui de publications, d'oeuvres d'art, de matériel de laboratoire et de toute documentation utile;

en facilitant par des méthodes de coopération internationale appropriées l'accès de tous les peuples à ce que chacun d'eux publie.

3. Soucieuse d'assurer aux Etats Membres de la présente Organisation l'indépendance, l'intégrité et la féconde diversité de leurs cultures et de leurs systèmes d'éducation, l'Organisation s'interdit d'intervenir en aucune matière relevant essentiellement de leur juridiction intérieure.

ARTICLE II

Membres.

1. Les Etats membres de l'Organisation des Nations Unies possèdent le droit de faire partie de l'Organisation des Nations Unies pour l'Education, la Science et la Culture.

2. Sous réserve des termes de l'accord à intervenir entre la présente Organisation et l'Organisation des Nations Unies, approuvé conformément à l'Article X de la présente Convention, les Etats non

membres de l'Organisation des Nations Unies peuvent être admis comme membres de l'Organisation sur recommandation du Conseil Exécutif, par la Conférence Générale votant à la majorité des deux tiers.

3. Les Etats membres de l'Organisation suspendus de l'exercice de leurs droits et privilèges de membres de l'Organisation des Nations Unies, seront sur la demande de cette dernière suspendus des droits et privilèges inhérents à la qualité de membre.

4. Les Etats membres de l'Organisation cessent *ipso facto* d'en être membres s'ils sont exclus de l'Organisation des Nations Unies.

ARTICLE III

Organes.

L'Organisation comprend une Conférence générale, un Conseil exécutif et un Secrétariat.

ARTICLE IV.

La Conférence générale.

A. Composition.

1. – La Conférence générale se compose des représentants des Etats membres de l'Organisation. Le Gouvernement de chaque Etat Membre nomme au plus cinq représentants choisis après consultation avec le Comité National, s'il en existe, ou avec les institutions et corps éducatifs, scientifiques et culturels.

B. Fonctions.

2. – La Conférence générale détermine l'orientation et la ligne de conduite générale de l'Organisation. Elle se prononce sur les programmes établis par le Conseil exécutif.

3. – La Conférence générale convoque, s'il y a lieu, des conférences internationales sur l'éducation, les sciences, les humanités et la diffusion du savoir.

4. – Quand elle se prononce pour l'adoption de projets à soumettre aux Etats Membres, la Conférence générale doit distinguer entre les recommandations aux Etats Membres et les conventions internationales à ratifier par les Etats Membres. Dans le premier cas, la majorité simple suffit; dans le second, une majorité des deux tiers est requise. Chacun des Etats Membres soumettra les recommandations ou conventions aux autorités nationales compétentes dans le délai d'un an à partir de la clôture de la session de la Conférence générale au cours de laquelle elles auront été adoptées.

5. – La Conférence générale conseille l'Organisation des Nations Unies sur les aspects éducatifs, scientifiques et culturels des questions intéressant les Nations Unies, dans les conditions et suivant la procèdure qui auront été adoptées par les autorités compétentes des deux Organisations.

6. – La Conférence générale reçoit et examine les rapports qui lui sont soumis périodiquement par les Etats Membres, conformément à l'Article VIII.

7. – La Conférence générale élit les membres du Conseil exécutif; elle nomme le Directeur Général sur présentation du Conseil exécutif.

C. Vote.

8. – Chaque Etat Membre dispose d'une voix à la Conférence générale. Les décisions sont prises à la majorité simple, sauf dans les cas où les dispositions de la présente Convention exigent une majorité des deux tiers. Par majorité, il faut entendre la majorité des membres présents et votant.

D. Procédure.

9. – La Conférence générale se réunit chaque année en session ordinaire; elle peut se réunir en session extraordinaire sur convocation du Conseil exécutif. Au cours de chaque session la Conférence fixe le siège de la session suivante; ce siège change chaque année.

10. – La Conférence générale, à chaque session, élit son président et son bureau et adopte son règlement intérieur.

11. – La Conférence générale crée les commissions tant spéciales que techniques et autres organismes subsidiaires qui peuvent être nécessaires à l'exécution de sa tâche.

12. – Des dispositions seront prises pour que le public puisse assister aux délibérations, sous réserve des dispositions du règlement intérieur.

E. Observateurs.

13. – La Conférence générale, votant à la majorité des deux tiers, sur la recommandation du Conseil exécutif, et sous réserve du règlement intérieur, peut inviter comme observateurs à des sessions déterminées de la Conférence ou de ses commissions, des représentants d'organisations internationales, notamment de celles qui sont visées à l'article XI, paragraphe 4.

ARTICLE V

Conseil exécutif.

A. Composition.

1. – Le Conseil exécutif est composé de dix huit membres élus par la Conférence générale parmi les délégués nommés par les Etats Membres ainsi que du Président de la Conférence qui siège ès-qualité avec voix consultative.

2. – En procédant à l'élection des membres du Conseil exécutif, la Conférence générale s'efforcera d'y faire figurer des personnalités compétentes dans le domaine des arts, des lettres, des sciences, de l'éducation et de la diffusion de la pensée, et ayant l'expérience et la compétence nécessaires pour remplir les fonctions administratives et exécutives qui incombent au Conseil. Elle tiendra compte également de la diversité des cultures et d'une répartition géographique équitable. Il ne pourra jamais y avoir en même temps au Conseil exécutif plus d'un ressortissant d'un même Etat Membre, le Président de la Conférence n'entrant pas en compte.

3. – Les membres élus du Conseil exécutif conservent leurs fonctions pendant une durée de trois ans; ils sont immédiatement rééligibles pour un second mandat, mais ils ne peuvent siéger plus de deux termes consécutifs. A la première élection, dix huit membres seront élus parmi lesquels un tiers se retirera à l'expiration de la première année

de mandat et un tiers à l'expiration de la deuxième, l'ordre de sortie étant déterminé par tirage au sort immédiatement après l'élection. Par la suite, six membres seront élus chaque année.

4. – En cas de décès ou de démission d'un des membres, le Conseil exécutif désigne parmi les délégués de l'Etat Membre intéressé, un suppléant qui siègera jusqu'à la plus prochaine session de la Conférence générale, laquelle élira un titulaire pour la portion du mandat restant à courir.

B. Fonctions.

5. – Le Conseil exécutif, agissant sous l'autorité de la Conférence générale, est responsable devant elle de l'exécution du programme adopté par la Conférence. Il prépare l'ordre du jour des réunions de la Conférence et le programme de travail qui est soumis à celle-ci.

6. – Le Conseil exécutif recommande à la Conférence générale l'admission de nouveaux Membres dans l'Organisation.

7. – Sous réserve des décisions de la Conférence générale, le Conseil exécutif établit son règlement intérieur. Il élit, parmi ses membres, son bureau.

8. – Le Conseil exécutif se réunit en session ordinaire au moins deux fois par an; il peut se réunir en session extraordinaire sur convocation de son Président à l'initiative de celui-ci, ou à la demande de six membres du Conseil.

9. – Le Président du Conseil exécutif présente à la Conférence générale, avec ou sans commentaires, le rapport annuel du Directeur Général sur l'activité de l'Organisation, préalablement soumis au Conseil.

10. – Le Conseil exécutif prend toutes dispositions utiles pour consulter les représentants des organismes internationaux ou les personnalités qualifiées qui s'occupent de questions relevant de sa compétence.

11. – Les membres du Conseil exécutif exercent les pouvoirs qui leur sont délégués par la Conférence générale, au nom de la Conférence tout entière et non comme représentants de leurs gouvernements respectifs.

ARTICLE VI

Secrétariat.

1. – Le Secrétariat se compose d'un Directeur Général et du personnel reconnu nécessaire.

2. – Le Directeur Général est proposé par le Conseil exécutif et nommé par la Conférence générale pour une période de six ans, aux conditions qui seront approuvées par la Conférence. Sa nomination est renouvelable. Le Directeur Général est le plus haut fonctionnaire de l'Organisation.

3. – Le Directeur Général ou, à son défaut, le remplaçant qu'il aura désigné, prend part, sans droit de vote, à toutes les réunions de la Conférence générale, du Conseil exécutif et des commissions de l'Organisation. Il formule des propositions en vue des mesures à prendre par la Conférence et le Conseil.

4. – Le Directeur Général nomme le personnel du Secrétariat conformément au statut du personnel qui devra être soumis à l'approbation de la Conférence générale. Sous réserve de réunir les plus hautes qualités d'intégrité, d'efficacité et de compétence technique, le personnel devra être recruté sur une base géographique aussi large que possible.

5. – Les responsabilités du Directeur Général et du personnel ont un caractère exclusivement international. Dans l'accomplissement de leurs devoirs, ils ne demanderont ni ne recevront d'instructions d'aucun Gouvernement ni d'aucune autorité étrangère à l'Organisation. Ils s'abstiendront de tout acte de nature à compromettre leur situation de fonctionnaires internationaux. Tous les Etats membres de l'Organisation s'engagent à respecter le caractère international des fonctions du Directeur Général et du personnel et à ne pas chercher à les influencer dans l'accomplissement de leur tâche.

6. – Aucune des dispositions de cet article ne saurait empêcher l'Organisation de passer, dans le cadre de l'Organisation des Nations Unies, des accords spéciaux pour la constitution de services communs et le recrutement de personnel commun ainsi que pour l'échange de personnel.

ARTICLE VII

Comités nationaux de coopération.

1. – Chaque Etat Membre prendra les dispositions appropriées à sa situation particulière pour associer aux travaux de l'Organisation les principaux groupes nationaux qui s'intéressent aux problèmes d'éducation, de recherche scientifique et de culture, de préférence en constituant une Commission nationale où seront représentés le Gouvernement et ces différents groupes.

2. – Dans les pays où il en existe les Commissions nationales ou les organismes nationaux de coopération remplissent un rôle consultatif auprès de leur Délégation nationale à la Conférence générale et auprès de leur Gouvernement pour tous les problèmes se rapportant à l'Organisation. Ils jouent le rôle d'organe de liaison pour toutes les questions qui intéressent l'Organisation.

3. – Sur la demande d'un Etat Membre, l'Organisation peut déléguer, à titre temporaire ou permanent, auprès de la Commission nationale de cet Etat, un membre de son Secrétariat pour collaborer aux travaux de cette Commission.

ARTICLE VIII

Présentation de rapports par les Etats Membres.

Chaque Etat Membre adresse à l'Organisation un rapport périodique, sous la forme que déterminera la Conférence générale, sur les lois, règlements et statistiques relatifs à ses institutions et à son activité dans l'ordre de l'éducation, de la science et de la culture ainsi que sur la suite donnée aux recommandations et conventions visées à l'Article IV, paragraphe 4.

ARTICLE IX

Budget.

1. – Le budget est administré par l'Organisation.

2. – La Conférence générale approuve définitivement le budget et fixe la participation financière de chacun des Etats Membres, sous réserve des dispositions qui pourront être prévues en cette matière par la convention conclue avec l'Organisation des Nations Unies conformément à l'article X de la présente Convention.

3. – Le Directeur Général peut, avec l'approbation du Conseil exécutif, recevoir directement tous dons, legs et subventions provenant de Gouvernements, d'institutions publiques ou privées, d'associations ou de particuliers.

ARTICLE X

Relations avec l'Organisation des Nations Unies.

L'Organisation sera reliée, dès que possible, à l'Organisation des Nations Unies. Elle en constituera l'une des institutions spécialisées prévues à l'article 57 de la Charte des Nations Unies. Ces relations feront l'objet d'un accord avec l'Organisation des Nations Unies conformément aux dispositions de l'article 63 de la Charte. Cet accord sera soumis, pour approbation, à la Conférence Générale de la présente Organisation. Il devra fournir les moyens d'établir une coopération effective entre les deux organisations, dans la poursuite de leurs fins communes. Il consacrera, en même temps, l'autonomie de l'Organisation dans le domaine de sa compétence particulière, tel qu'il est défini dans la présente Convention. Cet accord pourra notamment contenir toutes dispositions concernant l'approbation du budget et le financement de l'Organisation par l'Assemblée générale des Nations Unies.

ARTICLE XI

Relations avec d'autres organisations et institutions internationales spécialisées.

1. – L'Organisation peut coopérer avec d'autres organisations et institutions intergouvernementales spécialisées, dont les tâches et activités sont en harmonie avec les siennes. A cet effet, le Directeur Général peut, sous la haute autorité du Conseil exécutif, établir des relations effectives avec ces organisations et institutions et constituer les commissions mixtes jugées nécessaires pour assurer une coopération efficace. Tout accord passé avec ces organisations ou institutions spécialisées sera soumis à l'approbation du Conseil exécutif.

2. – Toutes les fois que la Conférence générale et les autorités compétentes de toute autre organisation ou institution intergouvernementale spécialisée poursuivant des activités et des objectifs analogues, jugeront souhaitable de transférer à l'Organisation les ressources et fonctions de ladite organisation ou institution, le Directeur Général pourra, sous réserve de l'approbation de la Conférence, conclure, à la satisfaction des deux parties, les accords nécessaires.

3. – L'Organisation peut, d'un commun accord avec d'autres organisations intergouvernementales, prendre des dispositions appropriées pour s'assurer une représentation à leurs réunions respectives.

4. – L'Organisation des Nations Unies pour l'Education, la Science et la Culture peut prendre toutes dispositions utiles pour faciliter les consultations et assurer la coopération avec les organisations internationales privées s'occupant de questions qui entrent dans son domaine. Elle peut les inviter à entreprendre certaines tâches déterminées rentrant dans leur compétence. Cette coopération peut également prendre la forme d'une participation appropriée de représentants desdites organisations aux travaux de comités consultatifs créés par la Conférence générale.

ARTICLE XII

Statut juridique de l'Organisation.

Les dispositions des Articles 104 et 105 de la Charte de l'Organisation des Nations Unies relatives au statut juridique de cette Organisation, à ses privilèges et immunités, s'appliquent également à la présente organisation.

ARTICLE XIII

Amendements.

1. – Les projets d'amendements à la présente Convention prendront effet lorsqu'ils auront été adoptés par la Conférence générale à la majorité des deux tiers; néanmoins, les amendements entraînant des modifications fondamentales dans les buts de l'Organisation ou des obligations nouvelles pour les Etats Membres, devront être ensuite acceptés par les deux tiers des Etats Membres avant d'entrer en vigueur. Le texte des projets d'amendements sera communiqué aux Etats Membres par le Directeur Général six mois au moins avant d'être soumis à l'examen de la Conférence générale.

2. – La Conférence générale aura pouvoir d'adopter à la majorité des deux tiers un règlement en vue de l'application des dispositions du présent article.

ARTICLE XIV

Interprétation

1. – Les textes anglais et français de la présente Convention font également foi.

2. – Toutes questions et tous différends relatifs à l'interprétation de la présente Convention seront soumis pour décision à la Cour Internationale de Justice ou à un tribunal arbitral, selon ce que décidera la Conférence générale conformément à son règlement intérieur.

ARTICLE XV

Entrée en vigueur.

1. – La présente Convention sera soumise à acceptation. Les instruments d'acceptation seront déposés auprès du Gouvernement du Royaume-Uni.

2. – La présente Convention sera déposée dans les archives du Gouvernement du Royaume-Uni où elle restera ouverte à la signature. Les signatures pourront être apposées avant ou après le dépôt des instruments d'acceptation. L'acceptation ne sera valable que si elle est précédée ou suivie d'une signature.

3. – La présente Convention entrera en vigueur lorsqu'elle aura été acceptée par vingt de ses signataires. Les acceptations ultérieures prendront effet immédiatement.

4. – Le Gouvernement du Royaume-Uni notifiera à tous les Membres de l'Organisation des Nations Unies la réception de tous les instruments d'acceptation et la date à laquelle la Convention entrera en vigueur conformément au paragraphe précédent.

En foi de quoi les soussignés, dûment autorisés à cet effet, ont signé la présente Convention dans les langues anglaise et française, les deux textes faisant également foi.

Fait à Londres, le seize Novembre 1945, en un seul exemplaire dans les langues anglaise et française. Des copies dûment certifiées conformes seront remises par le Gouvernement du Royaume-Uni aux Gouvernements de tous les Etats membres des Nations Unies.

Agreement between the United States of America and Canada respecting waiver of certain claims involving government vessels. Effected by exchange of notes signed at Washington September 28, November 13 and 15, 1946; effective November 15, 1946.

The Canadian Ambassador to the Acting Secretary of State

CANADIAN EMBASSY
AMBASSADE DU CANADA

WASHINGTON, D. C.,
September 28, 1946.

No. 348

SIR,

57 Stat. 1021.

With reference to the exchange of notes of May 25 and 26, 1943, between the Governments of Canada and of the United States of America recording an agreement for the waiver of claims from collisions between vessels of war, I have the honour to inform you that the Government of Canada is prepared to give effect to an agreement in the following terms:

ARTICLE I

"Government vessel".

In this Agreement the expression "Government vessel" means a vessel (including a vessel of war), flying-boat or drydock owned by or under bareboat charter to, requisitioned by, demised to, or otherwise operated by, either Government, its servant, agent or instrumentality on bareboat terms or chartered to or otherwise operated by or for such Government on terms which authorize such Government to make this Agreement effective with respect to such vessel, flying-boat or drydock; it includes a vessel operated under the supervision of the War Shipping Administration or Park Steamship Company Limited, but does not include (a) a vessel, flying-boat or drydock on bareboat charter or otherwise on demise by either Government to a Government other than a contracting Government, or to any person, firm or corporation otherwise than as the servant, agent or instrumentality of either contracting Government; or (b) a vessel owned by Canadian National (West Indies) Steamships Limited, Canadian National Steamship Company Limited or associated or subsidiary companies.

ARTICLE 2

Waiver of designated claims.

The Government of Canada and the Government of the United States of America agree that each shall waive all those legal maritime claims by either Government against the other Government or any servant, agent or instrumentality of the other Government or any Government vessel in respect of collision, salvage, general average, negligent navigation or negligent management of the said Government vessel or in respect of the loss or salvage of, damage to, or general

average in connection with, cargoes carried in the said Government vessel; subject however to the provisions of Articles 3 and 4.

ARTICLE 3

Inapplicability.

Where in any case claims arise which are not required to be waived by this Agreement in addition to or in conjunction with claims which are so required to be waived and it is necessary in any proceedings including proceedings for the limitation of liability that claims be marshalled or for the proper assessment of any salvage or general average that values should be estimated, the provisions of this Agreement shall not apply but claims which would otherwise be required to be waived under this Agreement shall be asserted. Any recoveries, however, shall be waived by the Government entitled to such recoveries or at the option of such Government shall be dealt with in such other way as will give effect to the purpose of this Agreement.

ARTICLE 4

Bareboat charters, etc.

1. In order to carry out the full intention of this Agreement each Government will so arrange in connection with bareboat charters or demises to it or requisitions by it that neither the owners, nor the persons, firms or corporations interested through such owners, shall have or assert any claims of the character specified herein.

Claims arising under insurance.

2. Each Government represents that in no case in which a legal maritime claim arises under any insurance that has been or will be effected on or in respect of any Government vessel or cargo carried therein shall any rights that can be exercised against the other Government be subrogated to the insurers concerned insofar as the insurers' liability relates to a claim which is required to be waived by this Agreement.

ARTICLE 5

Assertion of sovereign immunity.

Each Government shall facilitate the assertion by the other Government of sovereign immunity in relation to any Government vessel.

ARTICLE 6

Applicability.

57 Stat. 1021.

This Agreement terminates the agreement contained in the exchange of notes of May 25 and 26, 1943, and it shall apply to legal maritime claims arising since December 7, 1941, but remaining unsettled on the day this Agreement enters into force, as well as in respect of claims arising on or after such day and during the period in which the Agreement shall remain in force.

ARTICLE 7

Duration.

This Agreement shall remain in force until the expiration of six months from the day on which either Government shall have given notice in writing to the other Government of an intention to terminate the Agreement.

I have the honour to inform you that if an Agreement in accordance

with the above terms is acceptable to the Government of the United States of America, it shall be considered by the Government of Canada to have been concluded and to be in effect as of the date of a corresponding note from you indicating that the Government of the United States of America is prepared to give effect to the Agreement.

Accept, Sir, the renewed assurance of my highest consideration.

THE GOVERNMENTS which have signed the Constitution of the International Refugee Organization,

having determined that they will take all measures possible to accomplish expeditiously the entry into effective operation of that Organization, and to provide for an orderly transfer to it of the functions and assets of existing organizations;

having decided that, pending the entry into force of the Constitution of the Organization, a Preparatory Commission for the International Refugee Organization should be established for the performance of certain functions and duties;

AGREE to the following measures:

1. There is hereby established a Preparatory Commission for the International Refugee Organization, which shall consist of one representative from each Government signatory to the Constitution. The Director of the Inter-governmental Committee on Refugees, the Director-General of UNRRA and the Director of the International Labour Organization, or their representatives, shall be invited to sit with the Commission in a consultative capacity.

2. The Commission shall:

(*a*) take all necessary and practicable measures for the purpose of bringing the Organization into effective operation as soon as possible;

(*c*) prepare the provisional agenda for this first session as well as documents and recommendations relating thereto;

(*d*) suggest plans, in consultation with existing organizations and the control authorities, for the programme for the first year of the Organization;

(*e*) prepare draft financial and staff regulations, and draft rules of procedure for the General Council and the Executive Committee.

3. The Commission may, in its discretion and after agreement with existing organizations dealing with refugees and displaced persons, take over any of the functions, activities, assets and personnel of such organizations, provided that the Commission is satisfied that this is essential in order to accomplish the orderly transfer to the International Refugee Organization of such functions or activities.

4. The Commission shall be governed by the rules of procedure of the Economic and Social Council of the United Nations so far as these are applicable.

5. The Commission shall appoint an Executive Secretary, who shall serve the Commission in that capacity and perform such duties as the Commission may determine. He shall be responsible for the appointment and direction of such staff as may be required for the work of the Commission.

6. The expenses of the Commission may be met by advances from such Governments as choose to make advance contributions, which shall be deductible from their first contributions to the Organization; and from such funds and assets as may be transferred from existing organizations to meet the cases provided for in paragraph 3 of this Agreement.

7. The first meeting of the Commission shall be convened as soon as practicable by the Secretary-General of the United Nations.

8. The Commission shall cease to exist upon the election of the Director-General of the Organization, at which time its property, assets and records shall be transferred to the Organization.

9. This Agreement shall come into force as soon as it has been signed by the representatives of eight Governments signatories to the Constitution of the International Refugee Organization and shall remain open for signature by Members of the United Nations which sign the Constitution of the International Refugee Organization until the Commission is dissolved in accordance with paragraph 8 of this Agreement.

4. La Commission sera soumise au règlement intérieur du Conseil économique et social de l'Organisation des Nations Unies, dans la mesure où ce règlement est applicable.

5. La Commission nommera un Secrétaire exécutif, qui l'assistera à ce titre et remplira les fonctions que la Commission pourra déterminer. Le Secrétaire exécutif sera chargé de nommer et de diriger le personnel que le travail de la Commission pourra exiger.

These two Governments, desiring to strengthen the friendly relations happily existing between the two countries, to further mutually advantageous commercial relations between their peoples, and to maintain the most-favored-nation principle in its unconditional and unlimited form as the basis of their commercial relations, agree to the following provisions:

Free entry of furniture, supplies, etc.

3. All furniture, equipment and supplies intended for official use in a consular or diplomatic office of the sending state shall be permitted entry into the territory of the receiving state free of all customs duties and internal revenue or other taxes whether imposed upon or by reason of importation.

4. Such exemption shall be granted with respect to property accompanying any person entitled to claim an exemption under this paragraph on first arrival or on any subsequent arrival and with respect to property consigned to any such person during the period the consular or diplomatic officer or employee, for or through whom the exemption is claimed, is assigned to or is employed in the receiving state by the sending state.

Notification of names of consular employees, etc.

5. It is understood, however, (a) that the exemptions provided by paragraph 4 of this Agreement shall be accorded in respect of employees in a consular office only when the names of such employees have been duly communicated to the appropriate authorities of the receiving state; (b) that in the case of the consignments to which paragraph 4 of this Agreement refers, either state may, as a condition to the granting of the exemption provided, require that a notification of any such consignment be given in such manner as it may prescribe; and (c) that nothing herein shall be construed to permit the entry into the territory of either state of any article the importation of which is specifically prohibited by law.

Any advantage, favor, privilege or immunity with respect to any duty, charge or regulation affecting commerce or navigation now or hereafter accorded by the United States of America or by the Kingdom of Nepal to any third country shall be accorded immediately and unconditionally to the commerce and navigation of the Kingdom of Nepal and of the United States of America, respectively.

Subject to the requirement that, under like circumstances and conditions, there shall be no arbitrary discrimination by either Party against the nationals, commerce or navigation of the other Party in favor of the nationals, commerce or navigation of any third country, the provisions of this Agreement shall not extend to prohibitions or restrictions: (a) imposed on moral or humanitarian grounds; (b) designed to protect human, animal, or plant life or health; (c) relating to prison-made goods; or (d) relating to the enforcement of police or revenue laws.

Applicability.

11. The provisions of this Agreement shall apply to all territory under the sovereignty or authority of either of the parties, except the Panama Canal Zone.

Continuance in force; termination.

12. This Agreement shall continue in force until superseded by a more comprehensive commercial agreement, or until thirty days from the date of a written notice of termination given by either Party to the other Party, whichever is the earlier. Moreover either Party may terminate paragraphs 7 and 8 on thirty days' written notice.

If the above provisions are acceptable to the Government of the Kingdom of Nepal this note and the reply signifying assent thereto shall, if agreeable to that Government, be regarded as constituting an agreement between the two Governments which shall become effective on the date of such acceptance.

[T. I. A. S. 1586]

AGREEMENT BETWEEN THE GOVERNMENT OF INDIA AND THE GOVERNMENT OF THE UNITED STATES RELATING TO AIR SERVICES.

The Government of India and the Government of the United States of America, hereinafter described as the Contracting Parties, being parties to the Interim Agreement on International Civil Aviation and the International Air Services Transit Agreement, both signed at Chicago on the seventh day of December, 1944, the terms of which agreements are binding on both parties,

59 Stat. 1516.
59 Stat. 1693.

Considering

That it is desirable to organise international air services in a safe and orderly manner and to further as much as possible the development of international cooperation in this field, and

That it is desirable to stimulate international air travel, at the lowest rates consistent with sound economic principles, as a means of promoting friendly understanding and good will among peoples and securing the many indirect benefits of this new form of transportation to the common welfare of both countries, and

That it is desirable to establish direct air communications between the United States of America and India,

have accordingly appointed plenipotentiaries, who, being duly authorised to this effect, have agreed as follows:

ARTICLE I.

Right of operation.

(A) Each Contracting Party grants to the other Contracting Party the right to operate the air services specified in the Annex to this Agreement (hereinafter referred to as the "specified air services") and to carry traffic to, from and in transit over the territory of the other Party as provided in this Agreement.

Post, p. 2582.

(B) The air lines designated as provided in Article II hereof shall have the right to use

(i) for traffic purposes, airports provided for public use at the points specified in the Annex to this Agreement and ancillary services provided for public use on the air routes specified in the said Annex (hereinafter referred to as the "specified air routes") and

(ii) for non-traffic purposes, all airports and ancillary services provided for public use on the specified air routes,

subject in either case to such conditions as may normally be applicable thereto.

ARTICLE II.

Inauguration of specified air services.

(A) Each of the specified air services may be inaugurated immediately or at a later date at the option of the Contracting Party to whom the rights are granted, on condition that:

(1) The Contracting Party to whom the rights have been granted shall have designated an air line (hereinafter referred to as a "designated air line") for the specified air route.

(2) The Contracting Party which grants the rights shall have given the appropriate operating permission to the air line pursuant to Paragraph (C) of this Article which it shall do with the least possible delay.

(B) Substantial ownership and effective control of the designated air lines of each Contracting Party shall be vested in that Party or its nationals.

(C) The designated air line may be required to satisfy the aeronautical authorities of the Contracting Party granting the rights that it is qualified to fulfil the conditions prescribed by or under the laws and regulations normally applied by those authorities to the operation of commercial air carriers.

(D) The operation of each of the specified air services shall be subject to the agreement of the Contracting Party concerned that the route organisation available for civil aviation on the specified air route is adequate for the safe operation of air services.

ARTICLE III.

Traffic rights in Indian territory.

(A) The air lines designated by the United States Government shall, subject to the provisions of Article IV, be entitled in Indian territory to carry, set down or pick up traffic as detailed below:

(1) Traffic embarked in or destined for the United States.

(2) Traffic between any two countries other than the United States and India carried in transit across Indian territory and not embarked or disembarked in India.

(3) Subject to the consent of the other State concerned, traffic embarked in the territory of a third country and destined for India, and traffic embarked in India and destined for a third country.

Traffic rights in U. S. territory.

(B) The air lines designated by the Government of India, shall, subject to the provisions of Article IV, be entitled in United States territory to carry, set down or pick up traffic as detailed below:

(1) Traffic embarked in or destined for India.

(2) Traffic between any two countries other than India and the United States carried in transit across United States territory and not embarked or disembarked in the United States.

(3) Subject to the consent of the other State concerned, traffic embarked in the territory of a third country and destined for the United States, and traffic embarked in the United States and destined for a third country.

ARTICLE IV.

In order to maintain equilibrium between the capacity of the specified air services and the requirements of the public for air transport on the specified air routes and in order to maintain proper relationship between the specified air services and other air services operating on the specified air routes or sections thereof, the Contracting Parties agree as follows:

Equal opportunity for operation of services.

(A) The air lines of each Contracting Party shall enjoy equal opportunity for the operation of air services between the territories of the two Parties.

(B) To the extent that the air lines of one of the Contracting Parties are temporarily unable to take advantage of such opportunities as a result of the war, the situation will be mutually examined by the two Parties for the purpose of aiding as soon as possible the air lines concerned increasingly to make their proper contribution to the services contemplated.

(C) In the operation by the air lines of either Contracting Party of the specified air services the interests of the air lines of the other Party shall be taken into consideration so as not to affect unduly the services which the latter provide on all or part of the same route.

(D) The air transport offered by the air lines of both countries should bear a close relationship to the requirements of the public for such air transport.

Provision of adequate capacity.

(E) The services provided by a designated air line under this Agreement shall retain as their primary objective the provision of capacity adequate to the traffic demands between the country of which such air line is a national and the country of ultimate destination of the traffic, and the right of the air lines of either Party to embark and to disembark at points in the territory of the other Party international traffic destined for or coming from third countries shall be applied in accordance with the general principles of orderly development to which both Parties subscribe and shall be subject to the general principle that capacity shall be related:

(1) to traffic requirements between the country of origin of the air service and destinations on the specified air routes,

(2) to the requirements of through air line operation for fill-up traffic,

and

(3) to the traffic requirements of the area through which the air line passes after taking account of other air transport services established by air lines of the States concerned between their respective territories.

ARTICLE V.

Connecting service.

When, for the purpose of economy of onward carriage of through traffic, different aircraft are used on different sections of a specified air route, with the point of change in the territory of one of the Contracting Parties, such change of aircraft shall not affect the provisions of this Agreement relating to the capacity of the air service and the carriage of traffic. In such cases the second aircraft shall be scheduled to provide a connecting service with the first aircraft, and shall normally await its arrival.

ARTICLE VI.

Determination of rates.

(A) The determination of rates in accordance with the following paragraphs shall be made at reasonable levels, due regard being paid to all relevant factors, such as cost of operation, reasonable profit, and the rates charged by any other air lines, as well as the characteristics of each service.

Approval of rates.

(B) The rates to be charged by the air lines of either Contracting Party between points in the territory of the United States and points in Indian territory on the specified air routes shall be subject to the approval of the aeronautical authorities of the Contracting Parties, who shall act in accordance with their obligations under this Agreement, within the limits of their legal powers.

(C) The Civil Aeronautics Board of the United States has approved the traffic conference machinery of the International Air Transport Association for a period of one year beginning in February 1946. Any rate agreements concluded through this machinery during this period and involving United States air lines will be subject to approval by the Board. While neither Contracting Party desires in this Agreement to commit itself to any continued approval of the traffic conference machinery of the International Air Transport Association, both Parties express their desire to facilitate rate agreements by means of machinery of this type, it being understood, however, that rates agreed upon through such machinery must be subject to the approval of the Contracting Parties of this Agreement.

Filing of proposed rates.

(D) Any rate proposed by the air line or air lines of either Contracting Party for carriage from the territory of one Contracting Party to a point or points in the territory of the other Contracting Party shall be filed with the aeronautical authorities of both Contracting Parties at least thirty days before the proposed date of introduction; provided that this period of thirty days may be reduced in particular cases if so agreed by the aeronautical authorities of both Contracting Parties.

Procedure if U. S. authorities are empowered to fix rates, etc.

(E) In the event that power is conferred by law upon the aeronautical authorities of the United States to fix fair and economic rates for the transport of persons and property by air on international services and to suspend proposed rates in a manner comparable to that in which the Civil Aeronautics Board at present is empowered to act with respect to such rates for the transport of persons and property by air within the United States, the following procedure shall apply:

Notice of dissatisfaction with proposed rate.

(1) If one of the Contracting Parties on receipt of the notification referred to in Paragraph (D) above is dissatisfied with the rate proposed by the air line or air lines of the other Contracting Party, it shall so notify the other Contracting Party prior to the expiration of the first fifteen of the thirty days referred to, and the Contracting Parties shall endeavour to reach agreement on the proposed rate.

(2) In the event that such agreement is reached, each Contracting Party will exercise its statutory powers to give effect to such agreement.

Provisional rate pending settlement of dispute.

(3) If agreement has not been reached at the end of the thirty-day period referred to in Paragraph (D) above, the proposed rate may, unless the aeronautical authorities of the country of the air line concerned see fit to suspend its application, go into effect provisionally pending the settlement of any dispute by submitting the question to the Provisional International Civil Aviation Organisation, as provided in Paragraph (G) below; provided, however, that if the Provisional International Civil Aviation Organisation, or its successor, has not rendered its report on the matter in dispute within a period of ninety days from the date of the submission to it of the question, the Contracting Party raising the objection to the proposed rate may take such steps as it may consider necessary to prevent the inauguration or continuation of the service in question at the rate complained of.

Procedure if power to fix rates, etc., is not conferred.

(F) In the event that the power referred to in Paragraph (E) above has not been conferred by law upon the aeronautical authorities of the United States, the following procedure shall apply:

(1) If one of the Contracting Parties on receipt of the notification referred to in Paragraph (D) above is dissatisfied with the rate proposed by the airline or airlines of the other Contracting Party it shall so notify the other Contracting Party prior to the expiration of the first fifteen of the thirty days referred to and the Contracting Parties shall endeavour to reach agreement on the appropriate rate.

(2) In the event that such agreement is reached, each Contracting Party will use its best efforts to cause such agreed rate to be put into effect by its air line or air lines. It is recognised that if such efforts are not successful the Contracting Party raising the objection to the rate may take such steps as it may consider necessary to prevent the inauguration or continuation of the service in question at the rate complained of.

(3) If agreement has not been reached at the end of the thirty days period referred to in Paragraph (D) above the Contracting Party raising the objection to the rate may, if it so elects, take such steps as it may consider necessary to prevent the inauguration or continuation of the service in

question at the rate complained of, pending the submission of the question to the Provisional International Civil Aviation Organisation as provided in Paragraph (G) below.

Advisory report.

(G) When in any case under Paragraphs (E) and (F) above the aeronautical authorities of the two Contracting Parties, after consultation as provided therein, cannot agree within a reasonable time upon the appropriate rate, both Contracting Parties shall, upon the request of either, submit the question to the Provisional International Civil Aviation Organisation for an advisory report, and each Party shall use its best efforts under the powers available to it to put into effect the opinion expressed in such report.

(H) In order to give effect to the provisions of this section, the executive branch of the United States Government will use its best efforts to secure legislation empowering the aeronautical authorities of the United States to fix fair and economic rates for international air services and to suspend proposed rates, in the same manner as the Civil Aeronautics Board is qualified to act with respect to air transportation within the United States.

ARTICLE VII.

Exchange of information concerning authorizations, etc.

(A) The aeronautical authorities of both Contracting Parties shall exchange information as promptly as possible concerning the authorisations extended to their respective designated air lines to render service to, through and from the territory of the other Contracting Party. This will include copies of current certificates and authorisations for service on the specified air routes, together with amendments, exemption orders and authorised service patterns.

(B) Each Contracting Party shall cause its designated air lines to provide to the aeronautical authorities of the other Contracting Party, as long in advance as practicable, copies of time tables, tariff schedules and all other similar relevant information concerning the operation of the specified air services and of all modifications thereof.

(C) Each Contracting Party shall, upon request, cause to be provided to the aeronautical authorities of the other Contracting Party copies of any reports relating to traffic carried on their air services to, from or over the territory of the other Contracting Party which are required to be filed with the Provisional International Civil Aviation Organisation in accordance with the provisions of the Interim Agreement on International Civil Aviation signed at Chicago on December 7, 1944.

59 Stat. 1516.

ARTICLE VIII.

Customs duties, etc.

(A) Fuel, lubricating oils and spare parts introduced into or taken on board aircraft in the territory of one Contracting Party by, or on behalf of, the other Contracting Party or its designated air lines and intended solely for use by the latter's aircraft shall be accorded, with respect to customs duty, inspection fees or other charges imposed by the former Contracting Party, treatment not less favourable than that

granted to its national air lines engaged in international public transport or to the air lines of the most favoured nation.

(B) Supplies of fuel, lubricating oils, spare parts, regular equipment and aircraft stores retained on board aircraft of the designated air lines of one Contracting Party shall be exempt in the territory of the other Contracting Party from customs duties, inspection fees or similar duties or charges, even though such supplies be used by such aircraft on flights in that territory.

ARTICLE IX.

Right to impose appropriate conditions, etc.

Each Contracting Party reserves the right to itself to withhold or revoke, or impose such appropriate conditions as it may deem necessary with respect to, an operating permission in case of failure by a designated air line of the other Party to comply with the laws and regulations of the former Party, or in case, in the judgment of the former Party, there is a failure to fulfil the conditions under which the rights are granted in accordance with this Agreement. Except in case of a failure to comply with laws and regulations, such action shall be taken only after consultation between the Parties. In the event of action by one Party under this Article, the rights of the other Party under Article XI shall not be prejudiced.

Such notice shall be simultaneously communicated to the Provisional International Civil Aviation Organisation.

Changes in air routes.

(D) Changes made by either Contracting Party in the specified air routes, except those which change the points served by the designated air lines in the territory of the other Contracting Party, shall not be considered as modifications of this Agreement. The aeronautical authorities of either Contracting Party may therefore proceed unilaterally to make such changes, provided, however, that notice of any change shall be given without delay to the aeronautical authorities of the other Contracting Party. If such latter aeronautical authorities find that, having regard to the principles set forth in Article IV of

Termination.

(E) This Agreement shall terminate one year after the date of receipt by the other Contracting Party of the notice to terminate, unless the notice is withdrawn by agreement before the expiration of this period. In the absence of acknowledgment of receipt by the other Contracting Party notice shall be deemed to have been received fourteen days after the receipt of the notice by the Provisional International Civil Aviation Organisation.

GOVERNMENT OF INDIA.
DEPARTMENT OF COMMUNICATIONS.

NEW DELHI, *the 14th November 1946.*

From
SIR HAROLD SHOOBERT, C.I.E., E.D., I.C.S.,
Secretary to the Government of India,

To
The Chargé d'Affaires of the United States of America, New Delhi.

SIR,

I am directed to refer to the Agreement between the Government of India and the Government of the United States of America relating to air services which has been signed on behalf of both Governments today, and to say, with regard to two matters which have been discussed, that the understanding of the Government of India is as follows:

1. Ratification of the Convention on International Civil Aviation.

The Government of the United States of America and the Government of India, having both ratified the Convention on International Civil Aviation signed at Chicago on the seventh day of December 1944, it is understood to be the intention of both Governments to deposit their instruments of ratification of the Convention on or before the 1st day of March 1947. In the event that either Government should fail to complete the necessary steps whereby they will become bound by the provisions of the Convention when it enters into force, it is agreed that the two Governments will consult together and will enter into a supplementary agreement giving effect to the following articles of the Convention namely Articles 11, 13, 15, 32 and 33 and such other articles as may be mutually agreed to be applicable and necessary.

2. Regulation of rates for Fifth Freedom Traffic.

It is recognised that the determination of rates to be applied by an air line of one Contracting Party between the territory of the other Contracting Party and a third country is a complex question, the overall solution of which cannot be sought through consultation between only two countries. It is noted, furthermore, that the method of determining such rates is now being studied by the Provisional International Civil Aviation Organisation. It is understood under these circumstances:

(1) That, pending the acceptance by both Parties of any recommendations which the Provisional International Civil Aviation Organization may make after its study of this matter, such rates shall be fixed on the basis of the principles set out in Paragraph (A) of Article VI of the Agreement and after taking into consideration the interests

of the air lines of the other Party and shall not vary unduly in a discriminatory manner from the rates established by the air lines of the other Party operating air services on that part of the specified air routes concerned. Provided, however, that a designated air line under the Agreement shall not be required to charge rates higher than those established by any other air line operating on the specified air routes.

(2) That in case the Provisional International Civil Aviation Organization fails to establish a means of determining such rates satisfactory to both Contracting Parties within a reasonable time, the consultation provided for in Article X of the Agreement shall be inaugurated.

I am to request that you will be good enough to confirm your understanding on these matters to be as set out in this letter.

I have the honour to be, Sir,

Your most obedient servant,

W. H. SHOOBERT
Secretary to the Government of India.

SIR:

I have the honor to refer to your note of today's date on the subject of the Agreement between the Government of the United States of America and the Government of India relating to air services signed on behalf of both our Governments today, and to state, with regard to two matters which have been under discussion, that the understanding of the Government of the United States of America is as follows:

In the event that either Government should fail to complete the necessary steps whereby they will become bound by the provisions of the Convention when it enters into force, it is agreed that the two Governments will consult together and will enter into a supplementary agreement giving effect to the following articles of the

2. Regulation of Rates for Fifth Freedom Traffic.

It is recognized that the determination of rates to be applied by an an air line of one Contracting Party between the territory of the other Contracting Party and a third country is a complex question, the overall solution of which cannot be sought through consultation between only two countries. Provided, however, that a designated air line under the Agreement shall not be required to charge rates higher than those established by any other air line operating on the specified air routes. *Ante*, p. 2576.

(2) That in case the Provisional International Civil Aviation Organization fails to establish a means of determining such rates satisfactory to both Contracting Parties within a reasonable time, the consultation provided for in Article X of this Agreement shall be inaugurated. *Ante*, p. 2579.

ARTICLE 7

Registry of agreement.

This agreement, its Annex, and all amendments thereof, shall be registered with the Provisional International Civil Aviation Organization or its successor.

ARTICLE 8

ARTICLE 10

Submission of controversy for advisory report.

Except as otherwise provided in this agreement, or its Annex, any controversy between the contracting parties relative to the interpretation or application of this agreement, or its Annex, which cannot be settled through consultation shall be submitted for an advisory report to the Interim Council of the Provisional International Civil

Aviation Organization, in accordance with the provisions of Article III, Section six (8) of the Provisional Agreement on International Civil Aviation signed at Chicago on December 7, 1944 or to its successor, unless the contracting parties agree to submit the controversy to some other person or body designated by mutual agreement between the same contracting parties. ACUERDO SOBRE TRANSPORTE AEREO

Los Gobiernos de los Estados Unidos de América y del Perú deseosos de estimular y fomentar el adelanto del transporte aéreo entre ambos países; y teniendo en cuenta la Recomendación VIII de la Conferencia Internacional de Aviación Civil, reunida en Chicago el 7 de diciembre de 1944, han resuelto suscribir un Acuerdo sobre Transporte Aéreo, a cuyo efecto han designado sus respectivos Plenipotenciarios, a saber:

Su Excelencia el señor Presidente de los Estados Unidos de América a los Excelentísimos señores

Prentice Cooper, Embajador Extraordinario y Plenipotenciario ante el Gobierno del Perú, y

William Mitchell, Enviado Extraordinario y Ministro Plenipotenciario especialmente acreditado para este efecto;

Su Excelencia el señor Presidente de la República del Perú a los Excelentísimos señores

Enrique García Sayán, Ministro de Estado en el Despacho de Relaciones Exteriores, y

Enrique Góngora, Ministro de Estado en el Despacho de Aeronáutica;

quienes, después de cambiar sus Plenos Poderes que encontraron en buena y debida forma, han convenido en que el establecimiento y desarrollo de los servicios de transporte aéreo en sus respectivos territorios se sujeten a las estipulaciones del presente Acuerdo y de su Anexo, que siguen:

ARTICULO I

Cada Parte Contratante concede a la otra Parte Contratante los derechos especificados en el anexo adjunto, necesarios para establecer las rutas aéreas civiles y los servicios internacionales descritos en dicho Anexo, ya sea que tales servicios sean inaugurados inmediatamente o en fecha posterior, a opción de la Parte Contratante a la que se otorgan dichos derechos.

ARTICULO II

Cada uno de los servicios aéreos así descritos, será puesto en operación tan pronto como la Parte Contratante, a la cual se ha concedido por el Artículo I el derecho de designar una línea aérea o líneas aéreas para la ruta respectiva, haya autorizado una línea aérea para tal ruta; y la Parte Contratante que otorga los derechos estará obligada, conforme al Artículo VI de este Acuerdo, a conceder el permiso de operaciones pertinente a la línea aérea o líneas aéreas respectivas; teniéndose entendido que las líneas aéreas así designadas, antes de ser autorizadas para iniciar las operaciones contempladas en este Acuerdo, podrán

ser sometidas a calificación por las autoridades aeronáuticas competentes de la Parte Contratante que otorga los derechos, dentro de las leyes y reglamentos normalmente aplicados por dichas autoridades; y teniéndose igualmente entendido que tales operaciones estarán sujetas a la aprobación de las autoridades militares competentes, en áreas de hostilidades o de ocupación militar, en areas afectadas por las mismas.

ARTICULO III

Con el fín de impedir prácticas discriminatorias y de asegurar igualdad de tratamiento, ambas Partes Contratantes acuerdan que:

a).–Cada una de las Partes Contratantes podrá imponer o permitir que se impongan gravámenes justos y razonables por el uso de aeropuertos públicos y de otras facilidades bajo su control. Sin embargo, cada una de las Partes Contratantes conviene en que esos gravámenes no serán mayores que los que afecten a sus aeronaves nacionales empleadas en servicios internacionales similares, por el uso de tales aeropuertos y facilidades.

b).–El combustible, los aceites lubrificantes y las piezas de repuesto importados al territorio de una Parte Contratante por la otra Parte Contratante o por sus nacionales, para el uso exclusivo de las aeronaves de las líneas aéreas de tal parte contratante, estarán con respecto a la imposición de derechos de aduana, derechos de inspección y otros derechos o gravámenes nacionales aplicados por la Parte Contratante hacia cuyo territorio se importan, sujetos al mismo tratamiento que se aplique a las líneas aéreas nacionales y a las líneas aéreas de la nación más favorecida.

c).–El combustible, los aceites lubrificantes, las piezas de repuesto, el equipo normal y los artículos almacenados abordo de aeronaves civiles de las líneas aéreas de una Parte Contratante, autorizadas para operar las rutas y servicios descritos en el Anexo, deberán estar exonerados, a su llegada o partida del territorio de la otra Parte Contratante, de derechos de aduana, derechos de inspección, u otros derechos o gravámenes similares, aún cuando tales artículos sean usados o consumidos por dichos aviones en vuelo sobre dicho territorio.

ARTICULO IV

Los certificados de aeronavegabilidad, los certificados de competencia y las licencias, expedidos o reconocidos como válidos por una Parte Contratante, y aún en vigencia, serán reconocidos como válidos por la otra Parte Contratante, con el fín de operar las rutas y servicios descritos en el Anexo. Cada Parte Contratante se reserva el derecho, sin embargo, para los efectos de vuelo sobre su propio territorio, de rehusar el reconocimiento de certificados de competencia y licencias expedidos a favor de sus propios nacionales, por otro Estado.

ARTICULO V

a).–Las leyes y los reglamentos de una Parte Contratante relativos a la admisión en o partida de su territorio de las aeronaves dedicadas a la navegación aérea internacional, o relativos a la operación y

navegación de tales aeronaves mientras se hallen en o sobre su propio territo, serán aplicados a las aeronaves de las líneas aéreas designadas por la otra Parte Contratante, y serán cumplidos por tales aeronaves a la entrada al, salida del y permanencia en o sobre el territorio de la primera Parte Contratante.

b).—Las leyes y los reglamentos de una Parte Contratante, relativos a la admisión en o partida de su propio territorio, de pasajeros, tripulación o carga de aeronaves, tales como los reglamentos relativos a entrada, despacho, inmigración, pasaportes, aduanas y cuarentenas, serán cumplidos por, en nombre de o por razón de tales pasajeros, tripulaciones o carga, de las líneas aéreas designadas por la otra Parte Contratante, a la entrada al, salida del y permanencia en o sobre el territorio de la primera Parte Contratante.

ARTICULO VI

Cada Parte Contratante se reserva el derecho de suspender o revocar el certificado o permiso de operaciones de una línea aérea designada por la otra Parte Contratante, en el caso de que la propiedad sustancial y el control efectivo de tal línea aérea no se halle en manos de nacionales de la otra Parte Contratante, o en caso de falta por parte de la línea aérea designada por la otra Parte Contratante, al no cumplir las leyes y los reglamentos de la Parte Contratante sobre cuyo territorio opera, según se especifica en el Artículo V, o al no cumplir de otra manera las condiciones bajo las cuales se le han otorgado los derechos, de conformidad con este Acuerdo y su Anexo.

ARTICULO VII

Este Acuerdo, su Anexo y todas las modificaciones que pudieran convenirse deberán ser registrados en la Organización Provisional de Aviación Civil Internacional, o en la entidad que la suceda.

ARTICULO VIII

Este Acuerdo o cualquiera de los derechos relativos a servicios de transporte aéreo otorgados en su virtud, podrán darse por terminados por cualquiera de las Partes Contratantes, mediante aviso previo de un año a la otra Parte Contratante.

ARTICULO IX

Cuando estas autoridades acuerden condiciones nuevas o revisadas que afecten al Anexo, sus recomendaciones serán puestas en vigencia después de que hayan sido confirmadas por un cambio de notas diplomáticas.

Las autoridades ejecutivas de las Partes Contratantes realizarán sus mejores esfuerzos, dentro de sus facultades, para atenerse a la opinión expresada en tal informe consultivo.

ARTICULO XI

Para los fines de este Acuerdo, y de su Anexo, a menos que se estipule de otro modo:

a).–La expresión "autoridades aeronáuticas" significará, en el caso de los Estados Unidos de América, la "Civil Aeronautics Board" y cualquiera persona o agencia autorizada para ejercer las funciones actualmente ejercidas por la "Civil Aeronautics Board", o para ejercer funciones similares, y, en el caso del Perú, el Ministro de Aeronáutica y cualquiera persona o agencia autorizada para ejercer las funciones actualmente ejercidas por dicho Ministro;

b).–La expresión "líneas aéreas designadas" significará aquellas líneas aéreas respecto de las cuales las autoridades aeronáuticas de una de las Partes Contratantes hayan comunicado por escrito a las autoridades aeronáuticas de la otra Parte Contratante, que son las líneas aéreas por ella designadas, de conformidad con los artículos I y II del presente Acuerdo, para las rutas especificadas en tal designación.

ARTICULO XII

Este Acuerdo, incluyendo las disposiciones del anexo, entre en vigencia en la fecha.

En fe de lo cual, los Plenipotenciarios arriba nombrados firman el presente Acuerdo, en idiomas español e inglés, en doble ejemplar, en Lima, a los veintisiete días del mes de diciembre de mil novecientos cuarenta y seis.

MINISTERIO DE RELACIONES
EXTERIORES Y CULTO

N°:(D)-6-Y/5 LIMA, *27 de diciembre de 1946.*

SEÑOR EMBAJADOR:

Tengo a honra dirigirme a Vuestra Excelencia, de conformidad con una solicitud del Ministerio de Aeronáutica, para exponer la manera como el Gobierno peruano entiende y se propone poner en ejecución el Acuerdo sobre Transporte Aéreo entre el Perú y los Estados Unidos de América, suscrito en la fecha.

El Gobierno del Perú desea llamar la atención sobre el hecho de que, cuando menos hasta hoy, no es posible designar una o varias líneas aéreas, que estén sustancialmente bajo propiedad y control efectivo de nacionales peruanos, para que ellas gocen de los derechos que se conceden por el indicado Acuerdo. Esto se debe a que el tiempo es un factor imprescindible para adiestrar personal técnico y administrativo, así como para atraer al capital necesario.

La experiencia de los último meses conduce a la conclusión de que el Gobierno del Perú podrá fomentar la constitución de una o varias empresas aéreas peruanas para ser designadas en relación con el Acuerdo, solamente si se pudiera disponer de un plazo prudencial para que una compañía, constituída originalmente con un moderado porcentaje de capital efectivamente peruano pudiera ir aumentando paulatinamente, bajo el control del Gobierno del Perú, la proporción del capital peruano hasta llegar a obtener una proporción mínima de 51% que permita asegurar para ella el título de compañía efectivamente peruana; y como las investigaciones efectuadas han revelado que, el capital de origen norteamericano y canadiense, sería el más probable y quizás el único que estaría en aptitud de facilitar ese proceso de peruanización gradual de la compañía o de las compañías que serán designadas, es a dicho capital a quien habría que entregar la propiedad de la proporción de aquel que no estuviera en manos de nacionales del Perú.

Por las razones anteriormente expuestas y no obstante las difíciles pero transitorias condiciones económicas del momento actual, el Gobierno del Perú se esforzará porque el Acuerdo suscrito produzca resultados benéficos para las dos partes contratantes; y en tal sentido el Gobierno del Perú tiene entendido que podrá designar, dentro de los términos del Acuerdo, una línea o líneas aéreas que satisfagan las siguientes condiciones:

1.-En todo tiempo, estará en manos de nacionales peruanos o del Gobierno del Perú, un mínimo de 30% del capital.

2.-Antes del vencimiento de un plazo de 10 (diez) años, contados a partir de la fecha del Acuerdo, deberá estar en manos de nacionales peruanos o del Gobierno del Perú un mínimo de 51% del capital, así como el control efectivo de la Compañía.

3.-Mientras no se satisfagan las condiciones del párrafo 2, la porción del capital que no se encuentre en manos de nacionales peruanos, deberá haber sido suscrita por nacionales de los

Estados Unidos de América y del Dominio del Canadá, en forma tal que, entre los respectivos grupos de nacionales de cada uno de estos dos países, no exista en ningún momento una diferencia mayor del 20% en el monto de sus respectivas participaciones en el capital de la Compañía.

Mucho estimaré a Vuestra Excelencia se sirva informarme si lo arriba expuesto refleja debidamente el entendimiento mutuo de nuestros respectivos Gobiernos, que ha servido de base para la celebración del Acuerdo de Transporte Aéreo.

Aprovecho la oportunidad para reiterarle, Señor Embajador, las seguridades de mi más alta y distinguida consideración.

MINISTRY FOR FOREIGN AFFAIRS AND WORSHIP

No. (D)-6-Y/5 LIMA, *December 27, 1946.*

MR. AMBASSADOR:

I have the honor to address Your Excellency, in compliance with a request of the Ministry of Aeronautics, to explain how the Peruvian Government understands and proposes to put into execution the Air Transport Agreement between Peru and the United States of America, signed today.

The Government of Peru desires to call attention to the fact that at least up to the present, it has not been possible to designate an air line or air lines which are substantially owned and effectively controlled by Peruvian nationals, so that they may enjoy the rights granted by the aforesaid Agreement. This is due to the fact that time is an indispensable factor in training technical and administrative personnel, as well as in attracting the necessary capital.

The experience of recent months leads to the conclusion that the Government of Peru will be able to promote the formation of one or more Peruvian aviation enterprises for the purpose of being designated, as regards the Agreement, only if a reasonable period of time could be available for a company originally formed with a moderate percentage of effectively Peruvian capital, to increase gradually, under the control of the Government of Peru, the proportion of Peruvian capital until a minimum proportion of 51% is reached, which will permit securing for it the title of an effectively Peruvian company; and, as the investigations made have shown that capital of United States and Canadian origin would be the most probable and perhaps the only capital which would be in a position to facilitate the process of gradual Peruvianization of the company or companies to be designated, it is to the said capital that ownership of the proportion not in the possession of nationals of Peru would have to be handed over.

For the reasons set forth above and notwithstanding the present difficult but transitory economic conditions, the Government of Peru will endeavor to have the Agreement signed produce results profitable for the two contracting parties; and, in that sense, the Government of Peru understands that it may designate, under the terms of the Agreement, an air line or air lines meeting the following conditions:

1. At all times, a minimum of 30% of the capital shall be held by Peruvian nationals or by the Government of Peru.
2. Before the expiration of a term of 10 (ten) years, counting from the date of the Agreement, a minimum of 51% of the capital, as well as the effective control of the Company, must be held by Peruvian nationals or by the Government of Peru.
3. Until the conditions of paragraph 2 are met, the portion of the capital which is not held by Peruvian nationals must have been subscribed by nationals of the United States of America and of the Dominion of Canada, in such manner that, among the respective groups of nationals of each of those two countries, there shall not at any time exist a difference of more than 20% in the amount of their respective shares in the capital of the Company.

I shall greatly appreciate it if Your Excellency will be so good as to inform me whether the foregoing duly reflects the mutual understanding of our respective Governments, which served as a basis for the conclusion of the Air Transport Agreement.

I avail myself of the opportunity to renew to you, Mr. Ambassador, the assurances of my highest and most distinguished consideration.

No. 306

The Ambassador of the United States of America presents his compliments to His Excellency the Minister for Foreign Affairs and with reference to the signing of the Air Transport Agreement between the Republic of Peru and the United States of America on this date has the honor to acknowledge the receipt of His Excellency's confidential note No. 6–Y/5, in which is expressed the understanding in connection with which the Government of Peru proposes to execute the Air Transport Agreement. The Ambassador is pleased to express hereby the acceptance by the Government of the United States of America of the terms of understanding contained in His Excellency's note.

The American Ambassador to the Peruvian Minister for Foreign Affairs

No. 303

The Ambassador of the United States of America presents his compliments to His Excellency the Minister for Foreign Affairs, and has the honor to present herewith a statement of the understanding upon which the Government of the United States proposes to execute the Air Transport Agreement to be entered into with the Government of the Republic of Peru.

The Air Transport Agreement to be concluded on this date between the United States of America and the Republic of Peru contemplates the use of the military airport in the Canal Zone by the airlines designated in conformity with the aforementioned Agreement, but the United States military authorities reserve the right to restrict or prohibit the civil use of this airport as warranted by military requirements, although such restrictions on or prohibition of its use will be applied on a non-discriminatory basis, and no distinction in this respect will be made between airlines designated by the United States of America and airlines designated by the Republic of Peru. Also, an international civil airport is now being constructed in the Republic of Panama, and the United States military authorities contemplate that the further civil use of the military airport in the Canal Zone may be prohibited as soon as the international airport in the Republic of Panama becomes available. In such event, there will be no further opportunity for the use of the military airport in the Canal Zone by civil airlines, and presumably it will be necessary for appropriate arrangements to be made with the Republic of Panama for the use of its new international airport in substitution for the military airport in the Canal Zone presently used by civil air services.

With reference to the rights granted to designated Peruvian airlines to carry international traffic to and from the Canal Zone, the Government of the United States of America wishes to call attention to its Air Commerce Act of 1926 as amended by its Civil Aeronautics Act of 1938, which precludes the carriage by foreign aircraft of traffic between the Canal Zone and points in the United States, and the grant of rights to designated Peruvian airlines is accordingly subject to this limitation. This limitation will be applied without discrimination to the airlines of all countries, other than the United States.

44 Stat. 568; 52 Stat. 973.
49 U. S. C. §§ 171 *et seq.*, 401 *et seq.*

It would be appreciated if His Excellency would inform the Embassy as to whether the foregoing correctly reflects the understanding of the Government of the Republic of Peru as the basis upon which the Air Transport Agreement is to be concluded.

Prentice Cooper avails himself of this occasion to extend to His Excellency Dr. Enríque Sayán the renewed assurance of his highest and most distinguished consideration.

SEÑOR EMBAJADOR:

Tengo a honra avisar recibo a Vuestra Excelencia de su atenta nota N° 303, de la fecha, por la que se sirve exponer algunas consideraciones respecto a la forma como el Gobierno de los Estados Unidos de América se propone llevar a efecto el Acuerdo sobre Transporte Aéreo suscrito el día de hoy.

Expresa Vuestra Excelencia que las autoridades militares de los Estados Unidos de América se reservan el derecho de restringir o prohibir el uso con fines civiles del aeropuerto militar de la Zona del Canal, si así lo exigieran las necesidades militares; y que, tan pronto como esté concluído el aeropuerto civil internacional que se construye en Panamá, las autoridades militares norteamericanas tienen el propósito de prohibir la utilización de dicho aeropuerto militar por las aeronaves civiles y comerciales.

Agrega Vuestra Excelencia que en virtud de la Ley de Comercio Aéreo de 1926, reformada por la Ley de Aeronáutica Civil de 1938, la concesión de derechos a las líneas aéreas designadas por el Gobierno del Perú está sujeta a las limitaciones impuestas por dichas leyes, en lo que se refiere al transporte entre la Zona del Canal y los Estados Unidos de América.

En respuesta, y al agradecer a Vuestra Excelencia las informaciones referidas, de las que he tomado debida nota, me es grato expresarle que ellas están de acuerdo con el pensamiento que ha guíado al Gobierno del Perú al celebrar dicho Acuerdo sobre Transporte Aéreo entre nuestros dos países.

MR. AMBASSADOR:

I have the honor to acknowledge receipt of Your Excellency's courteous note No. 303 of even date, in which you were good enough to set forth certain considerations in regard to the way in which the Government of the United States of America proposes to carry out the Air Transport Agreement signed today.

Your Excellency states that the military authorities of the United States of America reserve the right to restrict or prohibit the use, for civilian purposes, of the military airport of the Canal Zone, should military needs so require; and that, as soon as the international civil airport which is being constructed in Panama is completed, the United States military authorities intend to prohibit the use of the said military airport by civil and commercial aircraft.

Your Excellency adds that, under the Air Commerce Act of 1926, amended by the Civil Aeronautics Act of 1938, the granting of rights to the air lines designated by the Government of Peru is subject to the restrictions imposed by the said Acts, as regards transportation between the Canal Zone and the United States of America.

In reply, I thank Your Excellency for the above-mentioned information, which I have duly noted, and I am happy to inform you that it is in accordance with the thought which led the Government of Peru to conclude the said Air Transport Agreement between our two countries.

LIMA, *December 27, 1946*

The Peruvian Ambassador to the Secretary of State

PERUVIAN EMBASSY
WASHINGTON 6, D.C.

M/109.- *May 6, 1947*

YOUR EXCELLENCY:

I refer to the text of the notes of the Minister of Foreign Affairs of Peru and the Ambassador from the United States which were exchanged on December 27, 1946 and effected at the time of the conclusion of the bilateral Transport Agreement between the United States and Peru. This text was made public on April 29, 1947 by the State Department. As a consequence of this publication, the oral agreement on the application of the Peruvian International Airways for a permit to enter the United States was postponed until May 9, 1947.

I have been instructed by my Government to direct your attention to the English translation of the Foreign Office note of December 27, 1946 which had reference to participation by United States and Canadian capital in an airline to be designated by the Government of Peru (in this case the Peruvian International Airways) to enjoy the rights granted by the United States to a Peruvian airline.

In order that there may be no possible misinterpretation as to the mutual understanding, my Government desires to invite your attention to the following matters:

(1) The English word "held" employed in the translation of each of the three conditions does not have the meaning of the Spanish words "en manos de". A more accurate redaction would be the literal translation of the words, namely "in the hands of".

(2) It will be recalled that in the discussions held before the exchange of the above mentioned notes with respect to the third condition, it was the agreement that the balance of the capital of the Company which was not in the hands of Peruvian nationals should be in the hands of nationals of the United States and of Canada; and that the relative participation in this balance by the nationals of these two countries should not exceed a limit of 40% for one and 60% for the other, either way, based on the total non-Peruvian capital. This would permit a maximum discrepancy of 50% in the relative participations of the national groups of the United States and Canada,

as compared to each other, but at the same time achieves the intended effect of preventing either of these national groups from acquiring more than 42% of the total capital. I would like to call to your attention that the note just published states that "among the respective groups of nationals of each of those two countries (United States and Canada), there shall not at any time exist a difference of more than 20% in the amount of their respective shares in the capital of the Company." The effect of the wording of this note would be that, assuming 30% of the capital were in the hands of Peruvian nationals, the relative participations in the balance by nationals of the United States and Canada could not exceed a limit of 45.5 for one and 54.5 for the other, either way, if the percentage were computed upon the relative holdings of Americans and Canadians rather than on the total non-Peruvian capital. The Minister of Foreign Affairs believes that you will agree that this was not the intention of both the United States and the Peruvian Governments when the Agreement was drawn up. Therefore, with the provision that this is agreeable to you, I suggest that the third paragraph be expressed as follows: "Of the remaining total participation by Americans and Canadians, no more than 60% shall be in the hands of nationals of either country." Furthermore, my Government believes that the use of the word "shares" is subject to misinterpretation. As used in the translation, this could be interpreted to mean "shares of stock". The Spanish word for shares of stock is "acciones". The word used in the Peruvian note of December 27th is "participaciones" and it should be translated as "participation in the capital of the Company."

I will appreciate very much receiving your confirmation of this interpretation of our mutual understanding at the time of the conclusion of the bilateral Air Transport Agreement.

Please accept, Your Excellency, the renewed assurances of my highest consideration.

JORGE PRADO

His Excellency
General GEORGE MARSHALL
Secretary of State
Washington, D.C.

The Secretary of State to the Peruvian Ambassador

DEPARTMENT OF STATE
WASHINGTON
May 8 1947

EXCELLENCY:

I have the honor to acknowledge the receipt of your note No. M/109 of May 6, 1947, concerning the construction of the note of December 27, 1946, No. (D) 6Y/5 delivered to the Ambassador of the United States of America in Lima on that date by His Excellency the Minister for Foreign Affairs of the Republic of Peru, the terms of which latter

note were accepted by note No. 306 dated December 27, 1946 from the Ambassador of the United States of America to His Excellency the Minister for Foreign Affairs of the Republic of Peru.

In paragraph (1) of your note you refer to the translation of the Spanish words "en manos de" by the English word "held," and suggest that a more accurate translation would be "in the hands of." The intent of the two notes exchanged in Lima, to which reference is made above, was to establish a standard of true, actual ownership of the shares of the Peruvian airline concerned. I believe that there is no doubt that such was the intention of all parties concerned. I therefore believe that whether the word "held" or the words "in the hands of" are used to translate the phrase "en manos de" is not a matter of substance, but would accept your phraseology, provided that the intention to establish a standard based on factual ownership is understood. It would be appreciated if Your Excellency would confirm this interpretation of the matter.

I accept the understandings expressed by Your Excellency in paragraph (2) of your note as representing a more precise expression of the intention of our respective Governments than evidenced by the exchange of notes in Lima above referred to.

If Your Excellency will inform me that these understandings are acceptable to your Government, I would suggest that your note of May 6, this note, and your reply thereto be deemed to constitute the controlling expression of understanding between our Governments concerning these matters.

Accept, Excellency, the renewed assurances of my highest consideration.

For the Secretary of State:
WILLARD L. THORP

His Excellency,
Senor Don JORGE PRADO,
Ambassador of Peru.

The Peruvian Ambassador to the Secretary of State

PERUVIAN EMBASSY
WASHINGTON 6, D. C.

No. 5-3-M/160. *July 21, 1947*

YOUR EXCELLENCY:

I have the honor to refer to the notes exchanged between the Department of State and this Embassy in relation to the interpretation of certain terms of the Bilateral Transport Agreement signed by the United States and Peru. I also refer particularly to the note of the Department of May 8, 1947.

In reply, I am pleased to inform Your Excellency, following instructions from my Government, that since the Department in its above-mentioned note of May 8th agrees with my Government's translation of the Spanish words "en manos de" as "in the hands of", it may be understood that it was the intention of the parties in the

exchange-of-notes to establish a standard based on factual ownership of the shares of stock in the hands of nationals of Peru, the United States and Canada.

Since my Government agrees with the Government of the United States in this interpretation, I have the honor to inform Your Excellency that the notes on this matter may be considered as the agreement of both Governments.

Please accept, Your Excellency, the renewed assurances of my highest consideration.

JORGE PRADO

His Excellency
General GEORGE MARSHALL
Secretary of State
Department of State
Washington, D.C.

Agreement between the Government of the United States of America and the Government of the Union of South Africa.

The Honorable
H. T. ANDREWS,
Minister of the Union of South Africa.

AGREEMENT BETWEEN THE GOVERNMENT OF THE UNITED STATES OF AMERICA AND THE GOVERNMENT OF THE UNION OF SOUTH AFRICA ON SETTLEMENT FOR LEND-LEASE, RECIPROCAL AID, SURPLUS WAR PROPERTY, AND CLAIMS

The Government of the United States of America and the Government of the Union of South Africa have reached agreement as set forth below regarding settlement for all lend-lease and reciprocal aid, for the surplus war property specified herein, and for the financial claims of each Government against the other arising as the result of World War II. This settlement is complete and final. Both Governments, in arriving at this settlement, have taken full cognizance of the benefits already received by them in the defeat of their common enemies, and of the aid furnished by each Government to the other in the course of the war. No further benefits will be sought as consideration for lend-lease or reciprocal aid, for the surplus war property specified herein, or for the settlement of claims or other obligations arising out of the war, except as herein specifically provided.

In reaching this agreement, the two Governments, pursuant to the general obligations assumed by them in the exchange of notes dated April 17, 1945, in Washington, D. C., reaffirm their intention to cooperate in formulating a program of agreed action, open to participation by all countries of like mind, directed to the expansion, by appropriate international and domestic measures, of production, employment, and the exchange and consumption of goods, to the elimination of all forms of discriminatory treatment in international commerce, and to the reduction of tariffs and other trade barriers. To this end, the two governments have reached substantial mutual accord on agreements relating to air transportation, telecommunications and the avoidance of double estate and income taxation.

The Government of the Union of South Africa, upon completion of the necessary formalities, shall receive full title, without qualification as to disposition or use, to items of property listed in the Schedule attached hereto.

The foregoing waiver shall also not be applicable to claims submitted in accordance with the practice whereby one Government espouses a claim of one of its nationals and presents it through diplomatic channels to the other Government.

8. In consideration of the mutual undertakings of this Agreement, the two Governments hereby waive all claims whatsoever of one Government against the other arising out of all disposals made by the War Stores Disposal Board of the Union of South Africa of articles title to which is acquired by the Union of South Africa under this Agreement.

9. In connection with property acquired under this Agreement, the Government of the Union of South Africa will observe and will call the attention of any transferee to the regulations of the United States Department of State which prohibit, except in certain cases, the importation into the United States of America of surplus property sold in foreign areas.

Avoidance of discrimination in disposal of articles.

10. Both Governments, when they dispose of articles acquired pursuant to the terms of this Agreement, will use their best endeavors to avoid discrimination against the legitimate interests of the manufacturers or producers of such articles, or their agents or distributors, in each country.

Agreement between the United States of America and other governments respecting reparation to non-repatriable victims of German action. Signed at Paris June 14, 1946; effective June 14, 1946.

June 14, 1946
[T. I. A. S. 1594]

AGREEMENT

ON A PLAN FOR ALLOCATION OF A REPARATION SHARE TO NON-REPATRIABLE VICTIMS OF GERMAN ACTION

AGREEMENT ON A PLAN FOR ALLOCATION OF A REPARATION SHARE TO NON-REPATRIABLE VICTIMS OF GERMAN ACTION.

Post, p. 3171.

In accordance with the provisions of Article 8 of the Final Act of the Paris Conference on Reparation, the Governments of the United States of America, France, the United Kingdom, Czechoslovakia and Yugoslavia, in consultation with the Inter-Governmental Committee on Refugees, have worked out, in common agreement, the following plan to aid in the rehabilitation and resettlement of nonrepatriable victims of German action. In working out this plan the signatory Powers have been guided by the intent of Article 8, and the procedures outlined below are based on its terms:

Distribution of funds.

In recognition of special and urgent circumstances, the sum of $25,000,000, having been made available by Allied governments as a priority on the proceeds of the liquidation of German assets in neutral countries, is hereby placed at the disposal of the Inter-Governmental Committee on Refugees or its successor organization for distribution to appropriate public and private field organizations as soon as they have submitted practicable programs in accordance with this Agreement.

Use of assets for rehabilitation, etc.

Post, p. 3173.

A. It is the unanimous and considered opinion of the Five Powers that in light of Paragraph H of Article 8 of the Paris Agreement on Reparation, the assets becoming available should be used not for the compensation of individual victims but for the rehabilitation and resettlement of persons in eligible classes, and that expenditures on rehabilitation shall be considered as essential prepatory outlays to resettlement. Since all available statistics indicate beyond any reasonable doubt that the overwhelming majority of eligible persons under the provisions of Article 8 are Jewish, all assets except as specified in Paragraph B below are allocated for the rehabilitation and resettlement of eligible Jewish victims of Nazi action, among whom children should receive preferential assistance. Eligible Jewish victims of Nazi action are either refugees from Germany or Austria who do not desire to return to these countries, or German and Austrian Jews now resident in Germany or Austria who desire to emigrate, or Jews who were nationals or former nationals of previously occupied countries and who were victims of Nazi concentration camps or concentration camps established by regimes under Nazi influence.

B. The sum of $2,500,000, amounting to ten percent, arising out of the $25,000,000 priority on the proceeds of German assets in neutral countries, ten percent of the proceeds of the "non-monetary gold", and five percent of the "heirless funds" shall be administered by the Inter-Governmental Committee on Refugees or its successor organization through appropriate public and private organizations for the

rehabilitation and resettlement of the relatively small numbers of non-Jewish victims of Nazi action who are in need of resettlement. Eligible non-Jewish victims of Nazi action are refugees from Germany and Austria who can demonstrate that they were persecuted by the Nazis for religious, political, or racial reasons and who do not desire to return, or German and Austrian nationals, similarly persecuted, who desire to emigrate.

Availability of funds for programs.

C. The Director of the Inter-Governmental Committee on Refugees or the Director General of the successor organization shall under the mandate of this Agreement make funds available for programs submitted by the appropriate field organizations referred to in Paragraphs A and B above as soon as he has satisfied himself that the programs are consistent with the foregoing. Only in exceptional circumstances may the cost of resettlement programs exceed a maximum of $1,000 per adult and $2,500 per child under twelve years of age. The action of the Inter-Governmental Committee on Refugees or its successor organization shall be guided by the intent of Article 8 and by this Agreement which is to place into operation as quickly as possible practicable programs of rehabilitation and resettlement submitted by the appropriate field organizations.

Post, p. 3171.

Liquidation of designated assets.

D. In addition to the $25,000,000 sum the Inter-Governmental Committee on Refugees or its successor organization is hereby authorized to take title from the appropriate authorities to all "non-monetary gold" found by the Allies in Germany and to take such steps as may be needed to liquidate these assets as promptly as possible, due consideration being given to secure the highest possible realizable value. As these assets are liquidated, the funds shall be distributed in accordance with Paragraphs A and B above.

Availability of "heirless funds."

Post, pp. 3172, 3173.

E. Furthermore, pursuant to Paragraphs C and E of Article 8, in the interest of justice, the French Government on behalf of the Five Governments concluding this Agreement, are making representations to the neutral Powers to make available all assets of victims of Nazi action who died without heirs. The Governments of the United States of America, the United Kingdom, Czechoslovakia, and Yugoslavia are associating themselves with the French Government in making such representations to the neutral Powers. The conclusion that ninety-five percent of the "heirless funds" thus made available should be allocated for the rehabilitation and resettlement of Jewish victims takes cognizance of the fact that these funds are overwhelmingly Jewish in origin, and the five percent made available for non-Jewish victims is based upon a liberal presumption of "heirless" funds" non Jewish in origin. The "heirless funds" to be used for the rehabilitation and resettlement of Jewish victims of Nazi action should be made available to appropriate field organizations. The "heirless funds" to be used for the rehabilitation and resettlement of non-Jewish victims of Nazi action should be made available to the Inter-Governmental Committee on Refugees or its successor organization for distribution to appropriate public and private field organizations. In making these joint representations, the signatories are

requesting the neutral countries to take all necessary action to facilitate the identification, collection, and distribution of these assets which have arisen out of a unique condition in international law and morality. If further representations are indicated the governments of the United States of America, France, and the United Kingdom will pursue the matter on behalf of the Signatory Powers.

Retention and transfer of currency.

F. To insure that all funds made available shall inure to the greatest possible benefit of the victims whom it is desired to assist, all funds shall be retained in the currency from which they arise and shall be transferred therefrom only upon the instructions of the organization to which the Inter-Governmental Committee on Refugees or its successor organization has allocated the funds for expenditure.

Letter of Instruction to Director.

G. The Director of the Inter-Governmental Committee on Refugees shall carry out his responsibilities to the Five Governments in respect of this Agreement in accordance with the terms of the Letter of Instruction which is being transmitted to him by the French Government on behalf of the Governments concluding this Agreement.

IN WITNESS WHEREOF the undersigned have signed the present Agreement.

Authentic texts.

Done in Paris on the 14th of June, 1946, in the English and French Languages, the two texts being equally authentic, in a single original, which shall be deposited in the Archives of the Government of the French Republic, certified copies thereof being furnished by that Government to the signatories of this present Agreement.

ACCORD

SUR UN PLAN POUR L'ALLOCATION D'UNE PART DE REPARATIONS AUX VICTIMES NON RAPATRIABLES DE L'ACTION ALLEMANDE

ACCORD SUR UN PLAN POUR L'ALLOCATION D'UNE PART DE REPARATIONS AUX VICTIMES NON-RAPATRIABLES DE L'ACTION ALLEMANDE

Conformément aux dispositions de l'Article 8 de l'Acte Final de la Conférence de Paris sur les Réparations, les Gouvernements des Etats-Unis d'Amérique, de la France, du Royaume-Uni, de la Tchécoslovaquie et de la Yougoslavie, après avoir consulté le Comité intergouvernemental pour les Réfugiés, ont élaboré, d'un commun accord, les dispositions suivantes relatives à un programme tendant à assister et réinstaller les victimes non-rapatriables de l'action allemande.

En élaborant ce programme, les Puissances signataires se sont inspirées des intentions de l'Article 8, et la procédure exposée ci-dessous est fondée sur les termes de ce dernier.

Tenant compte des conditions particulières et pressantes, la somme de $25.000.000, rendue disponible par les Gouvernements alliés, par priorité sur le produit de la liquidation des avoirs allemands dans les pays neutres, est mise à la disposition du Comité inter-gouvernemental pour les Réfugiés, ou de l'organisme qui lui succédera, en vue de sa répartition parmi les oeuvres compétentes de caractère public ou privé, aussitôt qu'elles auront soumis des programmes praticables, conformément à cet Accord.

A.–Après décision unanime des cinq Puissances, et compte tenu du paragraphe 2 de l'Article 8 de l'Accord de Paris sur les Réparations, les avoirs qui auront été rendus disponibles devront servir, non pas à secourir des victimes individuelles, mais à assister et à réinstaller les personnes appartenant aux catégories prévues, et les dépenses d'assistance devront être considérées essentiellement comme une mise de fonds préparatoire à la réinstallation.

Etant donné que toutes les statistiques existantes indiquent d'une manière indubitable que l'immense majorité des ayants-droit visés par l'Article 8 sont Israélites, tous les avoirs, à l'exception de ceux qui sont stipulés au paragraphe *B* ci-dessous, sont alloués à l'assistance et à la réinstallation des catégories prévues d'Israélites, victimes de l'action nazie, parmi lesquels les enfants recevront une assistance préférentielle.

Les catégories prévues d'Israélites victimes de l'action nazie sont, soit les réfugiés d'Allemagne ou d'Autriche qui ne veulent pas être rapatriés, soit les Israélites allemands ou autrichiens résidant actuellement en Allemagne ou en Autriche qui veulent émigrer, soit les Israélites ressortissants ou anciens ressortissants de pays ayant été occupés, et qui ont été victimes des camps de concentration nazis ou des camps de concentration établis par des régimes sous l'influence nazie.

B.–La somme de $2.500.000, représentant 10% de la somme prioritaire de $25.000.000 fournie par les avoirs allemands dans les pays

neutres, les 10% du produit de l'or non-monétaire et les 5% des "successions en déshérence", seront gérés par le Comité intergouvernemental pour les Réfugiés, ou l'organisation qui lui succédera, par l'entremise d'oeuvres compétentes, de caractère public ou privé, pour l'assistance et la réinstallation des non-Israélites, relativement peu nombreux, victimes de l'action nazie, qui ont besoin d'être réinstallés.

Les ayants-droit non-Israélites, victimes de l'action nazie, sont les réfugiés d'Allemagne et d'Autriche qui peuvent prouver qu'ils ont été persécutés par les nazis pour des motifs religieux, politiques ou raciaux, et qui ne veulent pas être rapatriés, ou des ressortissants allemands et autrichiens, pareillement persécutés, qui désirent émigrer.

C.–Le Directeur du Comité inter-gouvernemental pour les Réfugiés, ou le Directeur Général de l'organisation qui lui succédera, libérera, en vertu du mandat qui découle du présent Accord, les fonds destinés à la mise en oeuvre de programmes soumis par les oeuvres compétentes dont il est fait mention aux paragraphes *A* et *B* ci-dessus, aussitôt qu'il se sera assuré que les programmes sont compatibles avec ce qui précède.

Ce n'est que dans des circonstances exceptionnelles que le coût du plan d'établissement pourra dépasser un maximum de $1.000 par personne adulte et de $2.500 par enfant de moins de 12 ans. Le Comité inter-gouvernemental pour les Réfugiés, ou l'organisation qui lui succédera, devra s'inspirer, dans son action, du sens de l'Article 8 du présent Accord qui doit mettre en oeuvre le plus tôt possible les plans praticables d'assistance et de réinstallation soumis par les oeuvres compétentes.

D.–Outre la somme de $25.000.000, le Comité inter-gouvernemental pour les Réfugiés, ou l'organisation qui lui succédera, est autorisé, par le présent Accord, à recevoir des autorités compétentes tout "l'or non-monétaire" trouvé par les Alliés en Allemagne et à entreprendre telles démarches qui se révèleraient nécessaires en vue de liquider lesdits avoirs aussi rapidement que possible, étant entendu que les précautions nécessaires seront prises pour obtenir la valeur de réalisation la plus haute possible.– Lorsque ces avoirs auront été liquidés, les fonds seront distribues, conformément aux paragraphes *A* et *B* ci-dessus.

E.–En outre, conformément aux paragraphes *C* et *E* de l'Article 8, et dans l'intérêt de la justice, le Gouvernement français fera, au nom des cinq Gouvernements qui ont conclu cet Accord, une démarche auprès des Puissances neutres, pour obtenir remise de tous les avoirs ayant appartenu à des victimes de l'action nazie mortes sans héritiers. Les Gouvernements des Etats-Unis d'Amérique, du Royaume-Uni, de Tchécoslovaquie et de Yougoslavie s'associeront au Gouvernement français, en faisant cette démarche auprès des Puissances neutres.

La décision de consacrer 95% des "successions en déshérence" ainsi rendues disponibles à l'assistance et à la réinstallation de victimes israélites a été prise en raison du fait que l'immense majorité de ces fonds ont une origine israélite, et les 5% consacrés aux victimes non-israélites l'ont été sur l'estimation libéralement faite de l'importance des "successions en déshérence" d'origine non-israélite.

Les "successions en déshérence" employées à l'assistance et à la réinstallation des victimes israélites de l'action nazie seront mises à la disposition des oeuvres compétentes. Les "successions en déshérence" employées à l'assistance et à la réinstallation des victimes non-israélites de l'action nazie seront mises à la disposition du Comité intergouvernemental pour les Réfugiés, ou de l'organisation qui lui succédera, à charge par ce dernier de les distribuer aux oeuvres publiques ou privées compétentes.

En faisant cette démarche commune, les signataires prient les pays neutres de faire toutes les démarches nécessaires en vue de faciliter l'identification, la collecte et la distribution de ces avoirs qui sont le résultat d'une situation unique dans la morale et le droit internationaux.

Si de nouvelles démarches se révèlent nécessaires, les Gouvernements des Etats-Unis d'Amérique, de France et du Royaume-Uni poursuivront l'action nécessaire au nom des Puissances signataires.

F.–En vue d'obtenir que les fonds rendus disponibles soient utilisés dans des conditions permettant d'assurer le plus d'avantages possibles aux victimes à assister, ces fonds demeureront comptabilisés dans la monnaie du pays où ils se trouvent. Ils seront ensuite transférés, seulement sur instructions de l'oeuvre à laquelle le Comité intergouvernemental pour les Réfugiés aura alloué lesdits fonds en vue de les dépenser.

G.–Le Directeur du Comité inter-gouvernemental pour les Réfugiés sèra responsable de l'exécution du présent Accord à l'égard des cinq Gouvernements, en conformité avec les termes de la lettre d'instructions qui lui sera transmise par le Gouvernement français au nom des Gouvernements signataires du présent Accord.

En foi de quoi, les soussignés ont signé le présent Accord.

Fait à Paris le 14 juin 1946, en langues anglaise et française, les deux textes faisant également foi, en un exemplaire unique qui sera conservé dans les archives du Gouvernement de la République française, lequel Gouvernement remettra copie conforme de ce texte à chacun des Gouvernements.

3. El desarrollo del Programa Cooperativo de que se trata, se llevará a cabo por medio del Ministerio de Cultura Popular de la República de El Salvador, con la cooperación técnica y asistencia del Cuerpo de Educadores de la Fundación, del que ya se ha hecho mérito, y consistirá en planos de trabajos locales sobre determinadas actividades que estarán encomendadas a los Representantes de uno o de los dos países entre los que se celebre este Convenio. Tales planes de trabajo, así como el empleo de los fondos necesarios y los procedimientos para llevarlos a cabo, habrán de ser previamente aprobados mediante un documento que, de mutuo acuerdo, suscribirán el Ministro de Cultura Popular de la República (en adelante llamado "el Ministro"), y el Representante Especial de la Fundación.

4. La Fundación determinará y pagará los sueldos y los otros gastos de los miembros del Cuerpo de Educadores Especializados, para lo que habrá de disponer de una suma que no exceda de $50.000 (Cincuenta Mil Dólares) moneda Americana; y además depositar en una cuenta bancaria especial en un Banco que eligirá la República, que se dominará "Programa Educacional Cooperativo—Inter-American Educational Foundation Inc.", de tiempo en tiempo a medida que se presenten las necesidades del caso según lo determine el Representante Especial de la Fundación y el Ministro, la suma o sumas hasta completar la cantidad de $30.000 (Treinta Mil Dólares) moneda Americana. Dentro de los 60 días subsiguientes que este Convenio entre en vigor bajo las leyes de El Salvador la Fundación depositará a dicha cuenta bancaria especial la suma de $10.000 (Diez Mil Dólares) moneda Americana, y la República depositará en dicha cuenta bancaria especial la suma de ₡65.000 (Sesenta y Cinco Mil Colones) moneda de El Salvador, como primer abono de cada uno de

los Gobiernos para dicho Programa Cooperativo Educacional. Las sumas pagaderas de dicha cuenta bancaria especial serán desembolsados por la Fundación y dedicados exclusivamente al desarrollo de dicho Programa Cooperativo Educacional tal como queda establecido por este Convenio; y todos los contratos necesarios para llevar adelante los puntos contenidos en los planes de trabajo aceptados de mútuo acuerdo por los Representantes de los dos Gobiernos, serán celebrados en nombre de la Fundación. Si la República lo desea y así lo notifique a la Fundación por escrito, los cheques para la inversión de los fondos de la mencionada cuenta especial irán firmados por un Representante Especial de la República. Los libros y Registros de la Fundación relacionados con los gastos de dicho Programa Cooperativo Educacional, estarán siempre disponibles para su inspección por parte de los Representantes de la República, y la Fundación rendirá cuentas relativas al manejo de fondos a la República en los periódicos fijos que acuerden el Ministro y el Representante Especial de la Fundación.

Los fondos así retenidos por la Fundación para las compras de que se trata, y que aún no hayan sido invertidos, serán pagados a la mencionada cuenta especial en cualquier tiempo mediante mutuo acuerdo entre el Ministro y el Representante Especial de la Fundación.

7. Los fondos abonados y por abonarse por las partes interesadas a la cuenta especial continuarán en disponibilidad para el desarrollo del Programa Cooperativo Educacional durante la duración de este Convenio. Los intereses, si los hubiera sobre cualquiera de los fondos de la cuenta especial, serán utilizados para el desarrollo del Programa Cooperativo Educacional. El Ministro y el Representante Especial de la Fundación determinarán, de mutuo acuerdo, el destino que hayan de darse a los fondos de la cuenta especial no invertidos a la terminación de este Convenio. En el caso de que, a la expiración de cada período de doce meses de los que comprende este Convenio, la Fundación considere que las sumas que se han reservado para el pago de sueldos y otros gastos directos de los miembros del Cuerpo de Educadores especializados, conforme el párrafo 4 de este Convenio, excede de lo que se necesita para tal objeto, la misma Fundación, al fin de cada período de doce meses, dará a conocer a la República el

dato relativo a la suma adicional que, por tal concepto, quede en disponibilidad para sufragar los planes de trabajo; y dicha suma adicional será entonces abonada a la cuenta especial o destinada en otra forma por mutuo acuerdo entre el Ministro y el Representante Especial de la Fundación. Tales derechos y privilegios incluirán, entre otras cosas, franquicia postal, telegráfica y telefónica; el derecho a ciertas tarifas especiales concedidas a las oficinas de la República por compañías domésticas de servicio marítimo, ferrocarrilero, aéreo, telegráfico, telefónico, etc. El personal de la Fundación, de nacionalidad Norteamericana, encargado de llevar a cabo el mencionado programa cooperativo de educación será exento del pago de todo impuesto sobre la renta y descuentos destinados al seguro social sobre rentas sujetas a impuestos de carácter semejante al Gobierno de los Estados Unidos. Tales funcionarios serán así mismo exentos del pago de derechos aduaneros u otros impuestos sobre sus efectos personales y sobre equipos y suministros importados o exportados para su propio uso.

9. Todo material, equipo u utensilios comprados con dinero de la mencionada cuenta especial del banco será propiedad de la República inmediatamente pero será utilizado únicamente para los fines del Programa Cooperativo Educacional.

10. Todo derecho, poder o responsabilidad que por este Convenio adquieran así el Ministro como el Representante Especial de la Fundación, puede ser delegado por cada uno de ellos en sus representantes, siempre que tales representantes sean juzgados idoneos por las otras de las partes.

11. Este contrato puede ser reformado de tiempo, en tiempo, si las partes interesadas consideran necesaria tal reforma, la cual se hará constar por escrito y será autorizada con la firma de los representantes de la República y de la Fundación.

Agreement between the United States of America and Finland respecting relief from double taxation on shipping profits. Effected by exchange of notes signed at Washington June 6, 1946, and January 7, 1947; effective November 19, 1943.

The Finnish Minister to the Secretary of State

LEGATION OF FINLAND
WASHINGTON, D. C.

4962 JUNE 6, 1946

EXCELLENCY,

I have the honor to inform Your Excellency that the Government of Finland is desirous of entering into an agreement with the Government of the United States of America relating to reciprocal exemption from double taxation on shipping profits.

With a view to obtaining from the appropriate authorities of the Government of the United States of America a decision that Finland meets the requirements, with respect to reciprocal exemption, of the applicable United States revenue laws, and consequently that the income of Finnish nationals and corporations which consists exclusively of earnings derived from the operation of ships documented under the laws of Finland are exempted from taxation by the United States, I furnish the following information, under the instructions from my Government, with respect to the provisions of Finnish law under which, on the basis of reciprocity, shipping profits of United States nationals and corporations are accorded exemption from Finnish income tax:

> "The Government is empowered to allow exceptions on the basis of reciprocity from the provisions of this law with regard to the obligatory payment of tax on income derived from abroad and on property located there and also as regards the liability to taxation of a foreign individual as well as of a foreign state, corporation, institution and foundation." (Section 6 of "Law Regarding Tax on Income and Property", enacted November 19, 1943, No. 888).

The Government of Finland would appreciate, therefore, receiving assurances from the Government of the United States of America with respect to the granting of the tax exemption, as requested above, on a basis of reciprocity. The Government of Finland will consider an agreement to this effect between the two Governments as being concluded and in force beginning with the date specified in Your Excellency's reply note giving such assurances. The Government of Finland will understand that such agreement may be terminated at any time by a six months' notice in writing given by either Government to the other Government.

Accept, Excellency, the renewed assurances of my highest consideration.

K. T. JUTILA.

His Excellency
The Honorable JAMES F. BYRNES
The Secretary of State
The Department of State

The Secretary of State to the Finnish Minister

DEPARTMENT OF STATE
WASHINGTON
January 7 1947

SIR:

I have the honor to refer to your note dated June 6, 1946, relating to the desire of the Government of Finland to enter into an agreement with the Government of the United States of America relating to reciprocal exemption from double taxation on shipping profits.

A copy of your note was sent to the Secretary of the Treasury with a view to obtaining an expression of the views of the Treasury Department with respect to this matter. A letter dated October 30, 1946 has been received from the Treasury Department in which, after references to the Legation's note and to the Finnish income tax law cited in that note, and to section 3 of the Finnish Law of December 5, 1924 on the same subject, it is pointed out that the corresponding provisions of United States income tax law provide in the case of a nonresident alien or foreign corporation for exemption of earnings derived from the operation of ships documented under the laws of a foreign country which grants an equivalent exemption to citizens of the United States of America and to corporations organized in the United States of America. (Section 212 (b) and section 231 (d), Internal Revenue Code.)

53 Stat. 76, 78.
26 U. S. C. §§ 212 (b), 231 (d).

The Treasury Department's letter contains the following statement:

"It is the view of this Department that from the date specified in your reply note to the Finnish Legation, Finland will satisfy the equivalent exemption provisions of section 212 (b) and 231 (d) of the Internal Revenue Code, and hence that the Government of the United States may give to the Government of Finland assurances that the income of Finnish nationals and Finnish corporations which consists exclusively of earnings derived from the operation of ships documented under the laws of Finland will be exempt from United States income tax from such specified date."

It is, therefore, the view of the Government of the United States of America that Finland meets the requirements, with respect to reciprocal exemption, of the applicable United States revenue laws, and consequently that the income of Finnish nationals and corporations

which consists exclusively of earnings derived from the operation of ships documented under the laws of Finland are exempted from taxation by the United States of America.

The Government of the United States of America considers that your note above-mentioned and this reply note constitute an agreement between the two Governments with respect to this matter, it being understood that this agreement, and the exemption from United States taxes to which it relates, shall be deemed to be effective beginning November 19, 1943, the date of the Finnish law cited in your note. It is understood, further, that this agreement may be terminated at any time by a six months' notice in writing given by either Government to the other Government.

Effective date.

Termination.

Accept, Sir, the renewed assurances of my highest consideration.

I await Your Excellency's Note in reply confirming the amendments to the text of Article III as set forth above and containing the full text in the French language of the Article as amended.

I avail myself of this opportunity to renew to Your Excellency the assurances of my highest consideration.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS section 350 (a) of the Tariff Act of 1930, as amended by the act of June 12, 1934 entitled "AN ACT To amend the Tariff Act of 1930" (48 Stat. 943), and as further amended by the joint resolution

WHEREAS the period during which the President is authorized to enter into trade agreements under the said section 350 (a) of the Tariff Act of 1930, as amended, has been extended by joint resolutions approved March 1, 1937, April 12, 1940 and June 7, 1943, and by

WHEREAS reasonable public notice of the intention to negotiate such trade agreement was given as prescribed by section 4 of the act of June 12, 1934 entitled "AN ACT To amend the Tariff Act
19 U.S.C. § 1354. of 1930" (48 Stat. 945), as amended by the act of July 5, 1945 (59 Stat. 411), and the views presented by persons interested in the negotiation of such agreement were received and considered;

WHEREAS, after seeking and obtaining information and advice with respect to such agreement from the United States Tariff Commission, the Departments of State, War, Navy, Agriculture, and

WHEREAS the said Agreement was supplemented by three exchanges of notes between the Ambassador Extraordinary and Plenipotentiary of the United States of America to the Republic of Paraguay and the Minister of Foreign Relations and Worship of the Republic of Paraguay, which notes are word for word as follows: [1]

REPUBLICA DEL PARAGUAY
Asunción, Septiembre 12 de 1946.–

SEÑOR EMBAJADOR:

Tengo el honor de hacer referencia a las conversaciones entre los representantes de los Gobiernos de la República del Paraguay y de los Estados Unidos de América, en conexión con el Convenio Comercial firmado hoy, relativo a las relaciones comerciales entre el Paraguay y países limítrofes y el Uruguay.

Durante estas conversaciones, los representantes del Paraguay han señalado que aun cuando el Gobierno de la República del Paraguay está completamente de acuerdo con el principio expresado por los representantes del Gobierno de los Estados Unidos de América, que el comercio internacional debería desarrollarse a lo máximo sobre una base multilateral e incondicional de nación más favorecida, el Gobierno del Paraguay puede considerar necesario, en circunstancias especiales, que se otorguen ciertas preferencias tarifarias a los países limítrofes y al Uruguay.

Los representantes paraguayos indicaron, a este respecto, la recomendación adoptada por el Comité Consultivo Económico Financiero Interamericano, el 18 de septiembre de 1941, de que tales preferencias de tarifas, para que sean instrumento para una sana promoción del comercio, habrían de efectuarse por medio de convenios comerciales que contengan reducciones o exenciones de tarifas; que las partes contratantes se reservarán el derecho de reducir o eliminar los impuestos aduaneros sobre importaciones iguales de otros países; y que semejantes preferencias tarifarias regionales no deberían de entorpecer amplios programas de reconstrucción económica que impliquen reducción de tarifas y la disminución o eliminación de tarifas y otras preferencias comerciales con el fin de dar el mayor impulso posible al comercio internacional, sobre una base multilateral e incondicional de nación más favorecida.

Las conversaciones a las cuales he aludido han revelado un entendimiento mutuo como sigue:

El Gobierno de los Estados Unidos de América no invocará las estipulaciones del Artículo I del Convenio Comercial firmado hoy con el fin de obtener el beneficio de preferencias tarifarias que respondan a los requisitos de la recomendación infrascripta, adoptada por el Comité Consultivo Económico Financiero Interamericano, que el Paraguay pueda otorgar a un país limítrofe o al Uruguay, quedando entendido que si tal preferencia fuera ofrecida por el Paraguay a un

país no limítrofe, otro que el Uruguay, ésta se extendería inmediata e incondicionalmente a los Estados Unidos de América.

Reciba, Señor Embajador, las renovadas seguridades de mi más alta consideración.–

EXCELLENCY:

I have the honor to acknowledge the receipt of Your Excellency's note of today's date with reference to the agreement reached between representatives of the Government of the United States of America and the Government of the Republic of Paraguay, in connection with the Trade Agreement signed this day, regarding trade relations between Paraguay and contiguous countries and Uruguay.

In the course of these conversations the Paraguayan representatives have pointed out that although the Government of the Republic of Paraguay is completely in accord with the principle expressed by the representatives of the Government of the United States of America that international trade should be developed to the fullest possible extent on a multilateral unconditional most-favored-nation basis, the Government of Paraguay may consider it necessary, in special circumstances, to grant certain tariff preferences to contiguous countries and Uruguay.

The Paraguayan representatives have referred in this connection to the recommendation, adopted by the Inter-American Financial and Economic Advisory Committee on September 18, 1941, that any such tariff preferences, in order to be an instrument for sound promotion of trade, should be made effective through trade agreements embodying tariff reductions or exemptions; that the parties to such agreements should reserve the right to reduce or eliminate the customs duties on like imports from other countries; and that any such regional tariff preferences should not be permitted to stand in the way of any broad program of economic reconstruction involving the reduction of tariffs and the scaling down or elimination of tariff and other trade preferences with a view to the fullest possible development of international trade on a multilateral unconditional most-favored-nation basis.

I have the honor to confirm Your Excellency's statement of the understanding reached with reference to this matter as follows:

> The Government of the United States of America will not invoke the provisions of Article I of the Trade Agreement signed this day for the purpose of obtaining the benefit of tariff preferences meeting the requirements of the aforementioned recommendation

adopted by the Inter-American Financial and Economic Advisory Committee which Paraguay may accord to a contiguous country, or to Uruguay, it being understood that if any such preference should be extended by Paraguay to any noncontiguous country, other than Uruguay, it would be extended immediately and unconditionally to the United States of America.

Accept, Excellency, the renewed assurances of my highest consideration.

EXCELLENCY:

I have the honor to refer to conversations between the representatives of the Governments of the United States of America and the Republic of Paraguay, in connection with the Trade Agreement signed this day, relating to the application of Paragraph 2 of Article XV of the Agreement to the Philippine Islands.

Ante, p. 2703.

Since the inception of the negotiations which have thus culminated in the signature of the Agreement, my Government has intended that advantages accorded to the Philippines should, regardless of any change in political status, be excepted from the operation of the Agreement. Accordingly, as a result of the conversations referred to, it is the understanding of my Government that the two Governments are in agreement that, notwithstanding the inauguration of an independent Philippine Government on July 4, 1946, Paragraph 2 of Article XV of the Trade Agreement will be interpreted to mean that advantages which the United States now or hereafter accords to the Republic of the Philippines are excepted from the operation of the Agreement.

Accept, Excellency, the renewed assurances of my highest consideration.

TRANSLATIONS OF PARAGUAYAN NOTES

The Paraguayan Minister of Foreign Relations and Worship to the American Ambassador

REPUBLIC OF PARAGUAY
Asunción, September 12, 1946.–

MR. AMBASSADOR:

I have the honor to refer to the conversations between the representatives of the Governments of the Republic of Paraguay and the United States of America, in connection with the Trade Agreement signed this day, regarding trade relations between Paraguay and contiguous countries and Uruguay.

In the course of these conversations, the Paraguayan representatives have pointed out that although the Government of the Republic of Paraguay is completely in accord with the principle expressed by the representatives of the Government of the United States of America,

that international trade should be developed to the fullest extent possible on a multilateral unconditional most-favored-nation basis, the Government of Paraguay may consider it necessary, in special circumstances, to grant certain tariff preferences to contiguous countries and Uruguay.

The Paraguayan representatives have referred in this connection to the recommendation, adopted by the Inter-American Financial and Economic Advisory Committee on September 18, 1941, that any such tariff preferences, in order to be an instrument for sound promotion of trade, should be made effective through trade agreements embodying tariff reductions or exemptions; that the parties to such agreements will reserve the right to reduce or eliminate the customs duties on like imports from other countries; and that any such regional tariff preferences should not stand in the way of any broad programs of economic reconstruction involving the reduction of tariffs and the scaling down or elimination of tariff and other trade preferences with a view to the fullest possible development of international trade on a multilateral unconditional most-favored-nation basis.

The conversations to which I have referred have disclosed a mutual understanding as follows:

The Government of the United States of America will not invoke the provisions of Article I of the Trade Agreement signed this day for the purpose of obtaining the benefit of tariff preferences meeting the requirements of the aforementioned recommendation, adopted by the Inter-American Financial and Economic Advisory Committee, which Paraguay may accord to a contiguous country or to Uruguay, it being understood that if any such preference should be offered by Paraguay to any noncontiguous country, other than Uruguay, it would be extended immediately and unconditionally to the United States of America.

Accept, Mr. Ambassador, the renewed assurances of my highest consideration.

MIGUEL ANGEL SOLER

His Excellency
WILLARD L. BEAULAC,
Ambassador Extraordinary and Plenipotentiary
of the United States of America,
City.

REPUBLIC OF PARAGUAY
Asunción, September 12, 1946.–

MR. AMBASSADOR:

I have the honor to acknowledge the receipt of Your Excellency's note of today's date, concerning the discussions during the course of the negotiation of the Trade Agreement between our two Governments signed this day with regard to the duties and surtaxes to be imposed, upon importation into the Republic of Paraguay, on certain products

of the United States of America included in Schedule I of the Agreement.

I have the honor to confirm the understanding set forth in Your Excellency's note.

Please accept, Mr. Ambassador, the renewed assurances of my highest consideration.

MIGUEL ANGEL SOLER

His Excellency
WILLARD L. BEAULAC,
Ambassador Extraordinary and
Plenipotentiary of the United States of America,

REPUBLIC OF PARAGUAY
Asunción, September 12, 1946.–

MR. AMBASSADOR:

I have the honor to acknowledge the receipt of Your Excellency's note of today's date, and to confirm the understanding of the two Governments set forth therein that Paragraph 2 of Article XV of the Trade Agreement signed today will be interpreted to mean that advantages which the United States now or hereafter accords to the Republic of the Philippines are excepted from the operation of the Agreement.

Accept, Mr. Ambassador, the renewed assurances of my highest consideration.

MIGUEL ANGEL SOLER

His Excellency
WILLARD L. BEAULAC,
Ambassador Extraordinary and
Plenipotentiary of the United States of America,

February 29 and March 28, 1944
[T. I. A. S. 1602]

Agreement between the United States of America and the United Kingdom respecting claims for damages resulting from acts of armed forces personnel. Effected by exchange of notes signed at London February 29 and March 28, 1944; effective March 28, 1944.

The British Secretary of State for Foreign Affairs to the American Ambassador

FOREIGN OFFICE, S.W.1.
No. W 3151/150/64. *29th February, 1944.*

YOUR EXCELLENCY,

Claims against members of U. S. forces in the United Kingdom.

I have the honour to refer to Your Excellency's note No. 3295 [1] of the 19th January concerning the question of civil claims arising in tort against members of the United States forces in the United Kingdom.

2. As you are aware, His Majesty's Government have been reluctant to accept responsibility for these claims since to do so would involve payment by the British public of compensation for damage or injury sustained by the British public through the tortious acts of United Service personnel and might therefore seem undesirable on political grounds. They had therefore hoped that the arrangements previously made with His Majesty's Treasury Solicitor for the settlement of this matter could be maintained. They are, however, glad to note that the United States Government recognise that certain of the claims in question raise political issues and that the proposals now put forward are subject to the reserve that His Majesty's Government are not to be required to assume responsibility for claims which they regard as politically objectionable. In the light of this and recognising that the United States Government regard claims against the personnel of the armed forces of the United States in the line of duty to be part of the normal expenses of the United States forces, His Majesty's Government are prepared to undertake certain responsibilities for the settlement of these claims on behalf of the United States Government as a reciprocal aid service. They assume that the United States Government for their part will be willing to make similar arrangements for the settlement of civil claims of like nature arising against members of His Majesty's Forces in the United States in the course of their duties. His Majesty's Government are, in the circumstances, able to assume these responsibilities only within certain limitations and conditions which are summarised in an Annex attached to this Note. An explanation of the more important of these will be given hereunder.

Post, p. 2732.

3. In the first place, His Majesty's Government find it necessary for administrative reasons to distinguish between claims which are now outstanding and claims which may arise in future. Your Excellency

[1] [Not printed.]

will appreciate that the British Claims Commission is already occupied with the settlement and payment of claims brought against members of His Majesty's Forces and that to take over a large accumulation of similar claims against members of the United States Forces would not only seriously interfere with the present work of the Commission but would also delay still further the settlement of claims against members of the United States Forces. Although, therefore, His Majesty's Government desire to render the fullest possible assistance to the United States authorities in this matter they have reluctantly decided that they can assume responsibility for the settlement on behalf of the United States Government of certain classes of claims against personnel of the United States armed forces only if such claims arise out of incidents occurring on or after the 20th March, 1944. These claims will be additional to claims arising from training manoeuvres of the United States Forces and from certain damage resulting from the operation of United States aircraft for which His Majesty's Government have already undertaken such a responsibility. His Majesty's Government are prepared to undertake the payment but not, for the reasons given above, the examination and settlement of certain claims which are now outstanding. Their proposals for the rapid settlement of these outstanding claims are set out in paragraph 12 of this Note.

Post, p. 2731.

4. It will be convenient if I first make certain observations about claims arising out of incidents occurring on or after the 20th March 1944. As I have indicated, His Majesty's Government would wish to reserve the right to refuse consideration of any claim where there are in their opinion good political reasons for doing so. Furthermore, His Majesty's Government feel it to be essential that they should have complete discretion and liberty of action in the means adopted for dealing with any claim to which the proposed arrangements would apply. The departments of His Majesty's Government, who would be charged with the settlement of such claims, are now responsible for the settlement of claims brought against members of His Majesty's Forces and it will clearly be necessary for them to settle claims against members of both forces as far as possible upon the same principles, within the same limitations, and by the same methods. His Majesty's Government can for this reason only assume responsibility for the settlement of such claims against members of the United States Forces in the course of their military duties in the United Kingdom and Northern Ireland if these claims arise from

(a) traffic accidents
(b) accidental shootings
(c) accidental explosions
(d) loss of, or damage to, chattels in requisitioned premises occupied by United States Forces under arrangements made by His Majesty's Government Departments.
(e) certain other incidents (e.g. practice gunfire, fires in billets, etc.) where they would in certain circumstances accept claims had members of His Majesty's Forces been involved.

5. His Majesty's Government propose that the claims to which these arrangements will apply should normally be restricted to those brought by members of the public, although they might wish to include claims brought by members of His Majesty's Forces, including Dominion Forces and, in special circumstances, by members of the Allied Forces now in this country. Claims by United States nationals and members of the United States Forces would however be excluded for political reasons.

6. As I have stated, His Majesty's Government will wish to secure complete liberty of action in dealing with such claims. It is particularly necessary that this should be the case in determining

(a) whether any claim falls within one or other of the above categories, and

(b) whether or not, for the purposes of these arrangements (but for no other purpose), members of the United States Forces were acting in the course of their military duties at the time of any occurrence which might give rise to a claim.

Unless liberty of action is reserved on these matters, it will not be possible to secure equality as between claimants against members of His Majesty's Forces and claimants against members of the United States Forces under the proposed arrangements. In deciding this and other material questions His Majesty's Government will avail themselves of the procedure adopted for deciding similar questions in claims brought against members of His Majesty's Forces. The expenses incurred by His Majesty's Government in settling such claims, together with any sums payable by way of compensation, will be treated by them as a reciprocal aid service. Having regard to the statement in Your Excellency's note that the disposition of claims by the British authorities will be final, I assume that the United States Government will agree to the above stipulations and will accept without question any settlement however reached.

7. You should further be aware that it may be necessary for His Majesty's Government to reopen those claims which have not been admitted by the United States Claims Commission and in which no payment has been made.

8. I have noted with satisfaction your statement that the United States authorities would co-operate by assisting in the production of evidence and, so long as available in the United Kingdom, of parties and witnesses wherever military duties are not paramount. It will clearly be an essential condition of the proposed arrangements that the United States Army and Navy commands in this country should render to His Majesty's Government all facilities and assistance in their power to enable the appropriate agencies of His Majesty's Government to carry out the onerous task which would thereby fall upon them. I shall therefore be glad to receive from Your Excellency an assurance that these facilities and assistance will be forthcoming and that the necessary instructions will be given to all United States units to do all in their power to assist those officers of His Majesty's Gov-

ernment whose duty it will be to deal with the large number of claims against personnel of the United States Forces under the proposed arrangements.

9. I note with satisfaction that the United States Government are willing to transfer to the British authorities all property damage claims against third parties, and they agree for their part that any sums recovered in this manner should be credited as offset receipts against reciprocal aid. The views of His Majesty's Government on this matter are elaborated in paragraph 7 of the Annex to this Note. *Post*, p. 2733.

10. I am in agreement with your proposal that property losses of the respective Governments arising out of acts in which only personnel and equipment of the two Governments are involved should be borne where they fall, and I suggest that this Mutual Forbearance Agreement should be extended so as to cover claims of the respective Governments arising out of the death of or injury to their personnel and should be retroactive so as to cover any outstanding cases. It is also suggested that in connexion with traffic accident claims arising out of accidents in which both a British and United States vehicle are concerned, an equal proportion of the total cost of settlement of third party claims should be attributed to each Government, irrespective of the question of responsibility as between those Governments. Similar agreements for sharing claims in such circumstances have been made by His Majesty's Government with other Governments with the result that the difficulty of adjudicating upon the degree of responsibility of the respective drivers in individual cases is avoided.

11. Finally, in view of the strong political feeling to which this question may give rise, particularly among those who are involved in these incidents, I trust that the United States authorities will continue to take all possible steps, such as previous instruction as well as firm disciplinary action, to minimise the number of cases to which the procedure now proposed will apply.

12. I now turn to claims arising from incidents occurring before the 20th March, 1944. For the reasons stated in paragraph 2 of this note, His Majesty's Government consider that these claims must continue to be dealt with by the United States Claims Commission. In order to assist the rapid disposal of such claims, His Majesty's Government are prepared to agree that any sums paid on or after the 20th March arising out of incidents occurring before that date in settlement of any claims unpaid on that date shall be treated as a matter of reciprocal aid. They assume that this proposal will be satisfactory to the United States Government and trust that the United States Government will agree that the objections which the latter felt to the continuation of the Collision and other Agreements, which were negotiated on their behalf and the operation of which was suspended at their request in the summer of 1943, no longer apply. In this event these Collision and other Agreements can so far as possible forthwith be reinstated and this step would immediately and substantially reduce the number of outstanding claims. Claimants, with whom no settlement by other means is possible, shall have recourse in the Courts of *Ante*, p. 2728.

the United Kingdom in the ordinary way against the tort feasor, unless military duties render this impossible. His Majesty's Government will however except from these arrangements all claims exceeding the local financial powers of the United States Claims Commissions, and they themselves will take over at once the examination and final settlement of all such claims. The conditions which His Majesty's Government wish to attach to the proposals made in this paragraph are set out in paragraphs 13 to 15 of the Annex to this Note.

Post, p. 2735.

13. His Majesty's Government are of the opinion that it is essential for the good working of the arrangements proposed in this Note and Annex that particular care should be taken by the British and United States authorities to ensure the prompt settlement of claims arising out of incidents occurring before the 20th March, 1944, and they trust that in this matter as in the other matters previously mentioned they can count on the fullest possible co-operation of the United States authorities.

14. As Your Excellency is aware, I am most anxious to reach a conclusion of this matter with the least possible delay, and I shall be grateful if I may be informed at the earliest opportunity whether the assumptions and conditions upon which His Majesty's Government are prepared to agree to the request made by you are acceptable to the United States Government.

I have the honour to be, with the highest consideration,

Your Excellency's obedient Servant,

ANTHONY EDEN

His Excellency
The Honourable
JOHN GILBERT WINANT,
etc., etc., etc.,

ANNEX

The conditions upon which His Majesty's Government will take over under reciprocal aid certain classes of claims against members of the United States Forces arising out of their military duties in the United Kingdom and Northern Ireland.

Classes of claims.

1. The claims shall be limited to claims in respect of:-

(a) Traffic accidents
(b) Accidental shootings
(c) Accidental explosions
(d) Loss of or damage to chattels in requisitioned premises occupied by United States forces under arrangements made with His Majesty's Government Departments
(e) Other claims arising from e.g. practice gunfire, fires in billets etc. which His Majesty's Government would in certain cir-

cumstances accept if members of His Majesty's Forces were involved.

2. These claims will be accepted by His Majesty's Government only if brought by members of the public and in certain circumstances by members of His Majesty's Forces, including Dominion Forces and of the Allied Forces in this country. Claims brought by United States citizens or members of the United States Forces will not be accepted. Claims accepted by U. K.

A. Claims in the classes set out in paragraph 1 above and arising out of incidents occurring on or after 20th March, 1944.

3. The British Claims Commission will decide in each case whether, having regard to the liability which His Majesty's Government accept in the case of members of His Majesty's Forces, the claim is one which can be accepted under this arrangement.

4. All other claims, together with any claims in the above classes which His Majesty's Government find it impossible to take over for reasons of policy, shall be dealt with by the United States Claims Commission.

5. All claims accepted by His Majesty's Government for reciprocal aid shall be dealt with by the British Claims Commission, who shall have complete discretion and liberty of action to dispose of them on behalf of the United States Government by way of payment, compromise, settlement, legal proceedings or otherwise as they think fit. The United States Government will accept as final the result reached by the British Claims Commission and any sum payable as a result of action taken by the British Claims Commission shall be treated as reciprocal aid.

6. If the British Claims Commission decide that any claims shall be contested, the United States authorities will provide full facilities to the British Claims Commission to enable the matter to be disposed of by appropriate legal proceedings, and will supply the names of the United States personnel involved together with a retainer to the Treasury Solicitor to act on their behalf in the proceedings and to conduct, compromise or settle the proceedings in accordance with the complete discretion of the Treasury Solicitor. Contested claims.

7. The United States authorities will give to the British Claims Commission at the earliest possible time full particulars and estimates of damage to United States military vehicles and property so that claims in respect thereof may be made by the British Claims Commission either by way of affirmative claim or counterclaim or for the purposes of any collision agreements. The United States authorities will give to the Treasury Solicitor any authorisation necessary for this purpose. Estimates of damage to U. S. military property.

8. The United States authorities will retain complete control over disciplinary action, and United States liaison officers will be appointed in order to facilitate the smooth working of the arrangements and to provide a channel of communication for British Claims Officers with United States units. The functions of the United States liaison officers will be Control by U. S. authorities over disciplinary action. Functions of U. S. liaison officers.

(a) to ensure prompt reference of cases, together with the material information, reports and statements of witnesses to the British Claims Commission;

(b) to ensure that all information as to the cost of repairs and damage sustained by United States vehicles is provided in due time;

(c) to secure the attendance of witnesses at the offices of the Treasury Solicitor or his agents and at Court where such attendance is practicable;

(d) generally to give any assistance which the British Claims Commission may require in order to enable them to deal with any particular claim.

Witnesses, documents, etc.

9. The British Claims Commission will use their best endeavours to avoid any interference with the military duties of any witness or defendant in the United States Armed Forces, but the United States authorities will use their best endeavours to provide these witnesses and any other essential parties in this country where this is practicable, having regard to military exigencies. The United States authorities will make available to the British Claims Commission and the Treasury Solicitor all relevant documents, for example, copies of proceedings of United States Courts of Enquiry and Courts Martial.

Correspondence.

10. The United States will give instructions to all their Service authorities not to enter into any correspondence with claimants or their solicitors apart from the formal acknowledgments of letters. Post, p. 2878.

11. (i) Neither Government shall make any claim against the other in respect of any property loss or damage, or in respect of any expenses or charges incurred as a result of the death of or injury to their personnel arising out of an accident in which only personnel and equipment of the respective Governments are concerned. This arrangement shall be retroactive in respect of any claims now outstanding.

Third party claims.

(ii) The cost of settling claims made by a third party as a result of an accident involving both His Majesty's Government and a United States Government vehicle shall, irrespective of the question of responsibility, be borne in equal shares provided—

(a) that so far as the driver of His Majesty's Government's vehicle is concerned the claim is one for which His Majesty's Government would assume responsibility in the circumstances, and,

(b) that so far as the driver of the United States Government vehicle is concerned the claim falls within one of the categories covered by the arrangement referred to above. Where third party claims fall to be shared equally between the two Governments under the arrangement half of the cost of settling such claims would be treated as Reciprocal Aid.

Cooperation of U. S. authorities.

12. The United States Service authorities in the United Kingdom will co-operate to the fullest extent to carry out the above-stated conditions and arrangements and appropriate instructions will be given to the various United States Service authorities concerned.

B. Similar Claims arising out of incidents occurring before 20th March, 1944.

13. Such of these claims as are unpaid on the 19th March, 1944 will be examined and assessed by the United States Claims Commission. The necessary payments will be made by His Majesty's Government as a matter of reciprocal aid. Payments by U. K.

14. For the purposes of paragraph 13 above,

(b) claimants with whom no reasonable settlement by other means is possible, shall have recourse in the Courts of the United Kingdom in the ordinary way against the tortfeasor. In that event the United States authorities will immediately transfer all papers material to the claim in question to His Majesty's Treasury Solicitor through the channel of the British Claims Commission and will render all other possible assistance to His Majesty's Treasury Solicitor by way of the production of witnesses etc. A similar procedure will so far as necessary be applied to all such cases when the claimant has obtained a judgment in a United Kingdom Court which has remained unsatisfied. Recourse in U. K. courts.

15. In any case where it seems to the United States Claims Commission that the amount claimed is more than $5,000, the claim shall be transferred as soon as possible to the British Claims Commission for examination and assessment as well as for payment. Claims over $5,000.

C. General.

16. In order to facilitate the smooth transfer of the United States Claims work to the British Claims Commission, United States Claims Service will release immediately for employment by the British Claims Commission such of their civilian clerical and typing staff as are employed upon claims work at British rates of pay and whose services are required by the British Claims Commission for the purposes of settlement of the claims falling within the above categories. Employment of U. S. personnel by British Claims Commission.

SIR:

I have the honor to refer to your note of February 29, 1944 (No. W 3151/150/64) and to the annex thereto, concerning the question of civil claims arising in tort against personnel of the United States

Ante, pp. 2728, 2732.

armed forces in the United Kingdom, and, under instructions from my Government, to reply as follows:

Acceptance by U. S.

The Government of the United States accepts the conditions and limitations set forth in your note under reference and in the annex thereto as applicable to claims arising out of acts of personnel of the armed forces of the United States in line of duty which the British Government has agreed to accept for settlement and payment, such payment to be credited to reciprocal aid. The United States Government, for its part, agrees to settle and pay under Lend-Lease on a reciprocal basis claims arising out of acts of members of the armed forces of Great Britain in the United States in line of duty.

Ante, p. 2730.

The War Department has agreed with reluctance to paragraph 7 of your note, concerning the reopening of claims in which payment has been denied by the United States Claims Commission. I therefore venture to express the hope that the number of such claims which the British authorities desire to reopen will be small and that every effort will be made not to extend the number of such cases.

Ante, p. 2733.

"Retainer."

Post, p. 2737.

The United States Government notes that paragraph 6 of the annex suggests that the United States authorities will supply "a retainer to the Treasury Solicitor" and assumes that "retainer" is here used in the sense of a power of attorney. I have the honor to suggest this clarification since "retainer" is commonly used in the United States to describe the fee paid to an attorney for retaining his services.

Ante, p. 2734.

The United States Government understands paragraph 11 of the annex as a waiver by it only of claims in its own behalf and not as a waiver of claims of its nationals in their own right on account of personal injury, death or property losses.

Ante, p. 2735.

The United States Government agrees to paragraph 16 of the annex in principle, but decisions as to the carrying out of the undertaking will have to be made by United States army and navy authorities in London.

Accept, Sir, the renewed assurances of my highest consideration,

YOUR EXCELLENCY,

I have the honour to refer to Your Excellency's note No. 3493 of the 29th March, concerning the question of civil claims arising in

tort against members of the United States Forces in the United Kingdom.

2. I was most gratified to learn that the United States Government are able to accept the conditions and limitations which I attached, in my note No. W 3151/150/64 of the 29th February and in the annex thereto, to the acceptance by His Majesty's Government of responsibility for a settlement as a matter of reciprocal aid of a number of classes of such claims. I am further most grateful for your assurance that the United States Government for their part will make similar arrangements for the settlement under Lend-Lease of such claims arising out of the acts of His Majesty's Forces in the United States in the course of their Military duties.

Ante, pp. 2728, 2732.

3. I am able to confirm the interpretation placed by the United States Government upon paragraphs 6 and 11 of the annex to my note of the 29th February. In stipulating in the former paragraph that the United States authorities should supply a retainer to the Treasury Solicitor I have used the word "retainer" in the sense of an authority to act on behalf of the defendant. The intention of the latter paragraph is, as the United States Government assumes, that claims should not be brought by one government against the other. It is not suggested that the claims of United States nationals in their own right on account of personal injury, death, or property losses should be waived.

Ante, pp. 2733, 2734, 2736.
"Retainer."

4. Your Excellency is no doubt aware that on receiving your note under reference, I announced in Parliament on the 30th March that a satisfactory solution to this problem had been reached. At the same time I circulated a written statement of the details of this solution in the official report of Parliamentary debates, and I enclose ten copies of this statement for your information.

5. I shall be grateful if you will inform the United States Government of the pleasure with which I have received their acceptance of the proposals made to them and of my satisfaction that it has been possible to reach a settlement of this matter.

I have the honour to, with the highest consideration,

Your Excellency's obedient Servant,

Agreement between the United States of America and Canada respecting surplus property disposal operations. Effected by exchange of notes signed at Ottawa January 9, 1947; effective January 9, 1947.

The Canadian Secretary of State for External Affairs to the American Ambassador

DEPARTMENT OF
EXTERNAL AFFAIRS
CANADA

No. 3 OTTAWA, *January 9, 1947*

EXCELLENCY:

I have the honour to refer to conversations held in 1944 between Mr. Clayton, then United States Surplus War Property Administrator, and Mr. Carswell, then President of War Assets Corporation of Canada, relating to the disposal of surplus property owned by either of the two governments.

Sale of surplus property.

2. It is my understanding that it has been agreed that the following arrangements should govern the sale of surplus property owned by the United States or Canada:

1. Save as hereinafter provided, the surplus disposal agencies of either country (United States and Canada) will not:–

   (a) knowingly sell or offer for sale any such surplus property intended for use and/or re-sale within the territory of the other country;

   (b) cause residents of the other country to be circularized or solicited concerning the sale of any such surplus property.

Issuance of certificate.

2. It is further agreed that in the case of the United States the appropriate disposal agency and in the case of Canada, War Assets Corporation, will, notwithstanding the foregoing, issue, on request, a certificate permitting to be done any of the matters which are set out in Para. 1 above, provided that such a certificate is given only for a purpose which is considered by the United States disposal agency or War Assets Corporation, whichever is concerned, as unlikely adversely to affect their disposal operations.

3. It is understood that any such certificate issued by War Assets Corporation will apply only to operations of that Corporation and is not to be construed in any way as a permit from any other Department of the Government of Canada should such a permit be otherwise required.

3. I shall be glad to have you inform me whether it is the understanding of your Government that the terms of the arrangements agreed to in the conversations are as above set forth. If so, it is suggested that this note and your reply shall be regarded as placing on record the agreement of our two Governments in this matter.

Accept, Excellency, the renewed assurances of my highest consideration.

INSTRUMENT OF SURRENDER OF ITALY

Post, p. 2761; *ante*, p. 2740.

Whereas in consequence of an armistice dated September 3rd, 1943, between the United States and the United Kingdom Governments on the one hand and the Italian Government on the other hand, hostilities were suspended between Italy and the United Nations on certain terms of a military nature;

And whereas in addition to those terms it was also provided in the said Armistice that the Italian Government bound themselves to comply with other conditions of a political, economic and financial nature to be transmitted later;

And whereas it is convenient that the terms of a military nature and the said other conditions of a political, economic and financial nature should without prejudice to the continued validity of the terms of the said Armistice of September 3rd, 1943, be comprised in a further instrument;

Terms for suspension of hostilities against Italy. *Post*, p. 2761.

The following together with the terms of the Armistice of September 3rd, 1943, are the terms on which the United States and United Kingdom Governments acting on behalf of the United Nations are prepared to suspend hostilities against Italy so long as their military operations against Germany and her Allies are not obstructed and Italy does not assist these Powers in any way and complies with the requirements of these Governments.

These terms have been presented by GENERAL DWIGHT D. EISENHOWER, Commander-in-Chief, Allied Forces, duly authorised to that effect;

Post, p. 2761.

And have been accepted by MARSHAL PIETRO BADOGLIO, Head of the Italian Government.

DWIGHT D. EISENHOWER,
Generale Corpo d'Armata Degli Stati Uniti,
Comandante in Capo Alleato

The Commander-in-Chief of the Allied Forces to the Head of the Italian Government

29TH SEPTEMBER, 1943.

MY DEAR MARSHAL BADOGLIO,

The terms of the armistice to which we have just appended our signatures are supplementary to the short military armistice signed by your representative and mine on September 3rd, 1943. They are based upon the situation obtaining prior to the cessation of hostilities. Developments since that time have altered considerably the status of Italy, which has become in effect a co-operator with the United Nations.

Ante, p. 2740.

It is fully recognised by the Governments on whose behalf I am acting that these terms are in some respects superseded by subsequent events and that several of the clauses have become obsolescent or have already been put into execution. We also recognise that it is not at this time in the power of the Italian Government to carry out certain of the terms. Failure to do so because of existing conditions will not be regarded as a breach of good faith on the part of Italy. However, this document represents the requirements with which the Italian Government can be expected to comply when in a position to do so.

It is to be understood that the terms both of this document and of the short military armistice of September 3rd may be modified from time to time if military necessity or the extent of co-operation by the Italian Government indicates this as desirable.

Sincerely,

DWIGHT D. EISENHOWER.
General, United States Army.
Commander-in-Chief, Allied Forces.

His Excellency,
MARSHAL PIETRO BADOGLIO,
Head of the Italian Government.

PROTOCOL

It is agreed that the title of the document signed at Malta on September 29, 1943 by Marshal Pietro Badoglio, Head of the Italian Government, and General Dwight D. Eisenhower, Commander-in-Chief, Allied Forces, should be changed to "additional conditions of Armistice with Italy." The following further amendments to this document are also agreed:

Ante, p. 2742.

In the first paragraph of the Preamble the words "acting in the interests of all the United Nations" are inserted between the words "governments" and "on the one hand". The paragraph in question therefore reads as follows:

"Whereas in consequence of an Armistice dated September 3, 1943 between the United States and United Kingdom Governments acting in the interests of all the United Nations on the one hand, and the Italian Government on the other hand, hostilities were suspended between Italy and United Nations on certain terms of a military nature."

In the fourth paragraph of the Preamble the words "and Soviet" are inserted between the words "United Kingdom" and "Governments", and the word "and" between the words "United States" and "United Kingdom" is deleted. The paragraph in question therefore reads as follows:

"The following, together with the terms of the Armistice of September 3, 1943, are the terms on which the United States, United Kingdom and Soviet Governments, acting on behalf of the United Nations, are prepared to suspend hostilities against Italy so long as their military operations against Germany and the Allies are not obstructed and Italy does not assist these powers in any way and complies with the requirements of these governments."

In paragraph six of the Preamble the word "unconditionally" is inserted between the word "accepted" and "by". The paragraph in question therefore reads as follows:

"and have been accepted unconditionally by Marshal Pietro Badoglio, Head of the Italian Government representing the Supreme Command of the Italian land, sea and air forces and duly authorized to that effect by the Italian Government."

In Article 1 *a* the word "unconditionally" is deleted. The Article in question therefore reads as follows:

"The Italian land, sea and air forces wherever located hereby surrender."

Article 29 is amended to read as follows:

Ante, p. 2747.

"Benito Mussolini, his chief Fascist associates, and all persons suspected of having committed war crimes or analogous offences whose

names appear on lists to be communicated by the United Nations and who now or in the future are on territory controlled by the Allied Military Command or by the Italian Government, will forthwith be apprehended and surrendered into the hands of the United Nations. Any instructions given by the United Nations to this purpose will be complied with."

Authentic text.

The present Protocol is drawn up in English and Italian, the English text being authentic, and in case of any dispute regarding its interpretation the decision of the Control Commission will prevail.

Signed on the 9th November 1943 at BRINDISI.

Per il Governo Italiano

P R O T O C O L L O

E' inteso che il titolo del documento firmato a Malta il 29 settembre 1943 dal Maresciallo Pietro BADOGLIO, Capo del Governo Italiano, e il Generale Dwight D. Eisenhower, Comandante in Capo delle Forze Alleate, deve essere cambiato in "Condizioni aggiuntive di armistizio con l'Italia". I seguenti ulteriori emendamenti a questo documento sono anche concordati:

"" Nel 1° paragrafo del preambolo le parole "agendo nell'interesse di tutte le Nazioni Unite" sono inserite fra le parole "Governi" e "dall'altro canto". Detto paragrafo sarà perciò del seguente tenore: "Poichè in seguito ad un armistizio in data 3 settembre 1943 fra i Governi degli Stati Uniti e della Gran Brettagna, agendo nell'interesse di tutte le Nazioni Unite, da una parte e il Governo Italiano dall'altra, le ostilità sono state sospese fra l'Italia e le Nazioni Unite in base ad alcune condizioni di carattere militare.

Nel 4° paragrafo del preambolo le parole "e dell'Unione Sovietica" sono inserite fra le parole "Gran Brettagna" e "Governi" e la parola "e" fra le parole "Stati Uniti" e "Gran Brettagna" è cancellata. Detto paragrafo avrà pertanto il seguente tenore: "Le seguenti insieme con le condizioni di armistizio del 3 settembre 1943, sono le condizioni in base a cui i Governi degli Stati Uniti, della Gran Brettagna e dell'Unione Sovietica, agendo per conto delle Nazioni Unite, sono disposti a sospendere le ostilità contro l'Italia

sempre che le loro operazioni militari contro la Germania ed i suoi alleati non siano ostacolate e che l'Italia non aiuti queste potenze in qualsiasi modo e eseguisca le richieste di questi Governi".

Nel paragrafo 6 del preambolo la parola "senza condizioni" è inserita fra la parola "accettate" e "dal". Detto paragrafo avrà pertanto il seguente tenore: "e sono state accettate senza condizioni dal Maresciallo Pietro BADOGLIO, Capo del Governo Italiano".

Nell'articolo 3a la parola "a discrezione" è cancellata. Detto articolo avrà pertanto il seguente tenore: "Le forze italiane di terra, mare ed aria, ovunque si trovino, a questo scopo si arrendono".

L'articolo 29 viene emendato e avrà il seguente tenore: "Benito Mussolini i suoi principali fascisti e tutte persone sospette di aver commesso delitti di guerra o delitti analoghi i cui nomi si trovino sugli elenchi che verranno comunicati dalle Nazioni Unite e che ora o in avvenire si trovino in territorio controllato dal Comando Militare Alleato o dal Governo Italiano, saranno immediatamente arrestati e consegnati alle forze delle Nazioni Unite. Tutti gli ordini impartiti dalle Nazioni Unite in questo riguardo verranno osservati".

Il presente protocollo è redatto in inglese ed italiano, il testo inglese essendo quello autentico ed in caso di qualsiasi disputa riguardante l'interpretazione, la decisione della Commissione di Controllo prevarrà.

p. IL COMANDANTE IN CAPO
ALLEATO

OFFICE OF THE COMMANDER-IN-CHIEF,
MEDITERRANEAN.
23rd September, 1943

MEMORANDUM OF AGREEMENT ON THE EMPLOYMENT AND DISPOSITION OF THE ITALIAN FLEET AND MERCANTILE MARINE BETWEEN THE ALLIED NAVAL COMMANDER IN CHIEF, MEDITERRANEAN, ACTING ON BEHALF OF THE ALLIED COMMANDER IN CHIEF AND THE ITALIAN MINISTER OF MARINE

Disposition of Italian navy and merchant marine.
Post, p. 2769.

The armistice having been signed between the Head of the Italian Government and the Allied Commander-in-Chief under which all Italian warships and the Italian Mercantile Marine were placed unconditionally at the disposal of the United Nations, and H. M. The King of Italy and the Italian Government having since expressed the wish that the Fleet and the Italian Mercantile Marine should be employed in the Allied effort to assist in the prosecution of the war against the Axis powers, the following principles are established on which the Italian Navy and Mercantile Marine will be disposed.

Decisions of U. N.

It is understood and agreed that the provisions of this Agreement as to immediate employment and disposition of Italian warships and merchant ships do not affect the right of the United Nations to make such other dispositions of any or all Italian ships as they may think fit. Their decisions in this respect will be notified to the Italian Government from time to time.

Ships for active assistance.

(A) Such ships as can be employed to assist actively in the Allied effort will be kept in commission and will be used under the orders of the Commander-in-Chief, Mediterranean as may be arranged between the Allied Commander-in-Chief and the Italian Government.

Ships reduced to care and maintenance basis.

(B) Ships which cannot be so employed will be reduced to a care and maintenance basis and be placed in designated ports, measures of disarmament being undertaken as may be necessary.

Declaration of names, etc., of U. N. ships in Italian possession.

(C) The Government of Italy will declare the names and whereabouts of

(i) Warships
(ii) Merchant ships

now in their possession which previously belonged to any of the United Nations. These vessels are to be returned forthwith as may be directed by the Allied Commander-in-Chief. This will be without prejudice to negotiations between the Governments which may subsequently be made in connection with replacing losses of ships of the United Nations caused by Italian action.

Agent of Allied Commander-in-Chief.

(D) The Allied Naval Commander-in-Chief will act as the agent of the Allied Commander-in-Chief in all matters concerning

the employment of the Italian Fleet or Merchant Navy, their disposition and related matters.

(E) It should be clearly understood that the extent to which the terms of the armistice are modified to allow of the arrangements outlined above and which follow, are dependent upon the extent and effectiveness of Italian co-operation. Modification of terms.

2. *Method of Operation.* The Commander-in-Chief, Mediterranean will place at the disposal of the Italian Ministry of Marine a high ranking Naval officer with the appropriate staff who will be responsible to the Commander-in-Chief, Mediterranean, for all matters in connection with the operation of the Italian Fleet, and be the medium through which dealings will be carried out in connection with the Italian Mercantile Marine. The Flag Officer acting for these duties (Flag Officer Liaison), will keep the Italian Ministry of Marine informed of the requirements of the Commander-in-Chief, Mediterranean, and will act in close co-operation as regards issue of all orders to the Italian Fleet.

3. *Proposed disposition of the Italian Fleet.*

(a) All battleships will be placed on a care and maintenance basis in ports to be designated and will have such measures of disarmament applied as may be directed. These measures of disarmament will be such that the ships can be brought into operation again if it so seems desirable. Each ship will have on board a proportion of Italian Naval personnel to keep the ships in proper condition and the Commander-in-Chief, Mediterranean, will have the right of inspection at any time. Battleships.

(b) *Cruisers.* Such cruisers as can be of immediate assistance will be kept in commission. At present it is visualised that one squadron of four cruisers will suffice and the remainder will be kept in care and maintenance as for the battleships but at a rather greater degree of readiness to be brought into service if required.

(c) *Destroyers and Torpedo Boats.* It is proposed to keep these in commission and to use them on escort and similar duties as may be requisite. It is proposed that they should be divided into escort groups working as units and that they should be based on Italian ports.

(d) *Small Craft.* M. A. S., Minesweepers, auxiliaries and similar small craft will be employed to the full, detailed arrangements being made with the Flag Officer (Liaison) by the Italian Ministry of Marine for their best employment.

(e) *Submarines.* In the first instance submarines will be immobilised in ports to be designated and at a later date these may be brought into service as may be required to assist the Allied effort.

4. *Status of Italian Navy.* Under this modification of the armistice terms, all the Italian ships will continue to fly their flags. A large proportion of the Italian Navy will thus remain in active commission operating their own ships and fighting alongside the forces of the United Nations against the Axis Powers.

Liaison officers.

The requisite Liaison officers will be supplied to facilitate the working of the Italian ships in co-operation with allied forces. A small Italian liaison mission will be attached to the Headquarters of the Commander-in-Chief, Mediterranean, to deal with matters affecting the Italian Fleet.

5. *Mercantile Marine.* It is the intention that the Italian Mercantile Marine should operate under the same conditions as the merchant ships of the Allied Nations. That is to say, all mercantile shipping of the United Nations is formed into a pool which is employed as may be considered necessary for the benefit of all the United Nations. In this will naturally be included the requirements for the supply and maintenance of Italy. The system will be analogous to that used in North Africa, where the North Africa Shipping Board controls all United States, British and French shipping under certain agreements which will have to be arranged in detail in so far as Italian ships are concerned. While it may be expected that a proportion of Italian ships will be working within the Mediterranean and to and from Italian ports, it must be appreciated that this will not always necessarily be the case and ships flying the Italian flag may be expected to be used elsewhere as is done with the merchant ships of all the United Nations. Italian ships employed as outlined in this paragraph will be manned so far as possible by crews provided by Italian Ministry of Marine and will fly the Italian flag.

Post, p. 2769.

AMENDMENT TO AGREEMENT BETWEEN THE NAVAL COMMANDER-IN-CHIEF, MEDITERRANEAN, ALLIED FORCES AND THE ROYAL ITALIAN MINISTER OF MARINE WITH RESPECT TO THE EMPLOYMENT OF THE ITALIAN NAVY.

The aforementioned agreement is amended as follows:

The following phrase to be added to the Preamble: *Ante*, p. 2766.

"It is understood and agreed that the provisions of this agreement as to immediate employment and disposition of Italian warships and merchant ships do not affect the right of United Nations to make such other dispositions of any or all Italian ships as they may think fit. Their decisions in this respect will be notified to the Italian Government from time to time."

Final sentence of last paragraph to be amended to read: *Ante*, p. 2768.

"will be manned so far as possible by crews provided by Italian Ministry of Marine and will fly the Italian flag."

The present instrument is drawn up in English and Italian, the English text being authentic, and in case of any dispute regarding its interpretation the decision of the Control Commission will prevail. Authentic text.

Statement of Admiral de Courten, November 17, 1943

In obbedienza agli ordini di S.E. il Maresciallo Badoglio, Capo del Governo, ho firmato le clausole aggiuntive al preambolo ed all'ultimo paragrafo del Cunningham-de Courten Agreement, richieste dai Governi alleati come condizioni di firma degli emendamenti all'atto di armistizio.

Nel procedere a tale firma, chiedo che sia preso atto della seguente dichiarazione:

"Ritengo mio dovere mettere in chiaro rilievo che la richiesta di inserzione di queste clausole, avanzata a poco meno di due mesi all'incontro con Sir Andrew Cunningham, allora comandante in capo della flotta Alleata del Meditarraneo, altera lo spirito dell'accordo concluso fra l'Amm. Cunningham e me. Le clausole di tale Agreement erano state proposte, in regime di armistizio, dallo stesso Amm. Cunningham, il quale mi aveva invitato ad esaminarle ed a comunicargli le mie osservazioni e considerazioni: poiché era stato raggiunto il completo accordo sul testo presentato da parte Alleata e poiché l'Agreement ha avuto finora la più larga e completa applicazione senza nessun contrasto nè nella lettera, nè nello spirito, non avevo e non ho nessuna ragione di pensare che esso dovesse essere modificato e completato con una ulteriore clausola di carattere cautelativo. Tale clausola appare in antitesi con la collaborazione attiva data finora dalla Marina Italiana e con la palese dimostrazione della leale disposizione della flotta italiana ad intensificare fino al massimo limite il suo contributo alla condotta della guerra contro il comune nemico, nello spirito della co-belligeranza in atto."

Translation

By order of His Excellency, Marshal Badoglio, Chief of the Government, I have signed the clauses added to the Preamble and to the last paragraph of the Cunningham–de Courten Agreement, which were requested by the Allied Governments as conditions of the signature of the amendments to the Armistice.

In signing, I request that note be taken of the following statement:

"I believe it my duty to make clear that the request for insertion of these clauses, put forth less than two months after the meeting with Sir Andrew Cunningham, then Commander-in-Chief of the Allied Mediterranean Fleet, alters the spirit of the agreement concluded between Admiral Cunningham and me. The clauses of this Agreement had been put forward in accordance with the Armistice, by Admiral Cunningham himself, who invited me to examine them and make known to them my observations and comments. In as much as there was complete agreement in regard to the text presented by the Allies, and as the Agreement has up to now been carried out in the widest and most complete manner without opposition either in letter or spirit, I did not and do not have any reason to believe it should be modified and completed by a subsequent safeguarding clause. This clause seems to be at odds with the active collaboration given up to now by the Italian Navy and with the visible demonstration of the loyalty with which the Italian Fleet is contributing to the utmost to the conduct of the war against the common enemy in the spirit of existing co-belligerency".

Su Excelencia el Señor Presidente de los Estados Unidos de América, al Excelentísimo Señor Don Robert Mc. Gregor Scotten, su Embajador Extraordinario y Plenipotenciario en Quito.

Quienes, después de haber exhibido sus Plenos Poderes, encontrados en buena y debida forma, han convenido en los Artículos siguientes:

ARTICULO I

Cada Parte Contratante concede a la otra Parte Contratante los derechos especificados en el Anexo a este Acuerdo, necesarios para establecer los servicios y rutas internacionales aéreas civiles descritas en dicho Anexo, ya sea que estos servicios y rutas sean inaugurados inmediatamente o en fecha posterior, a opción de la Parte Contratante a la que se otorgan dichos derechos.

ARTICULO II

Cada servicio así descrito, será puesto en operación tan pronto como la Parte Contratante, a la cual se ha concedido por el Artículo I derecho para designar una línea aérea o líneas aéreas en determinada ruta, haya autorizado una línea aérea o líneas aéreas para dicha ruta y la Parte Contratante que otorga los derechos, conforme al Artículo VI de este Acuerdo, estará obligada a conceder el permiso de operaciones pertinente a la línea aérea o líneas aéreas que le conciernen, quedando entendido que dichas líneas aéreas, antes de ser autorizadas para iniciar las operaciones contempladas en este Acuerdo, podrán ser obligadas a llenar ante las Autoridades competentes de Aeronáutica de la Parte otorgante, los requisitos de ley, y a cumplir con las demás Leyes y Reglamentos vigentes y los que se dictaren posteriormente. Cuando se trate de zonas donde se lleven a cabo hostilidades, de zonas de ocupación militar o de zonas afectadas por ellas, este servicio estará sujeto a la aprobación de las Autoridades militares competentes.

ARTICULO III

Con el fin de evitar prácticas discriminatorias y asegurar la igualdad de tratamiento, ambas Partes Contratantes acuerdan que:

a) Cada una de ellas podrá imponer o permitir que se le imponga tarifas justas y razonables para el uso de los aeropuertos públicos, u otras facilidades bajo su control. Cada Parte Contratante conviene sin embargo, que estas tarifas no serán mayores que las que pagarían por el uso de dichos aeropuertos, y facilidades para sus aeronaves nacionales empleadas en servicios similares internacionales.

b) El combustible, aceites, lubricantes y piezas de repuestos introducidos en el territorio de una de las Partes Contratantes por la otra Parte Contratante o sus nacionales, para el uso exclusivo de las aeronaves de las líneas aéreas de dicha Parte Contratante, estarán sujetos al mismo tratamiento que se da a dichos materiales destinados a las líneas aéreas nacionales o las líneas aéreas de la Nación más favorecida, en lo que respecta a derechos de aduana, tarifas de inspección, o cualquier gravamen o derecho nacional impuesto por la Parte Contratante a cuyo territorio se introduzcan.

c) El combustible, aceites lubricantes, piezas de repuestos, equipo corriente y el abastecimiento que se transporten a bordo de las aeronaves civiles de las líneas aéreas de una de las Partes Contratantes autorizada a operar las rutas y servicios que se describen en el Anexo, deberán, al llegar o dejar el territorio de la otra Parte Contratante, ser exonerados de derechos de aduana, de derechos de inspección o de otros derechos similares, aún cuando tales materiales sean usados o consumidos por dichas aeronaves en vuelos sobre dicho territorio.

ARTICULO IV

Los Certificados de navegabilidad aérea, los certificados de competencia y licencias, expedidos o revalidados por una de las Partes Contratantes y aún en vigencia serán reconocidos como válidos por la otra Parte Contratante con el fin de operar las rutas y servicios descritos en el Anexo. Cada Parte Contratante, se reserva el derecho, sin embargo, cuando se trata de vuelos sobre su propio territorio, de rehusar el reconocimiento de tales certificados de competencia y licencias expedidos a sus propios nacionales por las autoridades de cualquier otro Estado.

ARTICULO V

b) Las Leyes y Reglamentos de una de las Partes Contratantes

referentes a la entrada en, o salida de su territorio de pasajeros, tripulaciones o carga de aeronaves, tales como Reglamentos relacionados con la entrada, despacho inmigración, pasaportes, aduanas y cuarentenas, deberán cumplirse por los pasajeros, tripulaciones o carga de las líneas aéreas designadas por la otra Parte Contratante o por los representantes de los mismos, a la entrada, salida o mientras permanezca la aeronave en el territorio de la primera Parte Contratante.

ARTICULO VI

Cada Parte Contratante se reserva el derecho de no otorgar o, de revocar el permiso de operaciones de una línea aérea designada por la Parte Contratante en el caso de que dicha línea aérea no sea en manera substancial de propiedad de nacionales de la otra Parte Contratante, y no se halle bajo el efectivo control de los nacionales de dicha Parte, o en cualquier caso en que una línea aérea designada por la otra Parte Contratante no cumpliere con las Leyes y Reglamentos de la Parte Contratante sobre cuyo territorio estuviere operando, tal como se describen en el Artículo 5, o que de otra manera dejara de cumplir con las condiciones bajo las cuales se conceden los derechos contemplados en este Acuerdo y su anexo; o en caso de que las aeronaves en servicio no estén tripuladas por nacionales de la otra Parte Contratante, excepto cuando las dotaciones se hallen recibiendo adiestramiento.

ARTICULO VII

Este Acuerdo y todos los contratos relacionados con el mismo, deberán registrarse en la Organización Provisional de Aviación Civil Internacional o la Entidad que le suceda.

ARTICULO VIII

Los derechos y privilegios existentes referentes a servicios de transporte aéreo los cuales pueden haber sido concedidos previamente por cualquiera de las Partes Contratantes para una línea aérea de la otra Parte Contratante continuarán en vigor de acuerdo con sus condiciones.

ARTICULO IX

Este Acuerdo o cualquiera de los derechos para el servicio de transporte aéreo otorgado por este Acuerdo, podrán darse por terminados, sin perjuicio de lo dispuesto en el Artículo 8. por cualquiera de las Partes Contratantes, mediante aviso previo de un año a la otra Parte Contratante.

ARTICULO X

En el caso de que cualquiera de las Partes Contratantes deseara modificar las rutas o condiciones establecidas en el Anexo, podrá solicitar consultas entre las Autoridades competentes de las dos Partes Contratantes, debiendo iniciarse dichas consultas dentro de un período de sesenta días a partir de la fecha de la solicitud. Cuando dichas Autoridades estén de acuerdo en que las circunstancias han cambiado, o que han surgido nuevas circunstancias, haciéndose conveniente modi-

ficar el Anexo, las recomendaciones que hagan las autoridades sobre el asunto, se llevarán a efecto después de haber sido confirmadas por un intercambio de notas diplomáticas.

ARTICULO XI

Salvo las estipulaciones en contrario del presente Acuerdo o de su Anexo, cualquiera divergencia entre las Partes Contratantes relativa a la interpretación o aplicación del presente Acuerdo o de su Anexo, que no pudiere ser resuelta por medio de consultas, deberá ser sometida al Consejo Provisional de la Organización Provisional de Aviación Civil Internacional (en conformidad con las disposiciones del Artículo III, Sección seis "8" del Convenio Provisional sobre Aviación Civil Internacional, suscrito en Chicago el 7 de diciembre de 1944) o del Organismo que le sucediera, para su opinión consultiva, a menos que las Partes Contratantes acordaren someter la divergencia a un Tribunal Arbitral designado en virtud de Acuerdo entre las mismas Partes Contratantes, o a alguna otra persona u organismo. Las Autoridades Ejecutivas de cada una de las Partes Contratantes se comprometen a hacer uso de sus mejores esfuerzos bajo los Poderes que ejercieran para hacer cumplir la decisión expresada en tal fallo.

ARTICULO XII

De entrar en vigor una Convención multilateral aérea general o suscrita por ambas Partes Contratantes, las disposiciones del presente Acuerdo deberán modificarse y conformarse a las de la citada Convención.

ARTICULO XIII

b) La expresión "líneas aéreas designadas", significará aquellas Empresas de transporte aéreo, respecto a las cuales las Autoridades Aeronáuticas de una de las Partes Contratantes, hayan comunicado por escrito a las Autoridades Aeronáuticas de la otra Parte Contratante, que son las Empresas aéreas por esta última designadas, de conformidad con las estipulaciones anteriormente expuestas, con respecto a las rutas especificadas en la indicada designación.

ARTICULO XIV

(b) Fuel, lubricating oils and spare parts introduced into the territory of one contracting party by the other contracting party or its nationals, and intended solely for use by aircraft of such contracting party shall, with respect to the imposition of customs duties, inspection fees or other national duties or charges by the contracting party whose territory is entered, be accorded the same treatment as that applying to national airlines and to airlines of the most-favored-nation.

(c) The fuel, lubricating oils, spare parts, regular equipment and aircraft stores retained on board civil aircraft of the airlines of one contracting party authorized to operate the routes and services described in the Annex shall, upon arriving in or leaving the territory of the other contracting party, be exempt from customs, inspection fees or similar duties or charges, even though such supplies be used or consumed by such aircraft on flights in that territory.

(a) The laws and regulations of one contracting party relating to the admission to or departure from its territory of aircraft engaged in international air navigation, or to the operation and navigation of such aircraft while within its territory, shall be applied to the aircraft of the other contracting party, and shall be complied with by such aircraft upon entering or departing from or while within the territory of the first party.

(b) The laws and regulations of one contracting party as to the admission to or departure from its territory of passengers, crew, or cargo of aircraft, such as regulations relating to entry, clearance, im-

ARTICLE 6

Withholding or revocation of certificate or permit.

Each contracting party reserves the right to withhold or revoke the certificate or permit of an airline designated by the other contracting party in the event it is not satisfied that substantial ownership and effective control of such airline are vested in nationals of the other contracting party, or in case of failure by the airline designated by the other contracting party to comply with the laws and regulations of the contracting party over whose territories it operates, as described in Article 5 hereof, or otherwise to fulfill the conditions under which the rights are granted in accordance with this agreement and its annex.

Post, p. 2793.

ARTICLE 7

Registration.

This agreement and all contracts connected therewith shall be registered with the Provisional International Civil Aviation Organization, or its successor body.

AIR TRANSPORT AGREEMENT BETWEEN THE UNITED STATES OF AMERICA AND THE REPUBLIC OF CHINA

Having in mind the resolution signed under date of December 7, 1944, [1] at the International Civil Aviation Conference in Chicago, Illinois, for the adoption of a standard form of agreement for provisional air routes and services, and the desirability of mutually stimulating and promoting the sound economic development of air transportation between the United States of America and the Republic of China, the two Governments parties to this Agreement agree that the establishment and development of air transport services between their respective territories shall be governed by the following provisions:

Article 1

Post, p. 2804.

The contracting parties grant the rights specified in the Annex hereto necessary for establishing the international civil air routes and services therein described, whether such services be inaugurated immediately or at a later date at the option of the contracting party to whom the rights are granted.

Article 2

Inauguration of air services.

(a) Each of the air services so described shall be placed in operation as soon as the contracting party to whom the right has been granted by Article 1 to designate an airline or airlines for the route concerned has authorized an airline for such route, and the contracting party granting the right shall, subject to Article 7 hereof, be bound to give the appropriate operating permission to the airline or airlines concerned; provided that the airline so designated may be required to qualify before the competent aeronautical authorities of the contracting party granting the rights under the laws and regulations normally applied by these authorities before being permitted to engage in the operations contemplated by this Agreement; and provided that in areas of hostilities or of military occupation, or in areas affected thereby, such inauguration shall be subject to the approval of the competent military authorities.

Post, p. 2802.

(b) It is understood that the contracting parties should undertake to exercise the commercial rights granted under this Agreement at the earliest practicable date except in the case of temporary inability to do so.

Article 3

Operating rights which may have been granted previously by either of the contracting parties to any State not a party to this Agreement or to an airline shall continue in force according to their terms.

Article 4

Charges.

In order to prevent discriminatory practices and to assure equality of treatment, it is agreed that:

(a) Each of the contracting parties may impose or permit to be imposed just and reasonable charges for the use of airports and other facilities. Each of the contracting parties agrees, however, that these charges shall not be higher than those which would be paid for the use of such airports and facilities by its national aircraft engaged in similar international services.

(b) Fuel, lubricating oils and spare parts introduced into the territory of one contracting party by the other contracting party or its nationals and intended solely for use by aircraft of such other contracting party shall be accorded national and most-favored-nation treatment with respect to the imposition of customs duties, inspection fees or other national duties or charges by the contracting party whose territory is entered.

(c) The fuel, lubricating oils, spare parts, regular equipment and aircraft stores retained on board civil aircraft of the airlines of one contracting party authorized to operate the routes and services described in the Annex shall, upon arriving in or leaving the territory of the other contracting party, be exempt from customs, inspection fees or similar duties or charges, even though such supplies be used or consumed by such aircraft on flights in that territory.

Post, p. 2804.

Article 6

Laws and regulations.

(a) The laws and regulations of one contracting party relating to the admission to or departure from its territory of aircraft engaged in international air navigation, or to the operation and navigation of such aircraft while within its territory, shall be applied to the aircraft of the other contracting party without distinction as to nationality, and shall be complied with by such aircraft upon entering or departing from or while within the territory of that contracting party.

(b) The laws and regulations of one contracting party as to the admission to or departure from its territory of passengers, crew, or cargo of aircraft, such as regulations relating to entry, clearance, immigration, passports, customs, and quarantine shall be complied with by or on behalf of such passengers, crew, or cargo of the aircraft of the other contracting party upon entrance into or departure from or while within the territory of that contracting party.

Article 7

Withholding or revocation of certificate or permit.

Substantial ownership and effective control of airlines of each contracting party authorized under this Agreement shall be vested in nationals of that contracting party. Each contracting party reserves the right to withhold or revoke the certificate or permit of any airline of the other contracting party in case of failure of such airline to comply with the laws of the State over which it operates, as described in Article 6 hereof, or otherwise to fulfill the conditions under which the rights are granted in accordance with this Agreement and its Annex.

Post, p. 2804.

Article 8

When these authorities mutually agree on new or revised conditions affecting the Annex, their recommendations on the matter will come into effect after they have been confirmed by an exchange of diplomatic notes.

Article 12

Duration of agreement.

This Agreement shall continue in force for a period of four years or until it may be superseded in order to conform with a general multilateral air transport convention which may enter into force in relation to both contracting parties. Upon the expiration of this Agreement its renewal for additional periods of time to be agreed upon may be effected by an exchange of diplomatic notes. It is understood and agreed, however, that this Agreement may be terminated by either contracting party upon giving one year's notice to the other contracting party. On each of the above routes the airline authorized to operate such route may operate nonstop flights between any of the points on such route omitting stops at one or more of the other points on such route.

Chinese rights of transit and stop in U. S. territory.

B. Airlines of China authorized under the present Agreement are accorded rights of transit and nontraffic stop in the territory of the United States, as well as the right to pick up and discharge international traffic in passengers, cargo and mail at San Francisco, New York, and Honolulu, as well as at such additional points as may be agreed upon from time to time, on the following routes, via intermediate points in both directions:

2. China over a Pacific route via the intermediate points of Manila, Guam, Wake, and Honolulu to San Francisco and beyond.

3. China over an Atlantic route via intermediate points in Indo-China, Burma, India, the Near East, Africa and Europe to New York and beyond.

On each of the above routes the airline authorized to operate such route may operate nonstop flights between any of the points on such route omitting stops at one or more of the other points on such route.

C. In the operation of the air services authorized under this Agreement, both contracting parties agree to the following principles and objectives:

Equal opportunity.

1. Fair and equal opportunity for the airlines of each contracting party to operate air services on international routes, and the creation of machinery to obviate unfair competition by unjustifiable increases of frequencies or capacity;

2. The elimination of formulae for the predetermination of frequencies or capacity or of any arbitrary division of air traffic between countries and their national airlines;

3. The adjustment of fifth freedom traffic with regard to:

(a) Traffic requirements between the country of origin and the countries of destination;

(b) The requirements of through airline operation;

(c) The traffic requirements of the area through which the airline passes after taking account of local and regional services.

Approval of rates.

D. 1. Rates to be charged by the air carriers of either contracting party between points in the territory of the United States and points in the territory of China referred to in this Annex shall be subject to the approval of the contracting parties within their respective constitutional powers and obligations. In the event of disagreement the matter in dispute shall be handled as provided below.

"IATA."

2. The Civil Aeronautics Board of the United States having announced its intention to approve the rate conference machinery of the International Air Transport Association (hereinafter called "IATA"), as submitted, for a period of one year beginning in February, 1946, any rate agreements concluded through this machinery during this period and involving United States air carriers will be subject to approval by the Board.

3. Any new rate proposed by the air carrier or carriers of either contracting party shall be filed with the aeronautical authorities of both contracting parties at least thirty days before the proposed date of introduction; provided that this period of thirty days may be reduced in particular cases if so agreed by the aeronautical authorities of both contracting parties.

4. The contracting parties hereby agree that where:

(a) during the period of the Board's approval of the IATA rate conference machinery, either any specific rate agreement is not approved within a reasonable time by either contracting party or a conference of IATA is unable to agree on a rate, or

(b) at any time no IATA machinery is applicable, or

(c) either contracting party at any time withdraws or fails to renew its approval of that part of the IATA rate conference machinery relevant to this provision,

the procedure described in paragraphs 5, 6 and 7 hereof shall apply.

Prevention of unfair or uneconomic rates.

5. In the event that power is conferred by law upon the aeronautical authorities of the United States to fix fair and economic rates for the transport of persons and property by air on international services and to suspend proposed rates in a manner comparable to that in which the Civil Aeronautics Board at present is empowered to act with respect to such rates for the transport of persons and property by air within the United States, each of the contracting parties shall thereafter exercise its authority in such manner as to prevent any rate or rates proposed by one of its carriers for services from the territory of one contracting party to a point or points in the territory of the other contracting party from becoming effective, if in the judgment of the aeronautical authorities

Notice of dissatisfaction with proposed new rate.

of the contracting party whose air carrier or carriers is or are proposing such rate, that rate is unfair or uneconomic. If one of the contracting parties on receipt of the notification referred to in paragraph 3 above is dissatisfied with the new rate proposed by the air carrier or carriers of the other contracting party, it shall so notify the other contracting party prior to the expiry of the first fifteen of the thirty days referred to, and the contracting parties shall endeavour to reach agreement on the appropriate rate. In the event that such agreement is reached each contracting party will exercise its statutory powers to give effect to such agreement. If agreement has not been reached at the end of the thirty day period referred to in paragraph 3 above, the proposed rate may, unless the aeronautical authorities of the country of the air carrier concerned see fit to suspend its operation, go into effect provisionally pending the settlement of any dispute in accordance with the procedure outlined in paragraph 7 below.

Provisional rate pending settlement of dispute.

6. Prior to the time when such power may be conferred by law upon the aeronautical authorities of the United States, if one of the contracting parties is dissatisfied with any new rate proposed by the air carrier or carriers of either contracting party for services from the territory of one contracting party to a point or points in the territory of the other contracting party, it shall so notify the other prior to the expiry of the first fifteen of the thirty day period referred to in paragraph 3 above, and the contracting parties shall endeavour to reach agreement on the appropriate rate. In the event that such agreement is reached each contracting party will use its best efforts to cause such agreed rate to be put into effect by its air carrier or carriers. It is recognized that if no such agreement can be reached prior to the expiry of such thirty days, the contracting party raising the objection to the rate may take such steps as it may consider necessary to prevent the inauguration or continuation of the service in question at the rate complained of.

Advisory report.

7. When in any case under paragraphs 5 and 6 above the aeronautical authorities of the two contracting parties cannot agree within a reasonable time upon the appropriate rate after consultation initiated by the complaint of one contracting party concerning the proposed rate or an existing rate of the air carrier or carriers of the other contracting party, upon the request of either, both contracting parties shall submit the question to the Provisional International Civil Aviation Organization or to its successor for an advisory report, and each party will use its best efforts under the powers available to it to put into effect the opinion expressed in such report.

Fixing of rates.

8. The rates to be agreed in accordance with the above paragraphs shall be fixed at reasonable levels, due regard being paid to all relevant factors, such as cost of operation, reasonable profit and the rates charged by any other air carriers.

9. The Executive Branch of the Government of the United States agrees to use its best efforts to secure legislation empowering the

aeronautical authorities of the United States to fix fair and economic rates for the transport of persons and property by air on international services and to suspend proposed rates in a manner comparable to that in which the Civil Aeronautics Board at present is empowered to act with respect to such rates for the transport of persons and property by air within the United States.

及經濟之權力，及停止實施所提運率之權力，一如現時所授予美國民用航空局在美國國內關於此項客、貨空運運率所執行之權力，如提出運率之一航空組織或數航空組織所屬締約一方之航空官廳，認該項運率爲不公允或不經濟時，則締約任何一方應行使其職權，以阻止其一航空組織所提自締約此方領土至締約彼方領土內一地點或數地點間營業之一運率或數運率，發生效力。締約此方接到本項第三款所指之通知，對於締約彼方之一航空組織或數航空組織所提出之運率，如不滿意時，應於上述三十日期間內之前十五日內，通知締約彼方。締約雙方應需力議定適當之運率。如經議定，締約雙方應行使其法律上之權力，使其生效。如本項第三款所指之三十日期間業已屆滿而尚未議定時，則所提運率，除其有關航空組織所屬國航空官廳，認爲宜停止其實施者外，在任何爭議依本項第七款所規定之程序獲得解決以前，得暫予實施。

(六)在法律尚未授予美國航空官廳以上述權力以前，締約此方對於締約任何一方之一航空組織或數航空組織所提出之自締約此方領土至締約彼方領土內一地點或數地點間營業之任何新運率，如不滿意時，應於本項第三款所指之三十日期間內之前十五日內，通知締約彼方。締約雙方應需力議定適當之運率。如經議定，締約雙方應需最大之努力，使其一航空組

織或數航空組織將此項議定運率付諸實施。締約雙方承認，如在此三十日期間屆滿以前，未能議定時，即對所提運率表示異議之締約一方，得採取其所認爲必要之步驟，以阻止依此項業經表示異議之運率，開辦或續辦此項空運業務。

(七) 締約雙方航空官廳，於本項第五款及第六款之任何情形下，並於因締約此方對於締約彼方之一航空組織或數航空組織所提出之運率或現行運率，表示異議，而於由此發起協商後未能在一合理時間內，議定適當之運率時，經任何一方之請求，締約雙方應將此項問題提交國際民用航空臨時組織或其接替組織，請其提出諮詢報告書；締約雙方，並應各在其權限範圍內，以最大之努力，使該報告書內所表達之意見，付諸實施。

(八) 凡依上述各款應行議定之運率，應依合理標準，並顧及一切有關因素，如營業費用合理利潤及由任何其他航空組織所徵收之運率等項訂定之。

(九) 美國政府行政部門同意，盡其最大之努力，促訂法律，授予其航空官廳以訂定在國際業務上關於客、貨空運之公允及經濟之運率之權力，及停止實施所提運率之權力，一如現時所授予美國民用航空局在美國國內關於此項客、貨空運運率所執行之權力。

Agreement between the United States of America and France respecting the extension of time for fulfilling conditions and formalities of copyright. Effected by exchange of notes signed at Washington March 27, 1947; effective March 27, 1947.

March 27, 1947
[T. I. A. S. 1610]

The French Ambassador to the Acting Secretary of State

AMBASSADE DE FRANCE
AUX ETATS-UNIS

WASHINGTON, *le 27 Mars 1947.*

MONSIEUR LE SECRÉTAIRE D'ETAT,

Le Gouvernement de la République Française a pris connaissance de l'Acte du Congrès des Etats-Unis du 25 septembre 1941 qui prévoit, sous condition de réciprocité, l'extension, pour les conditions et formalités exigées par la législation américaine, du délai accordé aux auteurs, propriétaires de copyrights ou propriétaires d'oeuvres présentées ou publiées en premier lieu à l'étranger, qui ont été empêchés de remplir ces formalités par suite de la suspension ou de la cessation des facilités nécessaires.

Mon Gouvernement me demande de vous faire savoir que, du fait de la deuxième guerre mondiale, les ressortissants français, auteurs et propriétaires de copyrights ont, depuis l'ouverture des hostilités entre la France et l'Allemagne, le 3 septembre 1939, été empêchés de remplir les formalités exigées par la loi américaine.

Le Gouvernement Français exprime le désir que les ressortissants français dont les oeuvres peuvent faire l'objet de copyrights aux Etats-Unis, soient admis à bénéficier, conformément à la procédure prévue dans l'Acte du 25 septembre 1941, de l'extension de délai accordée pour l'accomplissement de ces formalités.

A ce sujet, le Gouvernement Français m'a demandé de soumettre à l'attention de Votre Excellence les dispositions suivantes de la législation française concernant les droits d'auteurs:

1o. – La loi du 19 juillet 1793 protège l'auteur pendant toute sa vie contre la contrefaçon d'une oeuvre publiée en France. Ce droit appartient aux héritiers de l'auteur pendant une durée de 50 ans après la mort de celui-ci. Ce délai a été porté à 56 ans et 152 jours par la loi du 3 février 1919 pour les oeuvres publiées avant le 31 décembre 1920 et non tombées dans le domaine public à la date de la promulgation de ladite loi. Aucun dépôt, déclaration ou paiement de taxe ne sont nécessaires pour que les intéressés soient admis au bénéfice de ce droit.

2o. – L'Acte, dit loi du 22 juillet 1941, a prorogé les droits des héritiers et ayants cause des auteurs jusqu'à la fin de l'année qui suivra la signature des traités de paix.

3o. – Le décret-loi du 28 mars 1852 a étendu aux ouvrages publiés à l'étranger la protection accordée aux oeuvres publiées en France; ce décret assure aux étrangers une protection égale à celle qui leur est

accordée par leur législation nationale. Par exemple, une oeuvre américaine n'est pas protégée en France pendant la durée de la vie de l'auteur plus 56 ans et 152 jours, mais 28 ans plus 28 ans (sur justification que le copyright a été renouvelé aux Etats-Unis pour la deuxième période de 28 ans). En outre, les étrangers ne peuvent avoir, en France, plus de droits que les Français.

4o. – Cette législation très libérale, et qui n'exige aucune condition de réciprocité, a été maintenue en vigueur pendant la guerre. En conséquence, aucun préjudice n'a été causé, du fait de la guerre, aux droits des auteurs américains en France.

Le Gouvernement Français attacherait, en conséquence, le plus grand prix à ce que le Président des Etats-Unis proclamât, conformément à l'Acte du 25 septembre 1941, qu'en raison des conditions qui ont existé pendant plusieurs années depuis le 3 septembre 1939, les ressortissants français, auteurs, propriétaires de copyrights ou propriétaires d'ouvrages présentés ou publiés en premier lieu en dehors des Etats-Unis et qui, d'après la loi américaine, peuvent faire l'objet de copyright ou de renouvellement, ont été temporairement dans l'impossibilité de répondre aux conditions et de remplir les formalités prévues, à cet égard, par la loi américaine.

En raison du fait que la loi française précitée du 22 juillet 1941 proroge les droits des héritiers et ayants-cause des auteurs jusqu'à la fin de l'année qui suivra la signature des traités de paix, le Gouvernement Français souhaiterait, d'autre part, recevoir l'assurance que le délai prévu par la proclamation du Président des Etats-Unis, sera d'au moins un an à partir de sa mise en vigueur et éventuellement susceptible d'être prorogé par accord entre les deux gouvernements.

Veuillez agréer, Monsieur le Secrétaire d'Etat, l'assurance de ma très haute considération.

H BONNET

Son Excellence
Monsieur DEAN ACHESON,
Secrétaire d'Etat, a.i.,
Washington, D. C.

Translation

EMBASSY OF FRANCE
IN THE UNITED STATES

WASHINGTON, *March 27, 1947.*

MR. SECRETARY OF STATE:

55 Stat. 732.
17 U. S. C. § 8.
61 Stat., Pt. 1, p. 652.

The Government of the French Republic has taken cognizance of the Act of the Congress of the United States of September 25, 1941, which provides for extending, on a reciprocal basis, the time for the fulfilment of the conditions and formalities prescribed by the laws of the United States in the case of authors, copyright owners, or proprietors of works first produced or published abroad who have been prevented from complying with those formalities because of the disruption or suspension of the necessary facilities.

My Government requests me to inform you that, because of World War II, French nationals who are authors and copyright owners

have been prevented, since the outbreak of hostilities between France and Germany on September 3, 1939, from fulfilling the formalities prescribed by the laws of the United States.

It is the desire of the French Government that French nationals whose works are eligible for copyright in the United States be permitted to benefit, in accordance with the procedure provided in the Act of September 25, 1941, by the extension of time granted for fulfilling those formalities.

55 Stat. 732.
17 U. S. C. § 8.
61 Stat., Pt. 1, p. 652.

In this connection, the French Government has requested me to invite Your Excellency's attention to the following provisions of French legislation regarding copyright:

1. The law of July 19, 1793 protects the author during his entire life-time against the pirating of a work published in France. This right belongs to the heirs of the author for fifty years after the latter's death. This time limit was increased to 56 years and 152 days by the Law of February 3, 1919, for works published before December 31, 1920 which had not become public property at the time of the promulgation of the said law. No deposit, declaration or tax payment is necessary in order that the persons concerned may enjoy such right.

2. The Act called Law of July 22, 1941, extended the rights of the heirs and assigns of the authors until the end of the year following the signature of the peace treaties.

3. The Decree-Law of March 28, 1852 extended to works published abroad the protection granted to works published in France: that Decree assures to foreigners the same protection as that which is granted to them by their own national laws. For example, an American work is not protected in France for the duration of the author's life plus 56 years and 152 days, but for 28 years plus 28 years (on proof that the copyright has been renewed in the United States for the second period of 28 years). Furthermore, aliens cannot have in France more rights than have French nationals.

4. This very liberal legislation, which is not subject to reciprocity, was kept in force during the war. American authors have accordingly suffered no prejudice to their rights in France because of the war.

The French Government would, therefore, greatly appreciate it if the President of the United States would proclaim, in accordance with the Act of September 25, 1941, that, by reason of the conditions which existed for several years after September 3, 1939, French citizens who are the authors, copyright owners, or proprietors of works which were first produced or published outside the United States and which are eligible for copyright or renewal under the laws of the United States, have been temporarily unable to comply with the conditions and formalities prescribed, with respect to such works, by the laws of the United States.

55 Stat. 732.
17 U. S. C. § 8.
61 Stat., Pt. 1, p. 652.

By reason of the fact that the aforesaid French Law of July 22, 1941 extends the rights of the heirs and assigns of authors until the end of the year following the signature of the peace treaties, the French Government would further appreciate receiving the assurance

that the extension of time provided by the proclamation of the President of the United States will be for a period of at least one year from the date of its coming into force and, should the occasion arise, liable to extension by agreement between the two Governments.

Please accept, Mr. Secretary of State, the assurance of my very high consideration.

H BONNET

His Excellency
DEAN ACHESON,
Acting Secretary of State,
Washington, D.C.

The Acting Secretary of State to the French Ambassador

DEPARTMENT OF STATE
WASHINGTON
March 27 1947

EXCELLENCY:

I have the honor to acknowledge the receipt of Your Excellency's note of today's date in which you refer to the Act of Congress approved September 25, 1941 which authorizes the President to extend by proclamation the time for compliance with the conditions and formalities prescribed by the copyright laws of the United States of America with respect to works first produced or published outside the United States of America and subject to copyright under the laws of the United States of America when the authors, copyright owners, or proprietors of such works are or may have been temporarily unable to comply with those conditions and formalities because of the disruption or suspension of the facilities essential to such compliance.

55 Stat. 732.
17 U. S. C. § 8.
61 Stat., Pt. 1, p. 652.

You state that by reason of conditions arising out of World War II authors, copyright owners, and proprietors who are citizens of France have lacked during several years of the time since the outbreak of the war between France and Germany on September 3, 1939 the facilities essential to compliance with and to the fulfillment of the conditions and formalities established by the laws of the United States of America relating to copyright.

Extension of time for fulfillment of formalities, etc.

55 Stat. 732.
17 U. S. C. § 8.
61 Stat., Pt. 1, p. 652.

You express the desire of the Government of the French Republic that, in accordance with the procedure provided in the Act of September 25, 1941, the time for fulfilling the conditions and formalities of the copyright laws of the United States of America be extended for the benefit of citizens of France whose works are eligible to copyright in the United States of America.

You invite attention to the very favorable legislation in France which was kept in force during the war and point out that, as a consequence, American authors have suffered no prejudice to their rights in France because of the war.

I have the honor to inform Your Excellency that the President has issued today a proclamation, a copy of which is annexed hereto, declaring and proclaiming pursuant to the provisions of the aforesaid Act of September 25, 1941 on the basis of the favorable treatment accorded by France to authors and copyright proprietors of the United States of America that as regards (1) works of citizens of France which were first produced or published outside the United States of America on or after September 3, 1939 and subject to copyright under the laws of the United States of America and (2) works of citizens of France subject to renewal of copyright under the laws of the United States of America on or after September 3, 1939, there has existed during several years of the time since September 3, 1939 such disruption or suspension of facilities essential to compliance with the conditions and formalities prescribed with respect to such works by the copyright laws of the United States of America as to bring such works within the terms of the said Act of September 25, 1941; and that accordingly the time within which compliance with such conditions and formalities may take place is extended with respect to such works until the day on which the President of the United States of America shall, in accordance with the said Act, terminate or suspend that declaration and proclamation. That proclamation provides that it shall be understood that the term of copyright in any case is not and cannot be altered or affected by the President's action and that the extension is subject to the proviso of the said Act of September 25, 1941 that no liability shall attach under the copyright act for lawful uses made or acts done prior to the effective date of that proclamation in connection with the works to which it relates, or in respect to the continuance for one year subsequent to such date of any business undertaking or enterprise lawfully undertaken prior to such date involving expenditure or contractual obligation in connection with the exploitation, production, reproduction, circulation, or performance of any such work.

Proclamation.

61 Stat., Pt. 2, p. 1057.

In accordance with the proposal made by Your Excellency in the note under acknowledgment, the extension of time provided by that proclamation will continue for at least one year from today's date, subject to extension on agreement between the two Governments.

Duration; effective date.

Accept, Excellency, the renewed assurances of my highest consideration.

DEAN ACHESON
Acting Secretary of State.

Such transfers may be made on such terms and conditions, including transfer for a nominal consideration,

as the United States Maritime Commission may approve, but only if, in the opinion of the Fish and Wildlife Service, such small vessels so to be used for Philippine Island fishing are not needed by the fishing industry of the United States, its Territories, and possessions; and

WHEREAS, the Government of the Republic of the Philippines is desirous of availing itself of the benefits, facilities and services which are authorized by the above-quoted Section 309 of the said Public Law No. 370, 79th Congress;

WASHINGTON, D. C.
April 24, 1947

EXCELLENCY,

The attention of the New Zealand Government has been invited to the Act of Congress of the United States of America approved September 25, 1941, which provides for extending, on a reciprocal basis, the time for the fulfilment of the conditions and formalities prescribed by the copyright laws of the United States in the case of authors, copyright owners, or proprietors of works first produced or published abroad who are or may have been temporarily unable to comply with those conditions and formalities because of the disruption or suspension of the facilities essential for their compliance.

55 Stat. 732.
17 U. S. C. § 8.
61 Stat., Pt. 1, p. 652.

My Government has requested me to inform you that, by reason of the conditions arising out of World War II, New Zealand authors, copyright owners, and proprietors have lacked during several years of the time since the outbreak of war between New Zealand and Germany on September 3, 1939 the facilities essential to compliance with and to the fulfilment of the conditions and formalities established by the laws of the United States relating to copyright.

It is the desire of the New Zealand Government that, in accordance with the procedure provided in the said Act of September 25, 1941, the time for fulfilling the conditions and formalities of the copyright laws of the United States be extended for the benefit of citizens of New Zealand whose works are eligible to copyright in the United States.

With a view to assuring the Government of the United States of America of reciprocal protection for authors, copyright owners, and proprietors of the United States, the Governor-General has made an Order in Council, the text of which is annexed hereto, which comes into effect today, on which date it is understood that the President of the United States of America shall proclaim, in accordance with the said Act of September 25, 1941, that by reason of the disruption or suspension of facilities during several years of the time since September 3, 1939 citizens of New Zealand who are authors, copyright owners, or proprietors of works first produced or published outside the United States and subject to copyright, *ad interim* copyright, or renewal of copyright under the laws of the United States, have been temporarily

unable to comply with the conditions and formalities prescribed with respect to such works by the copyright laws of the United States.

The New Zealand Government is prepared, if this proposal is acceptable to the Government of the United States of America, to regard the present note and Your Excellency's reply to the same effect as constituting an agreement between the two Governments, which shall take effect this day.

Accept, Excellency, the renewed assurances of my highest consideration.

THE COPYRIGHT (UNITED STATES OF AMERICA) ORDER 1946

Michael Myers

Administrator of the Government

ORDER IN COUNCIL

At the Government House at Wellington, this 5th day of June, 1946

Present:

HIS EXCELLENCY THE ADMINISTRATOR OF THE GOVERNMENT IN COUNCIL

WHEREAS, by reason of conditions arising out of the present war, difficulties have been experienced by citizens of the United States of America in complying with the requirements of the Copyright Act, 1913, as to the first publication within New Zealand of their works first published in the United States of America during the present war: And whereas the Administrator of the Government is advised that the Government of the United States of America has undertaken to grant such extension of time as may be deemed appropriate for the fulfilment of the conditions and formalities prescribed by the laws of the United States with respect to the works of citizens of New Zealand first produced or published outside the United States and subject to copyright or to renewal of copyright under the laws of the United States, including works subject to *ad interim* copyright: And whereas by reason of the said undertaking of the Government of the United States of America the Administrator of the Government is satisfied that the said Government has made, or has undertaken to make, such provision as it is expedient to require for the protection of works first made or published in New Zealand during the period commencing on the 3rd day of September, 1939, and ending one year after the termination of the present war and entitled to copyright under Part I of the Copyright Act, 1913: And whereas by the Copyright Act, 1913, authority is conferred to extend, by Order in Council, the protection of the said Act to certain classes of foreign works within New Zealand: And whereas by reason of these premises it is desirable to provide protection within New Zealand for literary or artistic works first published in the United States of America during the period commencing on the 3rd day of September, 1939, and ending one year after the termination of the present war which have failed to accomplish the formalities prescribed by the Copyright Act, 1913, by reason of conditions arising out of the war:

Now, therefore, His Excellency the Administrator of the Government, acting by and with the advice and consent of the Executive Council of the Dominion of

New Zealand, and in pursuance and exercise of the power and authority conferred by the Copyright Act, 1913, doth hereby direct as follows:—

1. This Order may be cited as the Copyright (United States of America) Order 1946.

2. This Order shall come into force on the date of the notification in the *Gazette* of the making thereof.

Provided that the enjoyment by any such work of the rights conferred by the Copyright Act, 1913, shall be conditional upon publication of the work within New Zealand not later than one year after the termination of the present war, and shall commence from and after such publication, which shall not be colourable only, but shall be intended to satisfy the reasonable requirements of the public.

4. The provisions of section 52 of the Copyright Act, 1913, as to the delivery of books to the General Assembly Library, shall apply to works to which this Order relates upon their publication in New Zealand.

5. Nothing in this Order shall be construed as depriving any work of any rights which have been lawfully acquired under the provisions of the Copyright Act, 1913, or any Order in Council thereunder.

6. Where any person has, before the commencement of this Order, taken any action whereby he has incurred any expenditure or liability in connection with the reproduction or performance of any work which at the time was lawful, or for the purpose of or with a view to the reproduction or performance of a work at a time when such reproduction or performance would, but for the making of this Order, have been lawful, nothing in this Order shall diminish or prejudice any rights or interest arising from or in connection with such action which were subsisting and valuable at the said date, unless the person who by virtue of this Order becomes entitled to restrain such reproduction or performance agrees to pay such compensation as, failing agreement, may be determined by arbitration.

The Secretary of State to the Irish Chargé d'Affaires ad interim

DEPARTMENT OF STATE
WASHINGTON
June 2, 1947

SIR:

I refer to previous correspondence with the Legation concerning the air transport agreement concluded between Ireland and the United States of America in February 1945, particularly with respect to the determination of traffic points in the United States to be granted to the Irish air services as referred to in Paragraph B of the Annex.

59 Stat. 1405.

My Government, after consideration of the wishes of the Government of Ireland in this matter, proposes that Paragraph B of the Annex of the Agreement be amended to read as follows:

"Airlines of Ireland authorized under the present agreement are accorded in the territory of the United States rights of transit, non-traffic stop and commercial entry for international traffic at Boston, New York and Chicago on the following route:

"Ireland via intermediate points to New York (via Boston) and Chicago, in both directions; provided that Chicago shall not be served on any flight serving New York and/or Boston."

If this proposal is acceptable to your Government it is suggested that this note, together with your reply thereto, constitute an amendment of the Agreement as set forth above.

Accept, Sir, the renewed assurances of my high consideration.

Agreement between the United States of America and Iceland respecting air transportation of Icelandic passengers and mail. Effected by exchange of notes signed at Reykjavik January 27 and April 11, 1945; entered into force April 11, 1945.

The Icelandic Minister for Foreign Affairs to the American Minister

UTANRÍKISRÁÐUNEYTIÐ [1]

Db. 65.D.1.
(Óskast tilgreint í svari)

MONSIEUR LE MINISTRE,

59 Stat. 1464.

I have the honour to refer to our exchange of notes, dated today, establishing an agreement between Iceland and the United States of America relating to air transport services.

Transportation of passengers, etc., to and from Iceland.

Furthermore I wish to refer to our conversation concerning the said agreement, in which I expressed the desire, considering that Iceland is an intermediate point on the contemplated air route, to have an additional article included in the agreement to insure the transportation of passengers and mail to and from Iceland in both directions. However this question was not stressed, because Your Excellency assured me, that this was a matter, which might more properly be taken up separately, as it did not come within the scope of a general basic agreement, such as the one which just has been concluded between Iceland and the United States.

With reference to the aforesaid I have the honour to request, that through the good offices of the Legation, the Government of the United States arrange, that the operators of the airlines concerned transport Icelandic passengers and mail to and from Iceland in both directions, on an equal basis with nationals of other countries, and further that the charges for such transportation be fixed in proportion to the distances.

I have the honour to renew to Your Excellency the assurances of my highest consideration.

OLAFUR THORS.

His Excellency
LOUIS G. DREYFUS,
Minister of the United States of America,
Reykjavik.

The American Chargé d'Affaires ad interim to the Icelandic Minister for Foreign Affairs

LEGATION OF THE
UNITED STATES OF AMERICA
No. 220 *Reykjavik, April 11, 1945.*

EXCELLENCY:

I have the honor to refer to Your Excellency's note dated January 22, 1945 [1] requesting that the United States Government arrange that operators of the airlines concerned in the reciprocal air transport agreement concluded between Iceland and the United States on January 27, 1945 carry Icelandic passengers and mail to and from Iceland in both directions on an equal basis with nationals of other countries, and further that the charges for such transportation be fixed in proportion to the distances. 59 Stat. 1464.

I have now been authorized by my Government to give you assurance that airlines of the United States, having the right to pick up and discharge international traffic under paragraph A of the annex to the above mentioned agreement, will offer reasonable commercial service for Icelandic traffic at the airport referred to in that paragraph provided that this undertaking shall not involve any discrimination between airlines of the United States and other countries operating on that same route, shall take into account the capacity of the aircraft, and shall be fulfilled in such a manner as not to prejudice the normal operations of the international air services concerned. 59 Stat. 1466.
